Re: **Violation Notice L-2007-01271**
0310810003—Cook County
Evanston Transfer Station
Compliance File

Dear Mr. Grigalauski :

This letter is in response to Violation Notice L-2007-01271.
You stated we were in violation of section 21(d) of the Illinois Environmental Protection Act (415ILCS5/21(d)). We were operating a waste storage operation in violation of the facility's operating permit. There was some roll off containers at the property on the south side of Church Street that had debris in them. These containers also were open and rain water was in the containers.

To correct the problem we had the hauling company empty every container on the south side of Church Street. We also informed the hauling company they would have to keep those containers empty. (Just so you are aware the south side of Church Street is not part of the transfer. It is used by the hauling company that moved to Northbrook to merge with that hauling company.)

As for the odor and dust leaving the transfer you received complaints about. Let me say that they are building Homes next to the Transfer and the people who are trying to sell those homes would like to see the transfer gone. So I see some of these complaints as an effort to get help from your agency to get us out. As you know waste has a smell and sometimes we may get a load that is unusually smelly and we try to load it onto a transfer trailer right away. So that smell more often than not is the transfer trailers or garbage trucks leaving the transfer not the transfer it self.
We have increased our spraying of the deodorizer and misting system to keep odor and dust down. We have also started to spray outbound trucks if needed.

Veolia ES Solid Waste Midwest, LLC
2800 Shermer Road, Northbrook, IL 60062
tel: 847 272 4145 - fax: 847 272 9610
www.VeoliaES.com

We believe we have address both violations and you will be satisfied that we are trying to be in **compliance with the EPA and be a good neighbor.**

If you have any questions please call me at 847-412-6106

I await your reply.

Sincerely

Raymond Strong
