# Evanston Lakefront Master Plan

## ***New* PUBLIC WORKSHOPS**

**Make your opinions heard about a new design for Evanston's lakefront!** A Draft Consensus Plan for Evanston's lakefront was presented at a public workshop on Oct. 4, 2007. That plan was developed based on resident input received during a series of public workshops held earlier this fall.

Three additional public workshops will be held to review and discuss the current Draft Consensus Plan. To give as many residents as possible the chance to participate, the new workshops will be held at various locations. All workshops will be identical, so you need to attend only one.

Campus, 3200 Grant St., James Room**

**Thurs., Nov. 8, 7:00 – 9:00PM at Fleetwood-Jourdain Center, 1655 Foster St.**

After the Nov. 8 workshop, all public input will be considered and a **Revised** Draft Consensus Plan will be developed and presented on Nov. 15.
