

CITY OF EVANSTON
REQUEST FOR PROPOSAL

NUMBER: 22-01

For

Water Meter Replacement Project Phase II

February 3, 2022

PROPOSAL DEADLINE: 2:00 P.M., March 22, 2022

ELECTRONIC BID SUBMITTAL:

Bid responses will only be accepted electronically
via E-bidding through DemandStar (WWW.DEMANDSTAR.COM)

**It is highly recommended that new DemandStar users complete the account setup
process prior to project due date/time.**

**PERFORMANCE/MATERIAL
& LABOR PAYMENT BOND: 100% of Contract Amount**

CONTRACT PERIOD: Contract award through August 1, 2024

CITY OF EVANSTON
NOTICE TO PROPOSERS

Proposals will be received by the Purchasing Office until 2:00 P.M. local time on **March 22, 2022**. Effective immediately, the City of Evanston will no longer accept hard copy paper submittals for any solicitation. Responses will only be accepted electronically via E-bidding through DemandStar (www.demandstar.com). Although registration is required, vendors can download solicitations and upload responses for free. Proposals shall cover the following:

Water Meter Replacement Project Phase II
RFP Number: 22-01

The City of Evanston's Water Production Bureau of the Evanston Public Works Agency is seeking proposals from experienced firms for the installation of water meters throughout the City of Evanston.

The above item shall conform to the RFP on file in the Purchasing Office. Parties interested in submitting a proposal should contact the Purchasing Office to receive a copy of the RFP or see the City's website at: www.cityofevanston.org/business/bids-proposals/ or Demandstar at: www.demandstar.com.

The City (the City of Evanston) in accordance with the laws of the State of Illinois, hereby notifies all firms that it will affirmatively ensure that the contract(s) entered into pursuant to this notice will be awarded to the successful firm without discrimination on the grounds of race, color, religion, sex, age, sexual orientation marital status, disability, familial status or national origin. The State of Illinois requires under Public Works contracts that the general rate of wages in this locality be paid for each craft or type of worker hereunder. This requirement is in accordance with The Prevailing Wage Act (820 ILCS 130) as amended. The City of Evanston reserves the right to reject any or all submittals or to accept the submittal(s) deemed most advantageous to the City.

The Evanston City Council also reserves the right to award the contract to an Evanston firm if that firm's bid is within 5% of the low bid.

Each Proposer shall be required to submit with his/her proposal a Disclosure of Ownership Interest Statement Form in accordance with Section 1-18-1 *et seq.* of the City Code. Failure to submit such information may result in the disqualification of such proposal.

Jillian Ostman
Purchasing Specialist

CITY OF EVANSTON
Request for Proposal

1.0 INTRODUCTION

The City is seeking proposals/qualifications for The City is seeking proposals from qualified firms, experienced in the supply and installation of water meters located at each customers property for measuring potable water usage. The City of Evanston has approximately 14,400 customer accounts spread out over a 7.8 square mile area. This project shall be Phase II of II and will consist of the replacement of approximately 4,706 water meters and meter interface units (MIU) throughout the City (sections 1, 2 & 3) for residential, commercial, multi-family and industrial customers. A vast majority of these meters were installed over 20 years ago and are nearing the end of their useful life. A map of the City is included on page 31. It is the intent of the City to issue a single contract to the selected firm to provide all the necessary services according to the specifications contained herein. There will be no independent contracts issued by the City to any other contractor. The contractor will be responsible for adhering to all requirements of the specifications and for the performance of all sub-contractor(s). The supplied water meters shall be nutating disc design and shall be of the highest quality, capable of reading to the best accuracy and precision possible, and be constructed to last a minimum of 20 years.

The selected firm must provide all necessary services to meet the objectives of this project. Further information on the services that the City of Evanston anticipates will be required for this project is contained in the Scope of Services section. Any work that is to be sub-contracted or performed by others shall be clearly defined. All sub-contractors(s) are subject to the City's review and approval.

The City of Evanston also seeks to have the installation contractor identify the water service line material (lead, copper, steel, plastic, etc.) entering the building that connects to the water meter and complete the City of Evanston's Basic Cross Connection Control Survey Report (electronic version including underground lawn sprinkler system, fire suppression, boiler/heat exchanger and swimming pool – basement area only) for each property. An Electronic Cross Connection Survey Report will be provided by the City as well as guidance regarding water service line material identification. The contractor will also distribute a point of use pitcher (POU) with 6 months of replacement filters at each located where a water meter replacement occurs. The POU pitchers will be provided by the City of Evanston but shall be stored by the selected contractor during the project duration.

The contract term desired is for a period of 24 months with one 1 year extension.

All water meters and encoders must be compatible with the Neptune R900 AMI MIU and certified by Neptune.

Contact with City personnel in connection with this RFP shall not be made other than as specified in this RFP. Unauthorized contact of any City personnel may be cause for rejection of a proposal.

Prior to the submittal of a proposal, Proposers are advised to carefully examine

- the contract documents

- project scope and work tasks to be accomplished
- specifications
- submittal requirements
- insurance requirements and required documentation

Proposers are advised to become thoroughly familiar with all conditions, instructions and specifications governing this RFP. Proposals shall be made in accordance with these instructions. Proposals shall be submitted on the forms provided by the City

The City will not be liable in any way for any costs incurred by respondents in replying to this Request for Proposal.

2.0 SCOPE OF SERVICES

2.1 Water Meters

2.1.1 General

Meters shall be of either the nutating disk style of meter. Meters shall be positive in action. Discs shall displace a fixed quantity of water for each nutation when operated under positive pressure. Meters shall conform to AWWA C700/C710.

All meters shall comply with NSF/ANSI 61 Lead Free requirements (including Annex F and Annex G). With proposal submittal, submit certification that meters comply with these standards.

All water meters and encoders must be compatible with the Neptune R900 AMI MIU and certified by Neptune.

All meter change-outs will be like for like in size, nutating disc type.

The City's current meter reading/route cycle is daily by the Neptune AMI system, billing is performed every two months.

2.1.2 Meter Housing

The bottom closure of the outer casing for 5/8", 3/4" and 1" meters shall be provided with an approved frost protection device that will relieve the pressure within the main case and minimize damage to internal parts. Meter bottom plate must indicate if the meter has been damaged due to freezing without disassembling the meter. The chamber shall be secured to the main case so that the accuracy of the meter will not be affected by any distortions of the case when operating at a pressure of 150 psi. All meter bodies shall show meter size, model and serial number and indicate the direction of water flow. All external bolts, nuts and washers shall be made of corrosion resistant material and be easily removed from the main case.

2.1.3 Laying Length

The laying length of the meter assembly shall be as follows:

<u>Meter Size</u>	<u>Laying Length</u>	
5/8"	7.5"	
3/4"	9"	
1"	10-3/4"	
1 1/2" (flange end)	13"	
2" (flange end)	17"	
2" compound	15" 1/4"	Strainer 7"
2" (turbine)	10"	Strainer 7"

2.1.4 Meter Performance and Accuracy

The meters shall meet the following requirements for accuracy when tested with potable water at a maximum temperature of 80 degrees F:

At any rate of flow within the normal test flow limits the meter shall register not less than 98.5% and not more than 101.5% of the water actually passed through the meter and disc nutations must not exceed the figures recommended in the latest revision of AWWA Standards C700.

Further commitment from the manufacturer shall be provided in the form of a written warranty which describes a comprehensive accuracy warranty, including new meter accuracy and repaired meter accuracy time and consumption limitations.

Factory test results shall be included with each meter shipped, noting serial number and results (in percent) at each AWWA flow rate. Meters may be tested upon delivery and, upon failure to meet or exceed AWWA new meter standards, will be subject to rejection. Factory test results for each meter shall be provided to the City.

2.1.5 Register

The register shall meet applicable requirements of AWWA C707. It shall be permanently (hermetically) sealed to provide moisture resistance to flooded pit or submerged conditions. The register shall register in cubic feet. Registers and integrated meters shall be equipped with a sweep hand (i.e. low flow or "leak") indicator capability.

The register shall assemble to the meter with a four position bayonet and seal screw fastening. The digital output of the register shall provide digitally formatted data and wiring to the Radio Frequency AMR device representing accurate meter information.

The register shall not be in contact with the water being measured. The register device shall be so designed to permit removal and exchange without removal of the meter from the service installation or interruption of service water supply.

The register shall provide a minimum of an 6 dial reading output, offer an analog reading output for meter sizes 5/8" up to 1" and a digital reading output for meter sizes 1.5" and larger.

All water meters and encoders must be compatible with the Neptune R900 AMI MIU and certified by Neptune.

2.1.6 Environment

Meters must be fully functional when used over the full range of environmental and operational characteristics encountered in meter pits or vaults subjected to submergence, including operation at minimum temperatures of 0 to 38° C and humidity of 0 to 100 percent non-condensing.

2.1.7 Manufacturer

Meter suppliers must have been manufacturing water meters for at least 10 years.

2.1.8 Warranty

Meters shall be guaranteed to be free from defects in materials and workmanship for a period of one year. Housings are to be warrantied to retain their structural integrity for a minimum of 20 years from the date of shipment. Absolute register registers shall be warrantied for a period of 10 years from the date of shipment.

2.1.9 Warranties

All items not otherwise specified in this RFP shall be provided with a minimum 1-year warranty. Provide a list of components with the warranty information specified for each individual item.

2.2 Water Meter Change-out

2.2.1 General

Refer to the meter inventory included as Exhibit A for a total count of meters. Include Meters/strainers, Installation and Total Base Proposal Cost.

The old meter shall become the property of the contractor. The unit price for the meters should reflect any salvage value for the old meters.

The installation shall require the installer to test the new equipment to make sure it is functioning properly. The installer will be sure that there are no leaks at the site that are related to the installation.

Any non-standard installation, including missing or tampered meter, or flagrant code violations observed by the installers is to be reported to the City immediately.

Proposer shall conduct installations by section, or group of sections. Section groups should be based on geographic proximity and logistics, and neighborhoods determined by the City in discussion with the Proposer.

The City retains the right to prioritize neighborhoods, or to reorganize priorities, both before the program begins, and during the program. Unless approved in writing by the City, the Proposer shall complete at least 90

percent of the installations in one section or group of sections before commencing installation on the next route. Exceptions to the requirement to complete an installation may be granted by the City.

Contractor shall provide each address with a copy of the City of Evanston lead information notice after each meter replacement. Lead information notices will be provided to the contractor by the City. The contractor shall also provide each address with a point of use pitcher and 6 months of replacement filters.

The City shall not supply the contractor with any types of safe and secure office and or warehouse space.

2.2.2 Staff Qualifications

Water meter installations installed by the Contractor must be installed by plumbers licensed by the State of Illinois. The Contractor shall submit copies of all plumbers' licenses to the City prior to beginning installation of water meters. Only plumbers approved by the City will be allowed to complete installation. **The Meter Replacement Project is not a State of Illinois project. See the following for Current Cook County Illinois Prevailing Wage and Explanation of Classes:** <https://www.illinois.gov/idol/Laws-Rules/CONMED/Rates/2015/july/COOK9999.htm>

2.2.3 Existing Conditions/ Installation Procedures

Existing water meters to be replaced are not guaranteed to be installed according to the Illinois Plumbing Code or in accordance with acceptable plumbing practice. Most residential water meter installations have grounding straps. Deduct meters are not collocated with the water meters.

In the event that the meter isolation valves are not operating properly or have not been previously installed, a freeze kit may be used to isolate the meter. If this is not successful, the Contractor shall contact the City to operate the Buffalo Box at the curb to turn off the water to the property. It is unknown if valves at meter are in working condition so that water can be turned off and back on. It is unknown whether or not any existing water meters have dual check valves.

Strainers shall be replaced only if one currently exists. Current existing strainer quantities are unknown. Contractor shall not "plumb in" strainers at any location. Contractor shall notify City immediately with questions concerning strainers during installation appointments.

Most water meters have coupling adaptors. Current water meters have straight pipe installations. Existing conditions are unknown whether or not 2" and greater water meters have a by-pass.

In some locations, the water meter may not be accessible. In this situation, discontinue the installation and notify the Water Production Bureau. The Water Production Bureau will work with the property owner to make the water meter accessible to the Contractor.

Payment will be made only upon the successful completion of the water meter installation. All costs associated with the meter installation will be incidental to this line item.

2.2.4 Customer Appointment Scheduling

Customer appointments shall be scheduled as detailed in the section below on Customer Appointment Scheduling.

2.2.5 Meter Installation Detail

Regardless of existing layout, all new water meter installations shall be in accordance with the meter installation by City Ordinance, **refer to page 30** regarding the typical water meter install detail. If the Contractor does not believe such an installation is feasible, he shall immediately contact the Water Production Bureau for further direction. All meters included in the project are not located in pits/vaults, confined spaces and roadways/alleys. The City shall not provide ancillary parts for this project such as replacement valves, expansion connectors, etc.

Account data file with either latitude/longitude or addresses will not be provided at this time. Please refer to Exhibit A for quantities.

2.2.6 Wiring

All wiring between the water meter and the MIU shall be replaced with new wire. Utilize existing conduit and wiring pathways where they are available and practical to reuse. All wiring installations shall be completed in a neat and professional manner with good workmanship and in accordance with the National Electrical Code. **The current MIU manufacturer is Neptune R450. The new MIU technology is fixed base Neptune R900. The current MIU wire colors are as follows:**

Neptune Meters	
MIU	Grey wire or meter head
red	red
green	green
black	black
Badger Meters	
MIU	Brown wire
read	green
green	black
black	red

Approximately 95% of MIUs are installed outdoors, typical wire run from meter/register to the MIU is 10-25 feet. The percentage of finished basements are unknown.

2.2.7 Photo Documentation

Prior to beginning the work on the removal of an existing meter, or in the case in which work cannot be completed because of existing site conditions, take photos using a digital camera. Photos shall include immediate work area, existing meter layout, and a photo of the face of the meter in which the meter reading is legible. In each photo, contractor shall include a whiteboard on which the installation address is legibly written.

Once the installation is complete, take photos of the work area, including the new meter layout.

Catalog all photos by property address and account number. Submit photos with the monthly payment application for all work covered by the payment application.

2.2.8 Recordkeeping

Prior to the removal of the existing meter, note the following information:

- Existing meter reading at water meter
- Manufacturer, model and size of meter removed, if known
- Water meter model number

Once the new meter installation is complete, record the following information:

- New meter reading at water meter
- New meter manufacturer, model and size
- Water meter model number

2.2.8 Customer Appointment Scheduling

2.2.8.1 General Customer Contact Procedure

The Contractor will send an initial mailing notifying all property owners and City residents of the Water Meter Replacement project. **Letter verbiage and format will be provided by the Water Production Bureau, see page 32. Information regarding the project will be available on one or all of the following: City's website, social media outlets and water bill mailing.**

The Contractor shall be responsible for contacting individual customers to set up appointments for meter installations and wiring replacements. The Contractor shall make at least three attempts to contact a property owner to schedule an appointment. The Contractor, at a minimum, must use a mailed letter and a door hanger for two of the three contacts. The third contact may be either a letter or a door hanger. After the second failed attempt by the Contractor, the City will provide the Contractor with phone numbers and email addresses for the customers, when this information is available. At his discretion, the Contractor may use these to contact

customers in addition to the three times listed above. The Contractor shall document the date and the method of all customer contact attempts.

2.2.8.2 Customer Contact for Meter Installation and Planned Wiring Replacement

In the case of meter and planned wiring replacements, the Contractor shall allow at least seven calendar days between each of the three required customer contact attempts. If the customer does not have a scheduled appointment within 14 calendar days of the third attempt, the Contractor shall notify the City and the City shall work with both the customer and the Contractor to schedule the customer appointment.

2.2.8.3 Customer Contact for Unplanned Troubleshooting and Wiring Installation

For situations in which the Contractor must schedule an appointment for unplanned troubleshooting or wiring replacement, the Contractor shall allow at least 24 hours (1 business day) between each of the three required customer contact attempts. If the customer does not have a scheduled appointment within 48 hours of the third attempt, the Contractor shall notify the City and the City shall work with both the customer and the Contractor to schedule the customer appointment.

2.2.8.4 Appointment Verification

Once a customer has scheduled an appointment through the call center, the customer must be given the option to have a verification of the appointment time emailed to them if they are willing to provide an email address to the call center.

2.2.8.5 Format for Letters and Door Hangers

At a minimum, letters and door hangers must contain the following information:

- Name of Contractor
- Description of work to be performed
- Phone number for call center
- Hours of operation for call center
- Information on City's 311 system which customers can contact for additional information

All letters and door hangers must be submitted to the City for approval. Provide a graphic of a sample door hanger as part of your proposal submittal.

2.2.8.6 Installation Appointment Times

At a minimum, Contractor must be able to schedule customer appointments during the following hours:

Tuesday – Friday 7:30 am to 5 pm (**Work can be scheduled on Mondays**)

Saturday 9 am to 1 pm (at least three Saturdays per month)

In addition, Contractor must offer customer appointments from 5 pm to 7:30 pm at least two nights per week. The call center must remain open

during appointment installation times to provide verification of Contractor identification. At the Contractor's discretion, additional hours for installation appointments may be offered to customers.

Contractor should expect that some meter replacements will occur in the evenings and on weekends. No additional compensation will be provided for appointments that occur in the evening or on weekends.

Additional charges to the contractor as a result of City personnel responding to the contractor during all of the days/hours listed will be determined case by case.

No work shall be allowed on City holidays:

- New Year's Day
- Dr. Martin Luther King, Jr.'s Birthday
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving
- Friday after Thanksgiving
- Christmas Eve
- Christmas Day

2.2.9 Communications/ Call Center

2.2.9.1 General

The Contractor shall provide a call center to coordinate customer contact. The call center phone number shall be either toll free or have an 847 area code. The call center shall be able to set up appointments, answer general questions related to the Water Meter Replacement project (or take messages for call backs to address concerns) and be able to verify identity of Contractor staff. The Contractor shall provide an email address for customers to contact the call center.

2.2.9.2 Staff Qualifications

The call center shall be staffed by operators with experience in Water Meter Replacement call center operations or by staff with sufficient training to perform call center work successfully.

2.2.9.3 Hours of Call Center Operation

At a minimum, call center hours of operation shall be:

Monday – Friday	9 am to 7 pm
Saturday	9 am to 1 pm

In addition, the call center must remain open during appointment installation times to provide verification of Contractor identification.

The Contractor shall provide an online web portal for making appointments in addition to the call center.

2.2.10 Communications/ Website

The Contractor shall maintain a website to provide information on the Water Meter Replacement project. Information on the website shall include:

- Description of Meter Replacement project
- Method/ information for customers desiring to make an appointment
- Call center contact information and hours of operation
- Information for customers on how to maintain household security during the Meter Replacement project
- Information for customers on how to verify identification of the meter installers
- List of meter installers, including name and picture of each installer

The City's website will provide a link to the Contractor's website. The City will review and approve all information placed on the Contractor's website.

2.2.11 Staff Qualifications

All staff interfacing with the public, entering private property or handling personal information of Evanston community members will be required to undergo criminal background checks and will be required to have a Contractor photo ID badge issued by the City of Evanston and must be worn at all service appointments. The City of Evanston will not be responsible for conducting the investigations.

2.2.12 Installation Tracking System

Contractor must make available for the City a web-based meter installation tracking system that can be used to manage and track the meter change-out program. This system should include a wide variety of project tracking statistics, installation data, problem logs, inventory tracking systems and progress reports.

2.3 Meetings / Updates

2.3.1 Kickoff Meeting

Within 10 days of Notice to Proceed, attend kickoff meeting with key City staff. Prepare agenda for kickoff meeting. At a minimum, agenda shall include the following:

- Project Management
 - o Introduction of Contractor and City staff with discussion of role of each person
 - o List of major subcontractors and suppliers
 - o Construction schedule
- Critical work sequencing
- Procedures and processes for:
 - o Field decisions
 - o Submittals
 - o Change orders
 - o Applications for payment
 - o Issuing Daily and Weekly Status Reports

- Call Center operations
- Customer outreach
- Meter installation procedures
- Resolving failed Meters/ MIUs
- Schedule for progress meetings

Contractor shall issue minutes within 7 calendar days of meeting to all attendees.

2.3.2 Progress Meetings

The project team shall have regular bi-weekly (every two weeks) meetings from the kickoff meeting until project completion. Meetings shall be located at the Evanston Water Utility (555 Lincoln Street). Prepare agenda for each progress meeting. At a minimum, agenda shall include the following:

- Approval of minutes from previous progress meeting
- Review of work since previous meeting
- Project schedule update
- Four week look ahead detailed schedule of work
- Submittal status
- Request for Information (RFI) status
- Change Order status
- Customer complaints
- Contractor issues
- City issues
- Date/time of next progress meeting

2.3.3 Status Reports

2.3.3.1 Daily Summary Reports

Once installation has begun, Contractor shall submit daily summary reports. Reports for each day shall be submitted via email to the City project team by noon of the following business day. Reports shall include:

- A list of all meter and wire installations from the previous 24 hours, listed by customer account number and address.
- A plan for all meter and wire installations planned to be completed in the next 24 hours, listed by customer account number and address.
- A list of all problem installations and their current status

2.3.3.2 Weekly Status Reports

Throughout the entire project, Contractor shall submit weekly status reports. Reports for each week shall be submitted via email to the City project manager within three business days of the end of the week. Reports shall include:

- A list of all meter and wire installations from the previous week, listed by customer account number and address
- A plan for all meter and wire installations planned to be completed in the next week, listed by customer account number and address
- A list of all problem installations and their current status
- A list of all recorded customer complaints and their current status

- A summary status of the number of meter and wire installations completed to date, listed by City area and benchmarked against the total for that area to calculate a percent complete for that area.
- A total of customer appointments for meter installation that have been scheduled benchmarked against the total appointments needed for that area
- A description of any potential project issues, highlighting any that impact the project schedule or the total cost of the project

2.4 Payment Applications

2.4.1 General

Payment applications shall be submitted on a monthly basis for the duration of the project. All payment applications shall be based on the unit price cost proposal table (all other costs shall be incidental to the items in the cost proposal table). Payment applications shall have a cut-off date, and only work prior to the cutoff date shall be considered for payment.

2.4.2 Items to be Submitted With Payment Application

All payment applications require the following information:

- Backup information for payment items, such as a list of account numbers/addresses eligible for payment
- Updated critical path schedule
- Copies of certified payroll for the payment period, submitted electronically as a .pdf file
- Contractor partial waiver of lien
- Subcontractor partial waivers of lien for the payment made on the previous payment application
- Documentation of M/W/EBE participation
- Documentation of Evanston Local Employment Program participation

Failure to submit weekly reports and required photo documentation will be cause to withhold payment.

2.4.3 Retainage

Retainage for all payments shall be 10%. Following substantial completion, the City at their discretion may elect to reduce the retainage to 5%. Any remaining retainage may only be paid on the final payment.

2.5 Project Constraints

2.5.1 Number of Inactive MIUs, leaking water meters & low pressure

An inactive MIU is defined as an MIU, no longer transmitting usable data, where the existing MIU was actively transmitting reads prior to a Contractor attempting an installation of the proposed water meter, wire, and MIU. It includes when a newly-installed water meter, wire and MIU is actively transmitting reads prior to the installer leaving the site and then ceases to transmit usable data. Low pressure refers to the property having normal pressure prior to the installation and low or sporadic pressure after the installer leaves.

The Contractor is allowed no more than 50 inactive MIUs at any time. Once a Contractor meets or exceeds this number, no new installations will

be allowed until the inactive MIUs are addressed. Included in the 50 will also be leaking meters and low pressure issues. **The City will provide the contractor with “inactive” MIU reporting within 7 days of the water meter being changed-out.**

2.5.2 Milestones/ Liquidated Damages

The project shall have multiple milestones. Liquidated damages shall be applied if milestones are not met.

2.5.2.1 Substantial Completion

Substantial completion extends beyond 23 months from the Notice to Proceed.

2.5.2.2 Final Completion

Contractor agrees to pay the City liquidated damages in the amount of \$500 for each calendar day that final completion extends beyond 30 days from substantial completion.

2.5.2.3 Area Completion

For each geographic area (Sections 1,2 & 3,see EXHIBIT E), the Contractor agrees to pay the City liquidated damages in the amount of \$250 for each calendar day that the geographic area is not at least 90% complete (water meter & wire installations) within 120 calendar days from the time of starting work in that geographic area.

2.5.2.4 Meter, MIU and Planned Wiring Replacement Installation

For each Meter, MIU and Planned Wiring Replacement Installation, the Contractor agrees to pay the City liquidated damages in the amount of \$50 for each calendar day beyond 120 days that the Contractor has not submitted the required documentation showing three appointment scheduling attempts in accordance with the project specifications.

2.5.2.5 Water Service Identification

The City of Evanston also seeks to have the installation contractor identify the water service line material (lead, copper, steel, plastic, etc.) entering the building that connects to the water meter. Unit price for this service shall be included in the Installation section located on page 28. Contractor shall complete the identification form (electronic or web-based). Installation shall not be considered complete until information is submitted. Most current water service line material greater than 1” would be copper, cast or ductile iron. The City will provide the contractor with water service identification verbiage for material identification.

2.5.2.6 Basic Cross Connection Control Survey Report

The City of Evanston also seeks to have the installation contractor complete the Basic City of Evanston Cross Connection Control Survey Report (web-based version including underground lawn sprinkler system, fire suppression, boiler/heat exchanger and swimming pool – basement area only) for each property. Unit price for this service shall be included in

the Installation section located on page 28. Contractor shall make observations in the general area of the water meter and water service line entering the building only. Installation shall not be considered complete until information is submitted. The City will provide the contractor with a web based version of the Cross Connection Control survey to be utilized by the contractor during installation appointments.

2.6 Metering Interface Unit Installation

The City is in the process of migrating from the existing R450 MIU AMI technology to the new R900 MIU AMI technology. As part of the water meter replacement project phase II, the contractor shall replace approximately 4,706 MIUs. The MIU specification shall be the R900v4 (or newer version) wall type. Installations shall occur on the exterior wall of each building unless otherwise not possible. Instances where exterior installations are not possible the contractor shall immediately contact the Water Production Bureau staff.

3.0 INSURANCE

Consultant shall carry and maintain at its own cost with such companies as are reasonably acceptable to City all necessary liability insurance (which shall include as a minimum the requirements set forth below) during the term of this Agreement, for damages caused or contributed to by Consultant, and insuring Consultant against claims which may arise out of or result from Consultant's performance or failure to perform the Services hereunder.

The consultant must provide an insurance certificate naming the City of Evanston as an additional insured and will provide a variety of insurances including:

- comprehensive general liability - \$3,000,000 combined single limit for each occurrence for bodily injury and property damage – designating the City as Additional Insured
- Workers Compensation - Statutory Limits
- Automobile Liability - \$1,000,000 per occurrence for all claims arising out of bodily injuries or death and property damages.
- errors and omissions or professional liability insurance - \$1,000,000

The surety and the insurance company must have not less than an A+ rating from the Alfred M. Best Co., Inc. and be approved by the City of Evanston.

Consultant's certificate of insurance shall contain a provision that the coverage afforded under the policy(s) will not be canceled or reduced without thirty (30) days prior written notice (hand delivered or registered mail) to City.

4.0 SUBMITTAL REQUIREMENTS

The City will no longer accept hard copy paper submittals for any solicitation. Responses will only be accepted electronically via E-bidding through DemandStar. Respondents are still required to complete all of the bid documents and provide all of the requested information in a pdf file(s). **Please refer to attached DemandStar e-bidding documents.**

ANY PROPOSALS RECEIVED AFTER THE SUBMITTAL DEADLINE, WILL BE NOT BE ACCEPTED. It is the sole responsibility of the proposer to insure that his or her proposal is delivered by the stated time. THE CITY IS NOT RESPONSIBLE FOR IMCOMPLETE UPLOADED SUBMITTALS..

A. Cover Letter

The cover letter will include the following:

- introduction of firm signed by an authorized Principal of the firm
- name of firm
- address of firm
- phone number of the firm submitting the proposal
- include the name and signature of an authorized binding official who is authorized to answer questions regarding the firm’s proposal

B. Qualifications and Experience of Firm and/or Team

- All respondents shall describe other contracts (at least 5, but no more than 10) similar in scope, size or discipline to the required services described herein, performed or undertaken within the past five years.
- The respondent must provide references, including name, address and telephone number of a contact person for each project identified and described.
- Indicate commencement dates, duration and type of operation.
- Provide a list of all Municipal clients in Illinois.

C. Area/Regional Manager(s)

Clearly identify the professional staff person(s) who would be assigned as your Area/Regional Manager(s) and provide resumes. The proposal should indicate the abilities, qualifications and experience of these individuals.

D. Fees

Provide a copy of your fees/prices on the attached price/costs form (see page 26).

E. Contract

The City has attached its standard contract in Exhibit J (see page 53– Contractor Services Agreement). Identify all exceptions to the agreement that would prevent your Firm from executing it. The City shall not consider or negotiate regarding exceptions submitted at any time after the submission of the Proposer’s response.

5.0 ADDITIONAL SUBMISSION REQUIREMENTS

N/A

6.0 M/W/EBE GOALS

The City has a goal of 25% of the contract amount for the participation and utilization of Minority-Owned, Women-Owned, and Evanston-based businesses (M/W/EBEs) in completing a portion of the services required by the City. All respondents must submit a statement of the proposed involvement of M/W/EBEs in completing a portion of the required services. Provide a copy of the certification for M/W/EBEs that will assist in achieving the M/W/EBE goal with your submittal as well as the appropriate M/W/EBE

forms or Request for Waiver. Any questions regarding M/W/EBE compliance should be submitted in writing to Tammi Nunez Purchasing Manager at tnunez@cityofevanston.org.

7.0 CITY OF EVANSTON LOCAL EMPLOYMENT PROGRAM REQUIREMENTS

The City of Evanston has a Local Employment Program which is applicable to this project.

Unless prohibited by federal, state, or local law, all contractors entering into contracts with the city for public works projects valued at two hundred fifty thousand dollars (\$250,000.00) shall ensure that:

- (1) Fifteen percent (15%) of the total work hours are performed at the construction site by city of Evanston residents, as laborers and/or trade persons; and
- (2) A minimum of one Evanston resident is hired.

These requirements shall bind the Contractor both with respect to persons working directly for the Contractor and to subcontractors, regardless of tier or phase of the project, hired to perform any portion of the contracted work.

Requirements of the local employment program are satisfied if the contractor already employs Evanston residents sufficient to meet fifteen percent (15%) of the project's total work hours. There is a process for a waiver detailed in the City Ordinance.

Detailed information on the Local Employment Program is contained in the City Ordinance attached as Exhibit J.

8.0 EVALUATION CRITERIA

The City will select the successful firm through an evaluation process based on the firm meeting the specifications which are outlined in this RFP. A review committee will review in detail all proposals that are received. During the evaluation process, the City may require a Proposer's representative to answer questions with regard to the proposal and/or make a formal presentation to the review committee. The review committee will make a recommendation to award the contract based on the criteria set forth below. This contract will be forwarded to the City Council for final approval.

The evaluation criteria listed below will be used in the selection of the successful Proposer.

- A.** Firm Qualifications and Expertise
- B.** Project Team Qualification and Expertise
- C.** Project Approach
- D.** Price
- E.** Organization and Completeness of Proposal
- F.** Willingness to Execute the City of Evanston's Professional Services Agreement
- G.** M/W/EBE Participation

9.0 SELECTION PROCESS

The City will select a firm on the basis of the responsiveness of the proposal to the RFP submittal requirements, the evaluation criteria stated above and the demonstrated willingness to execute an acceptable written contract. The City reserves the right to reject any or all proposals, and to request written clarification of proposals and supporting materials from the Proposer.

While it is the intent of the City to award a single firm, the City reserves the right to award in part or in whole and to select multiple firms and/or individuals, depending on whichever decision is deemed to be most advantageous to the City.

Responses may be rejected if the firm fails to perform any of the following:

- A. Adhere to one or more of the provisions established in this Request for Proposal.
- B. Demonstrate competence, experience, and the ability to provide the services described in this Request for Proposal.
- C. Submit a response on or before the deadline and complete all required forms.
- D. To fulfill a request for an oral presentation.
- E. To respond to a written request for additional information.

Discussions and/or interviews may be conducted with responsible firms that have submitted proposals in order to clarify certain elements. All proposals shall be afforded fair and equal treatment with respect to any opportunity for clarification. In conducting discussion, there shall be no disclosure of information derived from proposals submitted by competing firms. The selection shall be done by the City's review committee and will be recommended to the City Council for final approval.

If the City is unable to reach any sort of agreement with the selected firm, the City will discontinue negotiations with the selected firm and begin negotiations with the firm ranked second and so on until agreement is reached.

The firm to be recommended to the City Council will be the one whose proposal is determined to be the most advantageous to the City in consideration of price and all other evaluation factors which are set forth in this Request for Proposal. No other factors or criteria not listed in this RFP shall be used in the evaluation.

10.0 PROPOSED SCHEDULE

The tentative schedule for this RFP and project process is as follows:

- 1. RFP issued February 3, 2022
- 2. Last Day to submit questions March 8, 2022
- 3. Final Addendum Issued March 15, 2022
- 4. RFP Submission Due Date March 22, 2022
- 5. City Council Award of Contract May 9, 2022
- 6. Contract Effective June 9, 2022

11.0 QUESTIONS REGARDING RFP

All questions related to this RFP should be submitted in writing to Jillian Ostman, Purchasing Specialist at jostman@cityofevanston.org with a copy to Darrell King at dking@cityofevanston.org.

12.0 GENERAL TERMS AND CONDITIONS

A. Confidentiality

In connection with this Agreement, City may provide Consultant with information to enable Consultant to render the Services hereunder, or Consultant may develop confidential information for City. Consultant agrees (i) to treat, and to obligate Consultant's employees to treat, as secret and confidential all such information whether or not identified by City as confidential, (ii) not to disclose any such information or make available any reports, recommendations and /or conclusions which Consultant may make for City to any person, firm or corporation or use the same in any manner whatsoever without first obtaining City's written approval, and (iii) not to disclose to City any information obtained by Consultant on a confidential basis from any third party unless Consultant shall have first received written permission from such third party to disclose such information.

Pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/7(2), records in the possession of others whom the City has contracted with to perform a governmental function are covered by the Act and subject to disclosure within limited statutory timeframes (five (5) working days with a possible five (5) working day extension). Upon notification from the City that it has received a Freedom of Information Act request that calls for records within the Consultant's control, the Consultant shall promptly provide all requested records to the City so that the City may comply with the request within the required timeframe. The City and the Consultant shall cooperate to determine what records are subject to such a request and whether or not any exemption to the disclosure of such records or part thereof is applicable.

The Purchasing Specialist will endeavor to advise the firm of any request for the disclosure of the material so marked with "TRADE SECRET", "CONFIDENTIAL", or "PROPRIETARY", and give the firm or other submitting party the opportunity to seek a court order to protect such materials from disclosure. If the requested material was submitted by a party other than the firm, then the firm shall be solely responsible for notifying the submitting party of the request. The City's sole responsibility is to notify the firm of the request for disclosure, and the City shall not be liable for any damages resulting out of such disclosure, whether such disclosure is deemed required by law, by an order of court or administrative agency, or occurs through inadvertence, mistake, negligence on the part of the City or its officers, or employees.

B. Withdrawal of Proposal

Proposals may be withdrawn prior to the submittal deadline. Withdrawal may be attained by written request; however, no offer can be withdrawn within the ninety (90) day period which occurs after the time is set for closing. Proposers who withdraw their proposals prior to the designated date and time may still submit another proposal if done in accordance with the proper time frame.

C. Exceptions to Specifications

Exceptions to these specifications shall be listed and explained on a separate page titled "Exceptions to Specifications", which shall be prepared by the Proposer. This page shall then be attached to these documents and submitted at the same time as the proposal. Each exception must refer to the page number and

paragraph to which it is relevant. The nature and reasoning of each exception shall be explained in its entirety. Any exceptions to these specifications may be cause for rejection of the proposal.

D. Hold Harmless

The contractor agrees to hold harmless the City of Evanston and all of its agents, servants, and employees against any and all lawsuits, claims, demands, liabilities, losses, and/or expenses; including court costs and attorneys' fees on account of injury to any person, or any death resulting from such injury, or any damage to property which may have arisen from work specifically related to the contract and/or project.

E. Addenda

Any and all changes to these documents are valid only if they are included via written addendum to all respondents. Each respondent should acknowledge receipt of any addenda by indicating same in their proposal submission. Each respondent acknowledging receipt of any addenda is responsible for the contents of the addenda and any changes to the proposal therein. Failure to acknowledge any addenda may cause the proposal to be rejected. Addenda information is available over the internet at [City of Evanston Notices & Documents](#) or www.demandstar.com, or by contacting the Purchasing Office, 847-866-2935.

F. Term

The contract is for two years. The City may terminate a contract for either cause or convenience.

G. Non-Appropriation of Funds

The City of Evanston reserves the right to terminate in whole or in part of the contract in the event that insufficient funds to complete the contract are appropriated by Evanston City Council.

H. Property of the City

All discoveries and documents produced as a result of any service or project undertaken on behalf of the City of Evanston shall become the property of the City.

I. Payment Terms

The consultant shall submit invoices detailing the services provided, project, professional staff, and hours. Payment shall be made in accordance with the Local Government Prompt Payment Act. Please note that failure to provide a detailed invoice could result in delay of payment and include termination of any agreement.

J. Disclosures and Potential Conflicts of Interest

The City of Evanston's Code of Ethics prohibits public officials or employees from performing or participating in an official act or action with regard to a transaction in which he has or knows he will thereafter acquire an interest for profit, without full public disclosure of such interest. This disclosure requirement extends to the spouse, children and grandchildren, and their spouses, parents and the parents of a spouse, and brothers and sisters and their spouses.

To ensure full and fair consideration of all proposals, the City of Evanston requires all Proposers including owners or employees to investigate whether a potential or

actual conflict of interest exists between the Proposer and the City of Evanston, its officials, and/or employees. If the Proposer discovers a potential or actual conflict of interest, the Proposer must disclose the conflict of interest in its proposal, identifying the name of the City of Evanston official or employee with whom the conflict may exist, the nature of the conflict of interest, and any other relevant information. The existence of a potential or actual conflict of interest does NOT, on its own, disqualify the disclosing Proposer from consideration. Information provided by Proposers in this regard will allow the City of Evanston to take appropriate measures to ensure the fairness of the proposal process.

The City requires all Proposers to submit a certification, enclosed with this RFP, that the Proposer has conducted the appropriate investigation and disclosed all potential or actual conflicts of interest.

K. Protests

Any actual or prospective Proposer, who is aggrieved in connection with the solicitation or award of a contract, may protest to the Purchasing Office. The protest shall be submitted in writing within ten (10) calendar days after such aggrieved person knows or should have known of the facts giving rise thereto.

- The Proposer shall submit any protests or claims regarding this solicitation to the Purchasing Office.
- A pre-bid protest must be filed five (5) days before the bid opening or proposal submittal.
- A pre-award protest must be filed no later than ten (10) days after the bid opening date or proposal deadline.
- A post-award protest must be filed no later than ten (10) days after the award of the Contract.

All claims by a Proposer against the City relating to a contract shall be submitted in writing to the Purchasing Specialist. The City will only consider protests that are properly and timely submitted.

All protests or claims must set forth the name and address of the protester, the contract number, the grounds for the protest or claim, and the course of action that the protesting party desires the Purchasing Specialist to take. Statements shall be sworn and submitted under penalty of perjury.

L. Authority To Resolve Protests And Contract Claims

Protests: The Purchasing Specialist shall have the authority to consider and resolve a protest of an aggrieved Proposer, actual or prospective, concerning the solicitation or award of a contract. The City shall issue a written decision and that decision is final.

Contract Claims: The Purchasing Specialist, after consulting with Corporation Counsel, shall have the authority to resolve contract claims, subject to the approval of the City Manager or City Council, as applicable, regarding any settlement that will result in a change order or contract modification.

Each Proposer, by submitting a response to this RFP, expressly recognizes the limitations on its rights to protest provided in this Section and expressly waives all

other rights and remedies and agrees that the decision on the protest is final and conclusive. If a Proposer disregards, disputes or does not follow the exclusive protest remedies provided in this Section, it shall indemnify and hold the City and its officers, employees, agents and consultants harmless from and against all liabilities, fees and costs, including legal and consultant fees and costs, and damages incurred or suffered as a result of such Proposer's actions. Each Proposer, by submitting a response to this RFP, shall be deemed to have irrevocably and unconditionally agreed to this indemnity obligation.

M. Litigation

For purposes of this Section, the following terms are defined as follows:

"issue" means any prior or pending litigation or investigation, either civil or criminal, or any governmental agency action or proceeding (the "issue"), which may affect the performance of the services to be rendered herein. For purposes of this Section, an "issue" shall also include any criminal, civil, or administrative penalty or finding imposed against any covered individual. An issue occurring within seven (7) years of the date preceding the date of the Proposer's response shall be disclosed by the Proposer.

"covered individual" means any principal, president, managing partner, or vice-president, affiliated in anyway with the Firm, and the Firm's employees or sub-contractors.

All proposers shall identify and describe with particularity any issue. The City, and not Proposer, has the sole discretion to determine whether an issue may affect the performance of the services. Failure of any Proposer to comply with this mandatory obligation shall, at the City's sole discretion, result in the Proposer's response being deemed non-responsive and not responsible. Failure of any Proposer to comply with the obligation specified herein may result in the voiding any subsequent contract award to Proposer if the City discovers upon the exercise of its customary due diligence that Proposer failed to comply with the mandatory obligation in this Section. The City reserves all rights to take any other actions in the case of a Proposer's non-compliance with this Section.

N. Sub-contractors

If any firm submitting a proposal intends on sub-contracting out all or any portion of the engagement, that fact, and the name of the proposed sub-contracting firm(s) must be clearly disclosed in the proposal. Following the award of the contract, no additional sub-contracting will be allowed without the prior written consent of the City of Evanston.

O. Contact with City Personnel

All Proposers are prohibited from making any contact with the City Manager, City Council, or any other official or employee of the City with regard to the Project, other than in the manner and to the person(s) designated herein. The Purchasing Specialist reserves the right to disqualify any Proposer found to have contacted City Personnel in any manner with regard to the Project. Additionally, if it is determined that the contact with City Personnel was in violation of any provision of 720 ILCS 5/33EE, the matter may be referred to the Cook County State's Attorney for review and prosecution.

P. Costs Incurred

The City of Evanston assumes no responsibility or liability for costs incurred by the Proposer prior to the execution of a contract. This includes costs incurred by the Proposer as a result of preparing a response to this RFP.

City, St. Zip

Service Address: #Acct No. and address

Dear Evanston Water Customer,

The City of Evanston is currently performing a water meter replacement (WMR) program to replace existing water meters that are 20 years and older. Your existing inside water meter will require replacement with a new meter. **The new water meter equipment will be installed at no cost to you.**

The new meter will be replaced by a City of Evanston serviceman. A typical installation should take approximately 30-45 minutes. Your water service will only be turned off during the replacement of the existing water meter along with the re-installation of the remote readout device (MIU). Water service is typically off for only a few minutes.

The City of Evanston has hired a contractor—XXXX for the installation and installers are **personnel who carry picture ID badges issued from the City of Evanston.** A person over the age of eighteen (18) years must be present during the installation appointment. The installers will present their ID badges when arriving for the appointment.

In preparation for the installation appointment, it is important that you:

- Make sure the area around the meter and MIU is clear so the installers have room to work. Your existing water meter must be in an accessible work area.

Within 5 days of the date of this letter, **please contact the Contractors call center at xxxxxxxxxxxxxxxxxxxx.** They can be reached Monday through Friday, x:00 a.m. until x:00 p.m.

If you have any questions regarding this water metering system replacement program, please feel free to call 847-448-4311.

EXHIBIT F

CITY OF EVANSTON M/W/EBE POLICY

A City of Evanston goal is to provide contracting and sub-contracting opportunities to Minority Business Enterprises, Women Business Enterprises, and Evanston Business Enterprises. The goal of the Minority, Women and Evanston Business Enterprise Program (M/W/EBE) is to assist such businesses with opportunities to grow. To assist such growth, the City's goal is to have general contractors utilize M/W/EBEs to perform no less than 25% of the awarded contract.

Firms bidding on projects with the City must work to meet the 25% goal or request a waiver from participation. It is advised that bidders place advertisements requesting sub-contractors and that they email or contact individual firms that would be appropriate to partner in response to the project. For samples of possible advertisements, see the City of Evanston's Business Diversity Section <http://www.cityofevanston.org/business/business-diversity/> ([Sample Advertisement](#)). If you request a paper copy of the additional documents, it will be available free of charge from the Purchasing Office, 2100 Ridge Road Suite 4200, Evanston, IL 60201.

If a bidder is unable to meet the required M/W/EBE goal, the Bidder must seek a waiver or modification of the goal on the attached forms. Bidder must include:

1. A narrative describing the Bidder's efforts to secure M/W/EBE participation prior to the bid opening.
2. Documentation of each of the assist agencies that were contacted, the date and individual who was contacted, and the result of the conversation (see form)
3. A letter attesting to instances where the bidder has not received inquiries/proposals from qualified M/W/EBEs
4. Names of owners, addresses, telephone numbers, date and time and method of contact of qualified M/W/EBE who submitted a proposal but was not found acceptable.
5. Names of owners, addresses, telephone numbers, date and time of contact of at least 15 qualified M/W/EBEs the bidder solicited for proposals for work directly related to the Bid prior to the bid opening (copies must be attached).

If a bidder is selected with a Sub-contractor listed to meet the M/W/EBE goal, a "monthly utilization report" will be due to the City prior to each payment being issued to the Contractor. This report will include documentation of the name of the firm hired, the type of work that firm performed, etc. Should the M/W/EBE not be paid according to the schedule proposed in this document, the City reserves the right to cancel the contract. Examples of this monthly form can be found on the City's website: <http://www.cityofevanston.org/business/business-diversity/> ([M/W/EBE Monthly Utilization Report](#)).

EXHIBIT G

M/W/EBE PARTICIPATION COMPLIANCE FORM

CITY OF EVANSTON LOCAL EMPLOYMENT PROGRAM (LEP) COMPLIANCE

Effective Date January 1, 2015

City of Evanston Ordinance 60-O-14, Local Employment Program (LEP) New Penalties:

- **Ordinance 60-O-14**, Amendment to the MWEBE/LEP revising the penalty section from a \$100/per day to a 1.0% of total project value penalty can be found at: Ordinance 60-O-14 Amendment MWEBE LEP of the Evanston City Code Section 1-17-1 (C) can be found at Municode Library. The following are excerpts from Ordinance 60-O-14, Amending City Code Section 1-17-1(C) (11): Penalty.

If the contactor or sub-contractor fails to comply: The City may impose a fine up to one percent (1.0%) of the approved project price in total. Contractors or sub-contractors that are out of compliance due to a resident termination or resignation shall immediately notify the Business Workforce Compliance Coordinator of this occurrence within two (2) business days. Subsequently, the contractor or sub-contractor shall have five (5) additional business days to replace a terminated or resigned worker with another resident.

If the contactor or sub-contractor fails to comply: If the contractor or sub-contractor fails to make the replacement or to notify the Business Workforce Compliance Coordinator of this occurrence, the offending party will also be subject to a penalty up to one percent (1.0%) of the approved project price. If the noncompliant contractor makes a good faith effort to replace the resident, the fine may be waived.

If the contactor or sub-contractor fails to comply: At the sole discretion of the City, a contractor or sub-contractor that has violated the terms of the Local Employment Program within a three-year period may be determined a non-responsible bidder and excluded from bidding on future projects for a period of not less than one year.

If the employee (LEP Evanston resident) fails to comply: At the sole discretion of the City, an employee that has been hired through the LEP may be removed from the program for a period of not less than one year for failing to adhere to program guidelines or due to termination by the contractor for cause. Such termination process will be reviewed by the Business Workforce Compliance Coordinator.

****Detailed Local Employment Program Instructions “How to Comply” can be found at: [Local Employment Program Detailed Instructions](#)**

Local Employment Program or Exhibit J Questions: City staff is available for assistance to help with compliance. Submit questions in writing to Tammi Nunez, Purchasing Manager at tnunez@cityofevanston.org.

EXHIBIT J

LOCAL EMPLOYMENT PROGRAM COMPLIANCE
CITY CODE SECTION 1-17-1(C): LOCAL EMPLOYMENT PROGRAM

I have read and understood the requirements of the City of Evanston Local Employment Program ("LEP") as set forth in City of Evanston Code Section 1-17-1(C): Local Employment Program. I intend to comply with the program as follows:

Estimated total labor cost = \$ _____ 15% of total labor cost = \$ _____

- _____ My total bid, including all alternates, is under \$250,000, and the LEP does not apply.
- _____ My total bid, including all alternates, is equal to or greater than \$250,000, and I already employ, and will continue to employ for the duration of the contract for which I am submitting this bid, Evanston residents (residing in zip codes 60201 or 60202) for at least 15% of all hours worked at the construction site by construction trade workers.
- _____ My total bid, including all alternates, is equal to or greater than \$250,000, and I will employ, for the duration of the contract for which I am submitting this bid, through use of the City of Evanston database or otherwise, Evanston residents (residing in zip codes 60201 or 60202) for at least 15% of all hours worked at the construction site by construction trade workers.
- _____ My total bid, including all alternates, is equal to or greater than \$250,000, and I have been unable to comply with the LEP requirements but am willing to work with the City to achieve compliance.
- _____ My total bid, including all alternates, is equal to or greater than \$250,000, and after having made sincere attempt to comply as noted below, I seek a waiver on a portion or all of the LEP requirements on this contract. Complete next section "Reasons for Waiver Request" below.

I UNDERSTAND THAT FAILURE TO COMPLY WITH THE LEP, REGARDLESS OF INTENT, MAY RESULT IN MAXIMUM PENALTY AS SET FORTH IN CITY CODE SECTION 1-17-1(C)(11), AS AMENDED.

WAIVER WILL BE GRANTED ONLY AFTER SINCERE ATTEMPT TO COMPLY*

REASONS FOR WAIVER REQUEST: PLEASE CHECK ALL THAT APPLY AND COMPLETE INFORMATION REQUESTED:

- 1. I have made sincere attempt as otherwise indicated below, but have nonetheless been unable to comply.
- a. I do or will employ Evanston residents for the project, but such employment amounts to ____% of total labor cost.
- 2. The nature of the job is so technical that after having made sincere attempt as otherwise indicated below, I have been unable to locate any Evanston residents qualified to perform any aspects of the work. Please describe applicable job requirements/qualifications. Attach separate sheet if necessary:

*THE FOLLOWING DEMONSTRATE **SINCERE ATTEMPT TO COMPLY**: PLEASE CHECK EACH BOX COMPLETED, AS APPLICABLE:

- 3. I have utilized the local resident database and otherwise worked with the City in attempt to hire Evanston residents in compliance with LEP on this project, and have nonetheless been unable to comply;
- 4. I have placed one or more ads in a local newspaper seeking to hire Evanston residents in compliance with LEP on this project, and have nonetheless been unable to comply; and
- 5. If I am utilizing union labor, I have contacted Chicagoland labor unions to request Evanston residents for employment in compliance with LEP on this project, and have nonetheless been unable to comply.

I have read The City of Evanston, Local Employment Program (LEP) requirements as set forth in City Code Section 1-17-1(C): Local Employment Program. I understand and will comply with the LEP requirements for this project with respect to the job and/or any waiver, as applicable. **I UNDERSTAND THAT IF MY APPLICATION IS NOT COMPLETE, MY BID MUST BE REJECTED.**

**CERTIFICATION OF BIDDER REGARDING
EQUAL EMPLOYMENT OPPORTUNITY
(Only if Contract Exceeds \$10,000)**

This certification is required pursuant to Executive Order 11246 (30 F.R. 12319-25). The implementing rules and regulations provide that any bidder or prospective contractor, or any of their proposed sub-contractors, shall state as an initial part of the bid or negotiations of the contract whether it has participated in any previous contract or sub-contract subject to the equal opportunity clause; and, if so, whether it has filed all compliance reports due under applicable instructions.

Where the certification indicates that the bidder has not filed a compliance report due under applicable instructions, such bidder shall be required to submit a compliance report within seven calendar days after bid opening. No contract shall be awarded unless such report is submitted.

RECITALS

WHEREAS, the City intends to retain the services of a qualified and experienced contractor for the following:

[Insert whatever project specific background and language is appropriate]

WHEREAS, this Agreement shall include the following documents which are attached hereto:

- a) City of Evanston RFQ/RFP/Bid _____, attached as Exhibit A.
- b) Contractor's response to RFQ/RFP/Bid _____, attached as Exhibit B.
- c) Any sub-contractor sub-contracts related to this Agreement, attached as Exhibit C.
- d) Project Fee Schedule and hourly rates, attached as Exhibit D *(if appropriate)*.

NOW, THEREFORE, in consideration of the mutual covenants hereinafter set forth, the parties agree as follows:

1 Services and Duties of the Contractor

1.1 The Contractor shall perform professional services and provide equipment (the "Work") in accordance with Exhibits A, B, C and D. The Contractor retains the right to control the manner of performance of the services provided for in this Agreement and is an independent contractor and not agent or an employee of the City. All employees and sub-contractors of the Contractor shall likewise not be considered to be employees of the City. Contractor is solely responsible for the means and methods of all work performed under the terms of this Agreement for this Project ("the Project"). Contractor is an independent Contractor and is solely responsible for all taxes, withholdings, and other statutory or contractual obligations of any sort, including but not limited to, Worker's Compensation Insurance. Nothing in this Agreement accords any third-party beneficiary rights whatsoever to any non-party to this Agreement that any non-party may seek to enforce. Contractor acknowledges and agrees that should Contractor or its sub-contractors provide false information, or fail to be or remain in compliance with this Agreement; the City may void this Agreement.

1.2 The Contractor warrants and states that it has read the Contract Documents, and agrees to be bound thereby, including all performance guarantees as respects Contractor's work and all indemnity and insurance requirements. Contractor further affirms that it has visited the Project site and has become familiar with all special conditions, if any, at the Project site. Contractor shall perform the Work and its obligations under this Agreement in accordance with and subject to the Contract Documents to the full extent that each such provision is applicable to the Work. Contractor shall take necessary precautions to properly protect the Work of others, if any, from damage caused by operations under this Agreement. In addition, Contractor shall protect the work during normal and adverse weather conditions until the Project is complete and accepted by the City, or until the Contractor has fully completed its work under this Agreement. Contractor's obligations include, but are not limited to, placing and adequately maintaining at or

about all locations of Project work, sufficient guards, barricades, lights, and enclosures to protect the Work.

1.3 The Contractor shall not have any public or private interest and shall not acquire directly or indirectly any such interest which conflicts in any manner with the performance of its services under this Agreement.

1.4 The Contractor shall designate, in writing, a person to act as its Project Manager for the work to be performed under this Agreement. Such person shall have complete authority to transmit instructions, receive information, interpret and define the Contractor's policies and decisions with respect to the work covered by this Agreement.

1.5 The Contractor shall employ only persons duly licensed by the State of Illinois to perform the professional services required under this Agreement for which applicable Illinois law requires a license, subject to prior approval of the City. The Contractor shall employ only well qualified persons to perform any of the remaining services required under this Agreement, also subject to prior approval of the City. The City reserves the right to require replacement of Contractor, sub-contractor, or supplier personnel for any reason. Contractor will replace the unacceptable personnel at no charge to the City. For all solicitations or advertisements placed by or on behalf of Contractor for employees for this Project it will state that the Contractor is an Equal Opportunity Employer.

1.6 Pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/7(2), records in the possession of others whom the City has contracted with to perform a governmental function are covered by the Act and subject to disclosure within limited statutory timeframes (five (5) working days with a possible five (5) working day extension). Upon notification from the City that it has received a Freedom of Information Act request that calls for records within the Contractor's control, the Contractor shall promptly provide all requested records to the City so that the City may comply with the request within the required timeframe. The City and the Contractor shall cooperate to determine what records are subject to such a request and whether or not any exemption to the disclosure of such records, or part thereof, is applicable. Contractor shall indemnify and defend the City from and against all claims arising from the City's exceptions to disclosing certain records which Contractor may designate as proprietary or confidential. Compliance by the City with an opinion or a directive from the Illinois Public Access Counselor or the Attorney General under FOIA, or with a decision or order of Court with jurisdiction over the City, shall not be a violation of this Section.

1.7 The Contractor shall obtain prior approval from the City prior to sub-contracting with any entity or person to perform any of the work required under this Agreement. The Contractor may, upon request of the City, submit to the City a draft sub-contractor agreement for City review and approval prior to the execution of such an agreement. Any previously entered into sub-contractor agreement(s) are attached as Exhibit C. If the Contractor sub-contracts any of the services to be performed under this Agreement, the sub-contractor agreement shall provide that the services to be performed under any such agreement shall not be sublet, sold, transferred, assigned or otherwise disposed of to another entity or person without the City's prior written consent. The Contractor shall be responsible for the accuracy and quality of any sub-contractor's

work.

1.8 The Contractor shall cooperate fully with the City, other City contractors, other municipalities and local government officials, public utility companies, and others, as may be directed by the City. This shall include attendance at meetings, discussions and hearings as requested by the City. This cooperation shall extend to any investigation, hearings or meetings convened or instituted by OSHA relative to this Project, as necessary. Contractor shall cooperate with the City in scheduling and performing its Work to avoid conflict, delay in or interference with the work of others, if any, at the Project.

1.9 The Contractor acknowledges that it shall enforce and comply with all applicable Occupational Safety and Health Administration standards (OSHA) for this Project in effect as of the date of the execution of this Agreement, or as otherwise promulgated by OSHA in the future taking effect during the pendency of this Project. Contractor shall enforce all such standards and ensure compliance thereto as to its own agents and employees, and as to the agents and employees of any sub-contractor throughout the course of this Project. Contractor is solely responsible for enforcing and complying with all applicable safety standards and requirements on this Project, and is solely responsible for correcting any practices or procedures which do not comply with the applicable safety standards and requirements for this Project. Any Project specific safety requirements applicable to this Project must be followed by Contractor and any sub-contractor(s) on the Project. Additionally, all such safety requirements shall be made a part of any sub-contractor agreement.

1.10 The Contractor shall submit to the City a progress report each month this Agreement is in effect. The report shall include the following items:

- a) A summary of the Contractor's project activities, and any sub-contractor project activities that have taken place during the invoice period;
- b) A summary of the Contractor's project activities and any sub-contractor project activities, that shall take place during the next invoice period;
- c) A list of outstanding items due to or from the City; and
- d) A status of the Project schedule.

1.11 The Contractor shall perform the work required under this Agreement pursuant to high quality industry standards expected by the City. The Contractor shall apply for and receive all appropriate permits before performing any work in the City. The Contractor shall also provide the appropriate permit drawings for Building Permits to be issued for the Project, if said permits are obligated by the Project. The City will assist the Contractor with obtaining the appropriate building and right-of-way permits.

1.12 The Contractor shall provide drawings of record, in the following 3 electronic formats for all locations where equipment has been installed and/or work has been performed. The electronic formats required by this Section 1.12 are Auto Cad Version 2007, ArcView and PDF.

1.13 Contractor recognizes that proper cleanup and removal of construction debris is an important safety consideration. The Contractor shall be solely responsible for daily construction site/area cleanup and removal of all construction debris in accordance with City-approved disposal practices. Contractor shall be solely responsible for identifying and removing at its expense all hazardous material and waste which it uses and generates.

1.14 To the extent that there is any conflict between a provision specified in this Agreement, with a provision specified in any of the other Contract Documents, as defined in Section 1.15, this Agreement shall control. The City and the Contractor may amend this Section 1.14 as provided by Section 15 herein.

The Contractor acknowledges and agrees that the City has no retained control over any of the Work done pursuant to this Agreement, and that the City is expressly exempt from the retained control exception as defined in the Restatement of Torts, Second, Section 414. This provision shall survive completion, expiration, or termination of this Agreement.

1.15 The Contract Documents for this Project consist of:

- a) This Agreement;
- b) The City's RFP/RFQ, and the plans, specifications, general conditions, drawings addenda, and modifications thereto;
- c) The Contractor's response to the RFP/RFQ/Bid;
- d) Other exhibits and schedules, if any, listed in this Agreement;
- e) Amendments or Other Contract Documents, if any; and
- f) Amendments/Modifications to this Agreement issued after execution thereof.

1.16 As a condition of receiving payment, Contractor must (i) be in compliance with the Agreement, (ii) pay its employees prevailing wages when required by law (Examples of prevailing wage categories include public works, printing, janitorial, window washing, building and grounds services, site technician services, natural resource services, security guard and food services). Contractor is responsible for contacting the Illinois Dept. of Labor 217-782-6206; <http://www.illinois.gov/idol/Laws-Rules/CONMED/Pages/Rates.aspx> to ensure compliance with prevailing wage requirements), (iii) pay its suppliers and sub-contractors according to the terms of their respective contracts, and (iv) provide lien waivers to the City upon request.

2 Standard Certifications

Contractor acknowledges and agrees that compliance with this section and each subsection for the term of the Agreement is a material requirement and condition of this Agreement. By executing this Agreement, Contractor certifies compliance with this section and each subsection and is under a continuing obligation to remain in compliance and report any non-compliance.

This section, and each subsection, applies to sub-contractors used on this Agreement. Contractor shall include these Standard Certifications in any sub-contract used in the performance of the Agreement.

If this Agreement extends over multiple fiscal years, Contractor and its sub-contractors shall confirm compliance with this section in the manner and format determined by the City by the date specified by the City and in no event later than January 1 of each year that this Agreement remains in effect.

If the City determines that any certification in this section is not applicable to this Agreement, it may be stricken, subject to sole approval by the City, without affecting the remaining subsections.

2.1 As part of each certification, Contractor acknowledges and agrees that should Contractor or its sub-contractors provide false information, or fail to be or remain in compliance with the Standard Certification requirements, one or more of the following sanctions will apply:

- the Agreement may be void by operation of law,
- the City may void the Agreement, and
- Contractor and its sub-contractors may be subject to one or more of the following: suspension, debarment, denial of payment, civil fine, or criminal penalty.

2.2 By signing this Agreement, the Contractor certifies that it has not been barred from being awarded a contract with a unit of State or local Government as a result of bid rigging or bid rotating or similar offense, nor has it made any admission of guilt of such conduct that is a matter of public record. (720 ILCS 5/33 E-3, E-4).

2.3 In the event of the Contractor's noncompliance with any provision of Section 1-12-5 of the Evanston City Code, the Illinois Human Rights Act or any other applicable law, the Consultant may be declared non-responsible and therefore ineligible for future contracts or sub-contracts with the City, and the contract may be cancelled or voided in whole or in part, and such other sanctions or penalties may be imposed or remedies invoked as provided by statute or regulation.

2.4 During the term of this Agreement, the Contractor agrees as follows:

- a) That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, marital status, national origin or ancestry, or age or physical or mental disabilities that do not impair ability to work, and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization. Consultant shall comply with all requirements of City of Evanston Code Section 1-12-5.
- b) That, in all solicitations or advertisements for employees placed by it on its behalf, it will state that all applicants will be afforded equal opportunity without discrimination because of race, color, religion, sex, sexual orientation, marital status, national origin, ancestry, or disability.

2.5 The Contractor certifies pursuant to the Illinois Human Rights Act (775 ILCS 5/2-105 *et. seq.*), that it has a written sexual harassment policy that includes, at a minimum, the following information:

- a) The illegality of sexual harassment;
- b) The definition of sexual harassment under State law;
- c) A description of sexual harassment utilizing examples;
- d) The Contractor's internal complaint process including penalties;
- e) Legal recourse, investigation and complaint process available through the Illinois Department of Human Rights and the Human Rights Commission, and directions on how to contact both; and
- f) Protection against retaliation as provided to the Department of Human Rights.

2.6 In accordance with the Steel Products Procurement Act (30 ILCS 565), Contractor certifies steel products used or supplied in the performance of a contract for public works shall be manufactured or produced in the U.S. unless the City grants an exemption.

2.7 Contractor certifies that it is properly formed and existing legal entity and as applicable has obtained an assumed name certificate from the appropriate authority, or has registered to conduct business in Illinois and is in good standing with the Illinois Secretary of State.

2.8 If Contractor, or any officer, director, partner, or other managerial agent of Contractor, has been convicted of a felony under the Sarbanes-Oxley Act of 2002, or a Class 3 or Class 2 felony under the Illinois Securities Law of 1953, Contractor certifies at least five years have passed since the date of the conviction.

2.9 Contractor certifies that if more favorable terms are granted by Contractor to any similar governmental entity in any state in a contemporaneous agreement let under the same or similar financial terms and circumstances for comparable supplies or services, the more favorable terms will be applicable under this Agreement.

2.10 Contractor certifies that it is not delinquent in the payment of any fees, fines, damages, or debts to the City of Evanston.

2.11 The Contractor certifies that all Design Professionals performing the Work under this Agreement will ensure that the Project shall be designed in conformance with the Americans with Disabilities Act of 1990, 42 U.S.C. Section 12101, *et seq.*, and all regulations promulgated thereunder. Design Professional means any individual, sole proprietorship, firm, partnership, joint venture, corporation, professional corporation, or other entity that offers services under the Illinois Architecture Practice Act of 1989 (225 ILCS 305/), the Professional Engineering Practice Act of 1989 (225 ILCS 325/), the Structural Engineering Licensing Act of 1989 (225 ILCS 340/), or the Illinois Professional Land Surveyor Act of 1989 (225 ILCS 330/).

2.12 The Contractor shall comply with all federal, state and local laws, statutes, ordinances, rules, regulations, orders or other legal requirements now in force or which may be

in force during the term of this Agreement. The Contractor shall comply with the Illinois Human Rights Act, 775 ILCS 5/1-101 *et. seq.*, Title VII of the Civil Rights Act of 1964, and the Illinois Prevailing Wage Act, 820 ILCS 130/0.01 *et. seq.*

3 Additional Services/Change Orders

3.1 If the representative of the City responsible for the Project verbally requests the Contractor to perform additional services, the Contractor shall confirm in writing that the services have been requested and that such services are additional services. Failure of the City to respond to the Contractor's confirmation of said services within thirty (30) calendar days of receipt of the notice shall be deemed a rejection of, and refusal to pay for the additional services. Contractor shall not perform any additional services until City has confirmed approval of said additional services in writing. If authorized in writing by the City, the Contractor shall furnish, or obtain from others, additional services of the following types, which shall be paid for by the City as set forth in Section 9 of this Agreement:

- a) Additional Services due to significant changes in scope of the Project or its design, including, but not limited to, changes in size, complexity or character of construction, or time delays for completion of work when such delays are beyond the control of the Contractor;
- b) Revisions of previously approved studies, reports, design documents, drawings or specifications;
- c) Preparation of detailed renderings, exhibits or scale models for the Project;
- d) Investigations involving detailed consideration of operations, maintenance and overhead expenses for the preparation of rate schedules, earnings and expense statements, feasibility studies, appraisals and valuations, detailed quantity surveys of material and labor, and material audits or inventories required for certification of force account construction performed by the City;
- e) Services not otherwise provided for in this Agreement.

3.2 The City may, upon written notice, and without invalidating this Agreement, require changes resulting in the revision or abandonment of work already performed by the Contractor, or require other elements of the work not originally contemplated and for which full compensation is not provided in any portion of this Agreement. Any additional services, abandonment of services which were authorized by the City, or changes in services directed by the City which result in the revision of the scope of services provided for in Exhibits A, B, C, and D that cause the total Compensation due Contractor under this Agreement to exceed \$25,000 or more, or increase or decrease the contract duration by more than 30 days are subject to approval by the Evanston City Council. These actions must be addressed either in a written Change Order or in a written amendment to this Agreement approved by both parties.

3.3 Contractor acknowledges and agrees that the Public Works Construction Change Order Act, 50 ILCS 525/1 *et seq.* shall apply to all Change Orders for the Project. It is expressly understood and agreed to by Contractor that it shall not be entitled to any damages or Compensation from the City on account of delay or suspension of all or any part of the Work. Contractor acknowledges that delays are inherent in construction projects and Contractor

assessed that risk and fully included that risk assessment within its contract sum specified in its Response to the City RFP/RFO/Bid for this Project. The City shall not compensate Contractor for work that is more difficult than the contract sum specified in its Response would reflect. Delays to minor portions of the Work will not be eligible for extensions of time.

Delays to the Project caused by labor disputes or strikes involving trades not directly related to the Project, or involving trades not affecting the Project as a whole will not be eligible for an extension of time.

The City will not grant an extension of time for a delay by the Contractor's inability to obtain materials unless the Contractor first furnishes to the City documentary proof. The proof must be provided in a timely manner in accordance with the sequence of the Contractor's operations and accepted construction schedule.

In addition to any other changes requested by City (as described in Sections 3.1 and 3.2), the Company shall be entitled to request (and the City may grant) Change Orders with respect to:

- (a) The City-caused delays;
- (b) Change in Law;
- (c) Force Majeure Events.

The foregoing events shall entitle the Contractor to a change in the Compensation for this Project, if the Contractor demonstrates that it will unavoidably incur reasonable costs as a result thereof and the Contractor provides reasonable and detailed documentary support with respect to any such price impact.

The parties agree to reasonably confer regarding any such disputes with respect to the issuance of a Change Order.

Any payment for compensable delay will only be based upon actual costs excluding, without limitation, what damages, if any, the Contractor may have reasonably avoided. The Contractor understands that this is the sole basis for recovering delay damages and explicitly waives any right to calculate daily damages for office overhead, profit, or other purported loss.

All Contractor Change Orders authorized under this Section 3 shall be made in writing. In remitting a Change Order, the Contractor must first show in writing that:

- (a) The work was outside the scope of this Agreement,
- (b) The extra work was not made necessary due to any fault of Contractor;
- (c) The circumstances said to necessitate the change in performance were not reasonably foreseeable at the time the Agreement was signed;
- (d) The change is germane to the original Agreement; and
- (e) The Change Order is in the best interest of the City and authorized by law.

Any person who fails to first obtain the City's written authorization for a Change Order commits a Class 4 felony. The written determination and the written Change Order resulting

from that determination shall be preserved in the contract's file which shall be open to the public for inspection.

The City reserves all rights and causes of action, at law or equity, to seek redress against entities or persons who violate the requirements of this Section 3. By initialing below, Contractor hereby acknowledges that it is bound by this Section 3.

Contractor's Initials: _____

3.4 The Contractor is required to include the City of Evanston as a reference whenever and wherever the Contractor provides references for similar projects for a period of one (1) year from the date of Final Acceptance by the City of the Work for this Project.

4 Bonds

4.1 Before the Scheduled Construction Commencement Date, the Contractor is required to furnish unconditional performance and payment bonds in the amount of 100% of the Compensation as security for the faithful performance and completion of all the Contractor's obligations under the Contract Documents and covering the payment of all materials used in the performance of this Agreement and for all labor and services performed under this Agreement. All Bonds shall be issued on a form acceptable to the City. The bonds must be for the entire term of the Agreement. Failure to provide these bonds shall constitute a breach of Contractor's obligations under this Agreement. Each surety providing the Bonds must have a Best's rating not less than A/X and be licensed in Illinois and shall be named in the current list of "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 as published in the Federal Register and available on the website of the U.S. Department of the Treasury, Financial Management Service, at www.fms.treas.gov/c570/c570.html. All Bonds signed by an agent must be accompanied by a certified copy of his or her authority to act. It shall be the duty of the Contractor to advise the surety or sureties of any Change Orders that result in an increase to the Compensation and to ensure that the amounts of the Bonds are updated to reflect and cover any such increases throughout the course of the Project. The cost of such Bonds shall be included within the Compensation.

4.2 If the surety behind any Bond furnished by the Contractor is declared bankrupt or becomes insolvent or its right to do business is terminated in the State or it ceases to meet any of the requirements of this Contract, the Contractor shall, within [5] five days thereafter, substitute another Bond of equivalent value and surety, both of which must be acceptable to the City. In addition, no further progress payments under the Agreement will be made by the City until the Contractor complies with the provisions of this Agreement. The Contractor shall furnish to the City proof of any required bonds and proof of required insurance as one of the conditions precedent to payment under the Agreement. Upon the request of any person or entity appearing to be a potential beneficiary of bonds covering payment or performance of obligations arising under the Contract, the Contractor shall promptly furnish a copy of the bonds or authorize a copy to be furnished. All surety Bonds provided for in this Section shall incorporate by reference this Agreement, and any language that may be in any such surety Bond which conflicts with the

provisions of this Agreement that define the scope of the surety('s) duty(ies) shall be of no force and effect.

5 Liquidated Damages in the Event Contractor Fails to Complete the Work

5.1 The parties agree that failure of Contractor to timely complete the Work required by this Agreement constitutes a default. The parties agree that this default will result in damage and injury to City. The parties further agree, however, that actual damages incurred by City as result of such default is difficult if not impossible to ascertain with any degree of certainty or accuracy. Accordingly, the parties have negotiated and have agreed that for each calendar day after written notice is delivered to Contractor and Contractor fails to cure such default, that Contractor will pay City, as and for liquidated damages, and not as a penalty, the sum of **Seven Hundred and Fifty Dollars per day**. Contractor shall reimburse the City for all costs, expenses and fees (including, without limitation, attorneys' fees), if any, paid by the City in connection with such written demand by City. Contractor stipulates and agrees that the sums payable by Contractor under this Section are reasonable under the circumstances existing as of the execution of this Agreement. This Section 5.1 is not intended to limit any direct damages that may be recoverable by City related to the Contractor's failure to complete the Work in accordance with this Agreement. There shall be no early completion bonus if the Work is completed before the substantial completion date. The City, at its option, may withhold liquidated damages from progress payments payable to Contractor before the substantial completion date.

6 The City's Responsibilities

6.1 The City may evaluate the Contractor's and any sub-contractor's performance (interim and final). Timeliness in meeting the Project schedule and the overall relationship with the Contractor are factors that will be considered in the Contractor's performance rating. An unfavorable performance rating may be a factor when future assignments are being considered.

6.2 The City makes no representation or warranty of any nature whatsoever as to the accuracy of information or documentation provided by the City to the Contractor which were generated or provided by third parties.

7 Period of Service

7.1 The Contractor shall commence work on the Project after supplying the City with the Contractor's performance and payment bonds and all required insurance documents before starting its Work on this Project. The City shall determine when the Contractor has completed the Work required pursuant to this Agreement, and shall determine the date of Final Acceptance. Contractor recognizes time is of the essence regarding its performance on this Project. Contractor shall continue to perform its obligations while any dispute concerning the Agreement is being resolved, unless otherwise directed by the City.

7.2 Each phase of the project shall be completed in accordance with the activities outlined in the City's RFQ/RFP/Bid _____, Exhibit A. Project phases include:

7.2.1 Phase X: *[Phase name here.]*

7.2.2 Phase X: *[Phase name here.]*

7.2.3 Phase X: *[Phase name here.]*

8 Payment for Services and Reimbursements

8.1 Within the first five (5) business days of each month, the Contractor shall invoice the City for Work completed during the previous month. The Contractor shall provide a detailed invoice that relates invoiced items to the Contractor's response to RFQ/RFP/Bid _____ in both quantity and unit cost. Any discrepancies in the monthly invoice shall be promptly brought to the attention of the Contractor by the City Project Manager and efforts shall be made to promptly resolve said discrepancies between the City and Contractor. In the event the City and Contractor cannot resolve invoice discrepancies, items in dispute will be removed from the invoice and the City shall approve the remainder of the invoice. Payment will be made as soon as possible following the City Council meeting in which the item appeared on the bills list, and in accordance with all applicable laws and rules of the City of Evanston and the State of Illinois.

8.2 In the event of termination by the City of this Agreement pursuant to paragraph 9.1 after completion of any phase of the basic services, fees due the Contractor for services rendered through such phase shall constitute final payment for such services, and no further fees shall be due to the Contractor. In the event of such termination by the City during any phase of the basic services, the Contractor shall be paid for services rendered on the basis of the proportion of work completed on the phase to date of termination.

8.3 The City shall have the right to withhold payment to the Contractor due to the quality of a portion or all of the work performed hereunder which is not in accordance with the requirements of this Agreement, or which is unsatisfactory, or is due to the Contractor's failure or refusal to perform any of its obligations hereunder. Compensation in excess of the total contract amount specified in this Agreement will not be allowed unless justified in the City's sole judgment and authorized in advance as provided for in Section 3 of this Agreement. Compensation for improper performance by the Contractor is disallowed.

8.4 Upon completion of the Work performed by the Contractor, prior to the submission of a request for final payment, the City and Contractor shall perform a final acceptance test and review of the Work performed and/or equipment installed pursuant to the Agreement. A punch list of items outstanding will be jointly developed by the City and Contractor. In addition, the Contractor shall submit drawings of record for the Project for the City to approve. The Contractor shall promptly resolve all punch list items to the satisfaction of the City, and shall transmit to the City in writing confirmation that all punch list items have been resolved. The City will review, and the Contractor shall modify, as necessary, any drawings of record to the satisfaction of the City. Punch list items and drawings of record must be approved by the City prior to the Contractor submitting its final invoice for payment.

8.5 The Contractor shall submit an Affidavit and a final waiver of its lien, and all

final waivers of liens of any sub-contractors, suppliers, and sub-sub-contractors, if applicable, with its final invoice, stating that all obligations incurred in performance of the professional services have been paid in full. The Affidavit will also include a statement stating that the professional services were performed in compliance with the terms of the Agreement. The Affidavit and all final lien waivers shall be on a form acceptable to the City.

8.6 All Project invoices shall be sent to:

City of Evanston [*Applicable department*]
2100 Ridge Avenue
Evanston, Illinois 60201

with a copy to:

City of Evanston [*Anyone else as applicable*]
2100 Ridge Avenue
Evanston, Illinois 60201

9 Notice and Cure/Termination

9.1 In furtherance of Contractor's Work on this Project, the City and the Contractor agree that the following Notice and Cure provision in this Section 9.1 shall apply during the duration of Contractor's work on this Project, in addition to the reserved rights of the City enumerated in this Agreement as follows:

- 5.1 Liquidated Damages;
- 8.3 City's right to withhold payment;
- 16.2 Contractor's duty to revise and correct errors; and
- 16.3 Contractor's duty to respond to City's notice of errors and omissions.

The City may notify Contractor of its intent to terminate this Agreement within (7) seven calendar days of issuance by the City of written notice to Contractor's Project Manager regarding defects in the Project or in Contractor's Work. The City shall specify any such nonconforming Work or defects in the Project in its notice to Contractor under this Section 9.1. Contractor will have the opportunity to cure the non-conforming Work within (7) seven calendar days after receipt of the written notice issued by the City. All such curative work done shall be performed and completed to the City's satisfaction. Nothing in this Section 9.1 shall otherwise affect the City's right to exercise its rights in Section 9.2.

9.2 The City shall have the right to terminate this Agreement upon fifteen (15) days written notice for any reason. Mailing of such notice shall be equivalent to personal notice and shall be deemed to have been given at the time of receipt.

Payments made by the City pursuant to this Agreement are subject to sufficient appropriations made by the City of Evanston City Council. In the event of termination resulting from non-appropriation or insufficient appropriation by the City Council, the City's obligations

hereunder shall cease and there shall be no penalty or further payment required.

9.3 Within thirty (30) days of termination of this Agreement, the Contractor shall turn over to the City any documents, drafts, and materials, including but not limited to, outstanding work product, data, studies, test results, source documents, AutoCAD Version 2007, ArcView, PDF, Word, Excel spreadsheets, technical specifications and calculations, and any other such items specifically identified by the City related to the Work herein. Upon receipt of said items, the Contractor shall be paid for labor and expenses incurred to the date of termination as provided in Section 8.2. This Agreement is subject to termination by either party if either party is restrained by a state or federal court of competent jurisdiction from performing the provisions of this Agreement. Upon such termination, the liabilities of the parties to this Agreement shall cease, but they shall not be relieved of the duty to perform their obligations through the date of termination. No lien shall be filed by the Contractor in the event of a termination of this Agreement by the City.

9.4 If, because of death or any other occurrence, including, but not limited to, Contractor becoming insolvent, it becomes impossible for any principal or principals of the Contractor to render the services set forth in this Agreement, neither the Contractor, nor its surviving principals shall be relieved of their obligations to complete the professional services. However, in the event of such an occurrence, the City at its own option may terminate this Agreement if it is not furnished evidence that competent professional services can still be furnished as scheduled.

9.5 In the event of an emergency or threat to the life, safety or welfare of the citizens of the City, the City shall have the right to terminate this Agreement without prior written notice.

10 Insurance

10.1 The Contractor shall, at its own expense, secure and maintain in effect throughout the duration of this contract, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Work hereunder by the Contractor, its agents, representatives, employees or sub-contractors. Contractor acknowledges and agrees that if it fails to comply with all requirements of this Section 10, the City may void the Agreement.

The Contractor must give to the City Certificates of Insurance identifying the City to be an Additional Insured for all Work done pursuant to this Agreement before City staff recommends award of the contract to City Council. Any limitations or modifications on the Certificate(s) of Insurance issued to the City in compliance with this Section that conflict with the provisions of this Section 10 shall have no force and effect.

After award of the Contract to Contractor (contracts over \$500,000 in value or if the project is deemed high risk) the Contractor **shall** give the City a certified copy (ies) of the insurance policy (ies) evidencing the amounts set forth in Section 10.2, and copies of the Additional Insured endorsement to such policy (ies) which name the City as an Additional Insured for all Work done pursuant to this Agreement before Contractor does any Work pursuant

to this Agreement. Contractor's certificate of insurance shall contain a provision that the coverage afforded under the policy(s) will not be canceled or reduced without thirty (30) days prior written notice (hand delivered or registered mail) to the City. Contractor shall promptly forward new certificate(s) of insurance evidencing the coverage(s) required herein upon annual renewal of the subject policies.

The policies and the Additional Insured endorsement must be delivered to the City within two (2) weeks of the request. All insurance policies shall be written with insurance companies licensed or authorized to do business in the State of Illinois and having a rating of not less than A-VII according to the A.M. Best Company. Should any of the insurance policies be canceled before the expiration date, the issuing company will mail thirty (30) days written notice to the City. The Contractor shall require and verify that all sub-contractors maintain insurance meeting all of the requirements stated herein.

Any deductibles or self-insured retentions must be declared to and approved by the City. At the option of the City, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the City, its officers, officials, employees and volunteers; or the Contractor shall provide a financial guarantee satisfactory to the City guaranteeing payment of losses and related investigations, claim administration and defense expenses.

10.2 Contractor shall carry and maintain at its own cost with such companies as are reasonably acceptable to City all necessary liability insurance (which shall include as a minimum the requirements set forth below) during the term of this Agreement, for damages caused or contributed to by Contractor, and insuring Contractor against claims which may arise out of or result from Contractor's performance or failure to perform the Services hereunder:

- a) Worker's compensation in statutory limits and employer's liability insurance in the amount of at least five hundred thousand dollars (\$500,000);
- b) Comprehensive general liability coverage which designates the City as an additional insured for not less than three million dollars (\$3,000,000) combined single limit for bodily injury, death and property damage, per occurrence;
- c) Comprehensive automobile liability insurance covering owned, non-owned, and leased vehicles for not less than one million dollars (\$1,000,000) combined single limit for bodily injury, death, or property damage, per occurrence; and

Contractor understands that the acceptance of Certificates of Insurance, policies, and any other documents by the City in no way releases the Contractor and its sub-contractors from the requirements set forth herein.

Contractor expressly agrees to waive its rights, benefits and entitlements under the "Other Insurance" clause of its commercial general liability insurance policy as respects the City. Contractor expressly agrees that its insurance coverage is required to be primary by this Agreement, that its insurance coverage shall be on a primary and non-contributory basis, and that it and its insurance carrier are estopped from denying such coverage is primary. In the event Contractor fails to purchase or procure insurance as required above, the parties expressly agree that Contractor shall be in default under this Agreement, and that the City may recover all losses,

attorney's fees and costs expended in pursuing a remedy, or reimbursement, at law or in equity, against Contractor.

11 Indemnification

11.1 The Contractor shall defend, indemnify and hold harmless the City and its officers, elected and appointed officials, agents, and employees from any and all liability, losses, or damages as a result of claims, demands, suits, actions, or proceedings of any kind or nature, including but not limited to costs, and fees, including attorney's fees, judgments or settlements, resulting from or arising out of any negligent or willful act or omission on the part of the Contractor or Contractor's sub-contractors, employees, agents or sub-contractors during the performance of this Agreement. Such indemnification shall not be limited by reason of the enumeration of any insurance coverage herein provided. This provision shall survive completion, expiration, or termination of this Agreement.

11.2 Nothing contained herein shall be construed as prohibiting the City, or its officers, agents, or employees, from defending through the selection and use of their own agents, attorneys, and experts, any claims, actions or suits brought against them. The Contractor shall be liable for the costs, fees, and expenses incurred in the defense of any such claims, actions, or suits. Nothing herein shall be construed as a limitation or waiver of defenses available to the City and employees and agents, including but not limited to the Illinois Local Governmental and Governmental Employees Tort Immunity Act, 745 ILCS 10/1-101 *et seq.*

At the City Corporation Counsel's option, Contractor must defend all suits brought upon all such Losses and must pay all costs and expenses incidental to them, but the City has the right, at its option, to participate, at its own cost, in the defense of any suit, without relieving Contractor of any of its obligations under this Agreement. Any settlement of any claim or suit related to this Project by Contractor must be made only with the prior written consent of the City Corporation Counsel, if the settlement requires any action on the part of the City.

To the extent permissible by law, Contractor waives any limits to the amount of its obligations to indemnify, defend, or contribute to any sums due under any Losses, including any claim by any employee of Contractor that may be subject to the Illinois Workers Compensation Act, 820 ILCS 305/1 *et seq.* or any other related law or judicial decision, including but not limited to, *Kotecki v. Cyclops Welding Corporation*, 146 Ill. 2d 155 (1991). The City, however, does not waive any limitations it may have on its liability under the Illinois Workers Compensation Act, the Illinois Pension Code or any other statute.

11.3 The Contractor shall be responsible for any losses and costs to repair or remedy work performed under this Agreement resulting from or arising out of any act or omission, neglect, or misconduct in the performance of its Work or its sub-contractors' work. Acceptance of the work by the City will not relieve the Contractor of the responsibility for subsequent correction of any such error, omissions and/or negligent acts or of its liability for loss or damage resulting therefrom.

11.4 All provisions of this Section 11 shall survive completion, expiration, or

termination of this Agreement.

12 Drawings and Documents

12.1 Any drawings, survey data, reports, studies, specifications, estimates, maps, plans, computations, and other documents required to be prepared by the Contractor for the Project shall be considered Works for Hire and the sole property of the City.

12.2 The Contractor and its sub-contractor shall maintain for a minimum of three (3) years after the completion of this Agreement, or for three (3) years after the termination of this Agreement, whichever comes later, adequate books, records and supporting documents to verify the amounts, recipients and uses of all disbursements of funds passing in conjunction with the Agreement. The Agreement and all books, records and supporting documents related to the Agreement shall be available for review and audit by the City and the federal funding entity, if applicable, and the Contractor agrees to cooperate fully with any audit conducted by the City and to provide full access to all materials. Failure to maintain the books, records and supporting documents required by this Subsection shall establish a presumption in favor of the City for recovery of any funds paid by the City under the Agreement for which adequate books, records, and supporting documentation are not available to support their purported disbursement.

13 Successors and Assigns

13.1 The City and the Contractor each bind themselves and their partners, successors, executors, administrators, and assigns to the other party of the Agreement and to the partners, successors, executors, administrators, and assigns of such other party in respect to all covenants of this Agreement. Neither the City nor the Contractor shall assign, sublet, or transfer its interest in this Agreement without the written consent of the other. Nothing herein shall be construed as creating any personal liability on the part of any officer or agent of any public body, which may be a party hereto, nor shall it be construed as giving any right or benefits hereunder to anyone other than the City and the Contractor.

14 Force Majeure

14.1 Whenever a period of time is provided for in this Agreement for the Contractor or the City to do or perform any act or obligation, neither party shall be liable for any delays or inability to perform if such delay is due to a cause beyond its control and without its fault or negligence including, without limitation:

- a) Acts of nature;
- b) Acts or failure to act on the part of any governmental authority other than the City or Contractor, including, but not limited to, enactment of laws, rules, regulations, codes or ordinances subsequent to the date of this Agreement;
- c) Acts of war;
- d) Acts of civil or military authority;
- e) Embargoes;
- f) Work stoppages, strikes, lockouts, or labor disputes;
- g) Public disorders, civil violence, or disobedience;

- h) Riots, blockades, sabotage, insurrection, or rebellion;
- i) Epidemics or pandemics;
- j) Terrorist acts;
- k) Fires or explosions;
- l) Nuclear accidents;
- m) Earthquakes, floods, hurricanes, tornadoes, or other similar calamities;
- n) Major environmental disturbances; or
- o) Vandalism.

If a delay is caused by any of the *force majeure* circumstances set forth above, the time period shall be extended for only the actual amount of time said party is so delayed. Further, either party claiming a delay due to an event of *force majeure* shall give the other party written notice of such event within three (3) business days of its occurrence or it shall be deemed to be waived.

15 Amendments and Modifications

15.1 Except as otherwise provided herein, the nature and scope of Work specified in this Agreement may only be modified by a written Change Order, or a written amendment to this Agreement, approved by both parties. This Agreement may be modified or amended from time to time provided, however, that no such amendment or modifications shall be effective unless reduced to writing and duly authorized and signed by the authorized representatives of the parties.

16 Standard of Care & Warranty

16.1 The Contractor shall perform all of the provisions of this Agreement to the satisfaction of the City. The City shall base its determination of the Contractor's fulfillment of the scope of the work in accordance with generally accepted professional standards applicable to the Work for this Project. The Contractor shall perform all of the provisions of this Agreement with that degree of care and skill ordinarily exercised by members of the same profession currently practicing under similar conditions.

16.2 The Contractor shall be responsible for the accuracy of its professional services under this Agreement and shall promptly make revisions or corrections resulting from its errors, omissions, or negligent acts without additional compensation. The City's acceptance of any of the Contractor's professional services shall not relieve the Contractor of its responsibility to subsequently correct any such errors or omissions. If a Contractor has provided the City with specifications for this Project which are determined to be incorrect or which require revision during the solicitation process (including but not limited to Requests for Proposals, Requests for Qualifications, or bids), the Contractor shall make such corrections or revisions to the specifications at no cost to the City. Further, upon receipt of an invoice from the City, the Contractor shall promptly reimburse the City for the reasonable costs associated with the preparation and dissemination of said corrections or revisions to appropriate parties, including but not limited to preparation of the corrected or revised documents, and printing and distribution costs.

16.3 During the pendency of its Work on this Project, the Contractor shall respond to the City's notice of any errors or omissions within twenty-four (24) hours. The Contractor shall be required to promptly visit the Project site(s) if directed to by the City.

16.4 The Contractor shall comply with all federal, state, and local statutes, regulations, rules, ordinances, judicial decisions, and administrative rulings applicable to its performance under this Agreement.

16.5 Contractor guarantees and warrants to the City that:

- a) All materials and equipment furnished under this Agreement shall be of good quality and new, unless otherwise required or permitted by the Contract Documents;
- b) The Work of this Agreement shall be free from defects which are not inherent in the quality required; and
- c) The Work shall comply with the requirements set forth in the Contract Documents.

This warranty and guarantee shall be for a period of one (1) year from the date of completion and Final Acceptance of the Work by the City, or as otherwise provided in the Contract Documents.

If, within the one year warranty period, after the Contractor has received a final payment under this Agreement, any of the Work is found to be not be in accordance with the requirements of this Agreement, or where defects in materials or workmanship may appear, or be in need of repair, the Contractor shall correct non-conforming and/or defective work or materials promptly after receipt of written notice from the City. Contractor shall immediately at its own expense repair, replace, restore, or rebuild any such Work. This remedy is in addition to any other legal or equitable remedies the City may have under this Agreement or the law.

This guarantee and warranty shall not relieve Contractor of liability for latent defects, and shall be in addition to the City's rights under the law or other guarantees or warranties, express or implied.

16.6 The provisions of this Section 16 shall survive the completion, expiration or termination of this Agreement.

17 Savings Clause

17.1 If any provision of this Agreement, or the application of such provision, shall be rendered or declared invalid by a court of competent jurisdiction, or by reason of its requiring any steps, actions, or results, the remaining parts or portions of this Agreement shall remain in full force and effect.

18 Non-Waiver of Rights

18.1 No failure or delay by the City to exercise any power given to it hereunder or to insist upon strict compliance by Contractor with its obligations hereunder, nor any payment made by the City under this Agreement, shall constitute a waiver of the City’s right to demand strict compliance with the terms hereof, unless such waiver is in writing and signed by the City.

19 Entire Agreement

19.1 This Agreement sets forth all the covenants, conditions and promises between the parties with regard to the subject matter set forth herein. There are no covenants, promises, agreements, conditions or understandings between the parties, either oral or written, other than those contained in this Agreement. This Agreement has been negotiated and entered into by each party with the opportunity to consult with its counsel regarding the terms therein. No portion of the Agreement shall be construed against a party due to the fact that one party drafted that particular portion as the rule of *contra proferentem* shall not apply.

20 Governing Law

20.1 This Agreement shall be construed in accordance with and subject to the laws and rules of the City of Evanston and the State of Illinois both as to interpretation and performance. Venue for any action arising out of or due to this Agreement shall be in Cook County, Illinois. The City shall not enter into binding arbitration to resolve any dispute related to this Agreement. The City does not waive tort immunity by entering into this Agreement.

21 Ownership of Contract Documents

21.1 Contractor is specifically prohibited from using in any form or medium, the name or logo of the City for public advertisement, unless expressly granted written permission by the City. Submission or distribution of documents to meet official regulatory requirements or for similar purposes in connection with this Project is not to be construed as publication in derogation of the City’s reserved rights.

22 Notice

22.1 Any notice required to be given by this Agreement shall be deemed sufficient if made in writing and sent by certified mail, return receipt requested, or by personal service, to the persons and addresses indicated below or to such other addresses as either party hereto shall notify the other party of in writing pursuant to the provisions of this Subsection:

City of Evanston Project Manager, RFQ/RFP/Bid _____
2100 Ridge Avenue
Evanston, Illinois 60201

if to the Contractor:

22.2 Mailing of such notice as and when provided above shall be equivalent to personal notice and shall be deemed to have been given at the time of mailing.

23 Severability

23.1 Except as otherwise provided herein, the invalidity or unenforceability of any particular provision, or part thereof, of this Agreement shall not affect the other provisions, and this Agreement shall continue in all respects as if such invalid or unenforceable provision had not been contained herein.

24 Execution of Agreement

24.1 This Agreement shall be signed last by the City Manager.

25 Counterparts

25.1 For convenience, this Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original.

26 Authorizations

26.1 The Contractor's authorized representatives who have executed this Agreement warrant that they have been lawfully authorized by the Contractor's board of directors or its bylaws to execute this Agreement on its behalf. The City Manager affirms that he/she has been lawfully authorized to execute this Agreement. The Contractor and the City shall deliver upon request to each other copies of all articles of incorporation, bylaws, resolutions, ordinances, or other documents which evidence their legal authority to execute this Agreement on behalf of their respective parties.

27 Time of Essence

27.1 Time is of the essence with respect to each provision hereof in which time is a factor.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be signed by their duly authorized representatives. The effective date of this Agreement will be the date this Agreement is signed by the City Manager.

C Class

Base Base Wage Rate

OT M-F Unless otherwise noted, OT pay is required for any hour greater than 8 worked each day, Mon through Fri. The number listed is the multiple of the base wage.

OT Sa Overtime pay required for every hour worked on Saturdays

OT Su Overtime pay required for every hour worked on Sundays

OT Hol Overtime pay required for every hour worked on Holidays

H/W Health/Welfare benefit

Vac Vacation

Trng Training

Other Ins Employer hourly cost for any other type(s) of insurance provided for benefit of worker.

Explanations COOK COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.

TRUCK DRIVERS (WEST) - That part of the county West of Barrington Road.

EXPLANATION OF CLASSES

ASBESTOS - GENERAL - removal of asbestos material/mold and hazardous materials from any place in a building, including mechanical systems where those mechanical systems are to be removed. This includes the removal of asbestos materials/mold and hazardous materials from ductwork or pipes in a building when the building is to be demolished at the time or at some close future date. ASBESTOS - MECHANICAL - removal of asbestos material from mechanical systems, such as pipes, ducts, and boilers, where the mechanical systems are to remain.

CERAMIC TILE FINISHER

The grouting, cleaning, and polishing of all classes of tile, whether for interior or exterior purposes, all burned, glazed or unglazed products; all composition materials, granite tiles, warning detectable tiles, cement tiles, epoxy composite materials, pavers, glass, mosaics, fiberglass, and all substitute materials, for tile made in tile-like units; all mixtures in tile like form of cement, metals, and other materials that are for and intended for use as a finished floor surface, stair treads, promenade roofs, walks, walls, ceilings, swimming pools, and all other places where tile is to form a finished interior or exterior. The mixing of all setting mortars including but not limited to thin-set mortars, epoxies, wall mud, and any other sand and cement mixtures or adhesives when used in the preparation, installation, repair, or maintenance of tile and/or similar materials. The handling and unloading of all

sand, cement, lime, tile, fixtures, equipment, adhesives, or any other materials to be used in the preparation, installation, repair, or maintenance of tile and/or similar materials. Ceramic Tile Finishers shall fill all joints and voids regardless of method on all tile work, particularly and especially after installation of said tile work. Application of any and all protective coverings to all types of tile installations including, but not be limited to, all soap compounds, paper products, tapes, and all polyethylene coverings, plywood, masonite, cardboard, and any new type of products that may be used to protect tile installations, Blastrac equipment, and all floor scarifying equipment used in preparing floors to receive tile. The clean up and removal of all waste and materials. All demolition of existing tile floors and walls to be re-tiled.

COMMUNICATIONS ELECTRICIAN

Installation, operation, inspection, maintenance, repair and service of radio, television, recording, voice sound vision production and reproduction, telephone and telephone interconnect, facsimile, data apparatus, coaxial, fibre optic and wireless equipment, appliances and systems used for the transmission and reception of signals of any nature, business, domestic, commercial, education, entertainment, and residential purposes, including but not limited to, communication and telephone, electronic and sound equipment, fibre optic and data communication systems, and the performance of any task directly related to such installation or service whether at new or existing sites, such tasks to include the placing of wire and cable and electrical power conduit or other raceway work within the equipment room and pulling wire and/or cable through conduit and the installation of any incidental conduit, such that the employees covered hereby can complete any job in full.

MARBLE FINISHER

Loading and unloading trucks, distribution of all materials (all stone, sand, etc.), stocking of floors with material, performing all rigging for heavy work, the handling of all material that may be needed for the installation of such materials, building of scaffolding, polishing if needed, patching, waxing of material if damaged, pointing up, caulking, grouting and cleaning of marble, holding water on diamond or Carborundum blade or saw for setters cutting, use of tub saw or any other saw needed for preparation of material, drilling of holes for wires that anchor material set by setters, mixing up of molding plaster for installation of material, mixing up thin set for the installation of material, mixing up of sand to cement for the installation of material and such other work as may be required in helping a Marble Setter in the handling of all material in the erection or installation of interior marble, slate, travertine, art marble, serpentine, alberene stone, blue stone, granite and other stones (meaning as to stone any foreign or domestic materials as are specified and used in building interiors and exteriors and customarily known as stone in the trade), carrara, sanionyx, vitrolite and similar opaque glass and the laying of all marble tile, terrazzo tile, slate tile and precast tile, steps, risers treads, base, or any other materials that may be used as substitutes for any of the aforementioned materials and which are used on interior and exterior which are installed in a similar manner.

MATERIAL TESTER I: Hand coring and drilling for testing of materials; field inspection of uncured concrete and asphalt.

MATERIAL TESTER II: Field inspection of welds, structural steel, fireproofing, masonry, soil, facade, reinforcing steel, formwork, cured concrete, and concrete and asphalt batch plants; adjusting proportions of bituminous mixtures.

OPERATING ENGINEER - BUILDING

Class 1. Asphalt Plant; Asphalt Spreader; Autograde; Backhoes with Caisson Attachment; Batch Plant; Benoto (requires Two Engineers); Boiler and Throttle Valve; Caisson Rigs; Central Redi-Mix Plant; Combination Back Hoe Front End-loader Machine; Compressor and Throttle Valve; Concrete Breaker (Truck Mounted); Concrete Conveyor; Concrete Conveyor (Truck Mounted); Concrete Paver Over 27E cu. ft; Concrete Paver 27E cu. ft. and Under; Concrete Placer; Concrete Placing Boom; Concrete Pump (Truck Mounted); Concrete Tower; Cranes, All; Cranes, Hammerhead; Cranes, (GCI and similar Type); Creter Crane; Spider Crane; Crusher, Stone, etc.; Derricks, All; Derricks, Traveling; Formless Curb and Gutter Machine; Grader, Elevating; Grouting Machines; Heavy Duty Self-Propelled Transporter or Prime Mover; Highlift Shovels or Front Endloader 2-1/4 yd. and over; Hoists, Elevators, outside type rack and pinion and similar machines; Hoists, One, Two and Three Drum; Hoists, Two Tugger One Floor; Hydraulic Backhoes; Hydraulic Boom Trucks; Hydro Vac (and similar equipment); Locomotives, All; Motor Patrol; Lubrication Technician;

Manipulators; Pile Drivers and Skid Rig; Post Hole Digger; Pre-Stress Machine; Pump Cretes Dual Ram; Pump Cretes: Squeeze Cretes-Screw Type Pumps; Gypsum Bulker and Pump; Raised and Blind Hole Drill; Roto Mill Grinder; Scoops - Tractor Drawn; Slip-Form Paver; Straddle Buggies; Operation of Tie Back Machine; Tournapull; Tractor with Boom and Side Boom; Trenching Machines.

Class 2. Boilers; Broom, All Power Propelled; Bulldozers; Concrete Mixer (Two Bag and Over); Conveyor, Portable; Forklift Trucks; Highlift Shovels or Front Endloaders under 2-1/4 yd.; Hoists, Automatic; Hoists, Inside Elevators; Hoists, Sewer Dragging Machine; Hoists, Tugger Single Drum; Laser Screed; Rock Drill (Self-Propelled); Rock Drill (Truck Mounted); Rollers, All; Steam Generators; Tractors, All; Tractor Drawn Vibratory Roller; Winch Trucks with "A" Frame.

Class 3. Air Compressor; Combination Small Equipment Operator; Generators; Heaters, Mechanical; Hoists, Inside Elevators (remodeling or renovation work); Hydraulic Power Units (Pile Driving, Extracting, and Drilling); Pumps, over 3" (1 to 3 not to exceed a total of 300 ft.); Low Boys; Pumps, Well Points; Welding Machines (2 through 5); Winches, 4 Small Electric Drill Winches.

Class 4. Bobcats and/or other Skid Steer Loaders; Oilers; and Brick Forklift.

Class 5. Assistant Craft Foreman.

Class 6. Gradall.

Class 7. Mechanics; Welders.

OPERATING ENGINEERS - HIGHWAY CONSTRUCTION

Class 1. Asphalt Plant; Asphalt Heater and Planer Combination; Asphalt Heater Scarfire; Asphalt Spreader; Autograder/GOMACO or other similar type machines; ABG Paver; Backhoes with Caisson Attachment; Ballast Regulator; Belt Loader; Caisson Rigs; Car Dumper; Central Redi-Mix Plant; Combination Backhoe Front Endloader Machine, (1 cu. yd. Backhoe Bucket or over or with attachments); Concrete Breaker (Truck Mounted); Concrete Conveyor; Concrete Paver over 27E cu. ft.; Concrete Placer; Concrete Tube Float; Cranes, all attachments; Cranes, Tower Cranes of all types: Creter Crane: Spider Crane; Crusher, Stone, etc.; Derricks, All; Derrick Boats; Derricks, Traveling; Dredges; Elevators, Outside type Rack & Pinion and Similar Machines; Formless Curb and Gutter Machine; Grader, Elevating; Grader, Motor Grader, Motor Patrol, Auto Patrol, Form Grader, Pull Grader, Subgrader; Guard Rail Post Driver Truck Mounted; Hoists, One, Two and Three Drum; Heavy Duty Self-Propelled Transporter or Prime Mover; Hydraulic Backhoes; Backhoes with shear attachments up to 40' of boom reach; Lubrication Technician; Manipulators; Mucking Machine; Pile Drivers and Skid Rig; Pre-Stress Machine; Pump Cretes Dual Ram; Rock Drill - Crawler or Skid Rig; Rock Drill - Truck Mounted; Rock/Track Tamper; Roto Mill Grinder; Slip-Form Paver; Snow Melters; Soil Test Drill Rig (Truck Mounted); Straddle Buggies; Hydraulic Telescoping Form (Tunnel); Operation of Tieback Machine; Tractor Drawn Belt Loader; Tractor Drawn Belt Loader (with attached pusher - two engineers); Tractor with Boom; Tractaire with Attachments; Traffic Barrier Transfer Machine; Trenching; Truck Mounted Concrete Pump with Boom; Raised or Blind Hole Drills (Tunnel Shaft); Underground Boring and/or Mining Machines 5 ft. in diameter and over tunnel, etc; Underground Boring and/or Mining Machines under 5 ft. in diameter; Wheel Excavator; Widener (APSCO).

Class 2. Batch Plant; Bituminous Mixer; Boiler and Throttle Valve; Bulldozers; Car Loader Trailing Conveyors; Combination Backhoe Front Endloader Machine (Less than 1 cu. yd. Backhoe Bucket or over or with attachments); Compressor and Throttle Valve; Compressor, Common Receiver (3); Concrete Breaker or Hydro Hammer; Concrete Grinding Machine; Concrete Mixer or Paver 7S Series to and including 27 cu. ft.; Concrete Spreader; Concrete Curing Machine, Burlap Machine, Belting Machine and Sealing Machine; Concrete Wheel Saw; Conveyor Muck Cars (Haglund or Similar Type); Drills, All; Finishing Machine - Concrete; Highlift Shovels or Front Endloader; Hoist - Sewer Dragging Machine; Hydraulic Boom Trucks (All Attachments); Hydro-Blaster; Hydro Excavating (excluding hose work); Laser Screed; All Locomotives, Dinky; Off-Road Hauling Units (including articulating) Non Self-Loading Ejection Dump; Pump Cretes: Squeeze Cretes - Screw Type Pumps, Gypsum Bulker and Pump; Roller, Asphalt; Rotary Snow Plows; Rototiller, Seaman, etc., self-propelled; Self-Propelled Compactor; Spreader - Chip - Stone, etc.; Scraper - Single/Twin

Engine/Push and Pull; Scraper - Prime Mover in Tandem (Regardless of Size); Tractors pulling attachments, Sheeps Foot, Disc, Compactor, etc.; Tug Boats.

Class 3. Boilers; Brooms, All Power Propelled; Cement Supply Tender; Compressor, Common Receiver (2); Concrete Mixer (Two Bag and Over); Conveyor, Portable; Farm-Type Tractors Used for Mowing, Seeding, etc.; Forklift Trucks; Grouting Machine; Hoists, Automatic; Hoists, All Elevators; Hoists, Tugger Single Drum; Jeep Diggers; Low Boys; Pipe Jacking Machines; Post-Hole Digger; Power Saw, Concrete Power Driven; Pug Mills; Rollers, other than Asphalt; Seed and Straw Blower; Steam Generators; Stump Machine; Winch Trucks with "A" Frame; Work Boats; Tamper-Form-Motor Driven.

Class 4. Air Compressor; Combination - Small Equipment Operator; Directional Boring Machine; Generators; Heaters, Mechanical; Hydraulic Power Unit (Pile Driving, Extracting, or Drilling); Light Plants, All (1 through 5); Pumps, over 3" (1 to 3 not to exceed a total of 300 ft.); Pumps, Well Points; Vacuum Trucks (excluding hose work); Welding Machines (2 through 5); Winches, 4 Small Electric Drill Winches.

Class 5. SkidSteer Loader (all); Brick Forklifts; Oilers.

Class 6. Field Mechanics and Field Welders

Class 7. Dowell Machine with Air Compressor; Gradall and machines of like nature.

OPERATING ENGINEER - FLOATING

Class 1. Craft Foreman; Master Mechanic; Diver/Wet Tender; Engineer; Engineer (Hydraulic Dredge).

Class 2. Crane/Backhoe Operator; Boat Operator with towing endorsement; Mechanic/Welder; Assistant Engineer (Hydraulic Dredge); Leverman (Hydraulic Dredge); Diver Tender.

Class 3. Deck Equipment Operator, Machineryman, Maintenance of Crane (over 50 ton capacity) or Backhoe (115,000 lbs. or more); Tug/Launch Operator; Loader/Dozer and like equipment on Barge, Breakwater Wall, Slip/Dock, or Scow, Deck Machinery, etc.

Class 4. Six axle trucks; Dual-purpose vehicles, such as mounted crane trucks with hoist and accessories; Foreman; Master Mechanic; Self-loading equipment like P.B. and trucks with scoops on the front.

Other Classifications of Work:

For definitions of classifications not otherwise set out, the Department generally has on file such definitions which are available. If a task to be performed is not subject to one of the classifications of pay set out, the Department will upon being contacted state which neighboring county has such a classification and provide such rate, such rate being deemed to exist by reference in this document. If no neighboring county rate applies to the task, the Department shall undertake a special determination, such special determination being then deemed to have existed under this determination. If a project requires these, or any classification not listed, please contact IDOL at 217-782-1710 for wage rates or clarifications.

LANDSCAPING

Landscaping work falls under the existing classifications for laborer, operating engineer and truck driver. The work performed by landscape plantsman and landscape laborer is covered by the existing classification of laborer. The work performed by landscape operators (regardless of equipment used or its size) is covered by the classifications of operating engineer. The work performed by landscape truck drivers (regardless of size of truck driven) is covered by the classifications of truck driver.

MATERIAL TESTER & MATERIAL TESTER/INSPECTOR I AND II

Notwithstanding the difference in the classification title, the classification entitled "Material Tester I" involves the same job duties as the classification entitled "Material Tester/Inspector I". Likewise, the classification entitled "Material Tester II" involves the same job duties as the classification entitled "Material Tester/Inspector II".

(E-bidding) Electronic Bidding Instructions

Introduction

To submit a bid electronically (e-bidding) on DemandStar

- The project **MUST** be setup for e-bidding by the government agency advertising the opportunity

Bid Identifier	Agency Name	Bid Status	Broadcast Date	Date Due ▼	Name	Actions
RFP-2019-01-0-2019/df	Town of Malabar	Active	5/15/2019	5/31/2019	Malabar Parks and Recreation Board Memorial Wall Project	Planholders, Download/Order, Details
EBID-20190077-0-2019/HF	City of Port St. Lucie, Procurement Management Department	Active	4/25/2019	5/31/2019	Purchase Breaching "Backpack Gas Masks and Gas Mask Cartridges for the Police Department JAG Grant Funded	E-Bidding, Planholders, Download/Order, Details

How to check if it is an e-bidding opportunity

- Not all opportunities posted on DemandStar by government are available for e-bidding
- Those that are available for you to electronically bid will list "e-bidding" as an available "ACTION" when you look at the project details

In order to do
e-bidding

1. Click on “E-bidding” in
the actions column

Bid Identifier	Agency Name	Bid Status	Broadcast Date	Date Due ▼	Name	Actions
RFP-2019-01-0-2019/df	Town of Malabar	Active	5/15/2019	5/31/2019	Malabar Parks and Recreation Board Memorial Wall Project	Planholders, Download/Order, Details
EBID-20190077-0-2019/HF	City of Port St. Lucie, Procurement Management Department	Active	4/25/2019	5/31/2019	Purchase Breaching “Backpa Gas Masks and Gas Mask Cartridges for the Police Department JAG Grant Funded	E-Bidding, Planholders, Download/Order, Details

In order to do
e-bidding

2. Enter your contact information and enter in all required fields

Note: You **MUST** put a number of the “BID AMOUNT” box. However, that number can be 0 so as to allow for a more detailed description of your bid through your uploaded documents.

DemandStar E-Bidding: Frequently Asked Questions

- Do suppliers need to be registered with DemandStar to participate in e-bidding?
Yes. But if they don't already have an account with DemandStar, they can sign up and either
 - Be a subscriber for only your agency, at no charge, and be able to download documents at no charge and then receive notifications that match their commodity codes
 - Be a "basic supplier" for free - who researches on our platform and then pays \$5 to download all documents, thus becoming a plan holder
 - Be a paid subscriber for a county, state, national and receive notifications from all included agencies
- Can suppliers respond with document uploads or do they simply fill in forms?
Yes, they may respond with document uploads that are available to you via the DemandStar platform.
- What type of E-Bidding Documents can be uploaded?
Acceptable file formats for sending back documents that the city will accept:

E-Bidding Documents

Document Types	Bidding Documents - Exhibits Pricing Bid Bond
File Formats	Adobe Acrobat (*.PDF) Microsoft Excel (*.XLS) Microsoft Excel (*.XLSX) Microsoft PowerPoint (*.PPTX) Microsoft PowerPoint (*.PPT) ZIP Compressed Archive (*.ZIP)

- Is there a maximum file size that I can upload?
Vendors can simply upload a single file or multiple documents as long as it doesn't exceed 100 MBs (single or multiple files)
- After a bid opening, what document(s) are made public by DemandStar?
None. Only the agency can see the vendor responses so you are the only ones who will determine what you want to download and make public.
- Who do I call if I have questions or problems with the DemandStar?
The City strongly encourages each respondent to setup their account and to explore the eBidding module at least a couple of days before the bid due date.

If you have questions or issues creating your account, accessing the eBidding module or submitting your bid prior to the bid due date, please contact DemandStar at 866.273.1863 or by email at hello@demandstar.com.
