Evanston Lakefront Master Plan

PUBLIC WORKSHOPS

You're invited to participate in a 3-session workshop to help make Evanston the "most livable city in America." One of the goals of the City's new Strategic Plan is to develop an environmentally-sensitive lakefront master plan. We recently developed a vision, now the next step is to develop an implementation plan! Please come review lakefront design alternatives and share your ideas. Since each session builds on the prior one, please attend as many as possible.

Initial Design Alternatives: Wed., Sept. 19, 7:00 – 9:00PM

Refined Design Alternatives: Thurs., Sept. 20, 7:00 – 9:00PM

Draft Preferred Design: Thurs., Oct. 4, 7:00 – 9:00PM

CIVIC CENTER

PARASOL ROOM, 4TH FLOOR,
2100 RIDGE AVE., EVANSTON

For more information, please call (847) 866-2914
