## LEASE

THIS LEASE AGREEMENT is made by and between **CITY OF EVANSTON** (“**Landlord**”), an Illinois municipal corporation and **SMYLIE BROTHERS DRAFT & PACKAGE, LLC**, an Illinois limited liability company d/b/a Smylie Bros. (“**Tenant**”).

WITNESSETH:

### **1. PROPERTY**

(a) **Property.** Landlord is the fee simple owner of certain real property at 2222 Oakton Street, Evanston, Illinois 60202, which is the former recycling processing center facility, legally described in **Exhibit “A”** attached hereto and incorporated herein (the “**Property**”). The Property has a total of approximately 33,580 square feet of land, improved with a 13,100 square foot one-story building (“**Building**”). Landlord does hereby lease the Premises to Tenant, for Tenant’s exclusive use and control, together with all appurtenances thereto, pursuant to the terms and conditions of this Lease. During this Lease Term, the Property and Building will be collectively referred to as “**Premises**”.

(b) **Parking.** This Lease does include the use of seven (7) parking spaces for employees and one (1) ADA compliant parking space, all located on the northern side of the Premises which is part of the Rental Rate (“**Premises Employee Parking**”). Tenant and tenant’s employees may not utilize any on street parking spaces on Oakton Street. Landlord will install parking meters for the non-employee parking space, which are outlined on the Site Plan. The parking lot portion of the Premises will be included in the separate parcel from the building with the subsequent PIN Division, as more fully described in Section 8(e).

### **2. TERM**

(a) **Primary Term.** Subject to the provisions of this Lease, the “**Primary Term**” must be for 10 years (120 months) and must commence on the 1st day of \_\_\_\_\_, 2016 (“**Commencement Date**”) and must end at 11:59 p.m. on the \_\_\_\_ day of \_\_\_\_\_, 2026, except as otherwise terminated as provided herein.

(b) **Inspection Period.** The period beginning with the Commencement Date and ending at the later of (a) four (4) months after the Commencement Date or (b) the date on which Landlord delivers to Tenant the drawings of the Parking Lot described in Section 1(b) above and written notice of the boundaries of the PIN Division of the two parcels as described in Section 8(e) below plus sixty (60) days, must be considered a due diligence period for Tenant to inspect the Premises. During this period (the “**Inspection Period**”), Tenant, at its sole expense, may obtain an inspection of all buildings and related improvements located on the Property. In addition to Landlord’s Representations and Warranties set forth in Section 20 below, Landlord hereby gives Tenant the right to conduct any sampling or other invasive testing of the Building, foundation, concrete, water, soil, air or building improvements on or beneath the Property. Tenant must receive Landlord’s written consent prior to any soil testing, which consent shall not be unreasonably denied or delayed. The Parties recognize that, prior to the execution of this Lease, Tenant was given the opportunity to conduct inspection and testing of the concrete and foundation of the Building to preliminarily determine whether they were suitable for Tenant’s intended purpose, but that opportunity does not preclude Tenant from conducting additional testing during the Inspection Period. Tenant must

repair any damage done to the Property by any inspection during the Inspection Period. Tenant must insure that any party entering onto the Realty for purposes of inspection maintains commercially reasonable liability insurance naming Landlord as an additional insured. Tenant must indemnify, defend and hold Landlord harmless from and against any loss, cost, liability or expense Landlord may incur resulting from any such inspection. Tenant must have until the end of the Inspection Period to terminate this Lease by written notice to Landlord. If Tenant does not deliver a written notice to Landlord before the end of the Inspection Period terminating this Lease, then Tenant is deemed to have waived this inspection contingency and any right to object to the condition of the Premises. In no event must Landlord be required to cure any matter to which the Tenant objects relating to the condition of the Premises.

(c) Extended Lease Terms. Provided Tenant is not otherwise in default beyond any applicable cure period, replaced or otherwise amended such that Tenant is still permitted to conduct the Permitted Use from the Premises, Tenant must have two (2) options (individually, a “**Lease Extension Option**”), for two (2) immediately successive periods of five (5) years each (each an “**Extension Term**”) upon the same terms, covenants and conditions as herein provided. Each Lease Extension Option must be exercised by Tenant delivering to Landlord written notice of such election, not less than one hundred twenty (120) days prior to the expiration of the then current term. The exercise by Tenant of any one Lease Extension Option must not be deemed to impose upon Tenant any duty or obligation to renew for any further period of time, and that the exercise of any Lease Extension Option must be effective only upon the giving of notice of extension in accordance with the foregoing provisions. The Primary Term together with any Extension Term(s) is referred to herein collectively as the “**Term**”.

(d) Option to Purchase.

(i) Option to Purchase. Tenant initially is a Tenant of the Property which is owned by Landlord. As such, Tenant's monthly payments are rental payments and will not be applied to the Purchase Price if Tenant exercises the option to purchase described herein. Tenant has an option to purchase the Building and the Property, so long as the Tenant is in compliance with the terms of this Agreement at the end of the Primary Term and at any time during any Extension Terms (the “**Option to Purchase**”). Tenant must submit written notification to Landlord that it intends to exercise the Option to Purchase within one hundred and twenty (120) days of expiration of the Primary Term. The provisions of this Lease relating to taking the Property “As Is” (§ 20(xiii)) and waiver of claims arising under Environmental Laws (§27(d)) shall be a condition of purchase and shall survive closing.

(ii) Purchase Price. The purchase price of the Building will be a negotiated price between the Parties, with each Party relying on its own research and valuations, including appraisal(s) of the Building and Property. If the Parties cannot agree upon a purchase price, then: (a) each Party shall select its own appraiser; (b) the Parties' appraisers shall select a third appraiser; (c) each of the three appraisers shall render an appraisal of the fair market value of the combined Building and Property; and (d) the purchase price will be the middle appraised fair market value. A closing will occur upon the Parties executing a purchase and sale contract (“Building and Property Purchase Agreement”) and the subsequent payment of the Purchase Price at a Closing. Tenant will not be given credit towards the purchase price for the rental payments made to Landlord.

(iii) Delinquencies. Should the Tenant have incurred delinquencies in paying rent with Landlord, the Tenant must payoff those delinquencies prior to any offer to exercise its Option to Purchase.

(iv) No Obligation to Purchase. Tenant is under no obligation to purchase the Building and has the right to continue under the terms of this Agreement as Tenant/renter for the balance of the Term. However, if the Tenant fails to exercise the option at the conclusion of the Primary Term or any Extension Term, the Option to Purchase must expire.

(v) Sale to Third Parties. If Landlord sells the Property to a third party which has no legal affiliation to the Tenant, as a condition of sale, the new purchaser agrees to be bound by the terms of this Agreement and must have no right to evict Tenant, to vary the terms of this Agreement or to terminate this Lease under any terms other than those contained herein. The third party must stand in the shoes of Landlord and must honor all obligations of Landlord and all rights of Tenant as provided for herein.

(e) Should Tenant not exercise its Option to Purchase, then Tenant may remove from the Property any non-fixed improvements materials, equipment, mechanics, appliances, and machinery related to the operation of brewery, but must not include the removal of a HVAC unit. Prior to the removal, the Landlord must review the list of items subject to the removal to ensure that the list does not include any items which are affixed to the Property.

### 3. RENT

(a) Fixed Minimum Rent. Commencing on the Commencement Date, and subject to the terms of this Lease, Tenant agrees to pay to Landlord for lease of the Premises: (i) Fixed Minimum Rent (herein so called) described below; and (ii) all other charges due from Tenant to Landlord hereunder as "**Additional Rent**" (herein so called).

(i) Initial Fixed Minimum Rent. Commencing on the Commencement Date and continuing through the Primary Term, Tenant must pay to Landlord the sum of One Hundred Sixty-Three Thousand Seven Hundred Fifty and no/100 Dollars per annum in monthly installments of Thirteen Thousand Six Hundred Forty-Five and 83/100 Dollars (\$13,645.83) (\$12.50 per square foot per annum/13,100 sq. feet). The rent specified in this paragraph 3(a) (i) as adjusted pursuant to paragraph 3(a) (ii) below must be deemed "**Fixed Minimum Rent**" for purposes of this Lease. The Parties agree that, during the first eighteen months (18 months) following the Commencement Date the Fixed Minimum Rent will not be assessed. The first Rent payment will be due on the 1<sup>st</sup> day of the 19th month from the Commencement Date.

(ii) Fixed Minimum Rent Adjustments. The Fixed Minimum Rent set forth in Section 3(a) (i) above must be adjusted at the beginning of each year during the Primary Term and during the Extension Term years, if applicable, in an amount equal to the Consumer Price Index for that year. In no event must adjustments be made based on Tenant's improvement of the Property or expansion of the Building; to the extent Landlord relies on its own or third parties' value assessments, the same must be based on the Building as it exists on the day before the Commencement Date. Expansion of the Building footprint, as outlined on the Site Plan (Exhibit B) will increase the Fixed Minimum Rent, which includes adding floor area within the Building or expanding the patio area on the exterior of the Property. If Tenant installs detached outdoor

storage on the Property, such as a digester, this will not increase the Fixed Minimum Rent.

(iii) Late Fee and Interest. In the event any sums required hereunder to be paid are not received by Landlord on or before the date the same are due, then, Tenant must on demand pay, as additional rent, a service charge of Two Hundred Dollars (\$200). In addition, interest must accrue on all past due sums at an annual rate equal to the lesser of six percent (6.0%) per month and the maximum legal rate. Such interest must also be deemed Additional Rent.

(b) Time and Place of Payment. Tenant must pay to Landlord Fixed Minimum Rent in advance, in equal monthly installments, and without prior notice, setoff (unless otherwise expressly permitted herein) or demand, except as otherwise specifically provided herein, on or before the first (1<sup>st</sup>) day of each calendar month during the Term hereof to:

City of Evanston  
Attn: Administrative Services Dept., Finance Division  
2100 Ridge Avenue, Room 4500  
Evanston, IL 60201

#### **4. CONSTRUCTION**

(a) Tenant Improvements. Tenant represents, covenants and agrees, at its sole cost and expense, that it must construct and develop, or cause to be constructed, in accordance with the provisions of this Lease and the City of Evanston Code of 2012, as amended, regulations, including but not limited to the Zoning and Building Code, the improvements to the Premises, in accordance with the Plans, hereinafter defined (herein "**Tenant's Work**"). Landlord, at the Commencement Date, must deliver the Property and Building to Tenant in an "AS IS" condition, except as otherwise represented and warranted in Sections 20 and 27, and vacant.

(b) Plans and Specifications. Landlord acknowledges and agrees that Tenant's plans for leasehold improvements to the Premises, as set forth on **Exhibit D**, must be attached hereto and made a part hereof by this reference not later than the conclusion of the Inspection Period ("**Plans**"). Tenant must take the Plans through the building permit process as required by Code and Landlord does not approve said Plans by this Lease Agreement. Landlord represents and warrants to Tenant that Landlord will not withhold or condition any licenses, permits (including business licenses, building permits or occupancy permits) or other permissions or authorizations required for Tenant to operate in the Premises for any reason so long as Tenant's Work is constructed in conformance with the Plans and City Code. Tenant must obtain, or cause to be obtained, in connection with, and prior to the commencement of, the construction of such improvements, builder's risk insurance for the full estimated value of the proposed improvements and workers' compensation insurance in amounts required by law as well as all applicable permits.

(c) Tenant Construction Indemnification. Subject to Section 11(a), Tenant indemnifies, defends and holds Landlord and Landlord's shareholders, officers, directors, employees and agents harmless from and against any costs, claims, expenses (including, without limitation, reasonable attorney's fees) or liabilities resulting from any injury or death of any person or persons or any damage to property that arises from or relates to Tenant's Work. This provision must expressly survive the termination or expiration of this Lease.

(d) Digester. This Lease does not permit Tenant to place a digester on adjacent City Property to the south of Subject Property. If Tenant seeks to locate a digester at a later date on any adjacent property, the parties will negotiate and if an agreement can be reached, the Lease will be modified in writing, subject to City Council approval.

## 5. FIXTURES AND EQUIPMENT

All trade fixtures and equipment installed by Tenant in or on the Premises (including brewing equipment, furniture, kitchen equipment, satellite communication dish and equipment, registers, other equipment, shelving and signs) must remain the property of Tenant and Tenant may remove the same or any part thereof at any time prior to or at the expiration or earlier termination of this Lease. Tenant must repair at its own expense any damage to the Premises caused by the removal of said fixtures or equipment by Tenant. This provision must expressly survive the termination or expiration of this Lease.

## 6. USE OF PREMISES

(a) Permitted Use. Tenant must have the right, subject to applicable Federal, State and local laws, including Environmental Laws (as hereafter defined) and the terms of this Lease, to use the Premises for the following purpose(s): to run a commercial brewery for production and distribution of beer, and selling beer and food in the Building and adjacent patio area, selling closed container beer in a retail setting, selling associated merchandise, and performance of business related functions to run the brewery (herein collectively "**Permitted Use**"). Tenant will be constructing a tap room, patio and full service kitchen. Tenant agrees that both spaces must include food service, which must include food that encompasses a meal (i.e. sandwiches, pizzas, etc.) that is available during all hours that the business is open to the public. Tenant warrants that it will ensure that customers do not exit the Building or patio area with open alcohol.

(b) Liquor License. Tenant will apply for and maintain a valid liquor license with the State and City of Evanston. This Lease does not in any way bind the Liquor Control Review Board and cannot be construed that Tenant's future application is granted. Tenant expects to apply for production volume at up to the maximum number of barrels per year for a business of the type Tenant intends to operate, to correspond with its State and Local Liquor License application. Nothing in this Lease must be intended to limit Tenant's production or to modify Tenant's rights under any Liquor License that Tenant obtains from the Liquor Control Review Board.

(c) Patio Area. The Tenant intends to install a patio with an outdoor bar within the Property (the "Patio"). The restrictions contained herein may be supplemented or expanded by the Liquor Control Review Board:

(i) The patio must be maintained by the installation of additional fencing or other structure(s) to demarcate the area utilized by the patio.

(ii) The patio must include a clear point of entrance and exit to allow for the checking of identification cards to ensure patrons are over 21 years of age.

(iii) Patrons under 21 years of age are permitted to be present on the patio, but only if they are accompanied by a parent or guardian over 21 years old.

(iv) Service to patrons of alcoholic beverages on the patio can only be from the outdoor bar. Patrons on the patio must be able to order from the full menu offered by tap room.

(v) The Patio must not be open any time after 10:00 p.m..

(vi) Tenant's Site Plan for the Patio will be attached as **Exhibit E** at the conclusion of the Inspection Period. The square footage area of the Patio must be no greater than the Site Plan as proposed in Exhibit E. The Patio Area may be subject to the PIN Division described in Section 8(e) and the City will amend the legal description provided in Exhibit A at a later date following the PIN Division.

(vii) All maintenance and repairs necessary for the Patio area must be at the sole cost and expense of Tenant.

(d) Tenant Exclusive Use of Premises. Landlord covenants and agrees that it has no rights to use, modify, alter or lease any portion of the Building or Property other than as expressly provided in this Lease.

(e) No Continuous Operation. Provided Tenant is open for business for at least one (1) day to the general public for the Permitted Use provided herein, anything contained in this Lease, express or implied, to the contrary notwithstanding, Tenant must be under no duty or obligation, either express or implied to thereafter continuously conduct its business in the Premises and any such failure must not, in any way, be deemed an event of default under this Lease, nor must such a failure otherwise entitle Landlord to commence or to maintain any action, suit, or proceeding, whether at law or in equity, relating in any way to Tenant's failure to continuously conduct its business in the Premises; provided, however that Tenant must otherwise perform and obey the other covenants and agreements contained in this Lease on the part of Tenant to be performed, including the payment of all Fixed Minimum Rent, Additional Rent and any other charges due hereunder. In the event Tenant has ceased operating its business for a continuous period of one hundred eighty (180) days, and the cessation is not the result conduct by Landlord, an act(s) of God, catastrophe, or damage to the Premises, Landlord must have the right, to be exercised by giving Tenant sixty (60) days written notice, to recapture the Premises. During the sixty (60) day period, Tenant may, at its option, resume business. If Tenant does not do so, Landlord may recapture the Premises, and, upon such recapture, this Lease must terminate and neither party must be further obligated hereunder, except to the extent any such obligation hereunder is expressly specified herein to survive the termination of this Lease.

(f) Trucks. The following is a list of expectations and covenants that Tenant makes to Landlord regarding commercial trucks at the Property:

(i) Tenant's delivery and production trucks must use the eastern exit of the Premises as the truck entrance and exit point to the extent logistically feasible. If not feasible, Tenant and Landlord agree that Tenant can develop an alternative entrance and exit plan and provide Landlord with written notice of the same. In no event must the Parking Lot contemplated in Section 1(b), Exhibit C and

Section 8(e) interfere with Tenant's enjoyment of the Premises during the Lease Term, including by way of example and not limitation ingress and egress of pedestrians, customer vehicles, and delivery and commercial vehicles associated with Tenant's use of the Premises.

(ii) Tenant agrees to instruct all trucks to exit and enter the Premises from the west, using Oakton Street to McCormick Boulevard to the extent logistically feasible.

(iii) The daily delivery times must be between 9:00 a.m. and 6:00 p.m.

## **7. MAINTENANCE**

(a) Tenant accepts the Premises in as-is condition and acknowledges that the Landlord has made no representations to the condition or has made any repairs to same except as provided in this Lease except as otherwise represented and warranted by Landlord in Sections 20 and 27 below. The Landlord or Landlord's staff or other representatives have made no representations or assurances that it will alter or remodel the Premises, other than as provided herein, and all renovations will be at Tenant's sole cost and expense.

(b) Maintenance, Repair and Replacement Responsibilities of Tenant:

(i) Tenant is responsible for all aspects of the Premises, including exterior and interior portions of the Premises, including but not limited to all structural and load bearing columns, roof, the HVAC system for the Building, interior sprinkler and fire safety system within the Building, the roof, windows and all soffits, and all structural and non-structural elements of the Building. Any major repairs or replacement work must be in consultation with the Landlord to ensure that the Building and Property are maintained in a sustainable and responsible manner.

(ii) All refuse associated with Tenant's use must be placed in appropriate containers for disposal. Tenant cannot dispose of construction building materials in the standard refuse containers and must arrange for special pick-ups and containers for said materials. A refuse container for regular refuse will be located at the Property in reasonable proximity to the Building. Tenant will contract to have trash hauled from such container with reasonable frequency.

(iii) Tenant is responsible for snow, ice removal and leaf removal and general upkeep of the exterior of the Building along the sidewalk and other carriage walks to and from the Building. The snow must be moved to a suitable area on the Premises and not into the Parking Lot described in Sections 1(b) and 8(e) or elsewhere to block the free flow of traffic. In no event must Tenant be responsible for any maintenance whatsoever beyond the Property, including by way of example and not limitation, the Parking Lot described in Sections 1(b) and 8(e) or any other parcels adjacent the Property.

(iv) The Tenant will at all times maintain all of the Property in a clean, neat and orderly condition. The Tenant will not use the Property in a manner that will violate or make void or inoperative any policy of insurance held by the Landlord.

(v) Tenant will maintain the eastern access entrance to the Property for solely truck traffic associated with the business operations. The eastern entrance cannot be accessed and is closed other than for pickup and deliveries. Tenant will ensure that its customers and employees

utilize the western entrance to the Property with appropriate signage or markings.

(vi) Construct, maintain and repair the fence that will provide separation from the City of Evanston James Park facilities and patrons from this Property.

(vii) Tenant must yield the Premises back to Landlord, upon the termination of this Lease, whether such termination must occur by expiration of the Term, or in any other manner whatsoever, in the same condition of cleanliness and repair as at the date of the execution hereof, less loss by casualty and reasonable wear and tear accepted. Tenant must make all necessary repairs and replace broken fixtures with material of the same size and quality as that broken. If, however, the Premises must not thus be kept in good repair and in a clean condition by Tenant, as aforesaid, Landlord may enter the same, or by Landlord's agents, servants or employees, without such entering causing or constituting a termination of this Lease or an interference with the possession of the Premises by Tenant, and Landlord may replace the same in the same condition of repair and cleanliness as existed at the date of execution hereof, and Tenant agrees to pay Landlord, in addition to the rent hereby reserved, the expenses of Landlord in thus replacing the Premises in that condition. Tenant must not cause or permit any waste, misuse or neglect of the water, or of the water, gas or electric fixtures.

(viii) Tenant will keep all leasehold improvements in compliance with all laws and regulations during the entire Term of this Lease, except for repairs required of the Landlord to be made and damage occasioned by fire, wind or other causes as provided for in this Lease.

(c) Construction, Maintenance and Repair responsibilities of Landlord:

(i) Parking Lot. Landlord, at its sole cost and expense, must construct, maintain and make repairs to the parking lot (except for damage caused by Tenant). Landlord intends to install meters for parking spaces in the parking lot for community garden members, patrons and volunteers of the Animal Shelter, users of James Park facilities and athletic fields, and customers of Tenant's business. Except as provided in Section 1(b) above, Landlord is not providing any parking spaces in the Parking Lot area to Tenant. Tenant is entitled to park vehicles next to the building for employees.

(ii) Landlord is responsible for snow, ice, and leaf removal from the Parking Lot, but not responsible for the Patio area or surrounding the Building as provided in this Lease. In no event must Landlord's maintenance of the Parking Lot or any adjacent Property in any way interfere with Tenant's enjoyment of the Premises or the flow of automobile or pedestrian traffic on the Premises.

(ii) Landlord, at its sole cost and expense, must be responsible for upgrading the current traffic signal that permits vehicles to exit from the western entrance of the Property.

(iii) The Landlord's Facilities Division will inspect the Premises in the first quarter of each calendar year to ensure that the Premises is maintained to Landlord standards and the Tenant is maintaining the Premises in accordance with the terms of this Lease Agreement.

## **8. PAYMENT OF TAXES**

(a) Definition. For purposes hereof, “**Taxes**” must mean real property taxes and “**Assessments**” must mean assessments, general and special, foreseen and unforeseen, for public improvements levied or assessed against the Premises and the improvements thereon for that portion of the Term.

(b) Payment. Landlord represents and warrants to Tenant that the Premises is currently exempt from Taxes and Assessments. Upon the conclusion of the Inspection Period, Landlord will endeavor to put the Premises back on the tax rolls with the Cook County Assessor (“**Assessor**”). Landlord will also list the Tenant as the taxpayer with the Cook County Assessor and Tenant will receive and pay all installment invoices directly. Tenant must thereafter pay all Taxes assessed against the Premises, for the period beginning with the conclusion of the Inspection Period, before any fine, penalty, interest or cost may be added thereto, become due or be imposed by operation of law for the nonpayment of late payment thereof.

(c) Prorations. At the end of the Term, Taxes and Assessments to be paid by Tenant must be prorated based on the portion of the fiscal tax year in which this Lease is in effect.

(d) Personal Property Taxes. Tenant must pay before delinquency any and all taxes and assessments levied or assessed and becoming payable during the Term, against Tenant’s personal property located upon the Premises.

(e) PIN Division. The Landlord will be filing a Resubdivision Application with the Cook County Assessor to divide the Property into two parcels with two separate PINs. The Building will be on one parcel and the parking will be on the other parcel. Tenant’s parcel with the Building will continue to be a taxable parcel, but likely reassessed, and the City will continue to operate and maintain the other parcel with the parking lot. The boundaries for the resubdivided lots are outlined on Exhibit B, the Plat of Resubdivision. The agreement will be amended at a later date with a revised Exhibit A for the new legal description for the Premises and the two lots, and said description will not encroach upon the Interior and Exterior Site Plan (Exhibit C) or the Patio Area Plan (Exhibit D) or the Tenant’s possession and enjoyment of the Building and Property.

## **9. DAMAGE AND DESTRUCTION**

(a) Casualty. If the Premises must be damaged by fire or other casualty by an Act of God (“**Casualty**”), Landlord must, within one hundred eighty (180) days after such damage occurs (subject to being able to obtain all necessary permits and approvals, including, without limitation, permits and approvals required from any agency or body administering environmental laws, rules or regulations, and taking into account the time necessary to effectuate a satisfactory settlement with any insurance company) repair such damage at Landlord’s expense and this Lease must not terminate. If the foregoing damage is due to the negligence or willful misconduct of Tenant, then Landlord must look first to the insurance carried by Tenant to pay for such damage. Notwithstanding (i) any other provisions of the Lease to the contrary, and (ii) any legal interpretation that all improvements become part of the realty upon being attached to the Premises, following a Casualty, the Landlord must be responsible only for restoring the Premises to building standard levels of improvement at the time of execution of this Lease and must not include the tenant improvements completed and installed following execution of this Lease, and the tenant must be responsible for insuring and replacing the above building standard tenant improvements or

betterments that made the Premises “customized” for Tenant’s use. Customized improvements include, but not limited to: any and all brewing equipment and fixtures, alarm censored doors, wood flooring, and custom cabinetry. Except as otherwise provided herein, if the entire Premises are rendered untenable by reason of any such damage, or if Tenant cannot utilize Property and Building for its intended use by reason of any damage of any size or scope whatsoever, then all Fixed Minimum Rent and Additional Rent must abate for the period from the date of the damage to the date the damage is repaired, and if only a part of the Premises are so rendered untenable but the damage does not prevent Tenant from utilizing the Property for its Permitted Use, the Fixed Minimum Rent and Additional Rent must abate for the same period in the proportion that the area of the untenable part bears to the total area of the Premises; provided, however, that if, prior to the date when all of the damage has been repaired, any part of the Premises so damaged are rendered tenantable and must be used or occupied by or through Tenant, then the amount by which the Fixed Minimum Rent and Additional Rent abates must be apportioned for the period from the date of such use or occupancy to the date when all the damage has been repaired.

(b) Repair to Leasehold Improvements. Landlord must have no obligation to repair damage to or to replace any leasehold improvements, Tenant’s personal property or any other property located in the Premises, and Tenant must within thirty (30) days after the Premises is sufficiently repaired so as to permit the commencement of work by Tenant, commence to repair, reconstruct and restore or replace the Premises (including fixtures, furnishings and equipment) and prosecute the same diligently to completion. Notwithstanding the foregoing, Tenant’s Fixed Minimum Rent and Additional Rent must continue to be abated as provided in Section 9(a) above, until the Property is once again suitable for its Permitted Use.

(c) Termination Right. Notwithstanding any provision contained herein to the contrary, Tenant must have the option and right to terminate this Lease if, (a) the Premises must be so damaged by Casualty that it cannot be fully repaired within one hundred eighty (180) days after the date of damage; (b) during the last eighteen (18) months of the Term of this Lease, the Premises is damaged by a Casualty in amount exceeding thirty-three and one-third percent (33.33%) of the square footage of the Premises or a lesser amount (no matter how small) that leaves Tenant unable to utilize the Premises for their Permitted Use, provided that, in such event, such termination of this Lease must be effected by written notice within ninety (90) days of the happening of the Casualty causing such damage. This provision must expressly survive the termination or expiration of this Lease.

## **10. INSURANCE**

(a) Tenant agrees to maintain a policy or policies of commercial general liability insurance written by an insurance carrier rated at least Class A or better in Bests Key Rating Guide of Property-Casualty Insurance Companies and licensed to do business in the state in which the Premises is located which must insure against liability for injury to and/or death of and/or damage to personal property and the Premises of any person or persons, with policy limits of not less than \$3,000,000.00 combined single limit for injury to or death of any number of persons or for damage to property of others not arising out of any one occurrence. Said policy or policies must provide, among other things, blanket contractual liability insurance. Tenant’s policy must cover the Premises and the business operated by Tenant and must name Landlord as an additional insured. Landlord is self-insured up to \$1.25 Million and agrees to maintain an excess policy or policies of commercial general liability insurance over the self-insured limit written by an insurance carrier with a rating at least Class A or better in the Bests Key Rating Guide and licensed to do

business in the state in which the Premises is located which must insure against liability for injury to and/or death of and/or damage to personal property of any person or persons, with policy limits of not less than \$2,000,000.00 combined single limit for injury to or death of any number of persons or for damage to property of others not arising out of any one occurrence. Landlord's policy must name Tenant as an additional insured. Subject to the terms of Paragraph 9(a), Landlord must maintain casualty insurance covering the entire Premises and any alterations, improvements, additions or changes made by Landlord thereto in an amount not less than their full replacement cost from time to time during the Term, providing protection against any peril included within the classification of "all risks".

(b) Each of the parties hereto agrees to maintain and keep in force, during the Term hereof, all Workers' Compensation and Employers' Liability Insurance required under applicable Workers' Compensation Acts.

(c) Within thirty (30) days after written request, each of the parties agrees to deliver to the other a certificate of insurance as evidence that the policies of insurance required by this Section 10 have been issued and are in effect.

(d) Waiver of Subrogation. Neither Landlord nor Tenant must be liable to the other or to any insurance company (by way of subrogation or otherwise) insuring the other party for any loss or damage to any building, structure or other tangible property, or any resulting loss of income for property or general liability losses, even though such loss or damage might have been occasioned by the acts or omissions of such party, its agents, contractors or employees. Landlord or Tenant must look exclusively to the proceeds of insurance carried by it or for its benefit in the event of any damage or destruction to its property located on the Premises. Notwithstanding anything to the contrary contained herein, Landlord and Tenant hereby release and waive any and all rights of recovery, claim, action or cause of action, against the other, or its respective directors, shareholders, officers, agents, invitees and employees, for any loss or damage that may occur to the property or the equipment, fixtures and improvements comprising any part of the Premises, by reason of fire, the elements, or any other cause which could be insured against under the terms of an "all risk" fire insurance policy, in the state where the Premises is located, regardless of cause or origin, including negligence of the parties hereto, their agents, officers, invitees and employees. Subject to the provisions of the Lease, no insurer of a party hereunder must ever hold or be entitled to any claim, demand or cause of action against Tenant by virtue of a claim of loss paid under any such insurance policies, whether such insurer's claim be in the nature of subrogation or otherwise. The waivers provided pursuant to this paragraph must not operate to the extent that they would void coverage under the provisions of any policy of insurance.

## **11. INDEMNIFICATION**

(a) Indemnification of Landlord. Except as otherwise provided in this Lease, and except to the extent caused by the willful misconduct of Landlord, or its agents, employees or contractors, or by the breach of this Lease by Landlord, Tenant must protect, defend, indemnify and save Landlord and its officers, directors, agents, attorneys, and employees harmless from and against any and all obligations, liabilities, costs, damages, claims and expenses of whatever nature arising from (i) any matter, condition or thing that occurs in the Premises, which is not the result of Landlord's negligence or willful misconduct or an Act of God or an act of a third party, (ii) any negligence or willful misconduct of Tenant, or its agents, employees or contractors; or (iii) Landlord's breach

occasioned wholly or in part by any act, omission of Tenant, its agents, employees, contractors or servants. The provisions of this Section must survive the expiration or earlier termination of this Lease only with respect to any damage, injury or death occurring before such expiration or earlier termination.

(b) Indemnification of Tenant. Except as otherwise provided in this Lease, and except to the extent caused by the negligence or willful misconduct of Tenant, or its agents, employees or contractors, or by the breach of this Lease by Tenant, Landlord must protect, defend, indemnify and save Tenant and its officers, directors, agents, attorneys, and employees harmless from and against any and all obligations, liabilities, costs, damages, claims and expenses of whatever nature arising from any act, omission or negligence of Landlord, its agents, employees, contractors or servants; The provisions of this Section must survive the expiration or earlier termination of this Lease only with respect to any damage, injury or death occurring before such expiration or earlier termination.

## **12. EXERCISE OF EMINENT DOMAIN**

(a) Taking. An appropriation or taking under the power of eminent domain of all, or a portion, of the Property, are sometimes hereinafter called a "taking."

(b) Total Taking of the Property. If all of the Property must be taken by the State or Federal government, or subdivision thereof, this Lease must terminate and expire as of the date of vesting of title in, or taking of actual physical possession of the Property by, the condemnor, and Landlord and Tenant must thereupon be released from any and all further liability hereunder except to the extent any such liability hereunder expressly states that it must survive the termination of this Lease. In such event, Tenant must be entitled to participate in any condemnation award so as to be compensated for the cost of relocation, removal and decrease in value, as a result of such taking of Tenant's fixtures, equipment and stock-in-trade located in the Premises, goodwill and any other items to which Tenant is entitled under applicable law, and, the value of the leasehold of which Tenant is being deprived for the remainder of the Term hereof so long as any such award made to Tenant must not reduce any award which may be obtained by Landlord. Nothing in this Section must be construed as a waiver by Landlord of any rights vested in it by law to recover damages from a condemnor for the taking of its right, title, or interest in the Property.

(c) Partial Taking.

In the event of the taking of:

(i) any portion of the Property, so that the remainder thereof is not reasonably adapted to the continued leasing of the Premises by Tenant; or

(ii) access, whether by a taking or otherwise, of the Property or a portion thereof to adjoining thoroughfares, so that all accessibility is substantially or materially restricted and as a result the continued leasing of the Property by Tenant will become impracticable or unprofitable in Tenant's sole discretion; then Tenant must have the right to cancel and terminate this Lease as hereinafter provided. Within ninety (90) days after receipt by Tenant from Landlord of written notice that a condemnation action has been commenced, Tenant may, by written notice to Landlord, notify Landlord of its election to terminate this Lease, whereupon the parties must be released from any and all further obligations under this Lease except to the extent any such obligation hereunder is

expressly provided hereunder that the same must survive the termination of this Lease and Tenant must share any award or sale price as provided in Section 12(b) hereof.

(d) Notice of Proceedings. Upon service on either party hereto of any legal process in connection with any condemnation proceedings, the party so served must give immediate notice thereof to the other party hereto.

(e) Temporary Taking. In the event of a taking of the Property, or any portion thereof, for temporary use (specifically one not exceeding one hundred twenty (120) days in duration), without the taking of the fee simple title thereto, this Lease must remain in full force and effect, except for Tenant's payment of Fixed Minimum Rent which must be proportionally abated for any period during which Tenant cannot operate its business from the Premises in the same manner as prior to such temporary taking. All awards, damages, compensation and proceeds payable by the condemnor by reason of such taking relating to the Premises, for periods prior to the expiration of the Lease must be payable to Tenant. All such awards, damages, compensation and proceeds for periods after the expiration of the Lease must be payable to Landlord.

(f) Lease Prevails. In the event of any taking, the rights and obligations of the parties must be determined by this Lease and Landlord and Tenant waive any rights at law to the contrary.

### **13. UTILITIES**

Tenant must pay during the Term hereof directly to the appropriate utility company or governmental agency all electric, water, gas, telephone and other public utility charges in connection with its occupancy and use of the Premises, including all costs of operating and maintaining all equipment therein, all business licenses and similar permit fees but excluding any installation costs, tap fees and/or connection fees or charges, with no right of reimbursement from the Landlord. All utilities must be paid pursuant to separate meters measuring Tenant's consumption of utilities from the Premises, which meter fee must be Landlord's obligation at its sole cost and expense. Landlord must not be liable to Tenant for damages or otherwise (i) if any utilities must become unavailable from any public utility company, public authority or any other person or entity supplying or distributing such utility, or (ii) for any interruption in any utility service (including, but without limitation, any heating, ventilation or air conditioning) caused by the making of any necessary repairs or improvements or by any cause beyond Landlord's reasonable control, and the same must not constitute a default, termination or an eviction. Tenant assures Landlord that it must arrange for an adequate supply of electricity to the Premises and it must pay for any increased voltage and any additional wiring required addressing the increased capacity.

### **14. COVENANTS AGAINST LIENS**

Tenant covenants and agrees that it must not, during the Term hereof, suffer or permit any lien to be attached to or upon the Property or the Premises by reason of any act or omission on the part of Tenant or its agents, contractors or employees. In the event that any such lien does so attach, and (i) is not released within thirty (30) days after notice to Tenant thereof, or (ii) if Tenant has not bonded such lien within said thirty (30) day period, Landlord, in its sole discretion, may pay and discharge the same and relieve the Premises or the Property therefrom, and Tenant agrees to repay and reimburse Landlord upon demand for the amount so paid by Landlord and for other reasonable costs incurred by Landlord in discharging and relieving said lien. The Tenant will hold the Landlord

harmless from all claims, liens, claims of lien, demands, charges, encumbrances or litigation arising out of any work or activity of Tenant on the Premises. Tenant will, within sixty (60) days after filing of any lien, fully pay and satisfy the lien and reimburse Landlord for all resulting loss and expense, including a reasonable attorney's fees. Provided, however, in the event that Tenant contests any lien so filed in good faith and pursues an active defense of said lien, Tenant must not be in default of this paragraph. However, in the event of any final judgment against Tenant regarding such lien, Tenant agrees to pay such judgment and satisfy such lien within 60 days of the entry of any such judgment.

#### **15. ASSIGNMENT AND SUBLETTING**

Tenant must not have the right to assign this Lease, or to sublet the Premises, transfer and grant concessions or licenses ("**Transfer**") in all or any part of the Premises without the Landlord's written consent and City Council approval by Ordinance, which consent must not be unreasonably withheld, conditioned or delayed. No Transfer must relieve Tenant from any of its obligations as Tenant hereunder. Every such assignment or sublease must recite that it is and must be subject and subordinate to the provisions of this Lease, and the termination or cancellation of this Lease must constitute a termination and cancellation of every such assignment or sublease. Notwithstanding the foregoing, Landlord agrees that no merger, consolidation, corporate reorganization, or sale or transfer of Tenant's assets or stock (specifically including any inter-family or inter-company transfers), redemption or issuance of additional stock of any class, or assignment or sublease to any person or entity which controls, is controlled by or is under common control with Tenant, must be deemed a Transfer hereunder.

#### **16. NOTICES**

Any notices required to be given hereunder, or which either party hereto may desire to give to the other, must be in writing. Such notice may be given by reputable overnight delivery service (with proof of receipt available), personal delivery or mailing the same by United States mail, registered or certified, return receipt requested, postage prepaid, at the following addresses identified for Landlord and Tenant, or to such other address as the respective parties may from time to time designate by notice given in the manner provided in this Section.

Notwithstanding the foregoing, in the event that due to an entry by or on behalf of Landlord into the Premises, Tenant's use is materially interfered with and Tenant, from the standpoint of prudent business management, cannot open and operate the Premises for business for two (2) consecutive days, all Fixed Minimum Rent and other charges payable by Tenant hereunder must equitably abate commencing after such second (2<sup>nd</sup>) day, and continuing until such repairs are completed, unless such entry is required as a result of Tenant's negligence or intentional misconduct.

## **18. DEFAULT**

### **(a) Tenant Default.**

(i) Events of Default. Including, but not limited to, the following events must be deemed to be an "event of default" hereunder by Tenant subject to Tenant's right to cure:

a. Tenant must fail to pay any item of Fixed Minimum Rent per Section 3 at the time and place when and where due and does not cure such failure within five (5) business days after receipt of notice from Landlord of such failure;

b. Tenant must fail to comply with any other term, provision, covenant or warranty made under this Lease or if any of Tenant's representations and warranties made under this Lease are determined to be untrue, either when made or at any time during the Term, by Tenant, and Tenant must not cure such failure within thirty (30) days after Landlord's written notice thereof to Tenant. In the event Tenant cannot comply with such term, provision, or warranty, within said thirty (30) day period, Tenant must not be in default if Tenant is diligently and continuously making an effort to comply with such term, provision, covenant or warranty and Tenant completes the cure of the default; or

c. Tenant must make a general assignment the benefit of creditors, or must admit in writing its inability to pay its debts as they become due or must file a petition in bankruptcy.

(ii) Remedies. Upon the occurrence of an event of default, Landlord may, so long as such default continues, as permitted by law and subject to Landlord's obligation to use good faith efforts to mitigate damages, either:

a. terminate this Lease by written notice to Tenant, which written notice must specify a date for such termination at least fifteen (15) days after the date of such written termination notice and such termination must be effective as provided in such written notice unless Tenant must cure such default within such notice period, or not terminate this Lease as a result of the default of Tenant. If Tenant must fail to surrender the Premises upon such termination, Landlord may thereupon, reenter the Premises, or any part thereof, and expel or remove therefrom Tenant and any other persons occupying the same, using such means provided by law;

b. without terminating this Lease, Landlord may evict Tenant (by any means provided by law) and let or relet the Premises or any or all parts thereof for the whole or any part of the remainder of the Term hereof, or for a period of time in excess of the remainder of the Term hereof, and out of any rent so collected or received, Landlord must first pay to itself the expense of the cost of retaking and repossessing the Premises and the expense of removing all persons and property therefrom, and must, second, pay to itself any costs or expenses sustained in securing any new tenant or tenants (provided that such amount must not include any amounts incurred to restore the Premises to more than the condition originally delivered to Tenant), and must third, pay to itself any balance remaining, and apply the whole thereof or so much thereof as may be required toward payment of the liability of Tenant to Landlord then or thereafter unpaid by Tenant; or

c. pursue such other remedies as are available at law or in equity.

(b) Landlord Default. Should Landlord default in the performance of any covenant, provision, warranty, condition or agreement herein, or if any of Landlord's representations and warranties made under this Lease are determined to be untrue, either when made or at any time during the Term, and such default in the case of any failure by Landlord to pay any sum required to be paid to Tenant hereunder, continues for ten (10) business days after notice thereof from Tenant, or in case of any non-monetary default, continues for thirty (30) days after receipt by Landlord of written notice thereof from Tenant (except as otherwise provided herein), or if the default of Landlord is of a type which is not reasonably possible to cure within thirty (30) days, if Landlord has not commenced to cure said default within said thirty (30) day period and does not thereafter diligently prosecute the curing of said default to completion (except as otherwise provided herein), Tenant in addition to any and all other remedies which it may have at law and/or in equity including the right to seek injunctive relief without posting a bond or the obligation to prove irreparable harm, may pay or perform any obligations of Landlord hereunder and deduct the cost thereof from each installment of annual Fixed Minimum Rent payable pursuant to the terms of this Lease; provided, however, in no event must the amount of any such deduction exceed ten percent (10%) of the Fixed Minimum Rent payable on a monthly basis; provided, further, Tenant must not have the right to terminate this Lease except as expressly permitted herein.

## 19. SIGNS

Tenant may apply for signage (temporary and permanent signage) for the exterior and interior of the Premises, at its own expense, in order to conduct the business of Tenant. Tenant acknowledges that there are limitations from the City of Evanston Municipal Code of 2012, as amended, and the

Code governs the application process and the details regarding size, type, and number of signs and Tenant agrees to be bound by such ordinances. Landlord cannot make representations in a lease agreement that Tenant must be entitled additional signage, a certain number of signs and/or dimensions of proposed signage, because the Tenant must make an application to the Sign Review Board, as provided by Code, but Landlord will not withhold, condition or delay its consent to a sign over the new entrance to the Premises which complies with applicable laws.

Further, to the extent that Landlord has provided (or may hereafter provide) to Tenant information from any inspection, engineering or environmental reports concerning any Hazardous Substances or the condition of the Property, Landlord makes no representations or warranties with respect to the accuracy or completeness, methodology of preparation or otherwise concerning the contents of such reports. Tenant acknowledges that Landlord has requested that Tenant inspect the Premises fully and carefully and investigate all matters relevant thereto and that Tenant relies solely upon the results of Tenant's own inspections or other information obtained or otherwise available to Tenant, rather than any information that may have been provided (or may hereafter be provided) by Landlord to Tenant. Tenant's election to enter into this Lease is made at Tenant's sole and absolute discretion, in reliance solely upon the tests, analyses, inspections and investigations that Tenant makes, or had the right to make and opted not, or otherwise failed, to make, and not in reliance upon any alleged representation made by Landlord, or anyone acting for or on their behalf.

This provision must expressly survive the termination or expiration of this Lease.
