

## Memorandum

To: Honorable Mayor and Members of the City Council

From: Marty Lyons, Assistant City Manager/Chief Financial Officer  
Louis Gergits, Finance Manager

Subject: First Quarter Financial Report for Fiscal Year 2013

Date: May 20, 2013

Recommended Action:

Staff recommends City Council accept and place the First Quarter Financial Report for FY 2013 on file.

Funding Source:

N/A

Summary:

The City ended the first quarter of the 2013 fiscal year in stable financial condition. The City's financial performance is the result of revenues remaining relatively consistent with budget targets and expenditures being held below budgeted levels.

March represents the third month of the City of Evanston's 2013 fiscal year. As a result, it is too early to draw any meaningful conclusions or projections relative to the City's financial performance in FY 2013. Staff will continue to monitor City revenues and expenditures/expenses throughout FY 2013 and will provide regular updates to the City Council.

Attached are summaries of the City's funds for the first quarter of FY 2013. In reviewing these reports, please note the following:

- A majority of the revenues are recorded at the time they are actually received (permits, property taxes, fees, etc.), however, some revenues are recorded at the time of notification of the revenue being earned by the City (sales, income, telecommunications taxes, etc).

- State revenue sources are delayed by one to three months based on the revenue source in question.
- While some revenues are received on a monthly basis, other revenues are received less uniformly throughout the year. An example is property taxes, which are billed bi-annually and then distributed by the County as payments are received. This disbursal method contrasts with other revenue sources such as sales taxes, which are collected by the State and distributed on a monthly basis.
- Operating expenses, including payroll, are reported at the time they are incurred during the year. At year-end, the City often receives invoices after the close of the year, for services used or items purchased during the year. These expenses are recorded into the previous year for which they were incurred.
- Operating expenses are incurred on a uniform basis for items such as payroll, utilities, fuel, etc., and on an as needed basis for supplies, equipment and specific outsourced services.

General Fund Revenues:

General Fund revenues through the March 31, 2013 were \$22,279,326 or 26.4% of budget, or slightly above the 25% budget target. The first quarter performance of major General Fund revenue sources is summarized below:

- Through March 31, 2013 property tax revenue was \$6,304,164 or 50.5% of budget.
- State income tax was recorded in the amount of \$1,579,888 through March 31, 2013, achieving 24.9% of the budget target for this revenue item. State income tax is typically received in arrears by one or two months.
- Regular sales tax revenue in FY 2013 was \$2,118,243 or 22.8% of budget. Home rule sales tax revenue in FY 2013 was \$1,333,064 or 22.7% of budget.
- Real estate transfer tax through March 31, 2013 totaled \$345,934 achieving 16.1% of the budget target for this item. This includes large property sales.
- Through March 31, 2013, licenses, permits, and fees were approximately 26.1% of budget. Permit revenue was \$1,321,785 or 32.6% of budget. In comparison, license revenue is \$747,510 or 12.8% of target budget.

### General Fund Expenditures:

Through March 31, 2013, General Fund expenditures were \$18,552,127 or 21.9% of budget for FY 2013. It is important to note, for the General Fund, many expenditures / disbursements are not made evenly throughout the year. For example:

- Seasonal employee wages in Parks, Recreation and Community Services are typically charged during the summer months.
- Police Department assigns additional patrol details during the summer months.
- While the previous winter was relatively mild, certain overtime wages in Public Works for services such as snow/ice removal may occur during the months of November and December.

Due to the uneven disbursements of many General Fund expenditures, it will be difficult to project FY 2013 expenditure totals until additional monthly financial data is available. Staff will continue to monitor expenditures throughout the year and will provide regular reports to the City Council and public.

### Enterprise Funds:

Revenues and expenses for the Parking, Water, Sewer and Solid Waste Funds were all below the 25% budget target. Similar to the General Fund, many enterprise fund revenues and expenses / disbursements do not occur evenly throughout the fiscal year. In addition, Water and Sewer Fund revenues are typically lowest during the winter months. As a result, it is difficult to project whether the enterprise funds will perform close to budgeted levels at this time. Staff will continue to monitor and report on the performance of City enterprise fund revenues and expenditures throughout FY 2013.

\*This is net of any interfund receivables/payables

\*\*This summary does not include the Police or Fire Pension Funds even though detailed reports are included.

Beginning in 2013 the General Fund balance calculation includes both the undesignated and designated (IMRF and Compensated absence reserve of \$5.4 million) fund balances.

Included above are the ending balances as of March 31, 2013 for both unreserved fund and cash balances. Of these two amounts, cash balance is the more meaningful metric since this represents liquid cash and/or invested assets which may be used (or easily sold) to support and fund current operations. While ending fund balance is also an important measurement of the City's financial health, it usually includes illiquid assets or future cash receipts or disbursements such as receivables (including property tax) due to the City and accounts payable/accrued expenses.

Since this financial report is for the third month of the fiscal year, many of the year-to-date tax revenues are estimated due to normal delays between the liability month (when the tax becomes obligated to us) and the month of collection. There is typically a one to three month delay in collection for income tax, sales tax, use tax and telecommunications tax.

Through March 31, 2013, the CDBG Loan Fund is showing a negative cash balance of \$31,379. This negative cash balance is the result of a transfer of \$205,000 in loan expenditure from the CDBG Fund to the CDBG Loan Fund as of December 31, 2012.

Through March 31, 2013, the Solid Waste Fund is showing a negative fund balance of \$946,417 and a negative cash balance of \$1,256,475. The Solid Waste Fund has operated at a surplus of \$533,318 through the end of the first quarter of FY 2013. This surplus has reduced the negative fund and cash balance in the Solid Waste Fund.

Through March 31, 2013, there is a negative cash balance of \$442,336 in the Fleet Fund.

Through March 31, 2013, the Insurance Fund is showing a negative fund balance of \$7,664,809 and a negative cash balance of \$215,893. The negative cash balance in the fund is largely attributable to workers' compensation payouts and a one-time annual insurance premium payment of \$544,290, which occurred in January. Staff anticipates the monthly departmental contributions to the Insurance Fund will offset the annual premium payment in approximately two months. Staff will continue to monitor workers' compensation awards in the future.
