Included above are ending fund and cash balances as of May 31, 2019. Cash balance represents liquid cash and/or invested assets which can be used (or easily sold) to support and fund current operations. Fund balance includes illiquid assets or future cash receipts or disbursements such as receivables (including property tax) due to the City and accounts payable/accrued expenses.

2018 actual numbers are preliminary and unaudited and are subject to change. Fund balance numbers are also subject to change as a result. The 2018 audit will be completed by June 30, 2019.

#### **General Fund**

The attached financials show General Fund revenues at 46.2% of budget and expenses at 43.5% of budget, compared to a 5-month target of 42%. Revenues are often above target at this point in the year due to first installment property tax payments in March and April. As of May 31, 53.3% of property tax revenue has been received. Expenses are slightly above target because May included three payrolls. This additional payroll reduced fund and cash balances in the General Fund, as shown in the attached chart.

Expenses are above target of 42% in some departments. Police and Fire show expenses at 46.3% and 49.2% of budget, respectively. This is partially due to pension fund transfers shown as expenses in the Police and Fire Departments. As shown in the table below, more than 50% of pension property taxes have been received and transferred to pension funds. When those transfers are removed, Police and Fire both show expense around 42% of budget.

	2019 Budget	2019 YTD	% Actual to Budget
Police Department			
Total Expenses	38,737,094	17,927,465	46.3%
Pension Fund Transfer	10,462,704	5,798,749	55.4%
Expenses without Transfer	28,274,390	12,128,716	42.9%
Fire Department			
Total Expenses	24,379,850	11,993,507	49.2%
Pension Fund Transfer	8,344,947	5,036,017	60.3%
Expenses without Transfer	16,034,903	6,957,490	43.4%

Overtime in Police and Fire are trending higher than target of 42% of budget, as shown in table below.

Overtime Expenses	2018 Actual	2019 Budget	2019 YTD	% Actual to Budget
Police	1,606,236	959,106	557,550	58.1%
Fire	1,007,263	759,956	559,291	73.6%

At current trends, Police and Fire still expect to end the year above 2019 budget for overtime but below 2018 actuals. This will be managed partially by greater reimbursement for Police Department overtime by Northwestern University during Dillo Day and home football games. Staff will continue to monitor overtime expenses closely and provide a year-end estimate after the second guarter.

Multiple snow events in the first quarter of 2019 also contributed to high overtime spending in Police, Fire, and the Public Works Agency (PWA). Based on past years' trends, staff predicts that poor weather in November and December could put snow-related expenses \$300,000 over budget. Staff will continue to monitor these expenses closely as well as opportunities for savings in other areas.

Finance staff meet with departments on a monthly basis to review year-to-date revenue and spending. Staff has begin preparing the 2-year budget for 2020 and 2021. Budget calendar and initial projections will be presented at the July 22, 2019 City Council meeting.

#### **Enterprise Funds**

Parking fund revenues through May 31, 2019 are below target. This is because the budget includes an increase in all parking meter rates which began on March 1, 2019. Parking revenue also tends to be higher in the summer months and during Northwestern football season. Revenue collected each month has increased since January and is expected to continue to increase through the summer months.

Through May 31, 2019, the Water Fund appears low on revenue and expenses. This is because the budget includes multiple large capital projects, with IEPA loan funding budgeted in Other Revenue and expenses budgeted in Capital Outlay.

The Water Fund revenues reflect payment from the Village of Skokie at the rate of \$0.78 per 1000 gallons against the billed rate of \$2.06 per 1000 gallons. This issue is currently being challenged in the court.

Through May 31, 2019, the Sewer Fund also appears low on expenses due to a delay in capital project spending until the summer months. These projects are also primarily funded through IEPA loan financing, budgeted as Other Revenue.

Through May 31, 2019, the Solid Waste Fund has a negative fund balance of \$540,079 and a negative cash balance of \$1,107,636. The Solid Waste Fund has received 50% of budgeted property tax revenue for the year.

#### Other Funds

Through May 31, 2019, funds receiving property tax revenue tend to show revenue higher than target due to the receipt of the first installment of property taxes in March and April. This includes the General Assistance Fund, Library Fund, and TIF Funds. The second property tax installment will be due in August.

Through May 31, 2019, the SSA #4 Fund is showing a negative fund and cash balance of \$160,364.

Through May 31, 2019, the CDBG Fund has higher monthly and year-to-date expenses than revenues. This is due to a delay in reimbursements from state and federal

government agencies. As of May 31 funds the fund has a negative fund and cash balance of \$146,833.

Through May 31, 2019, the Capital Fund is showing a fund balance of \$11,957,651 and a cash balance of \$9,459,637. The fund continues to spend down balances from the 2018B General Obligation Bonds received in August 2018. Proceeds from the 2019B bonds were received in June.

Through May 31, 2019, the Crown Construction fund is showing fund balance of \$18,497,299 and cash balance of \$17,614,540. The fund continues to spend down balances from the 2018A General Obligation Bond proceeds received in August 2018. A donation of \$5 million from Friends of the Robert Crown Center was received in May. Proceeds from the 2019A bonds were received in June.

Through May 31, 2019, the Insurance Fund is showing a negative fund balance of \$11,109,052 and a negative cash balance of \$6,789,852. The fund had multiple high expenses in the first quarter from legal fees and settlements. Fund balance is significantly lower than cash balance due to accrued liabilities for pending litigation.

#### North Shore Technical Committee Finalizes Draft STP Methodology

The North Shore Council of Mayors Technical Committee met Thursday at the *Skokie Village Hall* and received a presentation from NWMC staff on the latest draft of the council's updated Surface Transportation Program (STP) methodology. The final draft has been sent to the Chicago Metropolitan Agency for Planning (CMAP) for feedback and will be released for 30-day public comment following CMAP staff's review. The final version will be presented for approval by the Technical Committee at its meeting on August 27, after which it will go to the full North Shore Council for approval in September.

In other business, the Technical Committee received updates from several agencies on area projects. Pace staff informed the committee that the agency's Pulse service along Milwaukee Avenue is set to begin on August 11 and staff from the Cook County Department of Transportation informed the committee that the department has begun the process to adopt a new county-wide transit plan. CMAP staff also provided updates, noting that scores had been released for CMAQ, TAP-L, and STP-Shared Fund applications. Draft programs for each fund source will go before the relevant Project Selection Committee on July 18, after which they will be released for public comment. #### IDOT Requests Agency Compliance with Bridge Inspection Program

In order to improve compliance with the National Bridge Inspection Program (NBIP), <u>IDOT released a letter</u> last Thursday clarifying policies for installing load posting signs and bridge closures. A recent Federal Highway Administration (FWHA) review of the state's bridge inspection program revealed deficiencies in the program, specifically relating to NBIP Metric 14 (inspection procedures). IDOT is asking those involved in the bridge inspection program to incorporate applicable procedures into agency inspection protocol as soon as possible.

For more information, see the IDOT circular letter, or contact the IDOT Bridge Management and Inspection Unit office, 217-785-4537. *Staff contacts: Kendra Johnson, Josh Klingenstein*

#### IDOT Issues Updates to Bureau of Local Roads and Streets Forms

The IDOT Bureau of Local Roads and Streets (BLRS) has issued updates to a number of forms on its website. Each revised form now contains instructions on how to properly complete the required information, and each form is also now presented in a fillable Adobe format with drop-down options for certain fields. Revised forms are available on the IDOT website under the <u>resources tab</u>. Additional form revisions will be released in sets as they are completed.

In addition to the revision of a number of forms, BLRS has worked to eliminate unnecessary or duplicative forms. Old forms will be deleted from the website, but they may be used until August 1, 2019. For more information and a list of revised forms that have been released, please see the <u>IDOT circular letter released on June 17, 2019</u>. *Staff contacts: Kendra Johnson, Josh Klingenstein* 

#### UIC Seeks Municipal Capstone Projects

From the desk of University of Illinois at Chicago Public Administration Associate Professor James Thompson: Does your municipality collect data that no one has time to analyze? Do you have projects that get postponed due to a lack of resources? Do you need expertise to assess a human resources or financial management challenge facing your municipality? The University of Illinois at Chicago Department of Public Administration is seeking proposals from local government units in the Chicago area for Capstone Projects for teams of graduating Master of Public Administration students.

These "learning in action" projects give students the opportunity to work on practical problems with the support of faculty in a real-world situation. The deadline for project proposals for the fall semester is July 19. The request for proposals and application form can be found at the following URL - <a href="https://cuppa.uic.edu/academics/pa/pa-programs/master-public-administration/mpa-capstone/">https://cuppa.uic.edu/academics/pa/pa-programs/master-public-administration/mpa-capstone/</a>.

Questions? Contact the instructor, Professor James Thompson at <a href="mailto:jthomp@uic.edu">jthomp@uic.edu</a> or 312.355.0304. Staff contact: Mark Fowler
