Executive Director

Christopher P. Morrill

PART I BUDGET MESSAGE

Budget Transmittal Letter

January 1, 2021

Mayor Stephen H. Hagerty and Members of the City Council,

I am honored to present the Adopted Fiscal year 2021 Budget for the City of Evanston, Illinois, for the period of January 1, 2021 through December 31, 2021. The budget is a policy document which sets the financial course for the city and defines the priorities of services provided to the community. It is the culmination of months of effort by City staff, residents, and elected officials to balance available resources and provide high-quality services to Evanston residents, businesses, and visitors.

The total Adopted Budget for fiscal year 2021 is \$296,146,105, which includes interfund transfers. This is the total expense for all funds including the Evanston Public Library. This represents a decrease of \$24,563,125 or 7.66% from the 2020 Adopted Budget.

2019-2020 City Council Goals

On April 29, 2019, City Council approved the following goals for 2019-2020:

- Invest in City Infrastructure and Facilities
- Stabilize Long-Term City Finances
- Enhance Community Development and Job Creation Citywide
- Expand Affordable Housing Options
- Ensure Equity in All City Operations

Department performance on these goals and upcoming initiatives are detailed in each department's narrative in the General Fund section of this document.

2020 Year-End Estimate

Since March 2020, the world has experienced a pandemic caused by the novel coronavirus known as COVID-19. This crisis has deeply affected the City's priorities and operations. Since day one, employees across the organization have been dedicated to fighting the virus, keeping our residents safe, and continuing to provide vital City services in frequently changing circumstances.

While City employees work harder than ever during the pandemic, the City has experienced catastrophic losses in revenue to fund operations. The revenue losses are due to a contraction of economic activity as a result of the pandemic. Altogether, the City expects about a \$12 million loss in General Fund revenue by the end of 2020. Income tax and sales tax are expected to be 20-25% below budget. Some smaller revenue sources including amusement tax, athletic contest tax, hotel tax, and auto rental tax have been decimated and are showing losses around 80% of budget.

Budget Transmittal Letter

The City has taken many steps to mitigate the impact of revenue losses and reduce the City's deficit in the current year. Since March, 12 full-time employees have been laid off, and the City Manager has instituted a hiring freeze for all vacant positions. This has led to about 50 vacant positions across all City departments being held open, yielding savings of close to \$4 million. Non-union and AFSCME employees are required to take 10 unpaid furlough days before December 15, some of which will be unpaid holidays for non-union employees. Fire Department employees represented by IAFF have agreed to forgo general wage increases for 2021 and 2022 in lieu of furlough days. The City is still in negotiations with the FOP union to determine comparable savings from the police department. Across the City, expenses have been closely scrutinized and all unnecessary spending has been halted for the year. Together, these steps are expected to save \$10 million in expenses by year end, leaving the City with \$2 million in deficit spending from the General Fund.

The City expects to receive approximately \$4.5 million in grant funding related to COVID-19 response, as listed below These grants are given on a reimbursement basis, and as of October 8, 2020 about \$1,300,000 has been received. Most grants will carry over into 2021, and appropriate amounts are shown in the 2021 budget. Grants received in 2020 cover increased expenses due to COVID-19 response.

- Federal Emergency Management Agency (FEMA) Public Assistance \$1,104,026
- COVID-19 Contact Tracing Grant \$817,632
- Coronavirus Aid, Relief, and Economic Security (CARES) Act Coronavirus Relief Funds Cook County - \$619,214
- CARES Act Provider Relief Fund (for EMT) \$51,631
- COVID-19 Crisis Grant \$58,457
- National Association of County and City Health Officials (NACCHO) \$50,000
- Community Development Block Grant (CDBG-CV) \$1,080,243
- Emergency Solutions Grant (ESG-CV) \$966,314

2021 Budget Priorities

For the 2021 Budget, the City focused on maintaining core services and ensuring the continued health and safety of our residents. In September 2020, staff hosted four community budget conversations, which gave residents an opportunity to share ideas and concerns related to the 2021 budget. The feedback from these meetings can be found on the City's Budget webpage. Across all meetings, themes emerged related to the importance of human and social services in the face of ongoing pandemic. Residents stated concerns related to affordable housing, food security, support for small businesses, and preventing future COVID-19 outbreaks.

Budget Transmittal Letter

2021 Baseline Budget

Unfortunately, the COVID-19 crisis has not yet been resolved, and staff anticipates continued safety restrictions and economic impact through 2021. The 2021 budget reflects revenue loss of \$8 million compared to the 2020 budget. A summary of major losses is shown in the table below.

Selected Revenues	2020 Budget	2021 Budget	Loss \$	Loss %
State Income Tax	\$7,600,000	\$6,600,000	\$(1,000,000)	-13%
Sales Tax - Basic	10,250,000	9,750,000	(500,000)	-5%
Sales Tax - Home Rule	7,800,000	7,250,000	(550,000)	-7%
Municipal Hotel Tax	2,390,000	1,200,000	(1,190,000)	-50%
Athletic Contest Tax	1,160,000	500,000	(660,000)	-57%
Real Estate Transfer Tax	3,800,000	3,000,000	(800,000)	-21%
Parking Tax	3,200,000	2,600,000	(600,000)	-19%
Parking Tickets	3,800,000	3,200,000	(600,000)	-16%
Recreation Program Fees	6,473,500	5,616,375	(857,125)	-14%
Transportation Network Tax	680,000	510,000	(170,000)	-25%
Motor Fuel Tax	1,300,000	1,000,000	(300,000)	-23%
Liquor Tax	3,150,000	2,900,000	(250,000)	-8%
Amusement Tax	430,000	200,000	(230,000)	-53%
Telecommunications Tax	1,800,000	1,600,000	(200,000)	-11%
Wheel Tax	3,000,000	2,900,000	(100,000)	-3%
Total Selected Revenues	\$56,833,500	\$48,826,375	\$(8,007,125)	-14%

From this \$8 million in revenue lost, the City faced a 2021 General Fund baseline deficit of \$4.5 million. This is due to the 2020 budget including a surplus of \$1.6 million and the removal of \$2 million in a transfer from the General Fund to the debt service fund. Without the transfer, the necessary increase in the debt service levy is only \$1.4 million thanks to savings accomplished by refunding 2011 and 2012 bonds in August 2020. More discussion of the City's debt and annual debt service can be found in the Charts and Summaries section of this document.

2021 Budget Balancing Worksheet

The Budget Balancing Worksheet on the following pages begins with a General Fund deficit of \$4.5 million. The Worksheet is a tool used to track changes proposed during the budget review process to bring the General Fund to balance. Important items from the worksheet are highlighted below.

Budget Transmittal Letter

Fund Balance – For 2021, City Council chose to include a \$500,000 draw from reserves in the General Fund budget. This was decided in recognition of the economic hardships faced by the community this year and a desire to keep the impact on the property tax low. This draw is projected to bring the General Fund Balance to \$13,156,086 by December 31, 2021, which is approximately 12% of budgeted expenses. City Council will discuss plans in 2021 to bring fund balance back to the recommended policy level of 16.6% of expenses.

Position Eliminations - The worksheet includes 15 positions to be eliminated, 14 of which were already vacant. These cuts yield savings of \$1.2 million to the General Fund. Most of these positions are in the Police Department, including 11 currently vacant police officer positions. This reduction brings sworn Police staff from 165 to 154 full-time employees. The department is currently operating with 146 sworn officers and command staff.

Positions Held Vacant - As of December 2020, the City has about 50 vacant positions across all departments. For 2021 the City will continue to hold 28 of these positions vacant for the entire year, in addition to the 15 positions eliminated. These positions are not recommended for elimination at this time and will be reconsidered in the 2022 budget. Positions held vacant yield savings of \$2.4 million to the General Fund. Where needed, increases in temporary staff, service contracts, or overtime have been added to ensure that departments have enough staffing to maintain services. The total offsetting cost of these increases is \$350,000. One position in Property Standards is added in the 2021 budget.

Union general wage increases - General wage increases for all represented employees were established in contracts effective from January 1, 2019 through December 31, 2022. These contracts included increases on January 1, 2021 of 2.5% for AFSCME employees and FOP Sergeants and 2.25% for FOP Officers and IAFF employees. With the onset of COVID-19 and revenue losses, all unions were asked to take furlough days or propose other savings. AFSCME agreed to 10 furlough days in 2020 which saved the City \$650,000, and will maintain an increase of 2.5% on January 1, 2021. IAFF chose to forgo raises for 2021 and 2022 rather than take furlough days in 2020. The City will guarantee no IAFF employee layoffs for the duration of the contract, and will grant a wage increase of 5% on December 31, 2022. This change yields savings of \$254,000 in the 2021 budget and an additional \$260,000 in 2022. The City is still in negotiations with the FOP Officer and FOP Sergeant Unions, and general wage increases for these two unions are still budgeted according to contract.

Budget Transmittal Letter

Non-union employees - Non-union employees were also required to take 10 furlough days in 2020, yielding savings of \$566,000. The budget balancing worksheet includes a non-union pay increase of 1.5% effective July 1, 2021.

Adopted 2021 Budget Balancing Worksheet			
General Fund Summary	Revenues	Expenses	<u>Net</u>
Baseline General Fund	\$110,470,609	\$115,048,660	(\$4,578,051)

Hold Vacant - Police Commanders (2 FTE) - 1 held since 2019		(310,146)

Budget Transmittal Letter

Property Taxes

The proposed increase to the City and Library tax levy is 5.9% of the City's 2019 levy (2020 budget) amount. The increase of \$500,000 for the General Fund will be used to replenish reserves. The increase to the debt service levy replaces a transfer from the General Fund of \$2 million and reflects savings achieved from refunding bonds in 2020. Increases to Fire and Police Pension funds reflect actuarial recommendations.

This proposed increase in levy translates to approximately a \$27 increase in property tax for a house with a market value of \$100,000 or \$135 increase in property tax for a house with a market value of \$500,000. The City and Library tax levy represents about 20% of property taxes paid by Evanston residents and businesses.

		2020 Adopted Tax Levy (2021 Budget)	Proposed Change	Increase as % of total levy
General Fund Tax Levy	\$9,495,300	\$7,845,300	(\$1,650,000)	-3.0%
Human Services Fund	3,110,000	3,110,000	-	0.0%
Solid Waste Fund	1,332,500	1,332,500	-	0.0%
Debt Service Fund	12,521,921	13,936,263	1,414,342	2.6%
Fire Pension Fund	8,967,037	9,346,778	379,741	0.7%
Police Pension Fund	10,900,650	11,106,461	205,811	0.4%
City Total	\$46,327,408	\$46,677,302	\$349,894	0.6%
General Assistance Total	\$1,080,000	\$1,300,000	\$220,000	0.4%
Library Fund	7,252,000	7,252,000	-	0.0%
Library Debt Service	480,145	482,243	2,098	0.0%
Library Total	\$7,732,145	\$7,734,243	\$2,098	0.0%
City and Library Total				
Net Levy	\$55,139,553	\$55,711,545	\$571,992	1.0%

Budget Transmittal Letter

Human Services Fund

The Human Services Fund was expanded in the 2020 budget with the addition of programs that have historically been funded in the General Fund. The fund now includes all of the City's social service functions, including youth and young adult outreach, senior services, and victim advocacy. The City's contract with Amita Health for 24-hour crisis services is paid for through the fund, as are allocations to community organizations given through the Mental Health Board. The Human Services Fund receives revenue from a dedicated property tax levy and applicable grant revenues.

For 2021, the fund saw an increase of baseline expenses of about \$250,000. This includes budgeted general wage increases for employees and increases to health insurance and pension costs. To avoid a property tax increase, this amount will be covered by a new transfer from the General Fund to the Human Services Fund.

The fund will also include a new \$200,000, funded through a transfer from the Police Department, for creating an alternative emergency response program. The Alternative Emergency Response subcommittee will set program guidelines and recommendations for responses to 911 calls that may be better served by mental health professionals and social workers. If successful, the City would examine further financial support for an expanded program in 2022.

Reparations Fund

In 2020, the City created the Reparations Fund, becoming one of the first municipalities in the country to establish a municipal reparations program. City Council committed the first \$10 million of the program to be funded through a 3% municipal tax on recreational cannabis sales which began on July 1, 2020. The fund has also received donations from community members and businesses. The cannabis tax is collected and remitted through the state of Illinois, and the City receives distributions 3 months later than when the tax was collected. Because of this delay, the first distribution to the fund was received in October 2020. The Reparations Subcommittee is charged with housing and economic development assistance programs for African-American/Black Evanston residents and establishing eligibility requirements. Currently, the Committee is finalizing their program recommendations for City Council approval.

Racial Equity Fund

From 2016 through 2020, Northwestern University gave the City a contribution of \$1,000,000 per year to be used on specific programs and services as agreed upon by the University and Mayor through a special Good Neighbor Fund. The University has agreed to continue this gift in 2021 and 2022 at the same level of \$1,000,000 per year. Between 2021 and 2022, \$1,000,000 will be dedicated to funding racial equity programs in the City.

Budget Transmittal Letter

Implementation of Climate Action and Resilience Plan (CARP)

The City continues to make progress on Evanston's Climate Action and Resilience Plan (CARP) amidst difficult budgets and limited State and Federal support for climate policies. Although 2020 has been a challenging year the City has taken meaningful steps to accelerate climate action in 2021 and beyond.

Goals and priorities for 2021 include adopting new high efficiency building codes, providing universal access to waste reduction services, initiating the phasing out of single use plastics, continuing to explore ways to address community air quality concerns, investing in our natural habitat and urban canopy, and implementing the newly adopted Environmental Justice Resolution. The City will also be releasing a new commercial solid waste request for proposals that will increase waste diversion services for commercial properties in 2021. The City continues to explore ways to bring food waste composting to more Evanston residents in a cost-effective manner.

In order to make meaningful progress on many of these items the City must identify structural funding sources in order to provide the revenue and staffing expertise to meet these goals. The City will begin to make progress towards new funding through the restructuring of the City's municipal electric aggregation program (new revenue), new electric supply contract (savings) and changes in fees (new revenue).

Enterprise Funds

The Parking Fund experienced a \$4.5 million loss in revenue in 2020 due to COVID-19, causing a projected year-end deficit of \$1.7 million. With fund balance depleted, the Parking Fund will issue \$1 million in bonds in 2021 to support Capital Projects.

The Water and Sewer Funds remain stable during the pandemic. In 2020, water sales began to the Village of Lincolnwood, generating an estimated \$500,000 in new revenue for the City.

Staff is proposing increases to residential solid waste fees to yield \$313,250 in additional revenue to the Solid Waste Fund. This new revenue is expected to bring the fund to positive balance by 2022. The increases, as shown below, are \$1-2 per month and would be effective on July 1, 2021.

- Residential refuse fee increases (\$178,750)
 - o 65 gallon cart increase monthly cost from \$9.14 to \$10.15
 - o 95 gallon cart increase monthly cost from \$20.64 to \$22.91
- Condominium refuse fees increase monthly cost from \$8.85 to \$9.82 per unit (\$33,000)
- Apartment refuse fees increase monthly cost from \$1.85 to \$2.52 per unit (\$26,500)
- Yard waste fee Increase annual cost from \$25 to \$35 (\$75,000)

Budget Transmittal Letter

Planning for the Future

As the City faces the many unknowns of a continuing pandemic and the uncertainty of state or federal aid, there are also opportunities to continue improving service delivery and stabilizing long-term finances.

An opportunity under discussion is right-sizing of and reinvesting in the City's assets. The City owns many buildings and properties across the community, which also comes with high maintenance and capital improvement costs. Making an effort to right-size the number and kinds of assets owned by the City will allow for stronger investments on our most important assets into the future. One building under consideration for sale is the Civic Center, which has been largely vacant since the pandemic began in March and employees in the building were asked to work from home. The building requires a large amount of capital investment to remain functional, and an even greater investment to become a safe working environment in the midst of a pandemic.

A change in sales tax regulations at the state level may have a positive impact on Evanston's revenues. Effective January 1, 2021, if a good ships from outside the state of Illinois to an address in Evanston, it would be subject to the Evanston sales tax rate of 10.25%. Currently, this good is charged at the state use tax rate of 6.25%, of which the City receives a population-based distribution. With the new policy, 1.25% of the total sales tax rate would come to Evanston directly as home rule sales tax, and another 1% would be distributed through the typical state sales tax share. This would be a benefit to the City of Evanston. However, goods that are shipped from inside Illinois are subject to the sales tax rate at the shipping origin, not the destination. This may cause businesses that are currently shipping from outside the state to adjust their logistics to ship from a lower-tax community within Illinois. If this occurs, Evanston would not receive the added sales tax from that purchase and would see lower use tax revenue as well. Due to these potential changes in response to the law, the net impact on the City is still unknown and will be monitored closely during 2021.

In spring 2020, Evanston City Council voted to expand the City's home rule amusement tax to streaming services. This change captures the changing nature of entertainment in the digital era and is one portion of bringing our tax code in closer alignment with the modern economy. The new policy goes into effect on October 1, 2020, and is expected to yield about \$250,000 per year with full compliance. Unfortunately, the amusement tax has been severely depleted as a result of the pandemic, which has closed the movie theater and performance venues across the City. The City hopes to see this revenue source recover in future years and increase due to the streaming tax at that time.

Budget Transmittal Letter

Closing

The COVID-19 pandemic created major challenges for the City and the budget this year, and I am continually impressed by the ability of our staff and our community to rise to these challenges and exceed expectations. In unprecedented times, our community continues to come together to solve difficult problems and seek ways to better serve all of our residents. Many thanks and appreciation to the City of Evanston staff, elected officials, and residents who have continued to serve the community and keep us safe and healthy in this time.

Thanks to Chief Financial Officer Hitesh Desai and Budget Coordinator Kate Lewis-Lakin for their leadership in this year's budget process. Additional thanks to Interim Assistant City Manager Kimberly Richardson, Interim Deputy City Manager Paulina Martinez, Revenue Manager Alex Thorpe, Management Analyst Tasheik Kerr, ICMA Fellow Shenicka Hohenkirk, and Human Resources Manager Jennifer Lin for their work and support on the budget. Thanks also to the Department Directors and staff for their time and efforts in this budget process.

Sincerely,

Erika Storlie City Manager

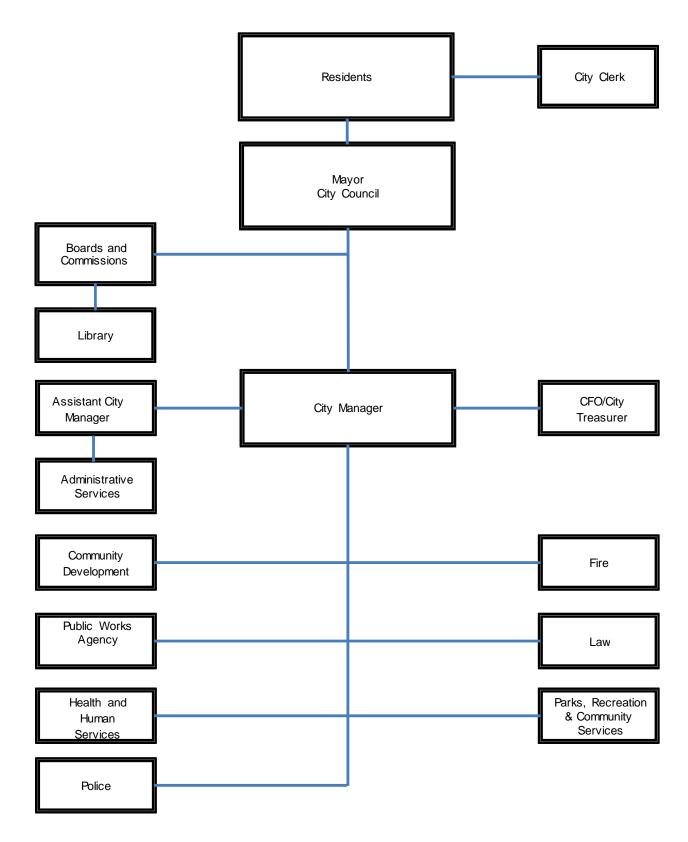

PART II CHARTS & SUMMARIES

Organizational Chart

General Information

The City of Evanston

The City of Evanston covers a stretch of four miles along Lake Michigan's picturesque western shoreline. The City's eight square miles includes residential neighborhoods encircling thoughtfully-planned business districts and recreational facilities. Ongoing development of both residential and commercial properties has brought the City of Evanston a cosmopolitan flavor while retaining a close-knit suburban atmosphere.

Evanston boasts a diverse populace in terms of religious, racial, educational, and economic composition. Interspersed throughout the community are over 290 acres of parks, including tennis courts, five public swimming beaches, athletic fields, and bicycling and jogging trails.

The City of Evanston operates under the Council-Manager form of government. The non-partisan legislative body is comprised of ten elected officials consisting of a Mayor and nine Ward Aldermen. Through the Council-Manager form of government, elected officials create policy and direct the City Manager to implement the plan. This places the responsibility for day-to-day provision of services on a professional manager and staff.

The Budget Document

The Budget Document serves as a policy guide which sets the financial course of the City of Evanston and defines the service priorities provided to the community. The City uses fund accounting for its operations in accordance with best practices and legal requirements. A fund is a separate accounting entity with a self-balancing set of accounts. The 2021 Adopted Budget includes 38 funds. Most departments have operations in multiple funds. The relationship between departments and funds is shown on the next page.

The City's largest fund is the General Fund, which supports general services including Police, Fire, Parks & Recreation, Health & Human Services, Community Development, Public Works, and Administrative Services. The General Fund budget is shown in detail by department in Part III of this budget document. Changes from the 2020 Adopted Budget are discussed in detail in the Transmittal Letter in Part I of the budget.

Other Funds include Special Revenue Funds, Debt Service Funds, Capital Projects Funds, Enterprise Funds, Internal Service Funds, and Pension Trust Funds. Detailed information by fund is included in Part IV.

Part V of the budget document is a list of all positions authorized in the 2021 Adopted Budget by fund, department, and division. All changes from the 2020 Adopted Budget are noted. Part VI is the Capital Improvements Plan, which lists all capital projects included in the 2021 Adopted Budget with funding source. Part VII includes budget policies, and Part VIII is a Glossary containing key terms found in the budget document.

Fund Descriptions

GENERAL FUND

General Fund - To account for all activity traditionally associated with government operations, which are not required to be accounted for in another fund.

SPECIAL REVENUE FUNDS

General Assistance Fund – To account for the General Assistance program. Assistance is provided to persons who are not eligible for any other state or federal financial assistance programs and who do not have income or resources to provide for their basic needs.

Human Services Fund – To account for social services, youth and young adult outreach, and Mental Health Board funding.

Reparations Fund – To account for revenues and expenses related to the Evanston Reparations program.

Good Neighbor Fund – To account for the resources provided by Northwestern University to assist City functions and increase programming.

Motor Fuel Tax Fund - To account for the operation of street maintenance programs and capital projects as authorized per the Illinois Department of Transportation. Financing is provided from a State of Illinois municipal allotment of gasoline tax revenue.

Emergency Telephone System Fund - To account for revenues and expenditures for 911 emergency telephone service. Financing is provided by landline and wireless phone surcharges.

Special Service Area No. 6 Fund - To account for promotion, advertisement, and street maintenance costs of the area located in the City's commercial district surrounding Dempster, Chicago, and Main. Financing is provided by the City through an annual special service area property tax levy.

Special Service District No. 7 Fund - To account for promotion, advertisement, and street maintenance costs of the area located in the City's East Central Street business district. Financing is provided by the City through an annual special service area property tax levy.

Special Service District No. 8 Fund - To account for promotion, advertisement, and street maintenance costs of the area located in the City's West Central Street business district. Financing is provided by the City through an annual special service area property tax levy.

Special Service District No. 9 Fund - To account for promotion, advertisement, and street maintenance costs of the area located in the City's central business district. Financing is provided by the City through an annual special service area property tax levy.

Fund Descriptions

Community Development Block Grant Fund - To account for the revenues and expenditures of the Federal Community Development Block Grant program. Financing is provided by the federal government on a reimbursement basis in accordance with federal formula. Expenditures are made in accordance with federal law requirements.

Community Development Block Grant Loan Fund - To account for residential rehabilitation loans to residents.

Neighborhood Improvement Fund - To account for a portion of sales tax revenues derived from retail sales at the Home Depot store in Evanston. Sales tax revenues allocated to this fund are to be expended on public projects that will benefit the immediate neighborhood nearby the store.

HOME Fund – To account for the Home program. Financing is provided by the federal government and used to create affordable housing to low-income households. Expenditures are made in accordance with the requirements of federal law.

Affordable Housing Fund - To account for costs associated with affordable housing programs for low- and moderate-income City of Evanston residents.

DEBT SERVICE FUNDS

Debt Service Fund - To account for non-abated, general obligation payments on the principal and interest related to bonds and/or other City debt.

Howard-Ridge Tax Increment District Fund - To account for principal and interest payments on debt proceeds issued and allocated to this tax increment financing district.

West Evanston Tax Increment District Fund - To account for principal and interest payments on debt proceeds issued and allocated to this tax increment financing district.

Dempster-Dodge Tax Increment District Fund – To account for principal and interest payments on debt proceeds issued and allocated to this tax increment financing district.

Chicago-Main Tax Increment District Fund – To account for principal and interest payments on debt proceeds issued and allocated to this tax increment financing district.

CAPITAL PROJECTS FUNDS

Capital Improvement Fund - To account for capital projects not funded through special revenue, tax increment financing, or enterprise funds. Capital projects include, but are not limited to: long term improvements to public buildings, the paving of city streets, and the improvement and development of recreation facilities. Financing is provided primarily by grants and general obligation bond proceeds.

Crown Construction Fund - To account for all activity related to the construction of a new Robert Crown Community Center beginning in 2017. Financing is provided by general obligation bond proceeds and community contributions.

Fund Descriptions

Crown Center Maintenance Fund – To account for activity related to major maintenance and equipment replacement in the newly constructed Robert Crown Community Center. Funding is from the operating revenues through a transfer from the General Fund.

Special Assessment Fund - To account for capital improvements (primarily alley paving) financed by both special assessments on property owners and City contributions.

ENTERPRISE FUNDS

Parking Fund - To account for all City-owned parking facilities/garages, lots, and metered spaces. All activities are accounted for including administration, operations, financing, and revenue collection.

Water Fund - To account for all activity related to providing water to Evanston residents, as well as the Village of Skokie and the Northwest Water Commission. All activities necessary to provide such services are accounted for in this fund, including, but not limited to: administration, operation, maintenance, debt service, and billing/collection.

Sewer Fund - To account for all activity related to providing sewer service to City residents and businesses. Activities necessary to provide such service include, but are not limited to: administration, operations, financing, capital improvements/maintenance, and billing/collection.

Solid Waste Fund – To account for all activity related to refuse, recycling, and yard waste collection and disposal. Activities necessary to provide such service include, but are not limited to: administration, operations and revenue collection.

INTERNAL SERVICE FUNDS

Fleet Services Fund – To account for the cost of operating the municipal service center maintenance facility for transportation vehicles/equipment used by City departments. Such costs are billed to the user departments.

Equipment Replacement Fund – To account for the costs associated with the purchase of vehicles and equipment.

Insurance Fund - To account for all costs related to health insurance, general liability and workers' compensation claims. This internal service fund uses "funding premium" payments from City operating funds to pay claim and premium costs incurred.

PENSION TRUST FUNDS

Fire Pension Fund - To account for the accumulation of resources to pay pension costs. Resources are contributed by sworn fire members at a fixed rate as mandated by state statute and by the City through an annual property tax levy as determined by an independent actuary.

Police Pension Fund - To account for the accumulation of resources to pay pension costs. Resources are contributed by sworn police members at a fixed rate as mandated by state statute and by the City through an annual property tax levy as determined by an independent actuary.

Fund Descriptions

COMPONENT UNIT FUNDS

Library Fund – To account for the Evanston Public Library. The Evanston Public Library promotes the development of independent, self-confident, and literate citizens through the provision of open access to cultural, intellectual, and informational resources for all ages.

Library Capital Fund – To account for the capital improvements to the Evanston Public Library. Funding is provided primarily through property tax levy.

Library Debt Fund – To account for principal and interest payments on debt proceeds issued and allocated to the Evanston Public Library.

Property Tax Levy

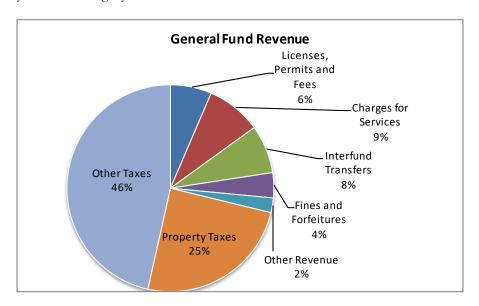

Description of Revenue Sources

The General Fund consists of many different revenue sources. The following pie chart breaks down the total amount by revenue category.

The largest category of General Fund revenue comes from nearly 20 different local taxes. These include sales (both home rule and State), income, hotel, liquor, amusement, motor fuel, and wheel tax.

Property taxes make up the second highest percentage of General Fund revenue. The property tax revenue here is for general corporation use, such as salaries for public safety.

The third highest percentage of revenue comes from charges for services. These are direct charges for services by the users of that service. This includes items such as Parks Recreation and Community Service programs fees and ambulance service fees.

Fine and forfeitures make up 4% of General Fund revenue. This category includes parking tickets and police citations.

SALES TAXES – The City receives two types of sales taxes – one from the State of Illinois and another from a sales tax imposed through the City's home-rule status. Both the State tax (retailers' occupation tax- a.k.a. ROT) and the home rule tax rates are not assessed on "listed" property such as vehicles and most grocery food items and medications. The total sales tax rate in Evanston is 10.25%. Of this, 1.25% is home rule sales tax that the City receives directly. Another 6.25% is the state sales tax amount, of which the City receives 1% as a distribution. The remaining rate is 1.75% to Cook County and 1% to the Regional Transportation Authority (RTA)

INCOME TAX – Local governments receive 6.06% of the net collections of all income tax collected by the State of Illinois. The amount that each municipality receives is based on its population in proportion to the total state population, not based on income tax paid by employees or residents of the community.

Description of Revenue Sources

REAL ESTATE TRANSFER TAX – Prior to 2019, the real estate transfer tax was \$5 per \$1,000 increment of value on the sale or transfer of real estate in the City, less certain exemptions as specified per City code. The tax rate was changed through a November 2018 ballot proposal, enacted by Ordinance 148-O-18. This increased the tax to \$7 per \$1,000 on sales from \$1.5 to \$5 million in value, and to \$9 per \$1,000 on sales over \$5 million in value. Real estate transfer tax revenues were budgeted based on year-to-date receipts in conjunction with an analysis of regional real estate sales trends.

TELECOMMUNICATION TAX – A six percent (6%) tax is imposed on the gross receipts of telecommunications services. This tax is administered by the Illinois Department of Revenue. This tax continues to decline due to customers relying less on land line phone.

CABLE FRANCHISE FEE – A ten percent (10%) fee is imposed on the gross receipts of cable services. This fee continues to decline due to customers not subscribing to cable services and moving to internet subscription-based programing.

PARKING TAX – A tax of sixty cents (\$0.60) is imposed for each motor vehicle parked in or on each parking lot, parking area, or garage for every twenty-four-hour period. If a motor vehicle is parked for a weekly, monthly, quarterly, or annual basis, the amount of tax shall be three dollars (\$3.00) per week, twelve dollars (\$12.00) per month, thirty-six dollars (\$36.00) per quarter, or one hundred forty-four dollars (\$144.00) per year. This tax is starting to see a downward trend. More utilization of public transit and increased ridesharing activities push community members away from owning vehicles that require parking in lot or garage.

LIQUOR TAX – A tax of six percent (6%) is imposed on the purchase price for an alcoholic liquor product. This tax is imposed at restaurants and retail stores and is in addition to the sales tax. This tax continues to trend upwards as more liquor selling establishments are coming to the City.

AMUSEMENT TAX – A tax of five percent (5%) is imposed on the admission fee upon every amusement patron in the City, with a higher rate of seven percent (7%) imposed on events with attendance of greater than 1500 people. This tax does not apply to governmental agencies, religious societies or organizations, and live performances conducted or sponsored by not-for-profit institutions, organizations, groups or societies where no part of the net earnings inure to the benefit of any private shareholder or person. The tax was expanded in 2020 to apply to streaming services.

LOCAL MOTOR FUEL TAX – The Motor Fuel Tax (local rate) is derived from a 5 cent per gallon tax on gasoline and diesel fuel pumped at Evanston gas stations. This tax is in addition to the State and Federal gas taxes. The total tax rate as of September 2019 for gasoline in Evanston is 61.4 cents per gallon. This consists of an 18.4 cent federal tax, a 38 cent State tax, and a 5 cent Evanston tax. The City also receives a distribution on the state tax, which is deposited separately in the Motor Fuel Tax Fund.

Description of Revenue Sources

WHEEL TAX – All vehicles registered through the Illinois Secretary of State to an Evanston address are required to pay an annual wheel tax. For the 2020 budget, the amount due was prorated on a 9-month basis, ending September 2020. This means that the City will receive 75% of the total wheel tax total cost for the 2020 season. This prorated amount will be \$63.75 for passenger vehicles. In July 2020, renewal notifications were sent for the 2021 wheel tax, which will be effective October 1, 2020 – September 30, 2021 at the full 100% of the wheel tax (\$85). Compliance is checked by License Plate Recognition (LPR) technology, which stores the license plates of all vehicles registered to an Evanston address, as the City no longer issues physical vehicle wheel tax stickers and residential permits.

WATER REVENUES – Water revenues are received from Evanston residents and from wholesale water sales to customer communities. This revenue is almost entirely dependent on water consumption with weather playing a major role, especially during the summer.

SEWER REVENUES – This revenue is billed based on water consumption. It is important to note that this revenue, unlike water, is not assessed to those communities outside of Evanston that purchase Evanston water.

Debt Summary

Debt Limit

As a home rule government under Illinois law, there is no legal debt limit for the City. The City Council has adopted as part of its budget policies a self-imposed limit on tax-supported general obligation debt. Tax supported general obligation (G.O.) debt shall not exceed \$155,000,000 in aggregate principal amount, which limit is expressly subject to increase by action of the City Council as the needs of the City may grow.

Types of Debt

The City issues general obligation bonds for capital improvement projects. Bonds issued for general city projects are repaid by property taxes. Some bonds for certain projects may be supported by other revenue sources, including water and sewer fees, special assessment, tax increment financing (TIF) funds, or outside donations.

In addition to general obligation bonds, the City issues low-interest loans through the Illinois Environmental Protection Agency (IEPA) specifically for water and sewer projects. These are repaid through water and sewer fees and are not supported by property taxes.

Current Principal Debt - As of December 31, 2020

General City	\$138,760,678
Library Fund	\$6,258,929
Total Tax Supported G.O. Debt	\$145,019,607
Water Fund	\$30,579,869
Sewer Fund	\$3,909,084
Sewer Surcharge	\$770,497
Parking Fund	\$1,415,000
Special Assessment Fund	\$2,015,943
Tax-Increment Financing (TIF) Districts	\$8,340,000
Total Self-Supporting G.O. Debt	\$42,263,176
Total Principal Outstanding - G.O. Debt	\$192,050,000
Sewer Fund – IEPA Loans (estimated)	\$23,286,024
Water Fund – IEPA Loans (estimated)	\$14,715,191
Total Principal Outstanding – IEPA Loans	\$35,332,719

Debt Summary

Annual Debt Service

Includes principal and interest payments for general obligation bonds and IEPA loans

	2020 Adopted	2021 Adopted
	Budget	Budget
Library Debt Service Fund	\$480,144	\$482,243
Debt Service Fund	\$15,840,981	\$15,133,666
Water Fund	\$2,291,201	\$2,318,294
Sewer Fund	\$5,803,653	\$5,195,191
Parking Fund	\$0	\$47,164
Total Annual Debt Service	\$24,415,979	\$23,176,558

All governmental-type debt is paid through the Debt Service Fund. Some other funds have transfers to the Debt Service Fund to reduce the amount of debt paid directly through property taxes.

City Council

The <u>City Council</u> consists of the Mayor, who is elected at large, and nine aldermen, one elected from each of the nine wards for a term of four years.

The City Council formulates policies to guide the orderly development and administration of the City; determines the use of tax dollars and other funding sources to meet the City's needs; holds public hearings to provide citizens with opportunities to be heard; participates in conferences, forums, and meetings of legislative groups and associations; keeps its constituency informed of City issues and activities through ward meetings and public forums, and responds to citizen requests for services and information.

City Manager's Office

The City Manager and staff of the <u>City Manager's Office</u> direct the administration and execution of the policies and goals formulated by the City Council. Responsibilities include: advising the Council on present and future financial, personnel, and program needs; implementing immediate and longrange City priorities; establishing procedures that assist the City in serving its citizens; and supervising all City departments. Additionally, staff is involved in assisting with large-scale City projects, volunteer efforts, program evaluation, environmental sustainability, and policy analysis.

The City Manager's Office coordinates the preparation of the City Council agenda, reviews all items being considered before the governing body, and responds to inquiries from citizens and elected officials. City Manager's Office staff work closely with the public to resolve service delivery problems as well as disseminate information about the City's policies. Staff monitors legislation both in Springfield and Washington D.C. to determine the potential impact on Evanston residents, businesses, and government.

City Manager's Office

City Council Goal Performance

City Council Goal	Department Accomplishments
City Infrastructure and Facilities	Hired a consultant to evaluate the City's holdings in order to implement real estate strategies.
Stabilize Long-Term City Finances	Purchased financial forecast software to assist in projecting long term revenue and expense trends.
Climate Action and Resilience Plan (CARP)	Obtained approval of the Environmental Justice Resolution, Launched renegotiation of ComEd franchise agreement, Transitioned Experience Climate Change Activity into a Virtual Experience, re-bid municipal electric agreement, revised municipal electric aggregation program, added 6 new electric vehicle charges stations to the City.
Ensure Equity in All City Operations	Created the Equity in the Arts Working Group to review Art's Council granting process.
Enhance Community Development and Job Creation Citywide	Expanded the small business loan and grant assistant program to support small business during the COVID-19 pandemic.

- Continue to monitor the city's response to COVID-19.
- Continue to provide the community with timely, consistent COVID-19 information.
- Win the GFOA Award for the 2021 Budget & 2020 CAFR.
- Continue to monitor citywide Amazon spending.
- Improve City website accessibility by providing staff with plain language training.
- Collaborate with internal departments to create a stand-alone RFQ template review and revise Bid and RFP templates.
- Perform clean-up and maintenance on 50% of Evanston's outdoor public art pieces.
- Rebuild the Evanston's Arts Council in policy and membership, and to successfully onboard strong, capable community members.
- Work with relevant departments and the Budget Office to develop long term funding strategies for implementing CARP.
- Align Economic Development activities to expand workforce development in support of CARP implementation.
- Successfully support approval of updating building and energy codes that set a standard for building electrification and phasing out fossil infrastructure in buildings.
- Begin implementation of the provisions listed in the Environmental Justice Resolution.
- Identify resources to complete the climate risk and vulnerability assessment begun in 2018.
- Evaluate the utility burden experienced in Evanston and work to identify programs and funding to help meet that gap.
- Complete the City's 2-year Partners for Places Grant focusing on identifying the barriers to retrofitting affordable housing to being climate resilient and net zero.
- Present and begin implementation of Zero Waste policies including a revised disposable bag policy and a universal composting and recycling rule.

City Manager's Office

- Seek assistance and guidance from State and Federal regulators on next steps to address environmental concerns related to the operation of the Church St. Waste Transfer Station.
- Successfully issue RFPs for Community Electricity Aggregation, Commercial Solid Waste Franchise, onsite solar for municipal facilities and offsite solar.
- Complete and begin implementation of the Zero Emission Strategy for Municipal Operations.
- Strengthen community workforce development by coordinating disparate activities.
- Design economic development strategies focused on community economic wellbeing and sustainability.
- Coordinate with Community Development on improved built environment as a strategy of retention and attraction, which works in harmony with the natural environment.
- Provide targeted financial and technical support to Evanston businesses.

Law Department

The Law Department provides legal services for the City. The Department gives legal advice and counsel to the City Council and standing committees, City Manager, City staff, elected officials, and City boards and commissions. The Department drafts ordinances and resolutions. The Department represents the City in federal and state court, and as necessary, at administrative adjudication hearings. The Department represents the City in all general litigation matters including, but not limited to, general tort litigation, personal injury, property damage, employment discrimination, civil rights, and special assessments. The Department prepares or reviews all contracts, leases, easements and plats, and provides legal counsel regarding public bidding and procurement. The Department assists the Mayor in administering liquor licensing activities in the City.

The Department, through the Insurance Fund, supervises the general liability third-party administration of claims. The Department recommends the purchase of insurance in all areas of exposure including general liability, property, and cyber-liability. The Department reviews safety and risk issues and all third-party matters. The Department administers risk transfer and subrogation programs throughout the City to protect and save taxpayer funds.

Law Department

City Council Goal Performance

City Council Goal	Department Accomplishments
Invest in City Infrastructure and Facilities	Assisted with drafting contracts on a variety of issues: sale and distribution of water to communities, small cell tower carriers, memorandum of understanding with Friends of Robert Crown for donations, and renewal of the cable franchise agreement.
Enhance Community Development and Job Creation Citywide	Worked with City Council, Manager, and staff by drafting ordinances, resolutions and agreements to assist with planned developments and special uses. Examples of projects include YWCA, Northlight Theater, adult cannabis implementation, and SPACE concerts on MWRD land.
Expand Affordable Housing Options	Worked with City Council, Manager and staff to acquire and sell property for affordable housing; draft amendments to the Code for accessory dwelling unit regulations, and increasing the demolition tax.
Ensure Equity in All City Operations	Drafted an ordinance implementing restorative justice practices for minors. Assisted with drafting intergovernmental and external agreements (Evanston Rebuilding Warehouse, Presence Health, School Districts, Youth Job Center, etc.) to increase access to services for all persons. The Law Department assisted with revisions to the Code of Ethics and Procedures.

- Work with City Council and staff to secure new economic and community development opportunities.
- Continue to litigate a substantial majority of cases in-house and seek to prevail at summary disposition or trial in litigation.
- Analyze and evaluate the City's purchasing contracts for all types of contracts.

Administrative Services Department

The <u>Administrative Services Department</u> is the central administrative agency of the City of Evanston with the express goal to serve the people of Evanston. The Administrative Services Department works to effect improvements, large and small, by implementing the policies and decisions of the City Council and City Manager. Administrative Services uses technology and data to design and monitor high standards of accountability to ensure that financial resources are utilized efficiently and productively.

Comprised of Human Resources, Information Technology, Facilities and Fleet Management and Parking Divisions, the Administrative Services Department supports all internal stakeholders and works with residents, businesses, universities, and other government entities to deliver efficient service delivery.

Human Resources

The Human Resources Division provides support to the City's most critical asset, its people. It is charged with recruiting and hiring quality staff, City-wide training efforts, performance management, payroll, benefits administration, pension administration, workers compensation, safety and many compliance items associated with local, state, and federal regulations.

Information Technology

The City's Information Technology (IT) Division provides technical services and support to City employees, residents, businesses and visitors through sustainable, reliable, secure and efficient infrastructure and communications. IT maintains, implements and supports the City's hardware, software, consulting and telecommunications needs. IT also provides help desk services, 24/7 technical support, website services, open data portal support, network engineering and project management support for departmental technology projects.

Parking

The Parking Services Division is responsible for managing and maintaining the City's surface lots, garages, and on-street parking spaces. The division also processes monthly permits, maintains the meters and the pay stations and the ParkEvanston App. Parking Services works with residents, businesses and elected officials to determine and implement the best parking practices. Parking Enforcement Officers ensure residents are following the regulations as detailed in the City Code.

Facilities & Fleet Management

Facilities Management maintains over 2.1 million sq. ft. of property including plumbing fixtures, electrical panels, exterior lighting fixtures, lock sets, and drinking fountains. The Facilities division conducts an annual inspection of RPZ's (backflow prevention valves, such as in drinking fountains, to prevent contamination of the City's water supply), and is responsible for all internal repairs, preventative maintenance and larger repairs to City facilities. In addition, Facilities works closely with staff on emergency preparedness planning and special events.

Fleet Management is responsible for all aspects of the City's vehicles, including passenger vehicles, public safety and fire vehicles, recreation watercraft, construction and forestry trucks as well as specialized equipment. This includes the planning, purchasing, maintaining, and disposing of vehicles. Fleet services is responsible for in-house repairs on City vehicles and equipment. The fleet team works to manage fuel stations, and plays a large role in snow operations to ensure reliable equipment is ready for deployment throughout the City.

City Council Goal Performance

City Council Goal	Department Accomplishments
City Infrastructure and	Developed 5-year facility maintenance and replacement plans for
Facilities	Civic Center, Police/Fire Headquarters, and Levy Center.
City Infrastructure and	Improved adherence to life-cycle replacement of City vehicles.
Facilities	Implement lease and lease-to-own programs for earlier replacement
	of City vehicles.
Enhance Community	Supported CARP goals for carbon neutrality, zero waste, and 100%
Development and Job Creation	renewable electricity by expanding EV Charging program, updating
Citywide	the City's fleet, expanding solar power, and making improvements to
	the City's buildings.
Ensure Equity in All City	Conducted assessments across the organization in order to determine
Operations	where equity can be improved in service delivery and outcomes.
	Recommended areas of assessment: workforce, contracting practices,
	organizational leadership, community access and partnership, data,
	metrics, and ongoing focus on improvement.

- Focus on the timing of purchases/costs across all divisions to further increase operational efficiency and reduce the potential for delays and poor resource allocation.
- Continue to analyze internal service and operational data through an equity lens.
- Continue citywide implementation and roll-out of additional Google Apps.
- Develop software/programs/office set-ups to ensure more efficient employees while working remotely.
- Continue to use online software systems for learning management and performance management.
- Roll out state-mandated annual sexual harassment training and ethics training.
- Implement new timekeeping software system for more efficient payroll processes.
- Review alternative means to digitize maintenance and storage of HR documents.
- Continue to use an alternative sustainable fuel source for City vehicles and increase the electric vehicle charging program.
- Review and implementation of parking review study to be completed in 2021 (citations, fees and general areas that need improvement).
- Continue to develop the Fleet's CFA program to score the City's equipment, determine needs of what should be replaced/costing the City more in repairs than what the vehicle is worth, and how to make operations more efficient.

Community Development Department

The Community Development Department is responsible for the overall administration and execution of all building, planning and zoning activities, managing affordable housing and other related programs funded with federal and local grants targeting lower income residents, and the City's transportation and mobility initiatives. The overarching activities of the Community Development Department are strategically aligned with the City Council goals and support the City's mission to become the most livable City. The Department primarily serves external customers including: residents, developers, businesses, contractors, architects and local non-profit agencies.

Building and Inspection Services Division

The mission of the Building and Inspection Services Division is to promote a sustainable, safe and high-quality environment for the residents, workers and visitors of Evanston. The division is committed to providing quality service in a comprehensive, effective, knowledgeable and friendly manner.

The division is responsible for providing the following services:

- Review and approve building documents for commercial and residential projects.
- Issue building permits and inspect permitted work for compliance with approved documents.
- Review, approve, issue and inspect permitted work in the public right of way.
- Oversee review and issuance of elevator permits and semi-annual inspections of conveyance systems within the City.
- Staff the Design and Project Review Committee.

Housing and Grants Division

The Housing and Grants Division engages in a number of strategies to maintain and enhance living conditions for low and moderate-income residents. There are several programs designed to promote equitable access to affordable rental and ownership housing, as well as to provide other needed services.

The division is responsible for providing the following services:

- Manage grant programs totaling over \$3 million annually, including Federal Community
 Development Block Grant (CDBG), HOME Investment Partnerships (HOME), Emergency
 Solutions Grant (ESG), City Affordable Housing Fund and Mental Health Board funds, to
 address the needs of at-risk and economically disadvantaged residents.
- Continue management and compliance of the City's \$2 million in CARES Act CDBG-CV and ESG-CV grant funding received in 2020.
- Ensure compliance with funding requirements of 40-50 programs and projects annually.
- Conduct research and develop policies on housing-related issues, work with housing developers
 on projects that preserve and expand affordable housing to maintain an economically and racially
 diverse community and improve sustainability.
- Staff the Housing and Community Development Act Committee, Housing and Homelessness Commission and Mental Health Board.

Planning and Zoning Division

The Planning and Zoning Division is tasked with providing oversight and guidance on sustaining the architectural vitality of City neighborhoods by aiding in the restoration, rehabilitation and conservation of historic buildings and districts as well as encouraging new and contemporary developments that complement existing neighborhoods and enhance the economic vitality of the City.

The division is responsible for providing the following services:

• Administration and review of map amendments, text amendments, special use permits and applications for relief (variations) from the Zoning Ordinance.

Community Development Department

- Coordinate interdepartmental review and land-use entitlement process for large scale developments (Planned Developments).
- Lead neighborhood area plans and City-wide comprehensive plan efforts to guide future long-term growth and development across the City.
- Staff Design and Project Review (DAPR) Committee, Historic Preservation Commission, Plan Commission, Zoning Board of Appeals and Zoning Committee of the Plan Commission.

Transportation and Mobility

The Transportation and Mobility Coordinator directs City-wide transportation goals and programs that improve accessibility, mobility and connectivity. The Coordinator also assists in the delivery of transportation infrastructure projects and on-going policy work outlined in the City's Multi-Modal Transportation and Bike Plans.

Staff is responsible for providing the following services:

- Work across transportation agencies within Evanston to maintain and grow a reliable, safe, accessible, and active transportation network, including first/last mile programs.
- Develop long-term policy and programming objectives, and coordinate improvement projects with the City's transit providers, including the CTA's Red/Purple Line Modernization Study.
- Coordinate the implementation of the updated Complete & Green Streets Policy through regular reporting, and the development of new multi-modal transportation and transportation demand management tools.
- Staff the Mobility Vision for Evanston (MoVE) task force, a community stakeholder engagement working group, to support these services.

Community Development Department

Notes to the Financial Summary:

^{1.} Econ. Development Division (5300) moved to City Manager's Office in 2020.

Community Development Department

City Council Goal Performance

City Council Goal	Department Accomplishments
Enhance Community Development and Job Creation Citywide	Processed applications for five new large-scale Planned Developments: 1555 Ridge Avenue (Multi-Family Residential), 605 Davis Street (Office Tower), 999-1015 Howard Street (Evergreen Affordable Senior Housing), 1900 Sherman Avenue (The Emerson), 1621 Chicago Avenue (Merion Legacy)
Enhance Community Development and Job Creation Citywide	Administered approval of 10 new (including substitution of existing) special uses for new or expanded businesses.
Enhance Community Development and Job Creation Citywide	Integrated the City's 311 system with external communication and inquiries to the Community Development Department to better deliver customer service and provide information to Evanston residents and businesses.
Invest in City Infrastructure and Facilities	Expanded first/last mile transit options and active transportation modess through the deployment of 90 dockless, electric bicycles in the Divvy bikeshare system.
Invest in City Infrastructure and Facilities	Coordinated Multi-Modal Transportation Plan infrastructure efforts, such as the kick off of the Evanston task force for the CTA's Red/Purple Modernization Study and the installation of bicycle racks throughout downtown to replace former use of meter polls.
Invest in City Infrastructure and Facilities	Continued to maintain and improve the physical appearance of our City Streets by addressing graffiti tags on public right of ways in an efficient manner and making the City a more desirable place to live and work.
Ensure Equity in All City Operations	Expanded the Divvy for Every Evanstonian program by adding an online enrollment option to expand sign up capabilities outside of City facilities, including at social service agencies, to provide \$5 Divvy memberships to income qualifying residents, including residents without bank accounts.
Ensure Equity in All City Operations	Recommended a new process for allocating Community Development Block Grant and Mental Health Board funds that uses a racial equity lens to address disparities in access to services, as well as revised priorities to facilitate Evanston's recovery from COVID-19.
Expand Affordable Housing Options	Continued the Tenant-Based Rental Assistance (TBRA) program for homeless families with children. Launched expanded rapid re-housing and prevention services with CARES Act funding to address increased homelessness and housing insecurity from COVID-19.
Expand Affordable Housing Options	Authored Zoning Ordinance Text Amendment for comprehensive Accessory Dwelling Unit regulations. Funded 61 units of new affordable housing in two developments.
Stabilize long-term City finances	Developed and promoted use of online permit application for submittal and payment; implemented expedited plan review to include additional fees to cover costs associated with service; implementation of business license registration to ensure more businesses are identified through registration and better coordinate and reduce duplicate licensing processes.

Community Development Department

- Improve procedures for processing building permits and contractor registrations by offering increased online submittal, review and payment opportunities and by consolidating forms to reduce the amount of time and number of forms required to submit for a permit.
- Improve plan review process with increased use of review by appointment and implementation of electronic document review.
- Start the review process for adoption of the 2021 edition of the International Code Council model codes.
- Implement new strategies to expand affordable housing, including accessory dwelling units and small lot housing to more effectively generate on-site units.
- Continue to implement programs that address the expanded needs for housing, food, child care, and other services, as well as assistance for very small businesses to recover from the COVID-19 pandemic.
- Work with affordable housing and market rate developers, including the Housing Authority of Cook County, on housing projects including the Perlman Expansion and South Boulevard projects to build new affordable and mixed income housing in transit-oriented development (TOD) areas.
- Explore opportunities to address inclusive long-range planning through an update to the 2000 Comprehensive Plan.
- Process review of several large-scale projects and planned developments.
- Continue to review and propose amendments to the Zoning Ordinance to improve approval process and facilitate development that increase Evanston livability.
- Partner with the City's transit providers to invest in a strong public transit service core with connected first/last mile solutions, including the CTA's Red/Purple Modernization Study and the RTA Accessible Bus Stop Conversion Project.
- Integrate mobility and transportation initiatives into a new stakeholder engagement task force, including community bus and bike rides, community walks, and charrettes.
- Work across transportation and transit agencies within Evanston to maintain and grow a reliable, safe, accessible, and active transportation network

Police Department

The Evanston Police Department is committed to the protection of life and property. With a staff of 153 sworn officers and 56 civilian personnel, the emphasis is on delivering a public service in harmony with the values and expectations of the community. This is accomplished through the three divisions of the Police Department: Field Operations Division, Support Services Division; and Investigative Services Division.

Field Operations Division

Headed by a Deputy Chief, this division comprises three patrol divisions of uniformed officers who respond to calls for service and proactively patrol the community. This Division also includes the Department's K9 unit, Traffic Division and its Community Strategy Division (Problem-Solving Team and Foot Patrol Unit).

Support Services Division

Charged with the oversight of the internal workings of the Police Department, the Deputy Chief of this Division oversees the Office of Administration, Records Bureau, the Communications Division (9-1-1 Call Center) and the Support Services Division (Service Desk and 3-1-1 Call Center).

Investigative Services Division

Responsible for the investigation and follow-up of major crimes and incidents, this unit comprises the Juvenile Detective Division as well as the Investigative Services Division. Headed by a Deputy Chief, this unit includes the Neighborhood Enforcement Team (NET) and the department's Tactical (TAC) Unit, which is responsible for a variety of tactical response operations.

Police Department

City Council Goal Performance

City Council Goal	Department Accomplishments			
City Infrastructure and Successfully transitioned to STARCOM digital radio system fro				
Facilities	obsolete UHF T-band frequency.			
Stabilize Long-Term City	Reduced the Department's overall overtime by \$121,044 from 2018			
Finances	to 2019 and reduced the Department's net overtime (overtime			
	expense less reimbursements) by \$295,368 from 2018 to 2019.			

- Develop relationships with other municipal governments interested in the Evanston Police Department providing dispatch services on the STARCOM radios system.
- Decommission the Police Department's legacy 470MHz T-Band radio infrastructure.
- Research and evaluate the PACE scheduling software system department-wide, with a goal of implementation by 2022.
- Ensure mandated training required by State law, Illinois Police Training Board, and Illinois
 Attorney General, especially crisis intervention training for all sworn personnel, and Human
 Services Boards, and the Citizen Police Review Commission.
- Continue to reduce the cost of Police vehicle purchases by downsizing the type of vehicles purchased.
- Implement a more community based policing strategy involving foot patrol units in the wards and problem-solving methods in the patrol division.
- Implement the "Evanston Police Department Community Forum" and the "Evanston Police Department Youth Community Forum" programs.

Ongoing Activity Measures	2019 Actual	2020 Estimated	2021 Projected
Part I crimes*	2,052	1,950	1,950
Part II crimes**	2,954	2,800	2,900
Total calls for service	84,843	68,000	68,0000
Arrests (felony & misdemeanor)	1,251	900	9000
D.U.I. arrests	76	65	75
Ticket & citation production	12,485	8,000	100000
Written Reports***	13,708	12,000	13,700

^{*} The FBI's Uniform Crime Reporting defines Part I crimes as aggravated assault, forcible rape, murder, robbery, arson, burglary, larceny-theft, and motor vehicle theft

^{**}The FBI's Uniform Crime Reporting defines Part II crimes as simple assault, curfew offenses and loitering, embezzlement, forgery and counterfeiting, disorderly conduct, driving under the influence, drug offenses, fraud, gambling, liquor offenses, offenses against the family, prostitution, public drunkenness, runaways, sex offenses, stolen property, vandalism, vagrancy, and weapons offenses.

^{***}Written reports include incident, crash and arrest reports.

Fire Department

The <u>Fire Department</u> operates 24 hours of every day to protect life, property, and the environment. The Department provides superior quality fire suppression, emergency medical services, fire prevention, public education, technical rescue, and non-emergency and support services to prevent or minimize situations that affect Evanston residents, businesses, and visitors. The community service is provided through four divisions: Fire Administration and Support, Fire Prevention, Fire/EMS Operations, and Emergency Preparedness.

The Fire Administration and Support Division provides direction, policy, leadership, and management for moving the organization toward achieving its mission. The Fire Prevention Division provides plan review, business and mercantile safety assistance, code enforcement, and investigation. The 101 members assigned to the Operations Division deliver the first response to all emergencies and situations that require prompt attention on a twenty-four hour a day basis. The members of the Operations Division staff five fire stations, which house five fire engines, two aerial ladder trucks, three ambulances, and a Shift Chief. The Emergency Preparedness Division, in cooperation with all City Departments, coordinates the disaster preparation, mitigation, and recovery plans and efforts of the City. The Division integrates the City's emergency operations plans with the County, State and Federal Emergency Management Agencies.

Fire Department

City Council Goal Performance

City Council Goal	Department Accomplishments
City Infrastructure and Facilities - Investment in City	Placed in service new Class A Fire Engine to replace 18 year old apparatus.
Fleet Enhance Community Development and Job Creation Citywide Continue Fire Explorer Program as well as Evanston Towns High School (ETHS) Public Safety Class. Launch of Firefigh Apprenticeship program in collaboration with Oakton Community College.	
Stabilize Long-Term City Finances - Diversify Revenue Sources	Secured GEMTrevenue - a brand new supplemental payment program that helps make up the difference between the revenue we receive from the Medicaid claiming process and the true cost of our EMS transports.

- Emergency Management will continue to play a pivotal role in helping lead the City's Crisis Management Team's COVID-19 pandemic response through the use of the NIMS and the FEMA planning process in collaboration with local, county, state and federal partners.
- The Department will present the City's first ever Emergency Preparedness Fair.
- Expanding our City's *EvanstonAlerts* Emergency Notification System to incorporate Wireless Emergency Activations (WEA).
- All members will be trained and re-certified in Advanced CardiacLife Support (ACLS).
- The Department will continue to work with Oakton Community College on implementing an apprenticeship program aimed at preparing Evanston residents for a career in the fire service.
- The community engagement programs, Fire Explorer, ETHS Public Safety, Citizen CPR, and Citizen Fire Academy will be offered through our Department members.
- The Department will look to expand the ECHO (Evanston Community Health Outreach) program with AMITA St. Francis Hospital and community stakeholders.
- In collaboration with the Evanston Police Department, continue to develop a comprehensive public safety Unmanned Aerial Vehicle program.

Health & Human Services Department

The Health and Human Services Department's mission is to protect, preserve, and promote wellness for people who live, work, and play in Evanston through creative and sustainable partnerships. The Department is instrumental in improving and supporting the health and well-being of Evanston. We serve intentionally in partnership with residents and community stakeholders. The Health and Human Services Department's deliverables are based on the idea that health is influenced by more than just individual choices. One's physical and psychosocial environment, culture, and government all play a role in influencing and determining overall health. It is the Department's goal for the people of Evanston to experience significant gains in health and well-being. This will be achieved as our community works collectively to make the shift from a costly, crisis-oriented response to health and social problems to one that focuses on prevention, embraces recovery, and eliminates inequities.

Building Equity in Our Community:

- Removing barriers, such as access to affordable, healthy foods; which limit the ability of some communities and residents to fulfill their full potential. This also includes safe environments and living spaces that facilitate healthy living.
- Implementing an equitable and social justice agenda so a person's race or neighborhood does not determine how healthy they are or how long they live.

Working in the new ways:

- Moving our services from silos that are difficult for people to navigate to a coordinated approach that is more efficient for us and more convenient for residents.
- Providing only the services that people need, and only when they need them.

Investing in what works:

- Prevention is the most effective, least expensive way to avoid costly negative outcomes such as chronic disease, domestic violence, mental illness, other forms of violence, homelessness and death.
- Embracing innovative strategies and partnerships, leveraging grants that allow communities to take a leadership role and address the specific needs of neighborhoods.
- Using data-informed approaches to ensure we are using the best evidence to get the outcomes we want.
- Healthy outcomes are integrated in a comprehensive approach to bring health, well-being, and
 equity considerations into the development and implementation of policies, programs, and
 services of traditionally non-health related government systems or agencies.

The Health and Human Services Department is an active force in supporting the health and well-being of Evanston's residents. The Health and Human Services Department is responsible for operating programs that prevent infectious and chronic diseases, promote food safety, safe housing, promote self-sufficiency, engage our youth and youth adults, advocate for victims of crime and our senior citizens, advocate for transformative policy development, and assure quality health care improving life expectancy for all. We partner with our community stakeholders to build a culture of health, enabling all in our diverse society to lead healthier lives now and for generations to come.

City Council Goal Performance

City Council Goal	Department Accomplishments
Community Development and Job Creation	Facilitated job readiness training through our Human Services and Youth and Young Adult programs. Assisted in identifying potential employment for eligible candidates through Human Services and Youth and Young Adult programs. Recruited and trained Evanston youth and young adult in skill sets needed to compete in the 21st century economy. Provided academic and vocational internships, externships and apprenticeship programming opportunities for youth and youth adults through City programs such as the Mayor's Summer Youth Employment Program and others.
Expand Affordable Housing	Stabilized housing for residents and those who are homeless through our Human Service and Community Service programs.
Stabilize long-term City Finances	Maintained and acquired grants from the State, Federal and County governments and other agencies to aid in stabilizing finances for City services and operations. The Communicable Disease Surveillance Program received a second year of additional funding to build capacity to reach more persons living with HIV in our community and ensure that they have access to necessary services. Received nearly \$1 million in grant funding to assist in our COVID-19 response and activities.
Ensure Equity in All City Operations	Integrated the Senior Service and Youth and Young Adult Divisions from the Community Parks and Recreation Department to the Health and Human Services Department to facilitate a holistic and equitable social services approach for the community. Provided guidance, communicable disease reporting, surveillance, social service needs and other related activities with the application of equity in the response to COVID-19 in the community, long term care facilities, congregate homes, schools and other entities. Established a comprehensive plan to assist victims of crime through a trauma-informed equitable lens.

- Continue to prioritize the response to COVID-19 in the community including facilities housing high risk populations such as in our long-term care facilities and congregate homes.
- Continue to transition to regular HHS operations while responding to COVID-19 related activities.
- Conduct COVID-19 vaccination activities when the vaccines are made available.
- Partner with Community Action Advocates to increase visibility of social services support to vulnerable populations.
- Create a clearinghouse of data to better measure health equity achievements.
- Create a community cohort of Seeking Educational Equity and Diversity (SEED) members.
- Increase outreach and participants at the Rethink Your Drink programs.
- Develop the Evanston Project for Local Assessment of Needs (EPLAN) for the State's recertification of the Health and Human Services Department.

Parks and Recreation Department

The <u>Parks and Recreation Department</u> provides a wide range of services that improve the quality of life of those who live, work or play in Evanston. The Department supports the following:

Parks and Recreation

Over 70 parks sites, three recreation centers, sports programs, after school and preschool programs, camps, recreation programs, park and athletic field scheduling, special recreation programs for people with special needs, summer food program, six beaches and a boat ramp, and an outdoor farmers' market.

Senior Services

Senior Services include the operation of the Levy Senior Center, as well as providing various programs and services for the growing senior population in the community.

Cultural Arts

The Cultural Arts Division conducts programs such as camps, arts programs, free Starlight Concert Series and Starlight Movie Series, and the Fleetwood-Jourdain Theater.

Ecology

Natural history and environmental programs, camps, community gardens, fishing and canoeing instruction, apiary and pollinator gardens.

Special Events

Coordination of Citywide Special Events including Zombie Scramble, Trunk or Treat, Streets Alive, Concerts, Movies in the Park, Drive-In Movies and the Community Picnic (sponsored by the City and other groups).

Parks and Recreation Department

City Council Goal Performance

City Council Goal	Department Accomplishments
Invest in City infrastructure and	Fleetwood-Jourdain Community Center is undergoing a gym floor
facilities	replacement due moisture seepage causing the buckling of the floor.
Invest in City infrastructure and	Shoreline improvements are set to begin in September 2020 to protect
facilities	the shoreline and keep the lakefront as a community asset that is usable
	and accessible to residents
Ensure Equity in all city	The City partnered with District 65 to provide a scholarship
operations	qualification letter to eligible individuals receiving free and reduced
	lunch. The letter provides easy access to scholarship approval for City
	recreation programs
Ensure Equity in all city	In response to community demand for beach access, the department
operations	provided free beach tokens or 10-punch passes to individuals and
	social service agencies, who qualify under the Parks, Recreation and
	Community Services fee assistance program

- Provide creative and innovative programming to the community in light of pandemic restrictions.
- Continue to increase the overall number of participants in tennis and pickleball.
- Work collaboratively with D65 to provide pandemic safe recreational programming for youth that are e-learning
- Provide more outdoor programming and events
- Maintain and encourage additional partnerships with other recreational groups or individuals to further enhance and diversify the programs available to residents at the Robert Crown Community Center.
- Execute and implement cooperative agreements to offer running club programs.
- Work with IT to improve communication equipment at the lakefront to improve radio communications.
- By April 2021, develop and introduce a new facility use and allocation management program for user groups and organizations that utilize our outdoor athletic fields.
- By June 2022, the Special Recreation staff will create a program plan and budget for providing winter/spring break camps or days out programs for Park School students.
- Create more partnerships with community organizations to bring a wider variety of programming to Levy participants both virtually and in person.
- Continue to provide virtual programming to seniors that are not ready to re-enter the facility.
- Continue to provide weekly communications regarding programming options, services offered, meal pick up and updates.
- Rebuild and revive programming at Fleetwood-Jourdain Center post pandemic.
- Create positive childhood experiences through programs and camps
- Anticipate the needs of the changing community and structure programming and facilities accordingly.
- Promote neighborhood safety through new and innovative evening programming at Fleetwood-Jourdain.
- Engage the growing Spanish-speaking community with English as a second language classes in the evening at Fleetwood-Jourdain.

Public Works Agency

The <u>Public Works Agency</u> consists of three individual Bureaus: Water Production, Capital Planning & Engineering and Public Services. Each of these Bureaus has multiple functions. Employees in the Agency are funded by the General Fund, Solid Waste Fund, Parking Fund, Sewer Fund, Water Fund, Capital Improvement Fund and the Special Assessment Fund.

The Water Production Bureau oversees the operation and maintenance of the water treatment plant, the Evanston distribution system and the Evanston sewer system. Potable water is provided to the retail customers in Evanston, as well as to three wholesale water customers: the Village of Skokie, the Northwest Water Commission (Arlington Heights, Buffalo Grove, Palatine, Wheeling, and Des Plaines), the Morton Grove Niles Water Commission, and the Village of Lincolnwood. The Distribution Division performs maintenance on the water distribution system including water mains, water services, fire hydrants, and valves. The Sewer Division performs maintenance on the City's sewer system including the cleaning and repair of sewer pipes, manholes and drainage structures.

The Capital Planning & Engineering Bureau is responsible for implementing the City-wide capital improvement program. This includes the planning, design and construction of projects to rehabilitate or otherwise improve physical city assets, including (but not limited to) streets, water main, sewer, bridges, sidewalks, facilities, parks, and the water treatment plant.

The Public Services Bureau consists of five Divisions. The Greenways Division maintains the landscapes at all City owned facilities, parks and athletic fields. The Forestry Division maintains the City's urban forest including the trimming of trees, inoculating elm trees, removal of diseased / dying trees and planting of new trees. The Recycling and Environmental Service Division collects and disposes of recycling materials and bulk materials (special pickups), performs maintenance in smaller business districts and performs street sweeping throughout the City. The Traffic Division performs maintenance on all City traffic signs, traffic signals, street lights and parking lot lights. The Streets Division is responsible for the patching of the paved streets and alleys, grading of unimproved alleys, leaf collection and leads the snow removal effort.

PART IV OTHER FUNDS

2020 ADOPTED BUDGET - OTHER FUNDS

#175 – General Assistance

Fund Description

The General Assistance Program is mandated by the State of Illinois, is administered by the City of Evanston, and is supported by Evanston tax revenues. The program provides monthly financial assistance to Evanston residents who are not eligible for other forms of state or federal financial assistance and do not have the resources to support their basic needs. The goals of the General Assistance Program are to assist individuals and prepare them to become employment-ready through resources available in the General Assistance program as well as through programs administered by other City departments. Services will be delivered through a comprehensive system of care, which emphasizes identifying the most appropriate, least restrictive setting to promote the highest level of functioning. General Assistance staff members are committed to:

- Delivering services professionally and treating all clients with dignity and respect
- Managing business operations effectively and efficiently
- Promoting accountability, transparency, and equity in all program services

The Emergency Assistance Services Program is administered through the General Assistance Program and is available to all City of Evanston residents who meet income and asset guidelines as established by the General Assistance Office. The Emergency Assistance Program is operated and funded by the General Assistance Program and is provided according to adopted and written standards set forth by the General Assistance Program. Emergency Assistance benefits can only be issued once in a 12-month period and must meet the definition of an emergency or life-threatening situation, such as imminent eviction, utility disconnection, and/or food insecurities.

#176 – Human Services

Fund Description

The Human Services Fund was created for benefits and facilities such as education, food subsidies, health care, and subsidized housing provided by a government to improve the life and living conditions of the children, disabled, the elderly, and those seeking assistance in the Evanston community. The Fund is intended to build community capacity to drive improvements in population health. The Fund protects Evanston's most vulnerable residents by providing individuals and families with access to services that promote self-sufficiency and address mental well-being. Crisis Intervention is currently being addressed through an agreement with Presence Behavioral Health to offer clinical 24-hour crisis services. The Community Action Program supports community initiatives to provide needed opportunities for at-risk families and vulnerable populations.

The Human Services Fund is responsible for victim response services that provide social services to crime victims, witnesses and residents seeking social service assistance for those affected. In 2019, victim services staff responded to over 1500 calls for service. In 2020, staff have responded to over 1200 calls for service which signifies the importance of this program and funding source. The youth advocacy programs are also established through this funding source to provide family support and intervention services for youth related crisis and youth offenders.

2021 ADOPTED BUDGET - OTHER FUNDS

#177 – Reparations

Fund Description

The Reparations Fund was created in the 2020 budget. The fund is supported by adult-use cannabis tax. The collection of this tax began on July 1, 2020, as established by Resolution 126-R-19. This will continue until the fund has reached \$10 million in revenue from this source, at which time this tax revenue will be directed to the General Fund.

Spending from the Reparations Fund will be determined by the Reparations Subcommittee. Programs may include: housing assistance and relief initiatives for African American residents in Evanston; and various Economic Development programs and opportunities for African American residents and entrepreneurs in Evanston.

#180 – Good Neighbor

Fund Description

The Good Neighbor Fund was created in 2016 as a result of Northwestern University's commitment to contributing \$1 million to the City for the support of operations, capital projects, and special initiatives. The programs and projects to be supported by the Good Neighbor Fund are decided annually by the Mayor and the President of Northwestern. The initial Good Neighbor agreement had a term of five years through 2020. Northwestern will continue the Good Neighbor Fund in 2021 with another contribution to the City of \$1 million. The City and Northwestern have committed to spending \$1 million of Good Neighbor Fund money on Racial Equity initiatives over 2021 and 2022.

#185 – Library

Fund Description

The Library fund covers the costs of Library Staff, collections of books, music, DVDs, and related information, digital holdings, computer and technology resources and networks for free public use. This fund also pays for an array of library programming that serves the community inside our four facilities and throughout the community through our network of partnerships. Stewardship of the library and our public trust also includes regular daily maintenance and upkeep for facilities that are available day and night throughout the year (except for major holidays.). The Library is more than a building of books; it is a place to meet, connect, learn and explore.

The Library Fund budget is passed annually by the Library Board of Trustees.

#186 – Library Debt Service

Fund Description

The Library Debt Fund was created to repay the outstanding debt obligation associated with the financing of the Evanston Public Library Main Branch. This fund accounts for the debt service costs associated with Library debt issuance to fund capital projects at the Main library and the branch locations. Revenues for this fund come from the Library's tax levy, and expenses are paid to the City as a part of the annual payment of all outstanding bonds.

#187 - Library Capital Fund

Fund Description

This fund accounts for all of the library's capital outlay expenditures not financed by annual operations or maintenance. Projects funded from Fund 187 are included in the City's Capital Improvement Plan. They are developed as part of a multi-year long-term program to construct, rehabilitate or otherwise improve the library's assets.

#200 – Motor Fuel Tax

Fund Description

The Motor Fuel Tax Funds are authorized by the Illinois Department of Transportation and are appropriated as part of the City's share of the gasoline tax. This funding also includes Transportation Renewal Funds authorized by the State of Illinois 2019 Rebuild Illinois legislation. Funding is used for capital improvements involving street maintenance, street resurfacing, and signal upgrade projects. The Motor Fuel Tax funds are also used for operations and maintenance activities such as street cleaning, street sweeping, and snow removal operations. The City was able to move additional eligible expenses from the General Fund into the Motor Fuel Tax Fund in 2020, due to new revenue from the Rebuild Illinois Funds.

#205 – Emergency Telephone System

Fund Description

In accordance with Illinois Public Act 85-978, the City of Evanston enacted Ordinance 133-O-90 by referendum in December of 1990. The purpose of the Ordinance was to establish an Enhanced 9-1-1 system. Per the legislature, an Emergency Telephone System Board (ETSB) was established. The function of the ETSB is to design and implement an enhanced 9-1-1 system for the City of Evanston and monitor the system once in place.

In 2020, the Fund received a grant of \$240,821 to upgrade call handling equipment for Next Generation 911 system requirements. This grant is shown as Other Revenue in the financial summary below, and the matching expense is in Capital Outlay. Also in 2020, the Fund began supporting a seven year contract for the purchase of a new radio system for Police Officers and the 9-1-1 center, in the amount of \$239,000 per year. Maintenance Expenses on the new radios are projected to increase \$80,000 per year, which is included in Services and Supplies.

#210 – Special Service Area #9

Fund Description

Special Service Area (SSA) #9 (successor to SSA #4) was reestablished in 2019 to provide certain public services to supplement services currently or customarily provided by the City to the Area. Services include the promotion and advertisement of the Area in order to attract businesses and consumers, and provide any other public services to the Area which the City may deem appropriate from time to time. Special services, as they apply to SSA#9, include maintenance of public improvements (e.g. landscaping) together with any such other further services necessary to the accomplishment of the improvement. SSA#9 is managed by Downtown Evanston (formerly EvMark), an Illinois not-for-profit corporation.

City of Evanston

2021 ADOPTED BUDGET - OTHER FUNDS

#215 - Community Development Block Grant

Fund Description

The City is a federal entitlement community and receives Community Development Block Grant (CDBG) funds annually to address the needs of low- and moderate-income residents. Statutory program goals are to provide decent housing, a suitable living environment, and economic opportunity primarily for residents whose incomes do not exceed 80% of the area median income.

In 2020, the City began receiving funding through the CDBG-CV program, which specifically supports the City's COVID-19 response. Some funding will be received in 2020 and 2021.

#220 - Community Development Block Grant Loan

Fund Description

The CDBG Loan Fund is a revolving loan fund. Its purpose is to provide 0-3% interest loans that may be deferred or amortized to rehab income eligible one- and two-unit owner-occupied residential properties and multi-family rental properties that are occupied by income-eligible households under HUD regulations. It also provides deferred loans for income-eligible homeowners to demolish unsafe garages and dangerous trees. Funds are prioritized for properties with code violations, as well as for energy efficiency and accessibility. This fund was established with HUD approval using Community Development Block Grant funds. Principal and interest payments from loans are returned to the Revolving Loan Fund and are used to fund new eligible projects. Additionally, repayments on CDBG loans made to businesses are deposited into this fund and may be used for CDBG economic development activities. Revolving loan funds must be used before additional entitlement funds for eligible activities.

#240 – HOME

Fund Description

The HOME Investment Partnership Program addresses the affordable housing needs of low- and moderate-income individuals and families by preserving existing and producing new affordable housing, and by providing rent and utility assistance to low income households that enable them to afford market rate housing. HOME funds are used to:

- Finance the acquisition and/or rehabilitation of existing residential units;
- Fund new construction of affordable housing;
- Fund Tenant Based Rental Assistance (TBRA).

#250 – Affordable Housing

Fund Description

The Affordable Housing Fund must be used to address the housing needs of low-, moderate and middle-income individuals and families by promoting, preserving, and producing affordable housing; providing housing-related services; and providing support for agencies and organizations that actively address these housing needs, including:

- Funding a tenant/landlord program.
- Funding expenses relating to acquisition of vacant and blighted properties through the Cook County No Cash Bid program and to pursue judicial deeds on properties with City liens.
- Providing funds for the acquisition, rehabilitation, and new construction of affordable housing.
- Providing gap funding for affordable housing projects funded primarily with Low Income Housing Tax Credits or other sources, particularly for projects with units restricted to households with incomes that do not exceed 50% of the area median.
- Providing funding support for the Homeless Management Information System (HMIS).
- Providing funding support for transitional housing, housing education, and related services.
- Providing local match funds for Federal housing grants where appropriate.
- Funding housing programs including the Senior Handyman Program, Senior Bridge Housing, and management of the IHO Wait List.
- Administration of the Inclusionary Housing Ordinance, development of a comprehensive Affordable Housing Plan, and implementation of the strategies in that plan.

#320 – Debt Service

Fund Description

The debt service fund is used to account for payments on general obligations bonds. Debt supported by governmental funds is paid out of the debt service fund and abated through a transfer. Debt supported by enterprise funds are paid directly by those funds.

The budgeted property tax revenue for FY 2021 is on the cash basis and represents the 2020 levy, which will primarily be received in calendar year 2021. The FY 2021 expenditures are budgeted on cash basis and are the actual payments required to be made during the fiscal year according to debt maturity schedules. The financial summary below includes an increase in property tax revenue of \$1,414,342 in 2021.

#330 – Howard-Ridge TIF

Fund Description

The City Council adopted the Howard-Ridge Tax Increment Financing (TIF) District on January 26, 2004. This TIF will expire in 2027, with last year of collection in 2028. The TIF District is generally bounded on the north by various parcels that front Howard Street and Chicago Avenue, on the east by the City of Evanston's boundaries and the Chicago Transit Authority (CTA) Red Line, on the south by City boundaries, and on the west by Ridge Avenue. The TIF District contains mixed residential uses, retail/commercial properties, and institutional uses.

This TIF district has supported the residential development at 415 Howard Street and the revitalization of commercial buildings at 629-631, 623, 633, and 727 Howard Street. A new theater located at 721-723 Howard Street was completed by the end of 2018.

#335 – West Evanston TIF

Fund Description

The City Council adopted the West Evanston Tax Increment Financing (TIF) District in September 2005. The TIF District is generally bounded on the north by Emerson Street and by various parcels that front Church Street, on the east by parcels that front Florence Avenue and Dodge Avenues, on the south by Dempster Street properties that front Dempster Street and Greenleaf Street, and on the west by the City of Evanston's border, properties that front Hartrey Avenue, and the property that fronts the west side of Dodge Avenue. The TIF District contains mixed residential uses, retail, commercial, industrial and institutional uses.

#340 – Dempster-Dodge TIF

Fund Description

The City Council approved the creation of the Dempster-Dodge Tax Increment Financing (TIF) District on June 25, 2013. The Dempster-Dodge TIF District area is comprised of a single development - The Evanston Plaza Shopping Center - located at the southwest corner of the intersection of Dempster Street and Dodge Avenue.

#345 – Chicago-Main TIF

Fund Description

The City Council adopted the Chicago-Main Tax Increment Financing (TIF) district #8 in January 2013. The goal of this TIF district is to support the continued development of the thriving business district located near the intersection of Chicago Avenue and Main Street. In October 2013, the Chicago Main TIF Advisory Committee held its inaugural meeting. This committee reviews all expenditures from the TIF and provides recommendations to the City Council prior to review of any expenditure from the TIF. Bonds were issued in 2018 for the TIF to fund engineering work on a water main and streetscape project. Construction on this project began in 2020, with additional bonds to be issued for the project in 2021.

#350 – Special Service Area #6

Fund Description

The City Council adopted Special Service Area #6 (SSA #6) on July 13, 2015. Special Service Area #6 is comprised of the commercial areas of Dempster Street, Chicago Avenue, and Main Street between Hinman and Maple. SSA #6 is intended to provide marketing as well as aesthetic and streetscape improvements such as signage, lighting, landscaping, public art, and holiday decorations to the area. SSA #6 will remain in place for 12 years, for which the tax cap will be set at 0.45% of the equalized assessed value. SSA6 is managed by The Main Dempster Mile organization, an Illinois not-for-profit corporation.

#355 - Special Service Area #7

Fund Description

Special Service Area (SSA) #7 supports commercial properties located in the Central Street merchant district. SSA #7 represents the east portion of Central Street located between Hartrey on the west, Eastwood on the east, Isabella on the north and Lincoln on the south. The purpose of the Central Street SSA districts are to help the merchant association grow and establish a stable funding stream for merchant and business district activities that range from street beautification (planters, street furniture, etc.) to programmatic needs (event management, marketing support, and organizational management).

#415 – Capital Improvements

Fund Description

This fund accounts for all capital outlay expenditures not financed by annual operations or maintenance budgets included in other funds as outlined in the detailed Capital Improvement Plan. Projects financed in the Capital Improvements Fund are developed as part of a multi-year long-term program to construct, rehabilitate or otherwise improve physical city assets, including (but not limited to) streets, water main, sewer, bridges, sidewalks, facilities, parks, and the water treatment plant. More information on projects can be found in the detailed Capital Improvement Plan in Part VI of the budget document.

#416 - Crown Construction Fund

Fund Description

The Crown Construction Fund was created as part of the 2018 budget for the purpose of tracking revenues and expenditures related to the construction of the Robert Crown Community Center. It has been the practice of the City of Evanston to create discrete funds for major construction projects.

The project is partially funded through private fundraising led by the Friends of the Robert Crown Center, a 501(c)(3) organization. The first \$5 million donation was received in May 2019, with an additional \$1 million expected in early 2020. After construction is completed, donations will be used to abate debt service associated with the project. The project was also financed by general obligation bonds issued in 2018 and 2019. Construction began in summer 2018 and was completed summer 2020. A small number of fixtures will remain to be purchased in 2021, which will be funded by a donation from the Friends of Robert Crown.

#417 - Robert Crown Center Maintenance Fund

Fund Description

The Robert Crown Center Maintenance Fund was created by resolution 65-R-17 specifically for the allocation of operating funds and donations for the long-term maintenance of the Robert Crown Community Center facility and surrounding park.

As stated in the Memorandum of Understanding with the Friends of the Robert Crown Center, the City will provide annual deposits of at least \$175,000 to the Robert Crown Community Center Maintenance Fund for 30 years commencing in 2020. The Maintenance Fund shall not be used or borrowed from or posted as collateral for any purpose other than the maintenance of the new Robert Crown Center.

#505 – Parking

Fund Description

The Parking Fund is a City of Evanston Enterprise Fund that generates revenue from the parking fees paid by the general public, the lease of office space in City garages, fees charged for permits at surface lots, and transient and monthly parking spaces at the City's garages.

Generally Accepted Accounting Principles (GAAP) require state and local governments to use the enterprise fund type to account for "business-type activities" – activities similar to those found in the private sector. Business-type activities include services primarily funded through user charges.

#510 - 513 - Water

Fund Description

The Water Fund includes operations and capital improvements for all divisions at the Water Treatment Plant as well as the Distribution Division. The Evanston Water Treatment Plant supplies water to the City of Evanston, Village of Skokie, Village of Lincolnwood, the Northwest Water Commission (Arlington Heights, Buffalo Grove, Palatine, Wheeling, and Des Plaines) and the Morton Grove / Niles Water Commission.

In 2018, Evanston finalized a 40-year Water Supply Agreement with the Village of Lincolnwood to provide wholesale water. The water delivery is anticipated for mid-year 2020 and will generate an estimated \$500,000 per year in additional revenue for the City of Evanston.

Administration Division

The Administration Division manages the water utility workforce, coordinates operations between divisions, and oversees the Evanston Water Utility's key business processes, including water billing for our customer communities.

Pumping Division

The Pumping Division oversees the City's three lake water intakes, pumping of raw water to the start of the water treatment process, pumping treated water to retail and wholesale customers, and operation of Evanston's treated water storage facilities and remote water pumping stations. This includes monitoring and operation of water storage facilities in Skokie's water distribution system, as well as controlling the rate of supply to the Northwest Water Commission. The Pumping Division also coordinates with the Distribution Division to maintain adequate pressure in the Evanston and Skokie water distribution systems during water main shutdowns and distribution system maintenance.

Filtration Division

The Filtration Division manages the water treatment process, including chemical addition, sedimentation, filtration, and disinfection. The Filtration Division includes the City's Water Quality Lab, which monitors Evanston's drinking water for compliance with water quality regulations and completes regular reporting to the public and the Illinois Environmental Protection Agency to certify the quality of Evanston's water.

Distribution Division

The Distribution Division manages operation, maintenance, and repair of the City's water mains, valves, fire hydrants, and the City's portion of water service lines. This includes repairing water main breaks and water service leaks; and installing new valves, hydrants, and water mains to improve the operation and efficiency of Evanston's water distribution system. Annual maintenance programs administered also include water main leak detection, valve exercising, and fire hydrant testing. The Distribution Division also coordinates with the Filtration Division to perform monthly water quality sampling in buildings throughout Evanston, and administers the City's cross connection control program. These two programs ensure that water remains safe to drink after leaving the water treatment plant.

Meter Division

The Meter Division coordinates water meter reading and billing for Evanston's 14,500 retail water and sewer customers, working with the City Collector's Office to process water/sewer bill payments and cross connection control fees. The Meter Division also works with the Distribution Division to manage replacement of damaged and obsolete water meters, accuracy testing for large water meters, water service shutoff/restoration, and billing of cross connection control fees. Meter Division staff also manage the

#510 - 513 – Water

City's Advance Metering Information (AMI) system, which generates automated hourly meter reads and leak alerts for customers to help reduce water loss.

#515 – Sewer

Fund Description

The Sewer Fund includes operations, maintenance and capital improvements for the City's Combined, Relief, and Storm Sewer Systems.

Sewer Division

The Sewer Division manages operation, inspection, maintenance, and repair of the City's sewer mains and drainage structures (sewer manholes, catch basins, and stormwater inlets). This includes proactive programs such as sewer main and drainage structure cleaning, root cutting, and televised internal sewer main inspection; as well as responding to all reports of sewer backups and flooding. This division also inspects work done by contractors including sewer main lining and manhole rehabilitation. Sewer Division staff conduct regular inspection of sewer outfalls and other facilities throughout Evanston for compliance with the City's sewer system operating permits with the Illinois Environmental Protection Agency.

#520 – Solid Waste

Fund Description

Solid waste removal services are provided once per week to all family residences of 1-5 units. Twenty-eight routes are scheduled for a four-day work week (Monday through Thursday). Condominium buildings and cooperative apartment units are serviced twice a week by a private hauler for refuse and once a week by City staff for recycling. Apartment recycling services are provided by City staff to all apartment complexes; excluding exempt properties, businesses, and mixed use commercial properties. Operational costs for these services are funded by sanitation service fees; the Solid Waste Agency of Northern Cook County (SWANCC) provides a recycling incentive rebate based on the total tons of recycled material collected. The incentive is used to offset operational costs.

Yard waste removal service is provided once per week to all qualified residential units under the Solid Waste Fund. Yard waste collection runs from April 1st through December 15th of every year. During the fall, yard waste operations increase dramatically with the addition of leaf collection. This Fund is responsible for costs associated with yard waste removal and a portion of street cleaning leaf collection. All residential streets posted with alternate parking signs are cleaned at least twice during the leaf collection operation. This operation begins in mid-October and continues until December 15th.

The financial summary below includes increases to residential refuse rates and yard waste collection fees, as detailed in the Budget Balancing worksheet found in the budget transmittal letter.

#600 – Fleet Services

Fund Description

Fleet Services maintains operating cost records, provides billing and chargeable data to all user City departments, develops vehicle specifications, and purchases vehicular and other equipment. In addition, Fleet Services prepares, documents, and provides disposal of surplus vehicles and equipment through auction services. Overall supervision of department personnel is provided, as is training, direction, and coordination of all activities to ensure effective and efficient operations.

Key emphasis is placed on reducing down time, which is the amount of time a vehicle or piece of equipment is out of service for repair.

2021 Initiatives

- Continue analysis on internal operations and service delivery;
- Reduce costs and vehicle downtime;
- Further increase efficient resource allocation including parts and labor; and
- Continue to use an alternative sustainable fuel source for City vehicles and increase the electric vehicle charging program.

#601 – Equipment Replacement

Fund Description

The Equipment Replacement Fund accounts for all vehicle and equipment replacement purchases, new additions to the fleet and some rental and lease activities not included in another fund as outlined in the Equipment Replacement Plan. The Equipment Replacement Fund receives revenue through transfers from the General Fund and other governmental funds. Enterprise Funds (Parking, Water, Sewer, Solid Waste) purchase equipment directly and do not transfer to the Equipment Replacement Fund.

2021 Initiatives

- Continue to develop the Fleet's CFA program to score the City's equipment, determine needs of what should be replaced/costing the City more in repairs than what the vehicle is worth, and how to make operations more efficient.
- Continue to use an alternative sustainable fuel source for City vehicles and increase the electric vehicle charging program.

#605 – Insurance

Fund Description

The City maintains excess liability coverage for general tort matters. The City's self-insured retention is \$1,250,000. The City also maintains insurance in the areas of property, inland marine, and paramedic. Claims are recorded when a determinable loss has been incurred, including reported losses and an estimated amount for losses incurred, but not yet reported, at year-end. The general liability claims account is administered by the Law Department. The worker's compensation account is administered by the Administrative Services Department.

Expenses in 2019 included costs for major lawsuits that will be funded over the next 3-5 years with transfers from the departments involved in the claims.

PART VI CAPITAL IMPROVEMENT PLAN

Capital Improvement Plan

Overview

The Capital Improvement Plan (CIP) is a process by which the City designs a multi-year plan for major capital expenditures. It represents the City's plan for physical development and is reviewed and updated each year to reflect changing priorities. It provides an ongoing framework for identifying capital requirements, scheduling projects over a period of years, coordinating related projects, and identifying future fiscal impacts. Generally, the CIP includes improvements that are relatively expensive, have a multi-year useful life, and, similar to capital outlay items, result in fixed assets. These include the construction of new buildings, additions to or renovations of existing buildings and parks, construction of streets, sewer improvements, land purchases, and major software or equipment purchases. Due to the nature and total costs of the identified projects, bond proceeds are one of the major sources of revenue. The CIP is a dynamic process, with anticipated projects being changed, added, and deleted from the plan as the five-year timeline evolves.

During the past several years, staff has undertaken a variety of comprehensive assessments of many of the City's capital assets to provide a more complete understanding of the City's future needs. A sample of these include: the Comprehensive Pavement Study; Parks, Forestry, and Recreation Strategic Plan; the analysis of the Civic Center; citywide roofing assessment; Streetlight Master Plan; Howard Street Corridor Improvements; the assessments of emergency generators; and the current development of the IT Strategic Plan. These studies serve as the foundation for the staff recommendations set forth in the attached Capital Improvement Plan. As the City moves forward, it must continually assess the ongoing infrastructure needs of the community.

Formal City Council adoption of the Capital Improvement Program indicates the City's commitment to the plan, but does not in itself authorize expenditures. The necessary funding mechanisms must be adopted each year to pay for the improvements – year one is the approved Capital Budget for which Council approval authorizes expenditures, with years two through five reflecting the City's plan for improvements.

It is important to distinguish between the City's Capital Improvement Plan (CIP) and Capital Improvement Fund (CIF). The CIP report in this section includes all citywide capital projects, regardless of the fund and/or funding source. This contrasts with the City's CIF, which includes only those capital projects that are not paid through one of the City's internal service, special revenue, or enterprise funds. Typically, capital purchases used to benefit the City as a whole are budgeted and paid from the CIF, while capital purchases specific to one area, function, or fund are typically paid from that specific source or fund.

An example of the above would be an addition or capital improvement to the City's water filtration plant. While this project would be included in the City's CIP report, the expense would be budgeted in the City's Water Utility Fund. There are a couple of exceptions to this rule. Capital projects funded via the City's Motor Fuel Tax (MFT) Fund may benefit the City as a whole, but for legal purposes such capital projects must be budgeted and paid out of the City's MFT Fund. Another example would be capital purchases related to the City's fleet. Since the City maintains a separate internal service Fleet Fund for tracking purposes, CIP projects pertaining to fleet vehicles and equipment purchases are budgeted and paid from the Fleet Fund rather than the CIF.

Section I: Objectives and Priorities

The overall goal for Evanston's capital improvement effort is:

A comprehensive capital improvement program that is used by decision-makers to guide capital investments, make the best use of limited resources and provide community facilities that function well and contribute to the attractiveness, public health, and safety of the City.

To accomplish this goal, a broad set of objectives and policies have been developed to guide preparation and monitoring of the capital improvement program. These broad objectives, priorities, and policies adopted by the City Council guide staff each year as a capital program is developed and presented to the City Council for review and consideration.

Objectives

- Undertake a comprehensive assessment of all capital needs and develop a strategic plan to meet the City's capital needs, so that projects and funding are rationally sequenced, coordinated, and kept on the public agenda.
- Undertake capital improvements that are needed to maintain existing public facilities, increase operating efficiency, and reduce operating costs.
- Undertake capital investments that encourage and support economic development or directly produce income.
- Undertake capital improvements that are of the highest quality that the City can afford which
 enhance Evanston's physical appearance, public image, quality of life, and promote public health
 and safety.
- Limit the extent to which local property taxes are required to finance capital improvements.
- Plan all capital projects to meet ADA requirements.

Priorities

- Project major capital improvement replacement needs to cover at least a 5- year period so that a long-range capital maintenance plan can be developed
- Set priorities for capital improvements and match projects with appropriate funding sources.
- Monitor implementation of the Capital Improvement Plan through periodic capital improvement staff meetings and reports to the Administration and Public Works Committee.
- Undertake an annual review of capital improvement funding sources and an assessment of capital improvement projects proposed for the following years.
- Commit funds annually for improvements so that incremental progress can be made toward long-range goals.
- Coordinate planned capital improvement projects where opportunities exist to do so.
- Leverage local capital improvement funds to the extent possible.
- Give priority to projects that further the objectives of the Comprehensive General Plan.

More specific policies have also been written to guide the scheduling and prioritization of projects within each of the major project classifications.

Economic Development

- Make capital investments needed to realize the full potential of Tax Increment Finance areas.
- Implement the goals of the Evanston Local Employment Program and work to increase the participation of Evanston businesses in capital improvement projects.
- Coordinate improvements made in retail and commercial areas.
- Develop and implement programs to upgrade and maintain streetscapes in each neighborhood business district within the City.
- Develop and implement plans for capital needs of neighborhood economic development.

Environment

- Maintain water system improvements needed to ensure a safe and adequate water supply.
- Address stormwater issues to minimize public and private property damage.
- Develop and implement programs to eliminate environmental hazards where they exist in City facilities and on public grounds.
- Participate in development of area-wide solutions to the problem of solid waste disposal and promote local recycling and waste reduction efforts to minimize solid waste disposal requirements and conserve resources.
- Forward the objectives of the Climate Action Resiliency Plan

Parks and Recreation

- Rehabilitate parks through periodic replacement of pavement, athletic fields and courts, equipment, site furnishings, infrastructure, and landscaping.
- Undertake improvements to enhance and protect the lakefront park system.
- Maintain Evanston's community recreational facilities to the high standard expected.
- Bring play equipment into compliance with CPSC / ASTM safety guidelines and ADA requirements.

Public Buildings

- Consider life cycle costs (long-term costs of maintenance, operation, utilities and financing) in making decisions concerning construction, purchasing, disposal, or rehabilitation of public facilities.
- Continue to undertake preventive maintenance, energy conservation, and rehabilitation programs for public buildings.
- Undertake projects needed to improve the security of public buildings and facilities.
- Complete the rehabilitation/replacement of the Robert Crown Community Center and the surrounding athletic fields.
- Undertake projects and improvement to municipal facilities to meet the standards of the Federal Americans with Disabilities Act (ADA).
- Incorporate age-friendly features into all City facilities.
- Develop and implement a plan for the municipal offices.
- Implement policy advocating art within city building projects, in compliance with Title 7, Chapter 16 of the City Code.

Transportation

- Improve the condition, efficiency, and safety of Evanston's circulation system.
- Undertake improvements needed to keep municipal parking facilities well maintained, safe and attractive.
- Incorporate the City's complete and green streets policy into transportation project.
- Continue the City's programs for maintaining curbs, gutters, and sidewalks.
- Evaluate all sidewalks and develop an improvement schedule.
- Enhance livability of neighborhoods by implementing various traffic controls.
- Improve Evanston's remaining unpaved streets and alleys.
- Implement a Citywide bike plan and encourage inter-modal transportation.
- Ensure adequate street lighting to balance crime prevention, safety, and residential atmosphere.
- Develop plans and programs to improve the appearance and maintenance of rail embankments, viaducts, and rail stations.

Section II: Fiscal Management

Capital Expenditure Policies

- Drawn from the long-range capital needs list, a five-year capital improvement program will be developed and updated annually, including anticipated funding sources.
- The City will maintain all of its physical assets at a level adequate to protect the City's capital investment and to minimize future maintenance and replacement costs.
- The City will coordinate development of the capital improvement budget with the development of the operating budget. Future operating costs associated with new capital improvements will be projected and included in operating budget forecasts.
- If a new project (non-emergency) is identified during the fiscal year, staff shall prepare a report to the City Council describing the project, and if necessary, recommend a decrease in another approved project so as not to alter the overall funding for the capital budget.

Capital Financing Policies

- Long-term borrowing will not be used to finance current operations or normal maintenance.
- Capital projects financed through the issuance of bonds will be financed for a period not to exceed the expected useful life of the project.
- The City will establish an appropriate mix of bonded debt and pay-as-you-go financing in the funding of capital projects. The City will strive to find more streams of revenue to support pay-as-you-go financing of its future capital improvements.
- Dedicated revenue stream options include, but are not limited to, excess funds, additional taxes
 (i.e. motor fuel tax for street improvements) and use of tax increment financing revenues as they
 become available.
- Outstanding tax-supported debt shall not exceed \$160 million per resolution 44-R-19.

Capital Project Planning and Cost Containment

- City staff will meet quarterly to review the progress on all outstanding projects. Semi-annual reports will be presented to the Administration & Public Works Committee.
- Identification of funding opportunities should be included within the project development phase.
- Recognize that most projects will take at least two years to plan and implement.
- Where appropriate, separate project planning and execution costs, acknowledging that approving a study does not guarantee the implementation of the project.
- For any enterprise fund or storm water management fund that is supporting debt, an annual rate study will be performed to ensure that the fees or rates are sufficient to meet the debt service requirements.
- A five-year projection of revenues and expenditures for the general, special revenue, and enterprise funds should be prepared to provide strategic perspective to each annual budget process.

Emergency Fund Reserves

- An emergency account within the capital improvement fund shall be established to fund emergency capital needs.
- The emergency account shall be initially funded through a one-time revenue source and replenished with a percentage of project surpluses at the end of the fiscal year.

Grants

- City staff should seek grants for projects which are in the current fiscal year, the five-year plan, or fund a recognized City need.
- For projects not currently funded or in the five year plan, the Council must approve the reduction or elimination of a previously planned project.
- If a grant is received, the original funds can be used in any of the following ways:
 - o Reallocated to a new project within the five-year plan within the same area
 - Reallocated to a priority list of projects approved by the City Council during consideration of the capital plan
 - O Used to expand the scope of the existing project for which the grant is received
 - o Placed in the contingency fund for future matches or cost overruns
 - o Placed in an emergency fund for unanticipated projects

Community Development Block Grant (CDBG) Funds

• A comprehensive program for all capital projects in the CDBG target area will be presented to the CDBG Committee.

PART VII BUDGET POLICIES

Budget Policies

In ongoing efforts to formally address long-term budgeting provisions, the City of Evanston has endorsed a Budget Policy. The City Council initially adopted this Budget Policy in December 2000. This policy has been revised as follows:

I. Budget Process

<u>Compilation of the Proposed Budget</u> - Each year the City Manager shall prepare and submit a proposed budget to the City Council, allowing ample time for discussion and decision-making. The proposed budget shall contain estimates of revenues available to the City along with recommended expenditures for the departments, boards and commissions. The City Manager is required to submit a balanced budget to Council in which revenues equal expenditures

Preliminary Public Hearing

In September of each year prior to submission of the City Manager's proposed budget to the City Council, the City shall publicize and conduct a public hearing to receive input from citizens concerning municipal appropriations for the coming fiscal year.

Mid- year Budget Workshop

Each year the Administration and Public Works Committee shall schedule and hold a mid-year budget workshop. The workshop shall review but not be limited to:

- A revenue and expenditure report for the current fiscal year
- Structural or legislative issues affecting the current or future fiscal year
- Revenue and expenditure forecast for the upcoming fiscal year
- Other issues of policy or indicators that will affect the upcoming fiscal year budget

Ouarterly Financial Update

Following the end of each financial quarter, the City Manager shall present a report summarizing budgeted vs. actual revenues and expenditures.

Review of the Comprehensive Annual Financial Report

The Administration and Public Works Committee shall review the Comprehensive Annual Financial Report. This review shall take place at the earliest meeting date following publication.

Copies of the Proposed and Final Budget

Sufficient copies of the proposed and final budget shall be placed on file in printed form for public inspection at the City Clerk, at the Public Library, and at all library branches. An electronic version of the proposed and final budget shall be posted on the City of Evanston Website. The City of Evanston may offer for sale a printed and electronic copy of the proposed and final budget for a fee not to exceed the cost of preparation, printing, and distribution of the budget.

<u>Public Hearing</u>, <u>Notice and Inspection of Budget</u> - The City Council will hold a public hearing on the annual budget prior to final action by the City Council. Notice of this hearing shall be published in a local newspaper at least ten days prior to the public hearing. Copies of the proposed budget will be available for public inspection in printed form in the office of the City Clerk for at least ten days prior to the hearing.

Budget Policies

The City Council budget meeting agendas will be available to the public prior to the initial special meeting of the City Council on the proposed budget.

Each special meeting of the City Council on the proposed budget shall designate a period of time for citizen testimony concerning budget matters discussed during that special meeting. The length of such time shall be determined by the chairman prior to the budget meeting process.

Submission of the Proposed Budget

The City Manager will submit a balanced budget to the City Council by October 31.

<u>Revision of Annual Budget</u> - Following City Council adoption of the budget, the City Council by a vote of two-thirds of its members, shall have the authority to revise the budget by transferring monies from one fund to another or adding to any fund. No revision of the annual budget shall increase the budget in the event monies are not available to do so.

II. Fund Policies

General Fund

The General Fund budget will be balanced each year, subject to the current Fund Reserve level. In the event the General Fund Reserve balance is below the minimum level of 16.6%, the fund may be structured with a surplus budget in order to bring reserves up to the minimum. In the event the fund reserve is above the 20% recommended maximum, the budget may be structured in a deficit to account for the transfers out to other funds as noted in the reserve policy.

Parking System Fund

This is an enterprise fund and as such is expected to be self-sufficient. Any revenues generated, especially from sales, should be retained to maintain the fund. Periodically, fees should be increased to sufficiently fund operating costs, depreciation, and a reserve. The General Fund will continue to be properly compensated for administrative expenses, which support parking system activities.

Water Fund

A minimum of 16.6% of expenses shall be maintained as a reserve; in addition, a sufficient reserve shall be maintained to meet debt requirements. A portion of the fund reserve shall be used to fund depreciation and capital improvement needs.

Fire and Police Pension Funds

The Firefighters and Police Pension Funds shall receive funding in accordance with the Joint Actuarial Report provided by the City and both Funds each year. Actuarial methods and assumptions shall be reviewed annually and shall meet or exceed Illinois statutory regulations.

Emergency Telephone System Fund

This fund must be maintained at a level adequate to provide for maintenance of current operations, the capability to respond to unforeseen events, funding of long-term capital improvements, and needed upgrades. The fund shall be entirely supported by revenues received from the imposed telephone surcharge.

Budget Policies

Motor Fuel Tax Fund

Revenues for this fund are provided by the state motor fuel tax and as such should be used only for street improvement, repair, and maintenance as allowed by State of Illinois law. Funds may be accumulated for the purpose of accomplishing major projects, however, the beginning reserve balance for this fund should not fall below 25% of the annual revenue received in the prior year.

Insurance Fund

The Insurance Fund must be maintained to meet the City's current and future insurance liability and self-funded employee benefits program requirements. Liability Insurance Requirements include current budget year obligations and building a reserve (as noted in the fund reserve section of this communication) over seven years to prepare for anticipated claims and losses. The City Manager shall be required to present an annual report itemizing all of the City's current and long-term claims and liabilities. Each year City staff will review worker compensation, liability, and property insurance policies to determine if coverage meets current financial and operational needs. The City Manager each year will recommend to the City Council insurance policy coverage and limits and include the necessary funds in the operating budget. Self-funded Employee Benefit Program costs are accounted for in this fund and at the Intergovernmental Personal Benefits Cooperative (IPBC). As required by the IPBC the City will maintain a minimum of one month's reserve for PPO benefit programs at the IPBC. Further, the City will set rates and manage program benefit costs to keep cost increases below the Medical rate of inflation.

Fleet Services Fund

The City of Evanston shall maintain vehicles and equipment, which are safe and adequate for the demands of the operating departments. Interfund transfers from operating departments shall be established to maintain the necessary staff, equipment and supplies/parts to service all appropriate vehicles.

Equipment Replacement Fund

The Equipment Replacement Fund receives interfund transfer from operating department's established to replace vehicles within 2 years of the expiration of their useful life as determined by the fleet maintenance division. General obligation debt shall only be used for vehicles with an expected life equal to or greater than 15 years and with a purchase price greater than or equal to \$250,000.

Debt Service Fund

General Obligation Debt of the City means debt (viz., bonds) for which an unlimited real property tax levy is made or pledged for payment. General Obligation Debt shall be allocated into two categories. Self-Supporting General Obligation Debt shall mean General Obligation Debt which, at the time of issuance, is expected and intended by the Treasurer to be payable out of a source of funds other than the City's general real property tax levy, thus permitting the abatement and avoidance of the property tax levy to pay such bonds; examples of Self-Supporting General Obligation Debt include (without limitation) bonds payable from the Water Fund or the Sewer Fund, bonds payable from special assessments, bonds payable from tax increment financing areas, and bonds payable from Motor Fuel Taxes.

Budget Policies

Tax-Supported General Obligation Debt shall mean all other General Obligation Debt, which is expected and intended to be paid from a general real property tax levy. General Obligation Debt shall not include any obligation of the City not denominated a bond, including, without limitation, short term notes or warrants or other obligations which the City may issue from time to time for various purposes and to come due within three (3) years of issuance. General Obligation Debt does not include bonds which have been refunded or decreased and which, as a consequence of same, are provided for from a dedicated source of funds or investments. Self-Supporting General Obligation Debt shall not be limited by this Budget Policy.

Tax-Supported General Obligation Debt shall not exceed \$155,000,000 in aggregate principal amount, which limit is expressly subject to increase from time to time by action of the City Council as the needs of the City may grow. General Obligation Debt issued as so-called zero coupon bonds or capital appreciation bonds shall be counted as debt in the original principal amount issued.

The Treasurer shall at all times keep a book or record of all General Obligation Debt and its proper allocation. The Treasurer's statements as to the allocation of General Obligation Debt into these two categories shall be conclusive. Notwithstanding this statement of policy, all bonds or other obligations by whatever name designated of the City duly authorized to be issued by the City Council shall be valid and legally binding as against the City, and there shall be no defense of the City as against any bondholder or other obligation holder on the basis of this policy.

Sewer Fund

This is an enterprise fund and as such is expected to be self-sufficient. As a result, rates should be scheduled to increase to meet costs of sewer operations, debt service, and capital projects. Transfers to other funds for administrative expenses should be maintained to reflect true program costs.

Solid Waste Fund

This is an enterprise fund and as such is expected to be self-sufficient. As a result, rates should be scheduled to increase to meet costs of solid waste operations, debt service, and capital projects. Transfers to other funds for administrative expenses should be maintained to reflect true program costs.

Expenditure Analysis

City Council shall review all significant operational, economic, program, and expenditure proposals in regard to the short term and long-term budgetary and economic impact. The appropriate City Department and staff shall provide the budget analysis for the review and consideration by the City Council.

Budget Policies

III. Fund Reserve Policy

The Fund Reserve Policy is as follows:

General Fund

A minimum of 16.6% or two month of operating expenses shall be maintained as a reserve. Any monies over a 16.6% reserve in this fund shall be re-appropriated to other funds that have not met its reserve requirements. Once all funds have met their fund requirements additional funds shall go to the Capital Improvement Program. A minimum of a 5% reserve is required, per bond agreements.

Parking System Fund

A minimum of 16.6% expenses shall be maintained as a reserve; in addition a sufficient reserve shall be maintained to meet bond requirements. A portion of the fund reserve shall be used to fund depreciation and capital improvement needs. A minimum of 5% is required, per bond requirements.

Water Fund

A minimum of 16.6% of expenses shall be maintained as a reserve; in addition, a sufficient reserve shall be maintained to meet debt requirements. A portion of the fund reserve shall be used to fund depreciation and capital improvement needs.

Sewer Fund

A minimum of 16.6% of expenses shall be maintained as a reserve; in addition, a sufficient reserve shall be maintained to satisfy both bond and Illinois Environmental Protection Agency (IEPA) loan debt requirements. A portion of this fund reserve shall be used to fund depreciation and capital improvement needs.

Solid Waste Fund

A minimum of 16.6% of expenses shall be maintained as a reserve; in addition, a sufficient reserve shall be maintained to satisfy debt requirements. A portion of this fund reserve shall be used to fund depreciation and capital improvement needs.

Motor Fuel Tax Fund

A minimum of 25% expenses shall be maintained as a reserve in order to ensure the efficient startup of roadway projects each year.

Capital Improvement Fund

A minimum of 25% of expenses funded from non-debt sources shall be maintained as a reserve. No debt-service costs are located in this fund and therefore no reserve is required for debt service. This 25% reserve shall be used for the startup costs of the current year capital projects in the approved annual budget. Any funds that remain unspent from incomplete capital projects shall be in addition to this 25% level. Any funds that are unspent from projects that were completed under budget shall be included in this 25% level. All projects funded from bond proceeds or other debt issues, shall be tracked along with that debt issue to comply with arbitrage and issuance compliance regulations.

Budget Policies

Tax Increment Finance Funds

Fund reserves shall be based on outstanding debt-service requirements or multi-year development incentives established by the City. Reserves shall be designated for the funding of these long-term expenses prior to being released for future capital or development expenses.

Insurance Fund

Health Insurance Reserves should be no less than three months of annual expenses. At least one month of the three month reserve is required to be kept at the Intergovernmental Personal Benefits Cooperative (IPBC). This reserve will be utilized to cover the claims payable cycle cost which is approximately 45 days, and to provide for reserves in the event of major changes in rates/claims experience. Liability Insurance Reserves are not established to fully fund all potential future claims. As such, cash reserves should be set at a minimum of 25% of outstanding claims payable as defined in the prior year audit or twice the current annual self-insured retention coverage level (currently at \$1,250,000).

Fleet Maintenance Fund

Fleet Maintenance Fund Reserves should remain in a positive position with sufficient funds to operate during the year.

Equipment Replacement Fund

Equipment Replacement Fund Reserves should not exceed the amount of accumulated depreciation of the City's fleet as noted in the prior year Annual Audit.

Budgetary Basis of Accounting

The City was incorporated in 1863. The City operates under a Council-Manager form of government, is a home rule municipality as defined by Illinois state law and provides the following services as authorized by its charter: general management and support, public safety, public works, health and human resource development, library, recreational and cultural opportunities, and housing and economic development.

The City uses funds and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain City functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types."

Governmental funds are used to account for all or most of the City's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of general fixed assets (capital projects funds), and the servicing of general long-term debt (debt service funds). The general fund is used to account for all activities of the City not accounted for in some other fund.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1. The City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following fiscal year. The operating budget includes proposed expenditures and the means of financing them.
- 2. Public budget hearings are conducted. Taxpayer comments are received and noted.
- 3. The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council.
- 4. Budgets are legally adopted on a basis consistent with generally accepted accounting principles (GAAP). It should be noted that property taxes are budgeted on a cash basis. For purposes of preparing the combined statement of revenues, expenditure and changes in fund balances budget and actual, GAAP revenues and expenditures have been adjusted to the budgetary basis.

Budgetary Basis of Accounting

The level of control (level at which expenditures may not exceed budget) is at the fund level. All unencumbered annual appropriations are lapsed at the fiscal year-end.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded, reserve a portion of a budgeted account so that amount is not spent elsewhere. For non-enterprise funds, encumbrances are usually not counted as expenditures until the actual disbursement has been made.

The financial information of general governmental type funds (for example, the general fund itself and MFT funds) is prepared on a modified accrual basis. Briefly, this means that revenues are usually recorded when they become available and are measurable while expenditures are recorded when the liability has been incurred.

The enterprise funds (Water, Sewer, Solid Waste, and Parking), on the other hand, are often reported on a full accrual basis. Not only are expenses recognized when a commitment is made (through a purchase order) but revenues are also recognized when they are obligated to the City (for example, water user fees are recognized as revenue when bills are produced).

The Comprehensive Annual Financial Report (CAFR) shows the status of the City's finances on the basis of "generally accepted accounting principles" (GAAP) and a budget basis for comparison purposes.

Financial Control Procedures

The City reports financial results based on generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board (GASB). The accounts of the City are divided into separate self-balancing funds comprised of its assets, liabilities, fund equity, revenues and expenditures, as appropriate.

The City's expenditures are monitored on a regular basis by the Finance Division of the City Manager's Office. Disbursements are made only if the expenditure is within the authorized appropriation. For all major expenditures, purchase orders are prepared, approved and the related appropriation is encumbered before a check is issued.

PART VIII GLOSSARY

ACCRUAL BASIS: The basis of accounting under which transactions are recognized when they occur, regardless of the timing of estimated cash flows.

ACCRUED EXPENSES: Expenses incurred but not due until a later date.

<u>ACTIVITY:</u> A specified and distinguishable line of work performed by a Division.

AFSCME: American Federation of State, County and Municipal Employees, a labor union representing some City of Evanston employees.

ALERTS: Allows officers access to driver's license, registration, warrant and other computerized law enforcement data. The ALERTS system also provides for inter-car communications via in-car data terminals.

ASSESSED VALUATION: A value that is established for real or personal property for use as a basis for levying property taxes. (Note: Property values are established by the Cook County Assessor's Office.)

<u>AUDIT</u>: An examination of an organizations' financial statements and the utilization of resources.

<u>BALANCED BUDGET</u>: A budget in which revenues equal expenses.

<u>BOCA:</u> Building Officials and Code Administrators International, an organization that writes the guidelines for basic community building codes.

<u>BOND</u>: A written promise to pay a specified sum of money, called the face value or principal amount, at a specified date in the future, called the maturity date, together with periodic interest at a specified rate.

BOND RATING: An assessment of the likelihood that a bond issuer will pay the interest on its debt on time. Bond ratings are assigned by independent agencies, such as Moody's Investors Service and Standard & Poor's. Ratings range from AAA or Aaa (highest) to D (in default). Bonds rated below B are not investment grade and are called high-yield or junk bonds. Since the likelihood of default is greater on such bonds, issues are forced to pay higher interest rates to attract investors. Evanston is rated as an Aa2 community by Moody's Investors Service.

<u>BONDED DEBT:</u> Portion of indebtedness represented by outstanding bonds.

<u>BUDGET</u>: A fiscal plan showing estimated expenditures, revenue, and service levels for a specific fiscal year.

BUDGET ADJUSTMENT: Legal procedure utilized by the City staff and Council to revise an adopted budget. The City of Evanston has a written budget adjustment policy that allows adjustments in accordance with the City Code.

BUDGET CALENDAR: The schedule of key dates or milestones, which the City departments follow in the preparation, adoption and administration of the budget.

<u>BUDGET DOCUMENT:</u> Instrument used by the budget-making authority to present a comprehensive financial plan of operations to the City Council.

BUDGET MESSAGE: The opening section of the budget document, which provides the City Council and the public with a general summary of the most important aspects of the budget, including current and previous fiscal years, and the views and recommendations of the City Manager.

<u>BUDGETARY CONTROL</u>: The control or management of a governmental or enterprise fund in accordance with an approved budget to keep expenditures within available revenue.

CAPITAL EXPENDITURE (ALSO KNOWN AS CAPITAL OUTLAY): Refers to the purchase of land, buildings, and other improvements and also the purchase of machinery and equipment items which have an estimated useful life of three years or more and belong to the classes of property commonly considered as fixed assets.

CAPITAL IMPROVEMENT PLAN (CIP): A plan for capital expenditures to provide long-lasting physical improvements to be incurred over a fixed period of several future years.

CAPITAL IMPROVEMENT PLAN BUDGET: A Capital Improvement Program (CIP) budget is a separate budget from the operating budget. Items in the CIP are usually construction projects designed to improve the value of government assets.

<u>CAPITAL PROJECT</u>: A specific identifiable improvement or purpose for which expenditures are proposed within the capital budget or capital improvement plan. Examples of capital improvement projects include new roads, sewer lines, buildings, operating systems, recreational facilities, and large scale remodeling.

<u>CAPITAL PROJECT FUND</u>: A fund created to account for financial resources to be used for the acquisition or the construction of major capital facilities or equipment.

<u>CASH BASIS</u>: A basis of accounting under which transactions are recognized only when cash changes hand.

<u>CITY COUNCIL:</u> The Mayor and nine (9) Aldermen collectively acting as the legislative and policy making body of the City.

<u>COMMODITIES</u>: All expenditures for materials, parts, supplies and commodities, except those incidentally used by outside firms performing contractual services for the City.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG): Federal funds made available to municipalities specifically for community revitalization. Funds may be used by internal City divisions, or distributed to outside organizations located within the City's boundaries.

COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR): A governmental unit's official annual report prepared and published as a matter of public record, according to governmental accounting standards.

<u>CONTINGENCY:</u> A budgetary reserve, set aside for emergencies or unforeseen expenditures not otherwise budgeted.

CONTRACTUAL SERVICES: Expenditures for services which are obtained by an express or implied contract. Major types of contractual services are: (1) advertising and printing; (2) maintenance and repair services; (3) public utility services; and (4) travel and training.

<u>DEBT SERVICE</u>: The City's obligation to pay the principal and interest of all bonds and other debt instruments according to a predetermined payment schedule.

<u>DEBT SERVICE FUND:</u> A fund established to account for the accumulation of resources for the payment of principal and interest on long term debt.

Glossary

<u>DEFICIT</u>: The excess of the liabilities of a fund over its assets; or the excess of expenditures over revenues during an accounting period; or, in the case of proprietary funds, the excess of expense over income during an accounting period.

<u>DEPARTMENT:</u> Administrative subsection of the City that indicates management responsibility for an operation.

DEPRECIATION: That portion of the cost of a capital asset that is charged as an expense during a particular period. This is a process of estimating and recording the lost usefulness, expired useful life, or diminution of service from a fixed asset that cannot or will not be restored by repair and will be replaced. The cost of the loss of usefulness of a fixed asset is the depreciation or the cost to reserve in order to replace the item at the end of its useful life.

DISTINGUISHED BUDGET AWARD: A voluntary program administered by the Government Finance Officers Association to encourage governments to publish well-organized and easily-readable budget documents and to provide peer recognition and technical assistance to the fiscal officers preparing them.

ENCUMBRANCE: Obligations in the form of purchase orders and contracts which are chargeable to a budgetary account and for which a part of the balance is reserved because the goods or services have not been received. When paid, the encumbrance is liquidated.

ENTERPRISE FUND: A fund established to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs of providing goods or services to the general public on a

continuing basis be financed or recovered primarily through user charges.

ETSB: Emergency Telephone Systems Board.

EXPENDITURES: This term refers to the outflow of funds paid or to be paid for an asset obtained or goods and services obtained, regardless of when the expense is actually paid. Note: An encumbrance is not expenditure. An encumbrance reserves funds to be expended for a future date.

EXPENSES: A decrease in net total assets. Expenses represent the total cost of operations during a period regardless of the timing of related expenditures.

<u>FEMA:</u> Federal Emergency Management Agency.

FICA: Federal Insurance Contribution Act, the name of the piece of federal legislation that established the Social Security payroll tax. The current FICA tax rate is 15%, half of which is paid by the employer and half by the employee.

<u>FISCAL YEAR (FY)</u>: The time period designating the beginning and ending period for recording financial transactions. The City of Evanston moved to a calendar year fiscal year beginning in FY2012.

<u>FIXED ASSETS:</u> Assets of a long term character which are intended to continue to be held or used, such as land, buildings, machinery and equipment.

FRANCHISE FEE: The fee paid by public service businesses for use of City streets, alleys, and property in providing their services to the citizens of a community. Services requiring franchises include electricity, telephone, natural gas, and cable television.

<u>FULL ACCRUAL BASIS</u>: The basis of accounting under which transactions are recognized when they occur, regardless of the timing of estimated cash flows.

FULL-TIME EQUIVALENT (FTE): Staff hours equal to one full-time employee; typically 37.5 or 40 hours per week, depending on position classification.

<u>FUND</u>: An accounting entity with a separate set of self-balancing accounts which comprise its assets, liabilities, fund balance, revenues and expenditures.

<u>FUND ACCOUNTING:</u> A governmental accounting system that is organized and operated on a fund basis.

<u>FUND BALANCE</u>: The assets of a fund less liabilities, as determined at the end of each fiscal year. Any reservations of fund balance are deducted to result in an "unreserved fund balance."

<u>FUND TYPE:</u> In governmental accounting, all funds are classified into eight fund types: General, Special Revenue, Debt Services, Capital Projects, Special Assessment, Enterprise, Internal Service, and Trust and Agency.

GASB 67/68: Financial reports of defined benefit pension plans.

GENERAL FUND: The largest fund within the City, the General Fund accounts for most of the financial resources of the government. General Fund revenues include property taxes, licenses and permits, local taxes, service charges, and other types of revenue. This fund usually includes most of the basic operating services such as fire and police protection, parks, recreation and community services, public works, health, community development, and general administration.

GENERAL ACCEPTED ACCOUNTING PRINCIPLES (GAAP): Uniform minimum standard of and guidelines to financial accounting and reporting. They govern the form and content of the basic financial statements of an entity. They encompass the conventions, rules, and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guidelines of general application, but also detailed practices and procedures. They provide a standard by which to measure financial presentations.

GENERAL OBLIGATION (GO) BONDS:

Bonds that finance public projects such as streets, municipal facilities, and park improvements. The repayment of these bonds is made from property taxes, and these bonds are backed by the full faith and credit of the issuing government.

<u>GFOA:</u> Government Finance Officers Association.

<u>GPS</u>: Global Positioning System, equipment that has the ability to survey the location of an object.

<u>GRANT</u>: A contribution by a government or other organization to support a particular function. Typically, these contributions are made to local governments from the state and federal governments.

IDOT: Illinois Department of Transportation.

<u>IDPH:</u> Illinois Department of Public Health.

<u>IEPA:</u> Illinois Environmental Protection Agency.

IMRF: Illinois Municipal Retirement Fund, a pension plan for employees of member cities within the State of Illinois.

<u>INCOME</u>: A term used in proprietary fund type accounting to represent revenues, or the excess of revenues over expenses.

<u>INFRASTRUCTURE:</u> The underlying permanent foundation or basic framework.

<u>INTEREST EARNINGS:</u> The earnings from available funds invested during the year in U.S.

<u>INTERFUND</u> <u>TRANSFER:</u> Amounts transferred from one fund to another.

<u>INTERNAL SERVICE FUND:</u> Fund used to account for the financing of goods or services provided by one department to another department on a cost reimbursement basis.

<u>INVESTMENTS</u>: Securities and real estate held for the production of revenues in the form of interest, dividends, rentals, or lease payments. The term does not include fixed assets used in governmental operations.

<u>ISO</u>: Insurance Services Office, a non-profit organization that grades the Fire Department's ability to provide service to a community, which is reflected in the insurance premium paid by the occupier.

<u>LEVY</u>: To impose taxes, special assessments, or service charges for the support of City services.

<u>LIABILITIES</u>: Debts or other legal obligations arising out of transactions in the past which must be liquidated, renewed, or refunded at some future date.

<u>LONG-TERM DEBT:</u> Debt with a maturity of more than one year after the date of issuance.

MABAS: Mutual Aid Box Alarm System. This system was established to provide a swift, standardized and effective method of mutual aid assistance for extra alarm fires and mass casualty incidents. The MABAS system is divided into over 20 Divisions from the communities along I-53 and the Northwest Tollway corridor.

MAINTENANCE: All materials or contract expenditures covering repair and upkeep of City buildings, machinery and equipment, systems, and land.

<u>MFT</u>: Motor Fuel Tax, represents revenues for the City's share of gasoline taxes, allotted by the state for street improvements.

MODIFIED ACCRUAL BASIS: The accrual basis of accounting adapted to governmental fund type spending measurement focus. Under it, revenues are when become both recognized they "measurable" and "available" to finance expenditures of the current period. Expenditures are recognized when the related fund liability is incurred except for (1) inventories of materials and supplies which may be considered expenditures either when purchased or when used; (2) prepaid insurance and similar items which need not be reported; (3) accumulated unpaid vacation, sick pay, and other employee benefit amounts which need not be recognized in the current period, but for which larger than normal accumulations must be disclosed in the notes to the financial statements; (4) interest on special assessment indebtedness which may be recorded when due rather than accrued, if offset by interest earnings on special assessment levies, and (5) principal and interest on long-term debt which are generally recognized when due.

MOODY'S INVESTMENT RATING SERVICE: An independent agency that analyzes the financial credit ratings of organizations. These ratings are based on debt issuance and carry a three letter coding. The City possesses a Prime-1 rating level, which is Aa1.

<u>MUNICIPAL</u>: Of or pertaining to a city or its government.

NORTAF: North Regional Major Crimes Task Force, this task force was established to serve as a standing task force that would be available to its member agencies for the investigation of major crimes, including homicides and non-parental kidnappings. Member communities include Evanston, Glencoe, Glenview. Kenilworth, Lincolnwood. Morton Grove. Niles. Northbrook, Northfield, Skokie, Wheeling, Wilmette, and Winnetka.

OBJECTIVES: The objectives in the performance area of the budget are statements of one-time projects. These statements are intended to address either a new service or project, or a significant change in focus or priority in response to a special community need or City effort to improve productivity. Objectives are generally limited to one fiscal year.

ONGOING ACTIVITY MEASURES: These measures provide annual workload data on the activities of the City, which occur on an ongoing basis, year after year

OPERATING BUDGET: A financial plan outlining the estimated revenues and expenditures and other information for a specific period (usually a fiscal year). The "proposed budget" is the financial plan presented by the City Manager for consideration by the City Council, and the "adopted budget" is the financial plan

ultimately approved and authorized by the City Council.

<u>OPERATING EXPENSES:</u> Proprietary fund expenses that are directly related to the fund's primary service activities.

<u>OPERATING INCOME:</u> The excess of proprietary fund operating revenues over operating expenses.

<u>OPERATING REVENUES:</u> Proprietary fund revenues that are directly related to the fund's primary service activities. They consist primarily of user charges for services.

<u>PENSION TRUST FUNDS:</u> Funds created to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units, and/or other funds. These include the funds for the Police and Fire Pension Boards.

PER CAPITA COSTS: The cost of service per person. Per capita costs in Evanston are based on a 74,486 estimated population provided by the 2010 Census.

<u>PIMS:</u> Police Information Management System, a computerized record system developed and maintained by the State of Illinois Criminal Justice Information Authority.

<u>PROPERTY TAXES:</u> Used to describe all revenues received in a period from current taxes, delinquent taxes, penalties, and interest on delinquent taxes.

<u>PUBLIC HEARING:</u> The portions of open meetings held to present evidence and provide information on both sides of an issue.

Glossary

RESERVE: An account used to indicate that a portion of fund balance is restricted for a specific purpose. An account used to earmark a portion of fund balance to indicate that it is not appropriate for expenditure. A reserve may also be an account used to earmark a portion of fund equity as legally segregated for a specific future use.

<u>REVENUES</u>: All amounts of money earned or received by the City from external sources. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues and interest income.

<u>REVENUE BONDS:</u> Bonds whose principal and interest are payable exclusively from a revenue source pledged as the payment source before issuance.

<u>ROI</u>: Return on investment, a method to assist management decision-making by evaluating the return on various investment alternatives.

<u>SALES TAXES</u>: The City receives two types of sales taxes – one from the state and the other from a home-rule sales tax. The state tax rate is 1% and the local home rule sales tax rate is 1%.

SERVICES BILLED OUT: Includes revenues received for services provided by one department to another within the same fund. An example would be the revenue received by the Community Development Department for services provided by Public Works, such as vehicle maintenance.

SYEP: Summer Youth Employment Program.

<u>TAX BASE</u>: The total value of all real and personal property in the City as of January 1 of each year, as certified. The tax base represents net value after all exemptions.

<u>TAX LEVY:</u> The resultant product when the tax rate per one hundred dollars is multiplied by the tax base.

<u>TAX RATE</u>: A percentage applied to all taxable property to raise general revenues. It is derived by dividing the total tax levy by the taxable net property valuation.

<u>TAXES</u>: Compulsory charges levied by a government for the purpose of financing services performed for the common benefit. The term does not include charges for services rendered only to those paying such charges; for example, sewer service charges.

TIF: Tax Increment Financing or the act of capturing the amount of property taxes levied by a taxing unit for the year on the appraised value of real property located within a defined investment zone. The tax increments are paid into the TIF fund and used to pay project costs within the zone, including debt service obligations.

<u>USER CHARGES</u>: The payment of a fee for direct receipt of a public service by the party benefiting from the service.

<u>YEP:</u> Youth and Young Adult Job Training and Employment Program.
