

WHEEL TAX, RESIDENTIAL PERMIT, AND PARKING PASSES APPLICATION

This form is for applying for a wheel tax, residential parking permit, parking passes or current residents with new vehicles not yet registered with the City of Evanston.

The following documents are required to be submitted with the application:

- **For Wheel Tax** – Current vehicle registration from the secretary of state.
- **For Residential Parking Permit and Parking Passes** – must be eligible and submit proof of residency (See reverse side for list of accepted residency items)

Parking District Eligibility: In order to receive a parking permit and visitor parking passes, your vehicle must be registered to an eligible address within that district. To identify your residential parking district, please visit our website: www.cityofevanston.org/gis/311AboutMyPlace. Due to a recent revision and digitization of the parking districts some previously eligible addresses may not qualify for a parking permit.

Please note: All outstanding parking citations must be paid before obtaining a residential parking permit. Failure to do so may result in the delay of processing your application.
