Evanston Service Center Fuel Island Replacement Project

May 17, 2024

Project Description

Beginning in early June, the City of Evanston will reconstruct an existing fuel station at the Evanston Service Center located at 2020 Asbury Avenue. During construction, the Service Center's Simpson Street access drive will be closed to all traffic to accommodate the contractor's operations. All Service Center traffic must use access points on Leon Place to enter and exit the facility. For Fleet related items, Fleet staff will reach out to each department individually to schedule vehicle service drop offs. A diagram illustrating the construction work area (shown in red) and driveway closure is below.

Project Schedule

This project is anticipated to begin the week of **JUNE 10th** and be completed by the end of **August 2024**.

Contractor

The project's general contractor is Stenstrom Petroleum Service Group, 2422 Center Street, Rockford, Illinois 61108

Project Monitoring

The project is monitored by the City's Capital Planning & Engineering Bureau. If you have questions or concerns, please contact Stefanie Levine, Senior Project Manager at 3-1-1 or 847-448-4311.
