DIRECTOR'S WEEKLY BRIEFING

By NWMC Executive Director Mark L. Fowler

WEEK ENDING FEBRUARY 17, 2023

Editor's Note

The NWMC offices will be closed on Monday, February 20 in observance of the President's Day holiday.

And Away We Go! See Today's NWMC Legislative Update

The General Assembly began the spring session in earnest this week with numerous committees meeting for the first time and Governor Pritzker's budget address on Wednesday. Over 5,000 bills have been introduced to date, so there is a lot of work to do to identify and analyze those concerning local government. Please see today's [NWMC Legislative Update](#) for a recap of this week's action under the capitol dome. *Staff contacts: Mark Fowler, Larry Bury, Chris Staron*

The Importance of Attending the NWMC Legislative Days

As noted in today's [NWMC Legislative Update](#), this is shaping up to be a busy legislative session for local governments. This week, a plethora of bills affecting municipal operations and finances were assigned for committee hearings; therefore it is critically important for the Conference to have a presence in the Capitol to inform legislators on the impacts on communities and taxpayers.

There is no better way to help influence the legislative process than to attend the NWMC Legislative Days in Springfield from Tuesday, March 7 through Thursday, March 9. Being in the Capitol the same week as the deadline to advance bills out of committee in both chambers gives attendees the opportunity to provide legislators with a firsthand perspective before the votes are taken. Legislative Days will begin with a briefing for attendees followed by meetings with legislative leaders and key legislators, committee hearing participation and a reception with legislators at the Sangamo Club on Tuesday evening. Please RSVP by Friday, February 24 by visiting <https://survey.alchemer.com/s3/7192115/2023-NWMC-Legislative-Days-Registration> and contact Larry Bury, lbury@nwmc-cog.org for additional information. *Staff contacts: Larry Bury, Mark Fowler*
