Water Meter Replacement Project Phase II

ADDENDUM No. 3

March 7, 2022

Any and all changes to the Request for Proposal are valid only if they are included by written addendum to all potential respondents, which will be emailed prior to the proposal due date to all who are known to have received a complete Request for Proposal. Each respondent must acknowledge receipt of any addenda by indicating in its submission. Each respondent, by acknowledging receipt of addenda, is responsible for the contents of the addenda and any changes to the bid therein. Failure to acknowledge receipt of addenda may cause the submission to be rejected. If any language or figures contained in this addendum are in conflict with the original document, this addendum shall prevail.

This addendum consists of the following:

1. Addendum No.3 is attached and consists of a total of ninety-nine (99) pages including this cover sheet.

Please contact me at 847-866-2971 or jostman@cityofevanston.org with any further questions or comments.

Water Meter Replacement Project Phase II

ADDENDUM No. 3

March 7, 2022

This addendum forms a part of the RFP Documents for RFP #22-01 and modifies these documents. This addendum consists of the following:

Questions:

1. Is it possible for the City to provide an inventory for the proposed 4706 meters to be replaced? I am specifically looking to find out how many of those accounts currently have lead service lines, how many have galvanized service lines and how many have copper service lines.

Inventory list is attached.

Note: Acknowledgment of this Addendum is required in the Submittal.
