September 1, 2020

Re: Dempster/Dodge TIF District

I, Stephen H. Hagerty, Mayor of the City of Evanston, County of Cook, State of Illinois, do hereby certify that to the best of my knowledge, the City of Evanston complied with the requirements pertaining to the Illinois Tax Increment Redevelopment Allocation Act during the Fiscal Year beginning January 1, 2019 and ending December 31, 2019.

Kelley A. Gandurski Corporation Counsel

September 1, 2020

RE: Attorney Review City of Evanston Dempster/Dodge TIF District

To Whom It May Concern:

This will confirm that I am the City Attorney for the City of Evanston, Illinois. I have reviewed all information provided to me by the City staff and consultants, and I find that the City of Evanston has conformed to all applicable requirements of the Illinois Tax Increment Redevelopment Allocation Act set forth thereunder for the Fiscal Year beginning January 1, 2019 and ending December 31, 2019, to the best of my knowledge and belief.

Very truly yours,

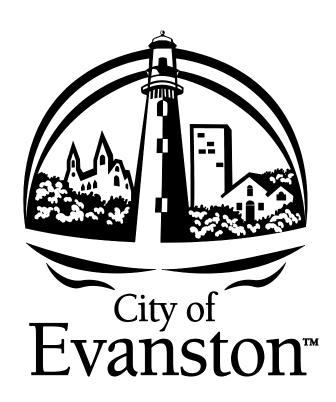

Corporation Counsel

- **Attachment D** Statement setting forth all activities undertaken in furtherance of the objectives of the Redevelopment Plan, including:
 - A. Any project implemented during the reporting Period; and
 - B. A description of the redevelopment activities undertaken.

The City implemented the designation of the TIF District in order to address long standing vacancies within the shopping center and to reposition the property to improve both property tax and sales tax generation. The City continued discussions with the new property owners in order to review redevelopment plans for the shopping center. Renovation of shopping center space has included a new grocery store as part of this redevelopment project, in previous reporting year.

The City continued to monitor the implementation of a previous reporting year Development Agreement with Azzuri of Evanston, Inc for the redevelopment of a grocery store at 1908-1910 Dempster Street, and 1112-1122 Dodge Ave store titled Valli Produce Grocery Store.

July 14, 2020

The Honorable Mayor Stephen H. Hagerty, Members of the City Council City of Evanston, Illinois

INTRODUCTION

The Comprehensive Annual Financial Report (CAFR) of the City of Evanston (City) for the fiscal year ended December 31, 2019 is hereby submitted. The CAFR is prepared by the City's Finance Division in accordance with the financial reporting principles and standards set forth by the Governmental Accounting Standards Board (GASB). Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the enclosed data is accurate in all material respects and is reported in a manner designed to fairly present the financial position and results of operations of the various funds and capital assets of the City. All disclosures needed to enable the reader to understand the City's financial activities have been included.

This report consists of management's representations concerning the finances of the City of Evanston for the period of January 1, 2019 to December 31, 2019. Management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, City management has established a comprehensive internal control framework that is designed to both protect the government's assets from loss, theft, or misuse and to compile sufficient, reliable information for the preparation of the City of Evanston's financial statements in conformity with Generally Accepted Accounting Principles (GAAP) within the United States of America. Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 as amended and U.S. Office of Management and Budget Circular A-133, <u>Audits of States, Local Governments, and Non-Profit Organizations</u>. Information related to this single audit, including the schedule of federal financial assistance, findings and recommendations, and auditors' reports on the internal control

structure and compliance with applicable laws and regulations, is to be presented in a separate single audit report.

The attached report includes all the funds and capital assets of the City and its component unit, the Evanston Library. The Town of the City of Evanston (the Township) has been previously presented as a separate legal entity which administered General Assistance for food, shelter and medical needs. Effective May 1, 2014, the City of Evanston assumed all the responsibility of providing the services that were previously provided by the Township. Audits after 2014 include the functions of the Township.

Library activity numbers are shown separately as a discrete component unit based on an ordinance passed by the City Council on March 10, 2012 giving the Library independence in running day to day operations. The Library has a separate Board whose members are appointed by the Mayor.

The City's financial statements have been audited by Sikich, LLP, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City of Evanston for the fiscal year ended December 31, 2019, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates by management, and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City's financial statements for the fiscal year ended December 31, 2019, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

PROFILE OF THE CITY OF EVANSTON

The City: The City of Evanston constitutes many communities, perspectives, and qualities as a Chicago suburb with a major university, urban center, and lakefront. Evanston has apartments, condominiums, and student housing; its residents are commuters and locally employed workers; its downtown is prospering, and neighborhood commercial centers are also stable. It is a part of the Chicago-land economy and has a vigorous commercial and professional economy of its own. A population of approximately 75,000 is diverse by race, religion, age, education,

economics, and occupation. With 8,700 people per square mile, Evanston has double the population density of the average North and Northwest suburb, and approximately half the density of Chicago. The City has over 260 acres in 75 parks and 5 beaches.

Evanston is contiguous with Chicago, and only 13 miles by rapid transit, commuter rail, expressway, or parkway from downtown Chicago. It borders the north shore communities of Skokie and Wilmette.

In 1863, the Village of Evanston was incorporated as a town, and after several annexations in 1892, the town became a city. The City's southern boundary of approximately eight square miles was established with the City of Chicago and the present City limits. The City also has four miles of shoreline along Lake Michigan.

Evanston is the home of Northwestern University, aptly named to serve the Northwest Territory. The University first platted the village which surrounded it. The continued vitality of the University and the cooperative relationship between the City and University adds to the total Evanston community.

The Government: The City is a home rule municipality under the Illinois Constitution. As such, it has no tax rate or debt limits imposed by Illinois statute, nor is it required to conduct a referendum to authorize the increase of debt or the imposition of real estate property taxes.

The City has a Council/Manager form of government with an elected Mayor. The Mayor is elected to a four-year term. The Aldermen each represent one of nine wards and are elected to terms of four years. The City Council is organized into four standing committees: Administration and Public Works, Human Services, Planning and Development, and Rules. The City Council has also established several special committees, commissions and advisory boards.

The City Manager is the Chief Executive Officer of the City and is responsible for the management of all City operations under the direction of the City Council. The City Manager appoints and supervises the directors of the City's 10 departments.

The City provides a broad range of municipal services, including police and fire protection, streets and parking, water and sewer service, public libraries, health services, lakefront beaches, parks and recreation activities, cultural events, and community and economic development activities.

Schools are provided by separate school districts which are governed by elected school boards. A portion of the City is served by the Skokie Park District. Wastewater treatment is provided by the Metropolitan Water Reclamation District.

Budget Process: The City's fiscal year 2020 began on January 1, 2020. The City Manager submitted to the City Council a proposed operating budget in October 2019 for the fiscal year 2020 commencing the following January 1. The City budget team started the budget process for fiscal year 2020 in late summer followed by meeting with all departments for their individual budgets. The Council adopted the 2020 budget in November 2019. The City operates under the Illinois Budget Act, adopting a budget by Resolution. All Funds are included in the Resolution.

The City is committed to long-term financial planning. The City Council resolved during the 2020 budget process to adopt budgets in 2020 and 2021 with a General Fund surplus in order to meet the Council adopted fund balance target for the General Fund. The City is adopting a two-year budget for 2020 and 2021 in order to implement multi-year solutions. The 2020-2021 budget documents will include five-year financial projections for all funds. The City closely monitors factors that contribute to long-term financial stability, including, bond ratings, debt ratios, and equalized assessed valuation. The City is also pursuing strategies to expand the City's revenue base and diversify revenue sources.

The City Manager is authorized to transfer budgeted amounts between departments within any fund (such as the General Fund). However, any revisions that alter the total expenditures of any fund must be approved by the City Council.

Budgets are legally adopted on a basis consistent with accounting principles generally accepted in the United States of America. For purposes of preparing the General Fund schedule of revenues (budget and actual), GAAP revenue and expenditures have been adjusted to the budgetary basis. The budgets of the governmental type funds are prepared on a cash basis. The Comprehensive Annual Financial Report (CAFR) of the City presents expenditures and revenues on both a GAAP basis and a budgetary basis for comparison.

Fund Accounting: The City uses funds to report on both its financial position and results of its operations. Fund accounting is designated to demonstrate legal compliance and to aid in financial management by segregating transactions related to certain City functions or activities. Each fund is a separate, self-balancing accounting entity. In the City, there are three categories of funds: governmental, proprietary and fiduciary. Governmental funds are used to account for all or most of the City's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of capital assets (capital project funds), and the servicing of general long-term debt (debt service funds). The General Fund is used to account for all activities of the City not accounted for in other funds. In the fiscal year 2020, the City projects that 36.5% (\$117.2 million-including transfers) of all City expenditures will occur in the General Fund. Other major funds include the Capital Improvement, General Obligation Debt, Parking, Water, and Sewer Funds.

The Enterprise Funds (Water, Parking, Solid Waste Fund and Sewer) are operated and budgeted on a full accrual basis. Expenditures are recognized when a commitment is made, and revenues are recognized when they are obligated to the City (For example, water user fees are recognized as revenue when bills are produced).

Financial Control Procedures: The City reports financial results based on generally accepted accounting principles as promulgated by the GASB. The accounts of the City are divided into separate self-balancing funds comprised of its assets, liabilities, fund equity, revenues, and expenditures, as appropriate.

The City's expenditures are monitored on a regular basis by the Finance Department. Disbursements are made by fund and only if expenditures are within the authorized budget.

MAJOR INITIATIVES - FISCAL YEAR 2020

Following are annual goals and major initiatives by department as a part of budget document preparation.

The Law Department will: Work with City Council and staff to secure new economic and community development opportunities. Continue to work with City Council and staff to standardize and improve uniformity amongst City Boards and Commissions and their respective City Code Sections. Continue to litigate a substantial majority of cases inhouse and seek to prevail at summary disposition or trial in litigation. Analyze and evaluate the City's purchasing contracts for all types of contracts.

The Administrative Services Department will: Focus on the timing of purchases/costs across all divisions to further increase operational efficiency and reduce the potential for delays and poor resource allocation. Continue citywide implementation and roll-out of Google Apps. Expand vehicle GPS program to include Fire and Police vehicles.

Continue to analyze internal service and operational data through an equity lens. Continued decrease of paper HR processes. Continued use of online software systems for learning management, performance management and timekeeping.

Continue to use an alternative sustainable fuel source for City vehicles. Request for proposal for parking review (citations, fees and general areas that need improvement)

The Community Development Department will: Promoting neighborhood revitalization, ensuring a safe built environment and affordable housing and providing first-last mile transportation connections will continue to be major priorities of the Community Development Department.

Improve procedures for processing building permits,

plan review process and contractor registrations. Continue to review and propose amendments to the Zoning Ordinance. Promote neighborhood revitalization, ensuring a safe built environment and affordable housing and providing first-last mile transportation connections

The Economic Development division which was part of the Community Development Department is now part of the City Manager's Office. They will: Encourage women- and minority-owned startups through Entrepreneurship Support Grant. Increase marketing and leasing efforts in every merchant district to support the vitality of Evanston's business community, including marketing city-owned space on Howard Street and implement SSA on Central Street. Lead efforts for business retention and new development of properties in the West Evanston TIF district including City-owned property at Church and Darrow.

The Police Department will: Complete the body-worn camera program in conjunction with Northwestern University. Implement and distribute STARCOM radios from the current UHF T-Band frequency. Install National Incident-Based Reporting System (NIBRS) that will become federally mandated in 2020. Continue implementation of the accepted recommendations from Hillard Heintze staffing study. Manage mandated training required by State law, Illinois Police Training Board, and Illinois Attorney General. Develop fleet plan to reduce the cost of Police vehicle purchases

The Fire Department will: Conduct a promotional exam for the position of Fire Apparatus Operator. In cooperation with Human Resources, the Department will conduct a promotional exam for the position of Fire Captain and Fire Shift Chief.

Work with City Departments and the business community on enhanced emergency preparedness and continuity of operations as well expanding our community outreach of the City's EvanstonAlerts Emergency Notification System. Offer the opportunity to complete Pediatric Advanced Life Support (PALS) certification. Work with Oakton Community College on implementing an apprenticeship program aimed at preparing Evanston residents for a career in the fire service. Offer community engagement programs. Continue the ECHO (Evanston Community Health Outreach) program with AMITA St. Francis Hospital.

The Health and Human Services Department will: Increase awareness of lead poisoning in children by providing education, prevention tools, lead hazard mitigation and provision of resources. Partner with Community Action Advocates to increase visibility of social services support to vulnerable populations. Increase outreach and participants for We're Out Walking (WOW) and the Rethink Your Drink programs.

Implement the application of suitable software for the FDA inspections. Create a clearinghouse of data to better measure health equity achievements. Create community cohort of Seeking Educational Equity and Diversity (SEED) members.

Commence the process for the City's Project for Local Assessment of Needs,

EPLAN for the State's recertification of the Health and Human Services Department.

The Public Works Agency will: Begin construction on the Howard Street Corridor Improvements project. Begin construction on the Central Street Bridge Replacement project. Complete the construction of the new Robert Crown Community Center, Library and Ice Complex project (including both the building and the site improvements). Replace approximately 35 light fixtures in street light poles with new LED fixtures in conformance with the Street Light Master Plan. Receive proposals and award a contract for the Commercial, Business, Institutional and Multi-Family Residential Buildings Solid Waste Franchise Services.

The Parks, Recreation and Community Services will: Create a new City wide Increase the overall number special event for the community to enjoy. of participants in tennis and pickle ball. Maintain and encourage additional partnerships with other recreational groups or individuals to further enhance and diversify the programs available to residents at the Robert Crown Community Center. Offer a new full day and half day Creative Play Preschool program at the Robert Crown Community Center. implement cooperative agreements to offer visual arts programming and to offer a concessionaire at the Robert Crown Community Center. Install a floating dock system inside the Church Street Boat launch area for both PRCS boats and EFD jet skis to be kept throughout the season and make these resources more readily available in the event of an emergency. Create more partnerships with community organizations to bring more programming into the Levy Center.

Library operations are shown separately in the City's Comprehensive Annual Financial Report as a discrete component unit. The Evanston Public Library promotes the development of independent, self-confident, and literate citizens through the provision of open access to cultural, intellectual, and informational resources for all ages.

FACTORS AFFECTING FINANCIAL CONDITION

The following are factors which could give a broader context to the financial information contained in this CAFR report.

Local Economy: During 2019, the City realized that some of the major revenues in the General Fund would vary from their budgeted numbers. Some of the revenues which performed better than budget are:

- State Income Tax and Use Tax
- Transportation Network Provider Tax

- Building Permits
- Athletic Tax

Some of the revenues which were lower than budget estimates are as follows:

- Wheel Tax
- Real Estate Transfer Tax
- Utility Taxes
- Local Motor Fuel tax

Based on this forecast, the city staff continually reviewed revenues and expenses for any major negative impact. The Budget Team periodically met with departments to go over and identify any discrepancies early on in the year. All departments were requested to avoid incurring non-essential expenses during the latter part of the year.

The City ended FY2019 for General Fund with operating surplus of little over \$2.0 million compared to a budgeted surplus of \$1.7 million. Total actual revenues are reported at \$117.2 million compared to a budgeted number of \$115.8 million. Actual expenditures are reported at \$115.1 million against the budgeted expenditure of \$114.1 million.

Overall, General Fund expenditures are at 101% of budgeted expenditures with Community Development and Health Department reporting less than 100% expenditures for FY 2019. Police and Fire departments are reporting slightly higher than their budgeted numbers.

AWARDS AND ACKNOWLEDGMENTS

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive annual financial report for the fiscal year ended December 31, 2018. In order to be awarded a Certificate of Achievement, the government published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA's Award for Distinguished Budget Presentation for its annual 2019 budget. In order to qualify for the Distinguished Budget

Presentation Award, the government's budget document was judged to be proficient in several categories, including policy documentation, financial planning, and organization. The City has already applied for the GFOA Award for its annual 2020 budget.

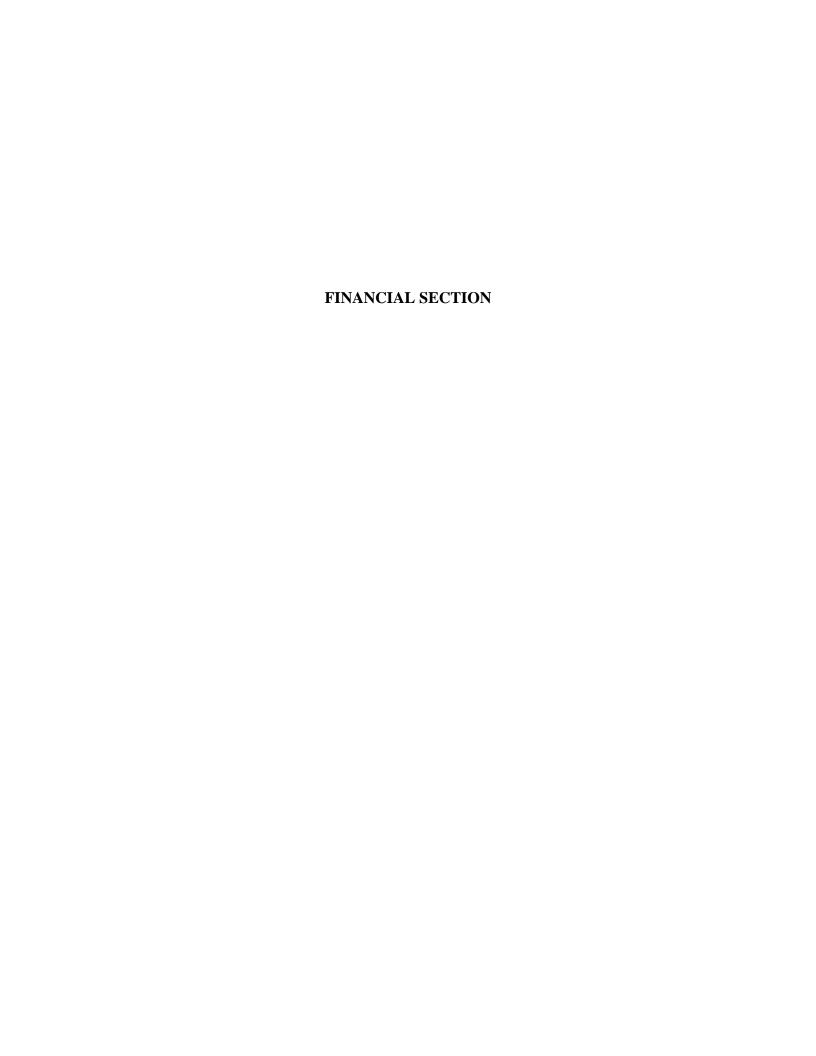

We acknowledge the contributions and excellent work of Andy Villamin, Melita Roque, and Nazmeen Ali in preparing the financial statements. Appreciation is also extended to all other Finance Division and City Staff who contributed to the preparation of this report. We also express gratitude to the Mayor's Office and Members of City Council for their interest and support in planning and conducting the City's financial affairs.

Respectfully submitted,

Erika Stocke

Erika Storlie Interim City Manager Mirch Dogo

INDEPENDENT AUDITOR'S REPORT

The Honorable Stephen H. Hagerty, Mayor and Members of the City Council City of Evanston, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Evanston, Illinois (the City), as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statements of the Evanston Public Library were not audited in accordance with *Government Auditing Standards*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Evanston, Illinois, as of December 31, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year ended in conformity with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

The City adopted GASB Statement No. 84, *Fiduciary Activities*, which established standards for reporting fiduciary funds and modified certain disclosures in the notes to the financial statements. Our opinion is not modified with respect to these matters.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the other required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The introductory section, combining and individual fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or

to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Governmental Auditing Standards*, we have also issued our report dated July 14, 2020 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Sikich LLP

Naperville, Illinois July 14, 2020

GENERAL PURPOSE EXTERNAL FINANCIAL STATEMENTS

MANAGEMENT'S DISCUSSION AND ANALYSIS

DECEMBER 31, 2019

The City of Evanston (the City) Discussion and Analysis is designed to (1) assist the reader in focusing on significant financial issues, (2) provide an overview of the City's financial activity, (3) identify changes in the City's financial position (its ability to address the next and subsequent year challenges), (4) identify any material deviations from the financial plan (the approved budget), and (5) identify individual fund issues or concerns. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on page 4 of this report.

FINANCIAL HIGHLIGHTS

- A. The City's net position increased by \$24,108,172 from the prior fiscal year. The governmental net position increased by \$21,078,962 or 15.8% from the prior period and the business-type activities net position increased by \$3,030,711 or 1.0% from the prior period.
- B. The governmental activities revenue increased by \$6,359,434 or 4.7% from the prior period principally due to increase in capital grants and contributions. The expenses decreased by \$25,402,837 or 16.4% principally due to a decrease in public safety related expenses.
- C. The business-type activities revenue increased by \$6,373,802 or 16.4% principally due to increase in charges for services. The expenses increased by \$178,159 or 0.5% from the prior period.
- D. The total cost of all City programs decreased by \$25,224,678 or 13.4%. This decrease was mainly attributable to a decrease in public safety related expenses.
- E. Total assets of the City increased by\$42,881,437 mainly due to increase in capital assets; while total liabilities went up by \$51,144,531 due to bond issuance.
- F. Deferred outflows and inflows resources of the City had a net deferred outflows increase of \$32,371,266 principally due to increase in IMRF pension items.

USING THIS ANNUAL REPORT

The financial statements focus on both the City as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison and enhance the City's accountability.

The City's financial reporting includes the funds of the City (primary government) and additionally, organizations for which the City is accountable (component unit - the Library). Effective May 1, 2014 the City of Evanston assumed all rights, powers, assets, properties and duties of the Evanston Township, including the responsibility of providing the services that were previously provided by the Township. The functions of the Township are reported along with the City, while the Library financials are shown as a discretely presented component unit beginning in 2013.

REPORTING THE CITY AS A WHOLE

Government-wide Financial Statements

The City's annual report includes two government-wide financial statements. These statements provide both short-term and long-term information about the City's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities (e.g., the City's Fleet Services Fund).

The first of these government-wide statements is the *Statement of Net Position*. This is the City-wide statement of financial position presenting information that includes all the City's assets and liabilities, with the difference reported as net position. Beginning in 2013, this statement also includes separate presentation of Library assets and liabilities. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City as a whole is improving or deteriorating. Evaluation of the overall health of the City would extend to other non-financial factors such as diversification of the taxpayer base or the condition of City infrastructure in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities* - which reports how the City's net position changed during the current fiscal period. All current period revenues and expenses for the city and Library are included regardless of when the cash was received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the City's distinct activities or functions on revenues provided by all government-wide sources.

Both government-wide financial statements distinguish governmental activities of the City that are principally supported by taxes and intergovernmental revenues, such as grants, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, public safety, public service, fleet service, insurance fund, and culture and recreation. Business-type activities include water and sewer utilities, parking, and garages. Fiduciary activities, such as employee pension plans and agency funds, are not included in the government-wide statements since these assets are not available to fund City programs.

The government-wide financial statements are presented on pages 4 - 7 of this report.

REPORTING THE CITY'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The City uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the City's most significant funds, rather than the City as a whole. Major funds are separately reported, while all others are combined into a single aggregated presentation. Individual fund data for non-major funds is provided in the form of combining schedules in a later section of this report.

The City has three kinds of funds:

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the City's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the period. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of the short-term financing decision. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to assist in understanding the differences between these two perspectives.

Budgetary comparison statements for General Fund are included in the required supplementary section of this report. Budgetary comparison schedules for various special revenue funds and the debt service funds are also included in the supplementary information section of this report. These statements and schedules demonstrate compliance with the City's adopted and final revised budget.

The basic government fund financial statements are presented on pages 8-12 of this report.

Proprietary funds reported in the fund financial statements generally report services for which the City charges customers a fee. There are two kinds of proprietary funds. These are enterprise funds and internal service funds. Enterprise funds essentially encompass the same functions reported as business-type activities in the government-wide statements. Services such as the water utilities and the parking garages are provided to customers external to the City organization. Internal service funds provide services and charge fees to customers within the City organization, such as equipment services (repair and maintenance of city vehicles) and the insurance fund. Because the City's internal service funds primarily serve governmental functions, they are included within the governmental activities of the government-wide financial statements.

Proprietary fund statements and statements for discretely presented component units (reporting is similar to proprietary funds) provide both short-term and long-term financial information consistent with the focus provided by the government-wide financial statements. Individual fund information for internal service funds is found in combining schedules in a later section of this report.

The basic proprietary fund financial statements are presented on pages 13 - 17 of this report.

Fiduciary funds such as the Police and Firefighter's pension plans are reported in the fiduciary fund financial statements, but are excluded from the government-wide reporting. Fiduciary fund financial statements report resources that are not available to fund City programs. These financial statements report similarly to proprietary funds.

The basic fiduciary fund financial statements are presented on pages 18 - 19 of this report.

Notes to the financial statements

The accompanying notes to financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements begin on page 20 of this report.

Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligations to provide pension benefits to its employees. Other supplementary information includes detail by fund and component unit for receivables, payables, transfers, and payments within the reporting entity. Required supplementary information can be found on pages 79 – 88 of this report.

Major funds and component units are reported in the basic financial statements, as discussed. Combining statements, individual statements and schedules for nonmajor and internal service funds are presented in a subsequent section of this report beginning on page 90. Additional information on capital assets and long-term debt can be found on page 37 and 45, respectively.

Financial Analysis of the City as a Whole

The City's combined net position increased by \$24,108,172 from \$162,685,934 to \$186,794,106

The City's increase in Net Position is principally due to increased capital grants and contributions combined with a decrease in cost in public safety.

The City's total revenues increased by \$12,617,615 or 7.2%. The City's total expenses for all programs decreased by \$25,338,798 or 13.5%. Business-type activity revenues increased by \$6,258,181 in the current fiscal period mainly due to increase in charges for services. Business-type activity expenses increased by \$64,039, while Governmental activity expense experienced a decrease of \$25,402,837 due to lower cost in public safety. The list of expenses can be found in the table below.

The governmental activities experienced an increase of \$21,078,962 in the net position balance. This is principally due to decreased cost in public safety.

The business-type activities experienced an increase of \$3,029,210 in the net position balance primarily due to the net operating surplus in the Sewer Fund in the amount of \$2,753,411.

Financial Analysis of the City's Funds

Governmental Funds

As discussed, governmental funds are reported in the fund statement with a short-term inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the period in comparison with upcoming financing requirements. Governmental funds reported fund balances of \$51,903,065 as of December 31, 2019 which includes \$415,394 non-spendable, \$15,932,963 restricted, \$24,635,982 assigned and \$10,918,726 unassigned fund balance. The restricted fund balance consists of amounts required to be set aside by external authorities.

Fund Balance Amounts reported for governmental activities are different than the statement of net position because of the treatment of capital assets, liabilities, payables and most importantly pension liabilities. This reporting difference is clearly stated on page 10 of this report.

Major Governmental Funds

The General Fund is the City's primary operating fund and the largest source of day-to-day service delivery. The fund balance of the General Fund reported an increase of \$2,034,851 with actual revenue of \$108,643,055 and expenses of \$112,117,151. The City generated better than expected taxes for the year.

Starting FY 2016 the Police and Fire pension employer contributions were included in the Adopted Budget documents. These had previously been reported in a separate fund. So now, Property tax and Personal Property Replacement Taxes are included in the General Fund and then transferred to the respective pension funds.

The fund balance of the General Obligation Debt Fund had a decrease of \$550 from \$417,981 to \$417,431.

The Crown Capital Fund which was previously reported as part of the Nonmajor Governmental Funds, had a decrease in fund balance of \$9,879,385 from \$17,525,535 to \$7,646,150. The decrease is attributable to expenditures of \$32,838,985 offset by the combined revenue and bond issuance of \$22,959,600.

Combined Nonmajor Governmental Funds

Combined nonmajor fund balances totaled \$27,949,585, an increase of \$3,403,775 from prior period of \$24,545,810 (after reclassification of Crown Capital Fund). Non-major funds with surpluses for the fiscal year include Motor Fuel, Affordable Housing, Home Fund, Emergency Telephone System, Neighborhood Improvement, Good Neighbor, Reparations, Chicago Main TIF, SSD #6, Dempster Dodge TIF, West Evanston TIF, Community Development Loan, SSD #4 and Special Assessment Capital Projects. Nonmajor funds with deficits for the period include Community Development Block Grant, General Assistance, Howard Ridge TIF and Capital Improvements.

Proprietary Funds

The proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status.

The proprietary funds operated by the City are the Water, Sewer, Solid Waste and Parking Funds. These funds have a combined net increase of \$3,029,210 in the net position. The Sewer Fund reported the highest increase in the amount of \$2,753,411. This increase is mainly due to the operating surplus and reduced debt service expense. The Solid Waste Fund added \$559,718 to the net position during the year. The Water Fund reported an increase of \$1,298,203, while Parking Fund reported a decrease of \$1,582,122. It should also be noted that the Water and Sewer Funds carry substantial debt levels, although Parking and Solid Waste Funds have lesser debts.

Internal Service Funds

The City's combined internal service fund's net position decreased by \$3,096,747 from a deficit of \$331,192, as of January 1, 2019 to a net deficit balance of \$3,427,939 as of December 31, 2019. Fleet Fund and Equipment Replacement reported a combined net decrease in net position of \$297,496. The net deficit in the Insurance Fund increased by \$2,799,251 mainly due to claim settlements and legal fees.

General Fund Budgetary Highlights

Total budgetary basis revenues for the General Fund were \$108,643,055 while total expenditures were \$112,117,151. Overall General Fund revenue came in higher than budget by \$1,903,288. Total expenditures in the General Fund were higher than budgeted amounts by \$1,111,323. The actual net deficiency of \$3,474,096 was offset by \$5,508,947 in net transfers to the General Fund from other funds.

Capital Assets

The City's Capital Asset policy generally includes capitalizing assets or properties with \$20,000 or more in value (with the exception of vehicles to the \$20,000 threshold). The City's capital assets (net of depreciation) for governmental and business-type activities as of December 31, 2019, were \$578,954,429. The governmental funds capital assets had a net increase of \$32,050,322, while business type capital assets increased by \$14,211,566. Overall, capital assets increased by 8.7% for the City as a whole. The net increase in governmental funds capital assets were principally due to an increase in capital projects for the year. Readers desiring more detailed information on capital asset activity should refer to Note 5 in the Notes to the Financial Statements.

Long-Term Debt

As of December 31, 2019, the City had outstanding total general obligation bonded debt of \$183,563,417 of which \$28,608,753 was for business type activities to be paid for by the City's Water, Solid Waste and Sewer Funds. Overall debt represents a \$13,022,560 increase from 2018. The City's general obligation debt service principal payments for 2019 totaled \$10,677,440. During the current year, the City issued \$23,700,000 in general obligation bonds. As a home rule government under Illinois law, there is no legal debt limit for the City. Readers desiring more detailed information on long-term debt should refer to Note 8 in the Notes to the Financial Statements.

Bond Ratings

The City's general obligation bonds are rated Aa2 by Moody's Investor Rating Service and AA+ by Fitch Ratings.

Economic Factors

Evanston is a diverse community consisting primarily of residential homes, several nonprofit organizations including a very well-known private university, two hospitals, and many smaller scale retail shops and restaurants as well as some popular big box retailers. In general, economically sensitive revenues such as Income Tax, Use Tax, and Real Estate Transfer Tax came in higher than budgeted revenues while Utility Taxes, Cable franchise fees and Municipal Hotel Taxes were below budget. The city received \$4,617,598 in building permits reflective of strong construction activity in Evanston. The City's new transportation network provider tax performed lot better bringing in revenue of \$1,000,030.

The unemployment rate in Evanston has stayed slightly below/same level as many other cities in the State due in part to the stable economy that includes Northwestern University. The City continues to maintain its lower unemployment rate compared to state and federal unemployment levels. The primary employers in the City include Northwestern University, two hospitals, the local high school, and elementary school district, Rotary International, several not-for-profit organizations, and numerous retail businesses and restaurants. The City's equalized assessed value for real property for 2019 reported an increase of 26.2% from \$2,720,580,914 to \$3,432,148,547.

Beginning around March 2020, the COVID-19 virus has been declared a global pandemic as it continued to spread rapidly. The economic impact of the State of Illinois' Executive Order imposing "stay at home" restrictions could be widespread and last for extended period. As a result, the City of Evanston has already been working on estimating the decline in revenues and increase in COVID-19 related expenditures that will impact the city in 2020 and beyond. Staff believes that the strong 2019 fiscal year financials of the city could help lessen the disastrous impact in 2020. City staff continues to carefully monitor the COVID-19 situation, its impact on revenues, and updates the council every month with revised financial numbers. City has already made a variety of adjustments including reduced CIP projects, hiring freeze, furlough days, contracts restructuring etc. to generate savings to offset the revenue losses.

Contacting the City's Financial Management

This financial report is designed to provide a general overview of the City's finances, comply with finance-related laws and regulations, and demonstrate the City's commitment to public accountability. If you have questions about this report or would like to request additional information, contact the City Manager's Office, Finance Division at the City of Evanston, 2100 Ridge Avenue, Evanston, Illinois 60201, Telephone 847-866-2934, or access the website at www.cityofevanston.org.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Evanston, Illinois (the City) and Evanston Public Library (the Library or EPL) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to governmental units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The more significant of the City's and the Library's accounting policies are described below.

A. Reporting Entity

This report includes all of the funds of the City and the Library. The reporting entity for the City consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if (1) it appoints a voting majority of the organization's governing body and it is able to impose its will on that organization, (2) it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, (3) the organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. Certain legally separate, tax exempt organizations should also be reported as a component unit if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (2) the primary government or its component units, is entitled to, or has the ability to access, a majority of the economic resources received or held by the separate organization; and (3) the economic resources received or held by an individual organization that the primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the primary government.

Component units are reported using one of two methods, discrete presentation or blending. Generally, component units should be discretely presented in a separate column in the financial statements. A component unit should be reported as part of the primary government using the blending method if it meets any one of the following criteria: (1) the primary government and the component unit have substantively the same governing body and a financial benefit or burden relationship exists; (2) the primary government and the component unit have substantively the same governing body and management of the primary government has operational responsibility for the component unit; (3) the component unit serves or benefits, exclusively or almost exclusively, the primary government rather than its citizens; or (4) the total debt of the component unit will be paid entirely or almost entirely from resources of the primary government.

Blended Component Unit:

The Town of the City of Evanston, Illinois (the Township) has been previously presented as a separate legal entity which administers General Assistance, a public welfare program assigned by Illinois law to townships. Eligible clients received General Assistance for food, shelter, and medical needs. Through the town fund levy, the Township also supported a number of community action programs, which provided direct services to welfare recipients. The Township was governed by a Township Board of Trustees and provided services within the same geographic boundaries of the City. The Township Board of Trustees were the same individuals as the City Council. The Township board levied taxes and was responsible for adopting the Township budget and approving payment of bills. On April 30, 2014, the Township was discontinued and dissolved following the March 18, 2014 general election vote taken by the registered voters of the Township. Pursuant to 60 ILCS 1/27-15 and 1/27-20, effective 12:00 am May 1, 2014, the City assumed all rights, powers, assets, property, obligations, and duties of the Township, including the responsibility of providing the services that were previously provided by the Township. Beginning May 1, 2014, the functions of the Township are reported along with the City.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

A. Reporting Entity - Continued

Discrete Component Unit:

The EPL promotes the development of independent, self-confident, and literate citizens through the provision of open access to cultural, intellectual, and informational resources for all ages. Beginning FY 2013, the Library financials are shown separately as a discrete component unit of the City. However, the Library does not issue its own independent set of financial statements. The Library Debt Service Fund was created as a part of FY2014 budget. The Library is governed by the Library Board of Trustees. The board members are appointed by the Mayor of the City.

The Library Director submits a proposed budget to the EPL Board of Trustees for the upcoming calendar year. This budget is included in the budget documents submitted by the City Manager to the City Council. The Library budget is legally enacted through passage of a resolution by the City Council.

The EPL serves the community through three branches. The EPL partners with Northwestern University and other agencies to implement digitally based science, technology, and math learning opportunities for teens. The EPL is continually focused on expanding summer reading programs to serve the patrons of all ages. The Library has also expanded community outreach by promoting library services at various local places and events.

The City's financial statements include two pension trust funds:

Police Pension Employees Retirement System

The City's financial statements include the Police Pension Employees Retirement System (PPERS) as a fiduciary component unit reported as a pension trust fund. The City's sworn police employees participate in the PPERS. PPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the City Council, one elected pension beneficiary, and two elected police employees constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the City is obligated to fund all remaining PPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of the City's contribution levels. Accordingly, the PPERS is fiscally dependent on the City.

Firefighters' Pension Employees Retirement System

The City's financial statements include the Firefighters' Pension System (the FPERS) as a fiduciary component unit reported as a Pension Trust Fund. The City's sworn full-time firefighters participate in the FPERS. FPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the City Council, one elected pension beneficiary, and two elected from active participants of the Firefighters' Pension Fund constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the City is obligated to fund all remaining FPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the City is authorized to approve the actuarial assumptions used in the determination of contribution levels. Accordingly, the FPERS is fiscally dependent on the City.

Joint Ventures:

The City participates in one joint venture, which is reported as non-equity governmental joint venture and is described in Footnote 13. The joint venture is Solid Waste Agency of Northern Cook County (SWANCC).

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City and the Library. The effect of interfund activity has been removed from these statements excluding interfund services provided. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. Nonmajor funds are reported in the supplementary information.

C. Fund Accounting

The City and the Library use funds to report on its financial position and the results of its operations. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Funds are classified into three categories: governmental, proprietary, and fiduciary. Each category, in turn, is divided into separate "fund types."

Governmental funds are used to account for all or most of the City's general activities, including the collection and disbursement of restricted or committed monies (special revenue funds), the funds committed, restricted, or assigned for the acquisition or construction of general capital assets (capital projects funds), and the funds restricted, committed, or assigned for the servicing of general long-term debt (debt service funds). The General Fund is used to account for all activities of the City not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful for sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the City (internal service funds). Internal service funds are included with the governmental funds on the government-wide financial statements.

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the City. When these assets are held under the terms of a formal trust agreement, a private purpose trust fund is used. The pension trust fund accounts for the activities of the Police and Firefighters' Pension Funds, which accumulate resources for pension benefit payments to retired police and fire personnel.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The City's and the Library's governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period, generally 60 days except for sales taxes and telecommunication taxes which use 90 days. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded when payment is due or when amounts have been accumulated in the debt service fund for payment to be made early in the following year.

The following revenues associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period.

1.) Taxes 5.) Recycling program fees and sales

Property *

Sales (home rule) 6.) Fines

Utility

Traffic fines

Personal property

Hotel tax

7.) Intergovernmental

Athletic contest tax Motor fuel tax allotments Cigarette tax Local motor fuel tax allotments

Liquor tax

Parking tax Supplemental Security income reimbursements

Income taxes Sales taxes Use tax

3.) Franchise fees

2.) Licenses

8.) Investment income

4.) Charges for services

All other revenue items are considered to be measurable and available only when cash is received by the City and the

The City reports the following major governmental funds:

The General Fund is the City's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The Crown Capital Fund is a capital projects fund which accounts for the capital improvements (primarily alley paving) financed by both special assessments on property owners and city contributions.

The General Obligation Debt Fund is a debt service fund which accumulate monies for the principal and interest payments on general obligation debt.

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period.

^{*} Property taxes are defined as available if collected within at most 60 days after fiscal year end.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation - Continued

The City reports the following major proprietary funds:

The *Water Fund* accounts for the provision of water services to the residents of the City and the sale of water to the Village of Skokie, Illinois and the Northwest Water Commission. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operation, maintenance, financing and related debt service, and billing and collection.

The Sewer Fund accounts for the provision of sewer repair and improvement services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including administration, operations, financing, and billing and collection.

The Solid Waste Fund accounts for the recycling, refuse, and yard waste removal services related fees and expenses. Refuse and yard waste are contracted out, while recycling is handled by the City staff.

The *Motor Vehicle Parking System* accounts for the provision of the public and residential parking facility on Church Street, Maple Avenue, and Sherman Avenue, as well as all the City's parking lots and meters. All activities are accounted for including administration, operations, financing, and revenue collection.

Additionally, the City reports the following fund types:

Internal Service Funds account for the fleet management and insurance services provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis.

Pension Trust Funds account for the activities of the Police and Firefighters' Pension Funds, which accumulate resources for pension benefit payments to qualified public safety employees.

The Library reports the Operating Fund, Endowment Fund, and Debt Service Fund.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's enterprise funds and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include (1) charges to customers for goods, services, or privileges provided, (2) operating grants and contributions, and (3) capital grants and contributions, including assessments. Internally dedicated resources are reported as general revenue rather than as program revenue. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and of the City's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation - Continued

When both restricted and unrestricted resources are available for use, it is the City and Library's policy to use restricted resources first, then unrestricted resources as they are needed.

The City and Library report unearned revenue and unavailable/deferred revenue on its financial statements. Unavailable revenues arise when a potential revenue does not meet both the measurable and available criteria for recognition in the current period, under the modified accrual basis of accounting. Deferred revenues arise when property tax levies are intended to finance the next fiscal year. Unearned revenue arises when a revenue is measurable but not earned under the accrual basis of accounting. Unearned revenues also arise when resources are received by the City and Library before it has a legal claim to them or prior to the provision of services, as when grant monies are received prior to the issuance of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the City and Library have a legal claim to the resources, the liability and deferred inflows of resource for unearned and unavailable/deferred revenue are removed from the financial statements and revenue is recognized.

E. Cash and Equivalents

Cash and equivalents represent cash on hand, cash deposited in interest-bearing and non-interest-bearing checking accounts, and investments in money markets, certificates of deposit, and treasury obligations with maturities of three months or less at the date of acquisition, and cash deposited with The Illinois Funds.

F. Investments

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit, and other nonparticipating investments are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased and all investments of the pension trust funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

G. Inventories and Prepaid Items

Inventories in the Water, Sewer, and Fleet Service Funds are valued at cost. Inventory amounts are recorded on the basis of a physical count.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. In governmental funds, prepaid items are recorded based on consumption method.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

H. Capital Assets

A capital asset is property, such as equipment, buildings, land, utility infrastructure, roads, bridges with a cost or value equal to or greater than \$20,000 (per asset) at the date of acquisition and an expected useful life of more than one year (12 months or longer). Acquisition of motor vehicles is an exception to the \$20,000 threshold. Also additional cost of less than \$20,000 associated with an asset may be capitalized if the expense is necessary to put the asset in service or its intended use; and/or if it extends the service life of the asset. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Infrastructure acquired prior to the February 28, 2003 implementation of GASB Statement No. 34 has been reported.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment are depreciated, and intangible assets are amortized using the straight-line method over the following estimated useful lives:

Description	Years	Description	Years
Land improvements	10-100	Buildings and improvements	10-50
Leasehold improvements	10-100	Office equipment and furniture	5-15
Plant	20-100	Machinery and equipment	3-15
Transmission and distribution	l	Infrastructure	30-100
system	5-100	Library collections	7
Sewer system and		Intangible assets	5-10
underground lines	75-100		
Parking meters	15		

I. Compensated Absences

It is the City's and the Library's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All payments due in the event of termination are accrued when incurred in the government-wide and proprietary fund financial statements. The General Fund has been used in prior years to liquidate the liability for compensated absences of governmental funds.

J. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt, and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts, if material, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

K. Self-Insurance

The City and the Library are self-insured to certain limits for general liability claims and for workers' compensation insurance. A liability is recorded when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Claims liabilities are based on estimates of the ultimate cost of reported claims including future claims adjustment expenses. General liability and workers' compensation claims are paid out of the Insurance Fund.

L. Deferred Inflows/Outflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

M. Property Taxes

Property taxes are collected by the Cook County Collector and are remitted periodically to all taxing bodies, including the City and Library. Distributions are made more often during the two main collection periods. Property taxes are levied on a calendar year basis by passage of a tax levy ordinance.

The property tax calendar for Cook County is as follows:

Description	Date			
Lien date	January 1 of levy year			
Levy date	December of levy year			
First installment due date				
(55% of prior bill)	March 1/April 1 of year following levy year			
Second installment due date				
(balance of total bill)	September 1/October 1 of year following levy year			

Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). On this basis, property tax revenue includes all cash distributions of property tax related to the 2018 tax levy received during the fiscal period between January 1, 2019 and December 31, 2019. A 3% allowance for loss is reflected in the City and the Library financial statements.

The 2019 tax levy collections are intended to finance the 2020 fiscal year and are not considered available for current operations and are, therefore, shown as unavailable/deferred revenue.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

N. Fund Equity

Governmental fund equity is classified as fund balance. In February 2009, GASB issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. This statement establishes fund balance classifications based primarily on the extent to which the government is bound to honor constraints on the use of the resources reported in each governmental fund as well as establishes additional notes disclosures regarding fund balance classification policies and procedures. The City Council may, by an ordinance, establish, modify, or remove a fund balance commitment. In accordance with GASB Statement No. 54, the City and the Library classifies governmental fund balance as follows:

- 1. Nonspendable Includes fund balance amounts that can not be spent either because they are not in spendable form or because legal or contractual stipulations require them to be maintained intact.
- 2. Restricted Consists of fund balances with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- 3. Committed Includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision-making authority. Fund balance amounts are committed through a formal action of the City. This formal action must occur prior to the end of the reporting period, but the amount of commitment, which will be subject to constraints, may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the City that originally created the commitment.
- 4. Assigned Includes spendable fund balance amounts that are intended to be used for specific purposes that are not considered restricted or committed. Fund balance may be assigned through the following: (1) Council may take official action to assign amounts, (2) all remaining positive spendable amounts in governmental funds, other than the General Fund, that are neither restricted nor committed. Assignments may take place after the end of the reporting period.
- 5. Unassigned Includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceeds amounts restricted, committed, or assigned for those purposes.

Assignments may not create unassigned deficits in any fund. However, nonspendable, restricted, or committed fund balance may create an unassigned deficit. Also, restricted, committed, and assigned balances themselves may not be negative.

The City has established a policy requiring a minimum of 16.6% or two months of operating expenditures to be maintained as a reserve. This is reported as unassigned fund balance.

The City and the Library consider restricted amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the City and the Library would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

In the government-wide and proprietary financial statements, restricted net position is legally restricted by outside parties for a specific purpose. Net position has not been restricted by enabling legislation adopted by the City. Net investment in capital assets represents the book value of capital assets less any long-term debt outstanding issued to construct the capital assets.

O. Interfund Transactions

Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as transfers.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

P. Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Q. Conduit Debt

The City approved the issuance of \$5,000,000 Series 2010 Revenue Bonds during the fiscal year 2010-2011 to provide financial assistance to Chiaravalle Montessori School, deemed to be in public interest. The use of proceeds includes the property purchase from the City, improvement to the existing building, refinancing existing debt, and payment of miscellaneous costs. The bonds are secured by the property or mortgages financed and are payable from the monies, securities, and other revenues pledged under the indenture by the school. The City is not obligated in any manner for the repayment of bonds. Accordingly, the bonds outstanding are not reported as a liability in these financial statements. The Series 2010 Revenue Bonds were refunded in 2019, and the City approved the issuance of \$3,925,000 Series 2019A Revenue Bonds and \$3,735,000 Series 2019B Revenue Bonds, dated December 1, 2019. As of December 31, 2019, outstanding bond balance of the 2019A Revenue Bonds was \$3,735,000.

The City approved the issuance of \$13,590,000 Series 2011 Revenue Bonds during the fiscal period ended December 31, 2011 to provide financial assistance to Roycemore School, deemed to be in public interest. The use of proceeds includes the property purchase and renovation of 1201 Davis, the new location of the school, and payment of miscellaneous costs. The bonds are secured by the property or mortgages financed and are payable from the moneys, securities, and other revenues pledged under the indenture by the school. The City is not obligated in any manner for the repayment of bonds. Accordingly, the bonds outstanding are not reported as a liability in these financial statements. As of December 31, 2019, outstanding bond balance was \$11,890,000.

Q. Deferred Implementation

The City has chosen to defer the implementation of GASB Statement No. 83, Certain Asset Retirement Obligations, as allowable under GASB Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 2. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Deficit Fund Equity

The Insurance Fund, an internal service fund, had a net deficit of \$11,593,098 as of December 31, 2019. The City plans to use current resources to pay for future liabilities.

The Solid Waste Fund had a net deficit of \$298,490 as of December 31, 2019. The City plans to use current resources to pay for future liabilities.

The Special Service District No. 4 had a net deficit of \$226,193 as of December 31, 2019. The City plans to use current resources to pay for future liabilities.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 3. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

The City and pension funds categorize the fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

A. Types of Accounts and Securities

Illinois Statutes and the City's investment policies authorize the City to invest in obligations of the U.S. Treasury, in Government Sponsored Enterprises (GSE) such as Federal Home Loan Mortgage Corporation (FHLMC), Federal Home Loan Bank (FHLB), and Fannie Mae (FNMA); bankers acceptances as well as commercial paper rated only in the highest tier; repurchase agreements of the highest grade; collateralized certificates of deposit issued by FDIC insured financial institutions, money market mutual funds with portfolios limited to securities guaranteed by the United States Government, the Illinois Metropolitan Investment Fund (IMET), and The Illinois Funds.

The Illinois Funds, created by the Illinois State Legislature under the control of the State Comptroller, operates as qualified external investment pools in accordance with the criteria established in GASB Statement No. 79, Certain External Investment Pools and Pool Participants, and thus, reports all investments at amortized cost rather than fair value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Funds Treasurer's Office issues a separate financial report for The Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704.

IMET is a not-for-profit investment trust formed pursuant to the Illinois Municipal code and managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an investment company. Investments in IMET are valued at IMET's share price, the price for which the investment could be sold.

It is the policy of the City to invest public funds in a manner whereby its investment objectives are prioritized in the following order: safety of principal, liquidity, and rate of return. The City also seeks to maintain diversification of investments to avoid overconcentration of any one specific issuer or business sector. To mitigate interest rate risk, the City tries to structure the investment portfolio to meet daily cash flow needs so as to avoid needing to sell securities on the open market. The City seeks to attain market rates of return consistent with constraints imposed by safety and cash flow needs. The City invests to conform to all state and local statutes governing the investment of public funds. More detail is available in the City's investment policy.

The Firefighters' and Police Pension Funds are set up for the exclusive purpose of providing retirement and other benefits to plan participants and beneficiaries. All investments are governed and authorized by the respective Fire and Police Pension Boards. The investment objectives and parameters mirror those listed above for the City. However, unlike the City's public funds, the Firefighters' and Police Pension Funds may invest in various equity accounts up to a limit of 65% of the aggregate value of each respective fund's assets. The pension funds invest to conform to all state and local statutes governing pension funds. Additional detail is available in each pension fund's investment policies.

B. Pooling of Cash and Investments

Except for cash and investments in certain restricted and special accounts, the City pools the cash of various funds to maximize interest earnings. Interest income is allocated to the various funds based upon their respective participation.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 3. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS - Continued

C. Types of Investments

Interest Rate Risk. The City's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. The objective is to maintain a core portfolio with maturities primarily in the three month to three years range.

The following table presents the investment and maturities of the City's debt securities as of December 31, 2019:

			Investment	Maturities (In Y	rears)						
City Investment Type	F	Fair Value	Less Than 1 Year	1 - 5 Years	6 - 10 Years	Greater than 10 Years					
Municipal bonds	\$	1,338,052	1,338,052								
Total	\$	1,338,052	1,338,052								

Credit Risk. State law limits investments in commercial paper, corporate bonds, and mutual bonds funds to the top two ratings issued by nationally recognized statistical rating organizations. The City's investment policy does not impose further limits on investment choices. The Police and Firefighters' Pension Funds have investments in corporate bonds with S&P ratings ranging from BBB- to AAA. The Illinois Funds and money markets were rated AAA by Standard & Poor's. IMET exclusively invests in AAA Standard & Poor's securities, such as treasury and agency obligations. The City's municipal bond investments were rated from Aa3 to Aa2 by Moody's. IMET's Convenience Fund collateralizes all of its deposits 110%. The investments in the securities of the U.S. government agencies were all rated AAA or Aaa by the Standard & Poor's and by Moody's Investor's Services. The following investments of the City in The Illinois Funds, PMA, and IMET are valued at the funds' share price, the price for which the investments could be sold

The City has the following recurring fair value measurements as of December 31, 2019. The investments in municipal bonds and mutual funds are valued using quoted matrix pricing models (Level 2 inputs).

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. All of the City's investments were insured, registered, or held by the counterparty's trust department in the City's name.

On September 29, 2014, IMET was informed of defaults on certain loans believed to be guaranteed in its Convenience Fund caused by fraud on the part of First Farmer's Financial (FFF), a USDA approved lender. This resulted in a decrease in the value of the City's IMET investment in the amount of \$552,862 and leaving an impairment on the remaining balance of \$169,720. The City believes that it will recover the remaining value of the investment.

Concentration of Credit Risk. It is the policy of the City to diversify its investment portfolio. Investments shall be diversified to eliminate the risk of loss resulting from overconcentration in a security, maturity, issuer, or class of securities.

D. Deposits

Custodial Credit Risk. For a deposit, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its deposit or collateral securities that are in the possession of an outside party. Collateral is required for City deposits equal to or greater than the amount of City deposits which exceed FDIC insured amounts. The City's depository pledges a Federal Home Loan Bank line of credit in the City's name as collateral. All of the City's deposits were insured or collateralized at December 31, 2019.

Deposits consist of deposits in interest-bearing and non-interest-bearing checking accounts. At December 31, 2019, the carrying amount of the City's deposits, including cash on hand of \$10,200 was \$25,755,732. The financial institutions' balances totaled \$31,758,614.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 4. RECEIVABLES

A. Summary of Receivables

Other receivables as of December 31, 2019 for the government's individual major funds, nonmajor, internal service funds, and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	General					
	Go	Bus	siness-Type			
	A	Activities		Activities		Total
Receivables (net, where applicable,						
of allowances for uncollectibles):						
Amusement tax	\$	32,518	\$	-	\$	32,518
Cigarette tax		36,000		-		36,000
Hotel tax		79,243		-		79,243
Liquor tax		332,223		-		332,223
Local motor fuel tax		89,524		-		89,524
Parking tax		97,031		-		97,031
Franchise fees		-		32,030		32,030
Transportation network tax		260,092				260,092
Other miscellaneous		47,955		801,177		849,132
Net Total Receivables	\$	974,586	\$	833,207	\$	1,807,793

Governmental funds report deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

B. Loans Receivable - Special Revenue Funds

The City provides resources to city residents for the sale and rehabilitation of single-family and multi-family housing. Initial funding for these resources was from Community Development Block Grant (CDBG) and Housing and Urban Development (HUD) Funds. Three types of loans are made: (1) title transfer loans which are due in full when the housing unit is sold, (2) amortizing loans which are due in monthly installments over varying lengths of time, and (3) forgivable loans which are forgiven over varying lengths of time based on occupancy requirements. Repayments of principal and any interest earned on these receivables, which are recorded in the respective Special Revenue Funds, are used to make additional rehabilitation loans. An allowance of \$78,000 exists in the Special Revenue Funds due to doubtful accounts. Loan activity for the current period is summarized as follows:

Loan	Interest			Loans		Loan	Loan	
Type	Rates	I	Beginning	 Made	Re	payments	 Adjustments	 Ending
Title Transfer	0% - 8%	\$	2,455,944	\$ 55,173	\$	69,178	\$ 4,327	\$ 2,446,266
Amortizing	0% - 8%		1,097,527	-		59,693	-	1,037,834
Forgivable	0% - 8%		4,811,680	-		263,253	(21,845)	4,526,582
Allowance			(78,000)	 -			 -	(78,000)
Total Loans		\$	8,287,151	\$ 55,173	\$	392,124	\$ (17,518)	\$ 7,932,682

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 5. CAPITAL ASSETS

A. Capital Asset Activity

Capital asset activity for the fiscal year ended December 31, 2019 was as follows:

	Beginning	Additions	Deletions	Transfers	Ending
Governmental Activities:					_
Capital Assets, not being Depreciated:					
Land	\$ 7,193,044	\$ -	\$ -	\$ -	\$ 7,193,044
Right of way	18,695,896	-	-	-	18,695,896
Artwork	373,551	-	-	-	373,551
Construction in progress	27,375,681	39,482,397	5,708,561	-	61,149,517
Total Capital Assets, not being Depreciated	53,638,172	39,482,397	5,708,561	_	87,412,008
Capital Assets, being Depreciated/Amortized:					
Buildings and improvements	86,921,300	1,429,838	-	_	88,351,138
Office equipment and furniture	5,942,860	374,698	-	-	6,317,558
Intangible assets	7,612,047	231,258	-	_	7,843,305
Machinery and equipment	27,495,623	2,034,223	734,753	-	28,795,093

Sewer	3,681,927
Solid waste	26,783
Motor vehicle parking	 2,694,291
Total Depreciation Expense - Business-Type Activities	\$ 9,051,981

B. Construction Commitments

The value of construction contracts signed, where the work has not yet been performed at December 31, 2019 is as follows:

Capital Improvement Fund	\$ 17,506,399
Motor Fuel Tax Fund	132,883
Water Fund	9,867,029
Sewer Fund	912,564
Motor Vehicle Parking System Fund	155,269
Total Construction Commitments	\$ 28,574,144

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 6. INTERFUNDS

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

A. Interfund Accounts

At December 31, 2019, interfund receivables and payables consist of the following:

Funds		Due From		Due To
General Fund	\$	7,318,558	\$	358,306
Crown Capital Fund		-		302,813
Debt Service Fund		-		246,657

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 6. INTERFUNDS - Continued

C. Interfund Transfers

Transfers are used to (1) move revenues from the fund with collection authorization to the Debt Service Fund as debt service principal and interest payments become due, (2) move restricted amounts from borrowings to the Debt Service Fund to establish mandatory reserve accounts, (3) move restricted General Fund revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorization, including amounts provided as subsidies or matching funds for various grant programs.

At December 31, 2019, transfers in (out) consist of the following:

	Transfers	Transfers

NOTE 7. LONG-TERM DEBT - Continued

A. Changes in Long-Term Debt - Continued

Business-Type Activities - IEPA Loans

Business-type activities IEPA loans are payable from revenues derived from Sewer and Water service fees. The City has pledged future revenues, net of operating expenses, to repay principal totaling \$113,805,322 in IEPA loans issued in 1994 through 2019. Proceeds from the loans provided financing for the Long-Term Sewer and Water Improvement Program. The IEPA loans, payable from operating revenues, are payable through 2040. Annual principal and interest on the loans are expected to require \$5,695,999 of net revenues for the fiscal year 2020. The total principal and interest remaining to be paid on the loans is \$40,900,138. Principal and interest paid for the current period and total customer net revenues were \$6,174,889 and \$9,669,676, respectively.

IEPA loans payable consist of the following:

Date of	Final	Interest		Original						
Issue	Maturity	Rates Indebtedness		Rates Inc		es Indebtedness		Rates Indebtedness		Balance
Various	Various	Various	\$	113,805,322	\$	40,691,551

NOTE 7. LONG-TERM DEBT - Continued

B. General Obligation Bonds Payable

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds have been issued for both governmental and business-type activities.

General obligation bonds are direct obligations and pledge the full faith and credit of the City. These bonds generally are issued as 20-year serial bonds with equal amounts of principal maturing each year.

In June 2019, the City issued Series 2019A General Obligation Bonds for a total of \$12,750,000 with interest rates ranging from 1.72% to 2.85%. The bonds were issued to provide financing for construction and equipment of a new Robert Crown Community Center, Ice Complex, and Library Center.

Also in June 2019, the City issued Series 2019B General Obligation Bonds for a total of \$12,785,000 with interest rates ranging from 1.66% to 2.68%. Proceeds were allocated to governmental activities (\$7,020,000), business-type activities (\$3,930,000), and component unit (\$1,835,000). The bonds were issued to provide financing for certain public improvement projects for governmental activities, business-type activities, and component unit activities.

The following schedule illustrates the annual debt service requirements to maturity for general obligation bonds.

Year Ending	 Government	tal Activities Business-Type Activities					tivities

NOTE 7. LONG-TERM DEBT - Continued

C. Notes Payable - IEPA Loans

As of December 31, 2019, the City currently has 23 outstanding loans from the IEPA. The City will repay the loans solely from revenues derived from the sewer and water system; the loans do not constitute a full faith and credit obligation of the City. They will be repaid with equal installments consisting of principal plus simple interest, on unpaid principal balances, over a period of 20 years. Initial principal balances will consist of disbursements and interest accrued during construction. Repayments begin not later than six months after completion of construction.

Notes payable - IEPA debt service requirements to maturity are as follows:

For the Fiscal	 Business-Type Activities				
Year Ending	Principal		Interest		
2020	\$ 5,040,700	\$	655,299		
2021	5,011,337		736,774

2024	3,599,049		446,376		
2025-2029	9,913,585		1,324,867		
2030-2034	5,276,324		646,919		
2035-2039	3,595,875		231,135		
2040-2045	 663,597		9,187		
Total	\$ 40,691,551	\$	5,208,587		

D. Postemployment Benefits other than Pensions (Defined Benefit Plan)

The City and the Library administer a single-employer defined benefit health care plan which provides coverage to active employees and retired members. Benefit provisions are established through collective bargaining agreements and state that eligible retires and their spouses at established contribution rates.

The City's and the Library's group health insurance plan provides coverage to active employees and retirees (or other qualified terminated employees) at blended premium rates. This results in an other postemployment benefit (OPEB) for the retirees, commonly referred to as an implicit rate subsidy. The group health insurance plan does not issue a publicly available financial report.

Contribution requirements are established through Illinois State laws. The City and the Library implicitly contributes the difference between retiree's contributions and unblended rates. Retirees pay 100% of the blended premiums to cover themselves and their covered dependents ranging from \$540 for single coverage to \$1,984 for family coverage. The City pays 100% of health care premiums for police officers and firefighters, their dependents and their surviving spouses and dependent children if they were injured or killed in the line of duty during an emergency, ranging from \$493 for single coverage to \$1,984 for family coverage. For the year ended December 31, 2019, the City and Library's estimated contribution to the plan is \$860,932. The City's and the Library's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with parameters of GASB Statement No. 75. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2019, the City recognized OPEB expense of \$991,555. At December 31, 2019, the City reported deferred outflows and deferred inflows of resources related to OPEB from the following sources:

		Deferred		Deferred	
	Outflows of			Inflows of	
	Resources			Resources	
Changes in assumption	\$	2,586,077	\$	1,032,099	
Total	\$	2,586,077	\$	1,032,099	

The deferred outflows and deferred inflows of resources presented in the table above include amounts for the City. The Library's proportionate share of the deferred outflows and deferred inflows of resources at December 31, 2019 was \$39,483 and \$15,757, respectively.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

NOTE 9. INDIVIDUAL FUND ACTIVITIES

A. General Obligation Debt Service Fund

The City usually adopts several resolutions abating portions of the property tax debt service levies. The amount of property taxes abated is derived from principal and interest payments by private assessments on street paying projects; additional water/sewer service fees related to the citywide water/sewer improvement project; tax increment revenues in the Howard Hartrey Tax Increment District; revenues from the Motor Vehicle Parking System Fund associated with the Maple Garage, Sherman Garage, and Church Street Self-Park Garage; and General Obligation Debt Service Fund interest income.

B. Water Fund

On January 28, 1997, the City executed a long-term water supply contract with the Village of Skokie, Illinois, to replace an expiring contract. The contract took effect on March 1, 1997 and continues in effect for a period of 20 years until February 28, 2017. The contract was extended further until October 31, 2017. Currently, the City is working with the Village of Skokie to have a new contract with revised terms to supply Lake Michigan water to the Village of Skokie.

The City provides potable Lake Michigan water to the Northwest Water Commission (NWWC) under a long-term water supply contract. Sale of potable water under this contract began on February 28, 1985 and continues until February 28, 2030. Under the terms of the current contract, the City is to supply NWWC sufficient potable Lake Michigan water to satisfy NWWC's maximum 24-hour demands for Lake Michigan water for resale to NWWC's customers.

The City also provides potable Lake Michigan water to the Morton Grove Niles Water Commission (MGNWC) under a long-term water supply contract. Sale of potable water under this contract began January 24, 2017 and continues until December 31, 2056. Under the terms of the current contract, the City is to supply MGNWC sufficient potable Lake Michigan water to satisfy MGNWC's maximum 24-hour demands for Lake Michigan water for resale to MGNW's customers.

C. Special Service District No. 4

On September 23, 2019, the City Council adopted Ordinance No. 109-O-19 which extended the life of Special Service District No. 4 until December 31, 2034. Special Service District No. 4 comprises the central business district of the City. The special district was established for the purpose of providing funds for special maintenance and repair and for promotion and advertisement. The annual property tax levy for 2019 was \$610,995 which includes an estimated allowance amount of \$18,330.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 10. RISK MANAGEMENT - CLAIMS AND JUDGMENTS

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; natural disasters; and injuries to the City's employees. The City maintains commercial all-risk property insurance to cover damage to city facilities and contents and other losses including business interruption and loss of rents. The coverage is subject to a deductible of \$50,000 (except \$100,000 for flood and earthquake and \$10,000 for artwork) for each loss and each location. The City also maintains crime and fidelity insurance coverage with a \$25,000 deductible to a limit of \$2,000,000. In addition, coverage is maintained for ambulance/paramedic liability.

For workers' compensation, specific excess coverage in excess of \$750,000 per occurrence is purchased from a commercial insurance company. For general liability claims, the City retains risk of loss of \$1,250,000 to a limit of \$10,000,000.

Workers' compensation and general liability risks are accounted for in the Insurance Fund. The fund was established on March 1, 1994 to administer general liability claims and workers' compensation programs on a cost-reimbursement basis. The fund accounts for the aforementioned liabilities of the City, but does not constitute a transfer of risk from the City.

The City records estimated liabilities for workers' compensation and for general claims. Claims liabilities are based on estimates of the ultimate cost of reported claims including future claim adjustment expenses.

The changes in the balances of claims liabilities during the past two fiscal periods are as follows:

	Workers'	 General Liability	 Total
December 31, 2017	\$ 2,913,500	\$ 1,374,000	\$ 4,287,500
New claims and/or estimate revisions Claims payments	 876,824 (718,224)	 1,368,400 (1,156,900)	 2,245,224 (1,875,124)
December 31, 2018	 3,072,100	 1,585,500	 4,657,600
New claims and/or estimate revisions Claims payments	233,618 (688,168)	5,780,000 (2,556,500)	 6,013,618 (3,244,668)
December 31, 2019	\$ 2,617,550	\$ 4,809,000	\$ 7,426,550

For its health insurance coverages, the City participates through a sub-pool in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC is a public entity risk pool established in 1979 by certain units of local government in Illinois to administer some or all of the personnel benefit programs (primarily medical, dental, and life insurance coverage) offered by these members to their officers and employees and to the officers and employees of certain other governmental, quasi governmental, and nonprofit public service entities. Management consists of a Board of Directors comprised of one appointed representative from each member. The officers of IPBC are chosen by the Board of Directors from among their membership. The City does not exercise any control over the activities of IPBC beyond its representation on the Board of Directors of the sub-pool. To obtain IPBC's financial statements, contact the administrative offices of IPBC at 301 East Irving Park Road, Streamwood, Illinois 60107.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 11. CONTINGENCIES

There are various claims and legal actions pending against the City for which provision has been made in the financial statements. At the present time, the City believes that the reserves established are sufficient so that the expected liability for these claims and legal actions will not materially exceed the amounts recorded in the financial statements. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of the expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

NOTE 12. JOINT VENTURES

A. Solid Waste Agency of Northern Cook County

On March 28, 1988, the Evanston City Council authorized agreements providing for the City's participation in the Solid Waste Agency of Northern Cook County (Agency) and in the interim financing of that Agency. The Agency was planned and developed by the Northwest Municipal Conference, of which the City is a member. The Agency is empowered to plan, finance, construct, and operate a solid waste disposal system.

The Agency is a municipal joint action agency created as of May 2, 1988 under the provisions of the Intergovernmental Cooperation Act (the Act), 5 ILCS 220/3.2. The Agency consists of 23 municipalities. The Agency is governed by a Board of Directors consisting of one official selected by each member community who serves a two-year term. Each director has one vote. The Board of Directors determines the general policies of the Agency. The Executive Committee of the Agency consists of seven persons elected by the Board of Directors. Each person is entitled to one vote. The Executive Committee may take action not specifically reserved to the Board of Directors by the Act, the Agency agreement, or the bylaws.

The authority to designate management, influence operations, and formulate budgets rests with the Board of Directors and Executive Committee. No one member has the ability to significantly influence operations; therefore, the Agency is not a component unit of any other governmental reporting entity.

Under the 1992 project use agreement executed by the City with the Agency, the City's share of project costs, including debt service and disposal, is based on its share of deliveries to the Wheeling Transfer Station for each year. The City does not control the Agency's fiscal management or operations nor is the City legally responsible for any more than its share of the Agency's debt or operating deficits, if any.

Complete financial statements for the Agency can be obtained at 77 W. Hintz Rd., Suite 200, Wheeling, Illinois, 60090.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 13. EMPLOYEE RETIREMENT SYSTEMS

A. Plan Descriptions

Illinois Municipal Retirement Fund

The City contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois (other than those covered by the Police or Firefighters' Pension Plan). The Illinois Pension Code establishes the benefit provisions of the plan that can only be amended by the Illinois General Assembly. IMRF issues a publicly available financial report that includes financial statements and supplementary information for the plan as a whole, but not by individual employer. That report may be obtained by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523.

Plan Administration

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

Plan Membership

At December 31, 2018, IMRF membership consisted of:

inactive employees or their beneficiaries	
currently receiving benefits	681
Inactive employees entitled to but not	
yet receiving benefits	376
Active employees	532
Total	1,589

The IMRF data included in the table above includes membership of both the City and the Library.

Benefits Provided

IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011 are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. Employees hired on or after January 1, 2011 are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 13. EMPLOYEE RETIREMENT SYSTEMS - Continued

A. Plan Descriptions - Continued

Illinois Municipal Retirement Fund - Continued

Contributions

Employees participating in IMRF are required to contribute 4.50% of their annual covered salary to IMRF. The member rate is established by state statute. The City is required to contribute the remaining amounts necessary to fund IMRF as specified by statue. The employer contribution rate for the calendar year ended December 31, 2019 was 6.22% of covered payroll.

Actuarial Assumptions

The City's net pension liability was measured as of December 31, 2018 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of the same date using the following actuarial methods and assumptions.

Actuarial valuation date	December 31, 2018
Actuarial cost method	Entry-age normal
Assumptions	
Inflation	2.50%
Salary increases	3.39% to 14.25%
Interest rate	7.25%
Cost of living adjustments	3.00%
Asset valuation method	Fair value

For nondisabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). IMRF specific rates were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustment that were applied for nondisabled lives. For active members, an IMRF specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Changes in assumptions related to the discount rate were made since the prior measurement date.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 13. EMPLOYEE RETIREMENT SYSTEMS - Continued

A. Plan Descriptions - Continued

Illinois Municipal Retirement Fund - Continued

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the City's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended December 31, 2019, the City recognized pension expense of \$1,517,159. At December 31, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to IMRF from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience Changes in assumption	\$ 1,961,036 4,303,982	\$ 1,472,554 3,315,173
Net difference between projected and actual earnings on pension plan investments	13,770,722	_
Employer contributions after the measurement date	 2,179,482	 -
Total	\$ 22,215,222	\$ 4,787,727

The deferred outflows presented in the table above include amounts for the City. The Library's proportionate share of the deferred outflows and inflows of resources at December 31, 2019 was \$2,389,078 and \$514,884, respectively.

\$2,179,482 reported as deferred outlfows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ending December 31, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to IMRF will be recognized in pension expense as follows:

Year Ending	
December 31,	
2020	\$ 4,019,586
2021	2,242,665
2022	3,138,645

NOTE 13. EMPLOYEE RETIREMENT SYSTEMS - Continued

A. Plan Descriptions - Continued

Police and Firefighters' Pension Plans

Plan Administration

The Police Pension Plan and Firefighters' Pension Plan are contributory, single employer defined benefit public employee retirement plans administered by the City and a Board of Trustees for each fund. All sworn city police officers and firefighters are participants in the plans. The plans do not issue stand-alone financial reports and they are not included in the report of a public employee retirement system or another entity. The City accounts for the Police Pension and Firefighters' Pension Plans as pension trust funds.

The plans are governed by a five-member pension board. Two members appointed by the City's Council, one elected retired pension member, and two elected active members constitute the pension boards.

The Police and Firefighters' Pension Plans are accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized on an expense and liability when due and payable.

For employer contributions, the City's budget policy is to fund pension plans at the funding level recommended annually by the actuary. The General Fund is used to liquidate the net pension liability.

Plan Membership

At January 1, 2019, plan membership consisted of:

	Police Pension	Firefighters' Pension
Inactive plan members or beneficiaries		
currently receiving benefits	183	144
Inactive plan members entitled to		
but not yet receiving benefits	20	2
Active plan members	158	99
Total	361	245

Benefits Provided

As provided for in the Illinois Compiled Statutes, the Police and Firefighters' Pension Funds provide retirement benefits as well as death and disability benefits to employees grouped into two tiers. Tier 1 is for employees hired prior to January 1, 2011 and Tier 2 is for employees hired after that date. The following is a summary of the Police and Firefighters' Pension Funds as provided for in Illinois Compiled Statutes.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 13. EMPLOYEE RETIREMENT SYSTEMS – Continued

A. Plan Descriptions - Continued

Police and Firefighters' Pension Plans - Continued

Benefits Provided - Continued

Police Pension Plan

Tier 1 - Covered employees hired prior to January 1, 2011 attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one half of the salary attached to the rank on the last day of service, or for one year prior to the last day, whichever is greater. The pension shall be increased by 2.5% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least 8 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced retirement benefit. The monthly pension of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and paid upon reaching at least age 55, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 - Covered employees hired on or after January 1, 2011 attaining the age of 55 or older with ten or more years of creditable service are entitled to receive an annual retirement benefit equal to the greater of the average monthly salary obtaining by dividing the total salary during the 48 consecutive months of service within the last of 60 months in which the total salary was the highest by the number of months in that period; or the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officers' salary for pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3% compounded. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years may retire at or after age 50 and receive a reduced benefit (i.e., ½% for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3% or ½ of the change in the Consumer Price Index for the preceding calendar year.

Firefighters' Pension Plan

Tier 1 - Covered employees hired prior to January 1, 2011 attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive a monthly retirement benefit of one-half of the monthly salary attached to the rank held in the fire service at the date of retirement. The monthly pension shall be increased by one-twelfth of 2.5% of such monthly salary for each additional month over 20 years of service through 30 years of service to a maximum of 75% of such monthly salary. Employees with at least 10 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced retirement benefit. The monthly pension benefit of a firefighter who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and paid upon reaching at least the age 55, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 - Covered employees hired on or after January 1, 2011 attaining the age of 55 or older with ten or more years of creditable service are entitled to receive an annual retirement benefit equal to the greater of (1) the average monthly salary obtained by dividing the total salary of the firefighter during the 48 consecutive months of service within the last of 60 months in which the total salary was the highest by the number of months in that period; or (2) the average monthly salary obtained during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Firefighters' salary for pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3% compounded annually. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years may retire at or after age 50 and receive a reduced benefit (i.e., ½% for each month under 55). The monthly benefit of a Tier 2 firefighter shall be increased annually at age 60 on the January 1st after the firefighter retires or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3% or ½ of the change in the Consumer Price Index for the preceding calendar year.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 13. EMPLOYEE RETIREMENT SYSTEMS - Continued

A. Plan Descriptions - Continued

Police and Firefighters' Pension Plans - Continued

Contributions

Covered employees are required to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plans as actuarially determined by an enrolled actuary. Effective January 1, 2011, the City's contributions must accumulate to the point where the past service cost for the Police Pension Plan is 90% funded by the year 2040. For the year ended December 31, 2019, the City's contribution was 65.72% of covered payroll.

Participants contribute a fixed percentage of their base salary to the Firefighters' Pension Plan. At December 31, 2019, the contribution percentage was 9.455%. If a participant leaves covered with less than 20 years of service, accumulated participant contributions may be refunded without accumulated interest. The City is required to contribute the remaining amounts necessary to finance the plan as actuarially determined by an enrolled actuary. Effective January 1, 2011, the City's contributions must accumulate to the point where the past service cost for the Firefighters' Pension Plan is 90% funded by the year 2040. For the year ended December 31, 2019, the City's contribution was 79.94% of covered payroll.

Investment Policy

Police Pension Fund

Permitted Deposits and Investments - Statutes and the Police Pension Fund's (the Fund) investment policy authorize the Fund to make deposits/invest in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States Government or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services, The Illinois Funds, IMET, certain non-U.S. obligations, Illinois municipal corporations tax anticipation warrants, veteran's loans, obligations of the State of Illinois and its political subdivisions, and Illinois insurance company general and separate accounts, mutual funds and equity securities (not to exceed 65% of the total net position of the Fund), contracts and agreements of life insurance companies (no more than 10% of portfolio in real estate and no more than 10% of portfolio in bonds with ratings of less than Baa1), and corporate bonds. During the year, no changes to the investment policy were approved by the Board of Trustees.

The Fund's investment policy allows investments in all of the above listed accounts, but does exclude any repurchase agreements. The Fund's investment policy, in accordance with Illinois Statutes, establishes the following target allocation across asset classes:

Police Pension Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Large-Cap Equities	52.00%	3.60%
Domestic Small-Cap Equities	5.00%	4.50%
International Equities	5.00%	5.20%
Fixed Income	32.00%	3.20%
REITS	3.00%	4.00%
Cash	3.00%	-0.10%
Total	<u>100.00%</u>	

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 13. EMPLOYEE RETIREMENT SYSTEMS - Continued

A. Plan Descriptions - Continued

Police and Firefighters' Pension Plans - Continued

Investment Policy - Continued

Police Pension Fund - Continued

The long-term expected rate of return on the Fund's investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2019 are listed in the table above.

Firefighters' Pension Fund

The Firefighters' Pension Fund (the Fund) allows funds to be invested in any type of security authorized by the Illinois Pension Code. During the year, no changes to the investment policy were approved by the Board of Trustees. The Fund's investment policy, in accordance with Illinois Statutes, establishes the following target allocation across asset classes:

		Long-Term Expected
Firefighters' Pension Asset Class	Target Allocation	Real Rate of Return
U.S. Large Cap	34.10%	5.20%
U.S. Mid Cap	7.60%	6.10%
U.S. Small Cap	4.90%	5.60%
International Equities	7.20%	5.20%
Emerging & Frontier Market Equities	0.50%	7.60%
Fixed Income and Preferred	36.20%	0.50%
Alternatives	9.50%	2.70%
Total	100.00%	

The long-term expected rate of return on the Fund's investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Fund's target asset allocation as of December 31, 2019 are listed in the table above.

NOTE 13. EMPLOYEE RETIREMENT SYSTEMS - Continued

A. Plan Descriptions - Continued

Police and Firefighters' Pension Plans - Continued

Investment Valuations

All investments in the Police and Firefighters' Pension Plans are stated at fair value and are recorded as of the trade date. Fair value is based on quoted market prices at December 31 for debt securities, equity securities and mutual funds, and contract values for any insurance contracts. Investment income is recognized as earned. Gains and losses on sales and exchanges of fixed income securities are recognized on the transaction date.

Investment Rate of Return

For the year ended December 31, 2019, the Police Pension Plan annual money-weighted rate of return on pension plan investment, net of pension plan investment expense, was 21.13%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

For the year ended December 31, 2019, the Firefighters' Pension Plan annual money weighted rate of return on pension plan investment, net of pension plan investment expense, was 19.62%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the Funds' deposits may not be returned to them. The Funds' investment policies do not require pledging of collateral for all bank balances in excess of federal depository insurance, since flow-through FDIC insurance is available for the Funds' deposits with financial institutions.

Interest Rate Risk

The following table presents the investments and maturities of the Funds' debt securities as of December 31, 2019:

Police and Firefighters' Pension				Investment Matu	ırities	(In Years)
Investment Type	 Fair Value	Less	Than 1 Year	 1 - 5 Years	6	- 10 Years
Corporate bonds	\$ 32,200,180	\$	1,013,649	\$ 19,913,019	\$	8,984,776
U.S. Treasuries	21,040,633		1,131,129	7,439,151		8,807,997
Federal Home Loan Bank	3,907,863		2,375,027	770,822		762,014
Federal Home Loan Mortgage Corp	1,405,716		-	17,666		109,377
Fannie Mae	1,199,906		143	283,229		339,428
Ginnie Mae	4,711		-	877		2,739
Other U.S. Government Agencies	 2,145,895		-	 301,253		288,801
Total Police and						
Firefighters' Investment	\$ 61,904,904	\$	4,519,948	\$ 28,726,017	\$	19,295,132

In accordance with its investment policy, the Funds' limit exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds not needed within a one-year period. The investment policies does not limit the maximum maturity length of investments in the Funds'.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 13. EMPLOYEE RETIREMENT SYSTEMS - Continued

A. Plan Descriptions - Continued

Police and Firefighters' Pension Plans - Continued

Interest Rate Risk (Continued)

The Police and Firefighters' Pension Funds categorize the fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The City's Police Pension Fund has the following recurring fair value measurements as of December 31, 2019. The U.S. Treasury Obligations, Domestic and International Equity securities, and mutual funds are valued using quoted market prices (Level 1 inputs). Corporate bonds and U.S. agency obligations, and real estate pools are valued using matrix pricing models (Level 2 inputs).

The City's Firefighters' Pension Fund has the following recurring fair value measurements as of December 31, 2019. The U.S. Treasury Obligations, equity index funds, and mutual funds are valued using quoted market prices (Level 1 inputs). Corporate bonds and U.S. agency obligations are valued using matrix pricing models (Level 2 inputs).

Credit Risk

The Funds' limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by investing in obligations guaranteed by the United States Government or securities issued by agencies of the United States Government that are explicitly or implicitly guaranteed by the United States Government bonds and investment grade bonds. The U.S. Treasury and agency obligations are rated by Moody's Aaa and the corporate bonds are rated between Baa3 and Aaa. The Illinois Funds is rated Aaa by Standard and Poor's.

Custodial Credit Risk - Investments

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Funds' will not be able to recover the value of their investments that are in possession of an outside party. To limit its exposure, the Funds' investment policies require all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the Funds' agent separate from where the investment was purchased in the Funds' name. The Illinois Funds and IMET are not subject to custodial credit risk.

Concentration of Credit Risk - Illinois Compiled Statutes (ILCS) limits the Funds' investments in equities, mutual funds, and variable annuities to 65%. Securities in any one company should not exceed 5% of the total fund. The blended asset class is comprised of all other asset classes to allow for rebalancing the portfolio.

The Police Pension Trust Fund had no significant investments (other than U.S. Treasuries and corporate bonds) in any one organization that represented 5% or more of the fund's fiduciary net position.

The Firefighters' Pension Trust Fund had no significant investments (other than corporate bonds) in any one organization that represented 5% or more of the fund's fiduciary net position.

Notes to the Financial Statements

A. Plan Descriptions - Continued

Police and Firefighters' Pension Plans - Continued

Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation performed using the following actuarial methods and assumptions.

	Police Pension	Firefighters' Pension
Actuarial valuation date	December 31, 2019	December 31, 2019
Actuarial cost method	Entry-age normal	Entry-age normal
Asset valuation method	Fair value	Fair value
Actuarial assumptions:		
Projected salary increases graded by age	From 7.36% to 3.62%	From 7.36% to 3.62%
Inflation	2.50%	2.50%
Interest rate	6.50%	6.50%
Cost-of-living adjustments	From 3.00% to 1.25%	From 3.00% to 1.25%

Mortality rates were based on the RP-2000 Combined Healthy Mortality table with a Blue Collar Adjustment; disabled mortality rate is based on RP-2000 Disabled Retiree Mortality table.

Discount Rate

The discount rate used to measure the total police pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the City contribution will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Police Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Effective January 1, 2011, the City has until the year 2040 to fund 90% of the past service cost for the Police Pension Plan. However, the City has elected to fund 100% of the past service cost by 2040.

The discount rate used to measure the total firefighters' pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the City contribution will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Firefighters' Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Effective January 1, 2011, the City has until the year 2040 to fund 90% of the past service cost for the Police Pension Plan. However, the City has elected to fund 100% of the past service cost by 2040.

NOTE 15. EVANSTON LIBRARY COMPONENT UNIT

A. Types of Accounts and Securities

Illinois Statutes authorize the Library to invest in obligations of the U.S. Treasury, in Government Sponsored Enterprises (GSE) such as Federal Home Loan Mortgage Corporation (FHLMC), Federal Home Loan Bank (FHLB), and Fannie Mae (FNMA); bankers acceptances as well as commercial paper rated only in the highest tier; repurchase agreements of the highest grade; collateralized certificates of deposit issued by FDIC insured financial institutions, money market mutual funds with portfolios limited to securities guaranteed by the United States Government, IMET, and The Illinois Funds.

Library investments consists of equities, ETFs, money market funds, mutual funds, corporate bonds, and U.S. Treasuries. Investments are reported at fair value, except that non-negotiable certificate of deposits are stated at cost. The Library has a formal investment policy adopted by its governing board to handle endowment funds. The funds will be invested and administered by a three-member committee. It is the general policy of the Library to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Library and conforming to all state and local statutes governing the investment of public funds using "prudent person" standard for managing the overall portfolio. It may be noted though that the Library has investments in equities which is not permissible under the state statutes.

Interest Rate Risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The exposure to interest rate risk can be limited by structuring the portfolio to provide liquidity for cash requirements for ongoing operations in shorter term securities.

Credit Risk is the risk that the issuer of the debt security will not pay its par value upon maturity. The Library's investment policy has several guidelines to minimize the potential losses on individual investment by diversifying the investment portfolio, not permitting the investment in certain high risk securities. State law limits investments in commercial paper, corporate bonds, and mutual bonds funds to the top two ratings issued by nationally recognized statistical rating organizations.

The Illinois Funds, created by the Illinois State Legislature under the control of the State Comptroller, operates as qualified external investment pools in accordance with the criteria established in GASB Statement No. 79, Certain External Investment Pools and Pool Participants, and thus, reports all investments at amortized cost rather than fair value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Funds Treasurer's Office issues a separate financial report for The Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704.

IMET is a not-for-profit investment trust formed pursuant to the Illinois Municipal code and managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an investment company. Investments in IMET are valued at IMET's share price, the price for which the investment could be sold.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Library will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The Illinois Funds are not subject to custodial credit risk.

Concentration of Credit Risk is the risk that the Library has a high percentage of its investments invested in one type of investments. Currently, the Library has diversified its investments in various types of investments. The Library investment policy provides the high/low limits for various type of investments like equity, fixed income securities, and cash.

Custodial Credit Risk. For a deposit, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Library will not be able to recover the value of its deposit or collateral securities that are in the possession of an outside party. At December 31, 2019, all of the Library's deposits were insured or collateralized by an agent of the Library in the Library's name.

F. Prior period adjustment

The beginning net position of the governmental activities was restated by \$(247,572) to properly reflect the balance of the unamortized bond premiums.

Notes to the Financial Statements

For the Fiscal Year Ended December 31, 2019

NOTE 16. SUBSEQUENT EVENTS

Beginning around March 2020, the Covid-19 virus has been declared a global pandemic as it continues to spread rapidly. As a result, equity investments of the Police Pension Plan and Firefighters Pension Plan have experienced significant declines in quoted prices on active markets. Management of both plans are carefully monitoring the situation and evaluating its options during this time. No adjustments have been made to these financial statements as a result of this uncertainty.

On July 13, 2020, the City approved the first reading of an ordinance for the issuance of the General Oblication Corporate Purpose Bonds Series 2020 in an amount not to exceed \$34,000,000. These bonds will be used to refund the Series 2010A and Series 2011A bonds as well as provide for the funding of capital projects. The final interest rate and maturity schedule has not yet been determined.

Also on July 13, 2020, the City authorized staff to borrow up to \$11,000,000 from the Illinois Environmental Protection Agency (IEPA) Public Water Supply Loan Program for a 30 inch diameter transmission main rehabilitation. The final interest rate and maturity schedule will be determined at the end of the project.

Notes to Required Supplementary Information

December 31, 2019

Budgetary Information

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- Because of a calendar year, the City Manager will submit to the City Council a proposed operating budget for the upcoming fiscal year commencing January 1, 2019. The operating budget includes proposed expenditures and the means of financing them.
- Public budget hearings are conducted. Taxpayer comments are received and noted.
- 3. The budget is legally enacted through passage of a resolution.
- 4. The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council. There were budget allocations within General Fund.
- 5. Budgets are legally adopted on a basis consistent with GAAP. Annual appropriated budgets are adopted for the General, Special Revenue, Debt Service, Capital Projects, Enterprise, and Internal Service Funds, and Pension Trust Funds. All annual budgets lapse at fiscal year end.

Discrete Component Unit:

The Library follows these procedures in establishing the budgetary data reflected in the financial statements:

- Because of a calendar year, the Library Director submits a proposed operating budget for the upcoming
 fiscal year commencing January 1, 2019 to the EPL Board of Trustees. Upon approval of the budget
 proposal by the EPL Board of Trustees, the Library's proposed budget is submitted to the City Manager.
 The Library's budget is included in the budget documents which the City Manager will submit to the City
 Council. The operating budget includes proposed expenditures and the means of financing them.
- A series of public library board meetings are conducted as the EPL Board of Trustees considers the budget proposal. Taxpayer comments are received and noted.
- 3. The budget is legally enacted through passage of a resolution by the City Council.
- 4. The Library Director is authorized to transfer budgeted amounts between library departments within any library fund; however, any revisions that alter the total expenditures of any library fund must be approved by the EPL Board of Trustees. There were budget allocations within the Library Fund but the total did not change.
- Budgets are legally adopted on a basis consistent with GAAP. The budget is prepared for the Library Operating Fund, Library Capital Fund, and Library Debt Service Fund.

The level of control (level at which expenditures may not exceed budget) is the fund. All unencumbered annual appropriations lapse at the end of the fiscal year.

During the year, budget amendments were approved by the City Council.

The following funds had an excess of actual budgetary expenditures over original and final budget for the fiscal year ended December 31, 2019:

		Final							
Fund	Actual	Budget		Variance					
General	\$ 112,117,151	\$ 112,091,573	\$	25,578					
Neighborhood Improvement	113	-		113					
Howard Ridge Tax Increment District	657,449	514,337		143,112					

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

MAJOR GOVERNMENTAL FUNDS

General Fund - to account for all financial resources of the City except those accounted for in another fund.

Crown Capital - To account for capital improvements (primarily alley paving) financed by both special assessments on property owners and city contributions.

General Obligation Debt Fund - to account for non-abated, general obligation payments on the principal and interest related to bonds and/or other city debt.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditures for a particular purpose.

Motor Fuel Tax - to account for the operation of street maintenance programs and capital projects as authorized by the Illinois Department of Transportation. Financing is provided by the City's share of gasoline taxes.

Emergency Telephone System - to account for revenues and expenditures for 911 emergency telephone service. Financing provided by network connection surcharges.

Neighborhood Improvement - to account for a portion of the sales tax revenues derived from retail sales of the Home Depot U.S.A. Inc. store in the City. Sales tax revenues allocated to this fund are to be expended on public projects that will benefit the immediate neighborhood of the store.

Affordable Housing - to account for costs associated with housing-related programs of the City.

HOME - to account for the activity of the HOME program. Financing is provided by the federal government. Expenditures are made in accordance with the requirements of federal law.

Community Development Block Grant - to account for revenues and expenditures of the Community Block Grant program. Financing is provided by the federal government on a reimbursement basis in accordance with federal formula. Expenditures are made in accordance with the requirements of federal law.

Community Development Loan - to account for residential rehabilitation loans to residents.

Special Service District No. 4 - to account for promotion, advertisement, and street maintenance costs of the area located in the City's central business district. Financing is provided by the City through an annual property tax levy.

Reparations – to account for the municipal tax revenues (at 3% of retail price) collected from the sales of recreational cannabis

Good Neighbor - to account for the resources provided by Northwestern University to assist city functions and increase programming.

General Assistance - to account for the assistance given to persons and/or families to meet their basic living expenses.

Debt Service Funds

Debt Service Funds are used to account for the servicing of general long-term debt.

Chicago Main TIF - To account for principal and interest payments on debt proceeds issued and allocated to this tax increment financing district.

Special Service Area No. 6 Fund - to account for promotion, advertisement, and street maintenance costs of the area located in the City's commercial district surrounding Dempster, Chicago, and Main. Financing is provided by the City through an annual special service area property tax levy.

Dempster-Dodge TIF - To account for principal and interest payments on debt proceeds issued and allocated to this tax increment financing district.

Howard/Ridge TIF- To account for principal and interest payments on debt proceeds issued and allocated to this tax increment financing district.

West Evanston TIF - To account for principal and interest payments on debt proceeds issued and allocated to this tax increment financing district.

Capital Projects Funds

Capital Improvement - To account for capital projects not funded through special revenue, tax increment financing, or enterprise funds. Capital projects include, but are not limited to: long-term improvements to public buildings, the paving of city streets, and the improvement and development of recreation facilities. Financing is provided primarily by grants and general obligation bond proceeds.

Special Assessment - To account for capital improvements (primarily alley paving) financed by both special assessments on property owners and City contributions.

ENTERPRISE FUNDS

Water Fund - To account for all activity related to providing water to the City's residents, as well as the Village of Skokie and the Northwest Water Commission. All activities necessary to provide such services are accounted for in this fund, including, but not limited to: administration, operation, maintenance, debt service, and billing/collection.

Sewer Fund - To account for all activity related to providing sewer service to the City's residents and businesses. Activities necessary to provide such service include, but are not limited to: administration, operations, financing, capital improvements/maintenance, and billing/collection.

Parking Fund - To account for all city-owned parking facilities/garages, lots, and metered spaces. Maple Avenue and Sherman Plaza Garage activities have been included in this fund beginning in FY09-10. All activities are accounted for including administration, operations, financing, and revenue collection.

Solid Waste Fund - To account for all activity related to refuse, recycling, and yard waste collection and disposal. Activities necessary to provide such service include, but are not limited to: administration, operations, and revenue collection.

INTERNAL SERVICE FUNDS

Equipment Replacement Fund - To account for the costs associated with the purchase of vehicles and equipment.

Fleet Services Fund - To account for the cost of operating the municipal service center maintenance facility for transportation vehicles/equipment used by city departments. Such costs are billed to the user departments.

Insurance Fund - To account for all costs related to general liability and workers' compensation claims. Health insurance premiums are also accounted for in this fund. This internal service fund uses "funding premium" payments from city operating funds to pay claim and premium costs incurred.

Legal Debt Margin

December 31, 2019

The City is a home rule municipality.

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes governs computation of the legal debt margin.

"The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent...indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts."

To date, the Illinois General Assembly has set no limits for home rule municipalities.

INDEPENDENT ACCOUNTANT'S REPORT ON COMPLIANCE WITH STATE OF ILLINOIS PUBLIC ACT 85-1142

The Honorable Mayor Members of the City Council City of Evanston, Illinois

We have examined management's assertion that the City of Evanston, Illinois (the City) complied with the provisions of subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Redevelopment Allocation Act (Illinois Public Act 85-1142) during the year ended December 31, 2019. As discussed in that representation letter, management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on management's assertion about the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion about compliance with the specified requirements is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about whether management's assertion is fairly stated, in all material respects. The nature, timing, and extent of the procedures selected depend on our judgement, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with statutory requirements.

In our opinion, management's assertion that the City of Evanston, Illinois, complied with the aforementioned requirements for the year ended December 31, 2019, is fairly stated in all material respects.

Sikich LLP

Naperville, Illinois July 14, 2020
