

City of Evanston

2018 Alley and Street Resurfacing Project

August 20, 2018

Project Description

Over the next two months, alley and street resurfacing work will be taking place at various locations throughout the City as shown below. This work involves the construction of two concrete alleys that are currently unimproved, the resurfacing of one asphalt street, the repair of one concrete street, and various speed humps and bumps in alleys and streets throughout the City. The project locations are as follows:

Project Locations

Street	From	To	Scope
Crain St.	McDaniel Ave.	East End	Street Resurfacing (CDBG)
Alley	N. of Emerson	W. of Jackson	Concrete Alley Paving (CDBG)
Alley	N. of Payne	E. of McDaniel	Concrete Alley Paving (Special Assessment)
Isabella St.	Bernard Pl.	Lovelace Park	Concrete Street Paving
Various	-	-	Speed Humps and Bumps

Project Schedule

The project is anticipated to begin this week and be completed by the end of October. Work at each location is expected to last approximately six weeks. Vehicular access through the alley under construction, as well as access to garages and parking areas, will be prohibited once work begins. During this time residents will be required to use street parking; street cleaning restrictions will be waived for a one block radius. Refuse and recycling collection will occur on the street side of each property while the alleys are closed.

The exact date construction activities are scheduled to begin will be noted on the temporary construction zone no parking signs posted a minimum of 48 hours in advance of the work as well as resident newsletters that will be distributed to all affected residents. Parking will be prohibited during street work for daytime work hours (7:00 AM to 5:00 PM) while construction takes place. Street sweeping parking restriction will be waived for a one block radius around the construction zone when temporary daytime no parking is in effect. Every effort will be made to complete the work in a timely manner to minimize any inconveniences caused by the construction.

Contractor

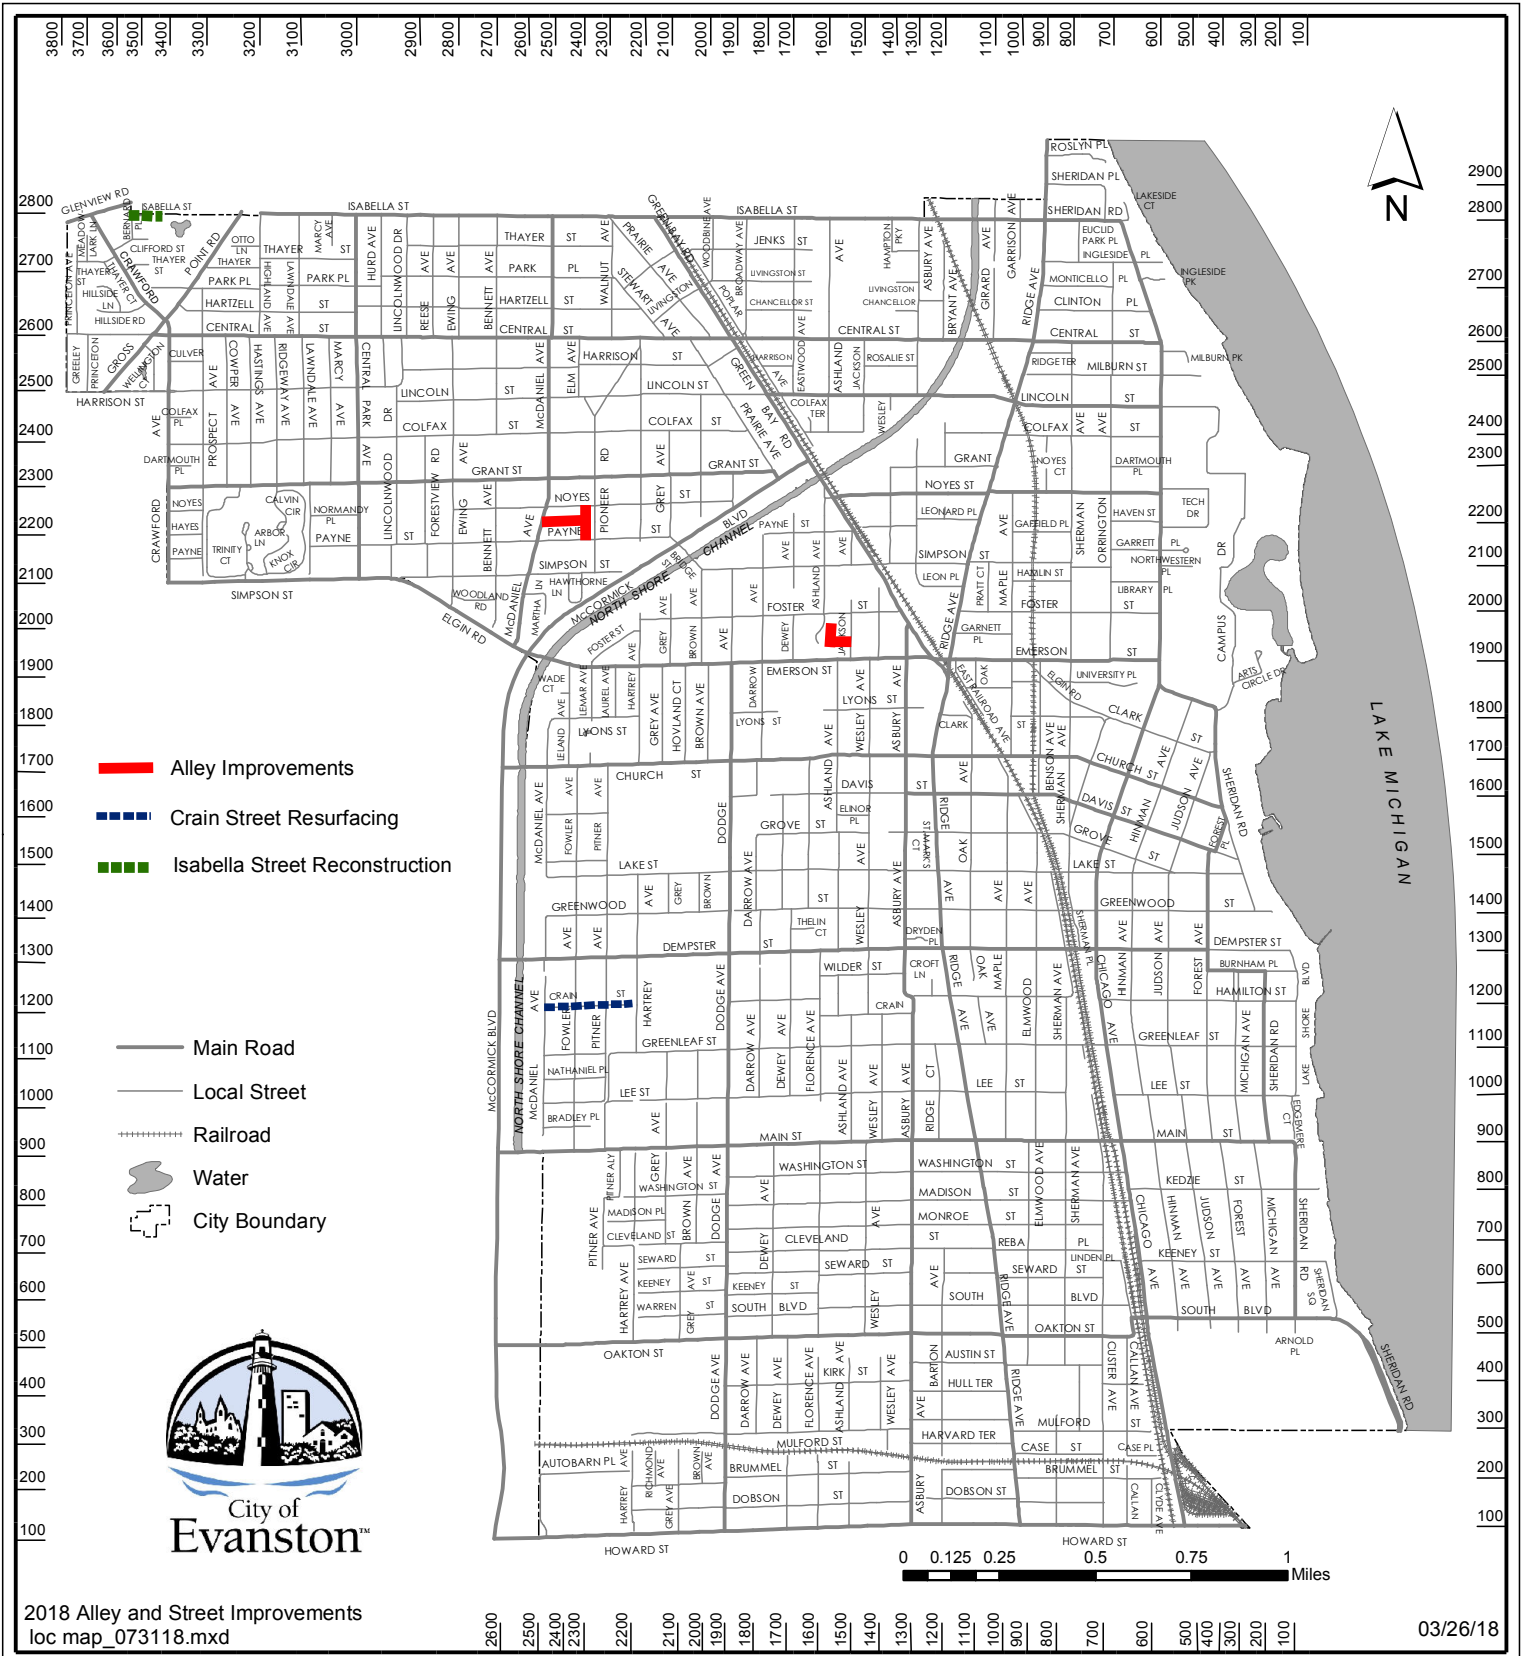

The general contractor for this project is Capitol Cement Co., Inc., 6231 North Pulaski Road, Chicago, IL 60646.

City Monitoring

This project will be monitored by the City's Capital Planning & Engineering Bureau. If you have any questions or concerns during construction, please do not hesitate to contact the Resident Engineer Pankaj Chokshi at (224) 723-8237. Questions about the project in general should be directed to Chris Venatta, Senior Project Manager at (847) 448-8129 or cvenatta@cityofevanston.org.
