

Child Care and Education Preschool Program Robert Crown Community Center

Take Two AM and Full Day

Take Two is a great first independent experience for a child designed to provide children with a warm and nurturing early learning environment. Our staff introduce preschool concepts in a gentle transition from home to school, emphasizing development of children's social, emotional, physical and cognitive skills. Preschool readiness is also a focus as children practice taking turns, following simple directions, listening, and social skills. Children benefit from instruction during activity time and an interactive circle time, followed by art, music, movement, story-time, outdoor play and open gym time.

Age: 2 years

Fee: Varies by the month

Length: August 26, 2026-June 4, 2027

Creative Play AM and Full Day

Our multi-age classroom offers children the opportunity to participate in a variety of age appropriate activities as they develop socially, emotionally, and cognitively through play. Classroom activities are planned to meet the needs of each child and focus on development of problem solving skills, peer relationships, making real life connections through math, literacy, science, music, movement, and art activities. Toilet Training is required for this program.

Age: 3-5 Years

Fee: Varies by the month

Length: August 26, 2026-June 4, 2027
