Cover up furniture and personal belongings in rooms where windows will be replaced to prevent any debris from going on them. 2. Remove existing 56 windows. 3. Install 56 new vinyl double hung Energystar efficient .03 factory grade argon gas filled Low E windows where old windows have been removed. The new windows will fit in existing frames. 4. Install aluminum coil trim on the exterior of the newly installed 56 windows. Aluminum coil color will match the existing color/design. 5. Prime and paint interior trims around the 56 newly installed windows. 6. Clean up work areas thoroughly and dispose of all debris at an appropriate municipal dump site. <p>Note: The new windows will be installed in the existing frames – the existing window openings will not be changed.</p>
