ANIMAL WARDEN DAVID ROSE

Dear Chief Nilsson:

I recently had need for the services of your Animal Services Department and was happily surprised when I talked with Officer David Rose on the phone about a Raccoon that was in my garage. It seemed to me that the animal was sick and I was afraid to approach it. He assured me he would come out and help me, which he did.

Officer Rose was efficient, polite and gentle with the animal. He reflects what has come to be a source of pride for me, the effective government service of Evanston. I have experienced the helpfulness of the Development Department many times and now your department has come to my aid.

Thank you for your leadership in the community and please express my appreciation to office Rose.

Sincerely,
