File Heading: **Inspection Date: 01/31/2018**

21(p)	Cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site:	
(1)	Litter	
(2)	Scavenging	
(3)	Open burning	
(4)	Open burning of refuse in violation of Section 9 of the Act	
(5)	Uncovered refuse remaining from any previous operating day or at the conclusion of any operating day	
(6)	Failure to provide final cover within time limits	
(7)	Deposition of general construction or demolition debris as defined at §3.160(a) or clean construction or demolition debris as defined at §3.160(b)	
21.6(a)	Knowingly mix liquid used oil with municipal waste intended for disposal at a landfill	
22.01	Manifests submitted to the Agency for shipments of waste containing PCBs. Copies of each manifest retained for 3 years by facilities and available for inspection and copying; annual report filed with the Agency, specifying the quantities and disposition of nonhazardous special waste accepted for treatment, storage or disposal during the previous calendar year	
22.14	Setback Requirements	
22.22	Landscape Waste (note: landfills may not accept landscape waste unless specially permitted)	
(a)	Knowingly mix landscape waste intended for collection or for disposal at a landfill with any other municipal waste	
(b)	Knowingly containerize landscape waste in a non-biodegradable container when intended for collection or disposal at a landfill	
22.23a(b)	Knowingly cause or allow the disposal of any fluorescent or high intensity discharge lamp in a municipal waste incinerator	
22.28(a)	Knowingly collect white goods for disposal at landfill unless white good components have been removed	
55(a)	No person shall:	
(1)	Cause or allow open dumping of any used or waste tire	
55(b-1)	Knowingly mix any used or waste tire, either whole or cut, with municipal waste	
55(k)(1)	Cause or allow water to accumulate in used or waste tires	
56.1	No person shall:	
(b)	Cause or allow the delivery of any potentially infectious medical waste (PIMW) for transport, storage, treatment, or transfer except in accordance with Board regulations	
(c)	Cause or allow the delivery of PIMW to a person or facility for storage, treatment, or transfer that does not have an Agency permit to receive PIMW	
(d)	Cause or allow the delivery or transfer of PIMW for transport unless: (1) the transporter has an Agency PIMW transportation permit, or the transporter is exempt; and (2) a PIMW manifest is completed if required	

(d)	Cause or allow the delivery or transfer of PIMW for transport unless: (1) the transporter has an Agency PIMW transportation permit, or the transporter is exempt; and (2) a PIMW manifest is completed if required	
(e)	Cause or allow the acceptance of PIMW for transport, storage, treatment, or transfer except in accordance with Board regulations	
(g)	Conduct any PIMW treatment, storage, or transfer operation: (1) without an Agency permit that specifically authorizes PIMW treatment, storage, or transfer; (2) in violation of any Agency permit condition; (3) in violation of any Board regulation; or (4) in violation of any Board order	
(i)	Offer for transportation, transport, deliver, receive or accept PIMW for which a manifest is required, unless the manifest indicates that the fee has been paid	
Electronic Products Recycling and Reuse Act (415 ILCS 150) Requirements		
95(a)	Knowingly cause or allow the mixing of a covered electronic device (CED) or other listed device with municipal waste intended for disposal at a landfill	
95(b)	Knowingly cause or allow disposal of a CED or other listed device in a sanitary landfill	
95(c)	Knowingly cause or allow the mixing of a CED or other listed device with waste that is intended for disposal by burning or incineration	
95(d)	Knowingly cause or allow the burning or incineration of a CED or other listed device	
35 Illinois Administrative Code Subtitle G Requirements		
Hazardous Waste Operating Requirements		
Part 722 Subpart A	**General**	
722.111	Hazardous waste determination	
Solid Waste Requirements		
Part 807 Subpart B	**Solid Waste Permits**	
807.201	Cause or allow development of a new solid waste management site or modification of an existing one without a Development Permit issued by the Agency	
807.202(a)	Cause or allow the use or operation of a solid waste management site for which a Development Permit is required without an Operating Permit issued by the Agency	
807.210	Cause or allow modification of a solid waste management site, or accept any type of waste, except in accordance with Agency permit	
Part 807 Subpart E	**Closure and Post-Closure Care**	
807.502	Close the site so as to minimize the need for further maintenance and control, minimize, or eliminate post-closure release of waste, waste constituents, leachate, contaminated rainfall, or waste decomposition products to the groundwater, surface water, or the atmosphere to the extent necessary to prevent threats to human health or the environment.	

File Heading: **Inspection Date: 01/31/2018**

807.503	Closure Plan	
(a)	Written closure plan prepared	
(b)	Written contingent closure plan prepared for indefinite storage units (contingent closure plan the same as a closure plan, except as otherwise provided)	
(e)	Closure Plan available at site or specified location until closure completed	
807.504	Revised closure plan filed upon modification of operating plans, site design, or site operations, other than modifications authorized by permit; or a change in the expected closure year in which premature closure cost will be the greatest	
807.505	Notice of Closure and Final Amendment to Plan	
(a)	Closure notice sent to Agency within 30 days after final waste receipt	
(b)	Closure plan modification application not filed <180 days before final waste receipt	
807.506	Initiation of Closure	
(a)	Treatment, removal from the site or disposal of all wastes and waste residues other than those from indefinite storage units initiated within 30 days after final waste receipt and in accordance with closure plan.	
(b)	Removal of all wastes and residues from an indefinite storage unit or closure of the unit in accordance with the contingent closure plan initiated within 30 days after final waste receipt	
(c)	Agency notified within 30 days after a temporary suspension; compliance with temporary suspension plan requirements in permit	
807.507	Partial Closure	
(b)	Financial assurance for closure of associated treatment and storage units provided if the site includes a disposal unit (see §807.Subpart F)	
(c)	Post-closure care of areas formed by dividing a site continued until post-closure care of entire site completed	
807.508	Certify closure by submitting plan sheets and affidavit	
807.509	Use of waste during closure only in accordance with closure plan	
807.523(c)	Written contingent post-closure care plan for indefinite storage units which includes at a minimum a description of methods of compliance with all post-closure care requirements of Part 807 assuming the unit will be closed as a disposal unit without removal of all wastes and waste residues (contingent post-closure care plan the same as a post-closure care plan, except as otherwise provided)	
807.524(b)	Contingent post-closure care plan for indefinite storage units implemented commencing with receipt of closure certification	
Part 809 Subpart C	**Delivery and Acceptance**	
809.301	Special waste generated within Illinois or for disposal, storage or treatment within Illinois delivered with manifest and special waste hauling permit, unless exempted by §§809.301(a)–(b)	
809.309(a)	Acceptance of special waste from a special waste transporter with a valid special waste hauling permit and manifest designating the receiver's facility as the destination, unless exempted by §§809.302(a)(1)–(2)	

File Heading: Inspection Date: 01/31/2018

Part 809 Subpart E	Manifests, Records and Reporting	
809.501	Manifests, Records, Access to Records, Reporting Requirements and Forms	
(a)	Special waste delivered to permitted special waste transporter with a uniform hazardous waste manifest unless exempted by §§809.501(a)(1)–(2)	
(d)	Receiving disposal, storage or treatment site designated on manifest as final destination; subsequent delivery to a transporter conducted under a new manifest	
(e)	Designated part of completed manifest sent to person who delivered special waste to the transporter, at the end of each month or longer if approved by the Agency	
(f)	Facility's respective part of the manifest retained as a record for three years and made available at reasonable times for inspection and copying by the Agency	
(g)	Annual report filed summarizing preceding calendar year's nonhaz special waste activity including §809.501(h) information, received by the Agency by 1 February	
(h)	Annual report included §809.501(h) information	

Permit Requirements

Permit Number	Description of violation (condition # and/or page # of permit or approved application)

Other Requirements

Apparent violation of: ☐ PCB order ☐ Circuit Court order Case Number ; Order entered on	NA
Other:	

Notes

1. Key to Status: V=Violated; C=Continuing violation from previous evaluation; V/C=Newly violated and continuing from previous evaluation; V/R=Violated and resolved during same inspection; R=Resolved violation; NA=Not applicable at the time of the inspection; NE=Not evaluated at the time of the inspection
2. The provisions of §§21(o)–(p) and §55(k) of the Environmental Protection Act are enforceable either by administrative citation under §31.1 or by complaint under §31. Violations of the Electronic Products Recycling and Reuse Act are enforceable by administrative citation under §20(k) or referral to the Attorney General pursuant to §20(a).
3. This inspection was conducted in accordance with §§4(c)–(d) of the Environmental Protection Act (415 ILCS 5/4(c) and (d)) and §20(a) of the Electronic Products Recycling and Reuse Act (415 ILCS 150/20(a)).

Inspection Report

Inspection Type:

☐Complaint ☐Commercial ☐Industrial ☒Waste/Recycling ☐Asbestos ☐Demolition
☐ Other:

Observations and Comments:

Engineer Patel performed an inspection of Advanced Disposal Municipal Solid Waste (MSW) Transfer Station on January 31, 2018. Mr. Michael Rice, the facility's Manager, was interviewed during the inspection. The weather was sunny and temperature was about 30 F. The facility's operating hours are from Monday to Friday at 6:30 AM to 3:30 PM and 7:00 AM to 10:00 AM on Saturday.

The Site is approximately 1 acre in size and contains an office trailer and storage & processing building. The north, east and west adjoining properties of the Site are occupied by residential properties. MSW and C & D material (waste) are accepted at the Site. Yard waste and recycling material are not accepted at the Site. Waste is removed every day from the tipping floor and taken to Zion Landfill in Zion, IL for disposal. Hazardous waste, special waste, electronics waste and medical waste are not accepted at the Site.

Approximately xxx tons of waste was accepted at the Site in the month of December 2017. Engineer Patel observed small piles of MSW and C & D material inside the building at the Site. Engineer Patel did not observe any litters outside of the building at the Site. Engineer Patel did not detected any rotten garbage odor at the Site at the time of inspection. Engineer Patel observed that the misting system installed in the ceiling of the transfer station was in use for odor control. Engineer Patel did not observe any runoff from the tipping floor on to adjacent Stormwater drains located outside of the building at the Site.

Vector inspection is performed by Men In Black (MIB) Pest Control company twice a month at the Site. Litter is collected from the grounds throughout the day. A street sweeper is used to keep the yard clean. Scrap tires are segregated from the incoming load and stored in a closed container in the yard.
